

ARMIPOTENT Chapter 666

Boom!

The dust rose as a pit formed in the middle of the forest. As the dust slowly dispersed, a figure standing inside the pit came into sight. Tang Shaoyang stood at the edge of the pit and looked at the figure. "How is it? Do you think I am still lying to you?"

Viona raised her head and looked at the man who had given her the power to kill. He was not lying about the spirit, and even now, she could hear the spirit talking in her head. The spirit kept telling her to sleep with The Emperor and made children. Of course, she ignored it for the most part.

"What if I run away with your spirit?" Suddenly those words came out of her mouth. "Huh!? Runaway with my spirit? That is just impossible. First, your son and daughter are in my hands. Second, I don't think the spirit in your body agrees to run away. Third, I can give you the power, but I can take the power from you."

"What? Are you regretting making a deal with me?" Tang Shaoyang smiled. "Technically, we haven't made a deal yet. I am just proving to you that I am not lying, and you still can back down from the deal if you want to. I am just telling you this for a warning, what is mine will forever be mine! The demonstration is over. Come back, Lilliana."

Viona could feel that the power bestowed to her slowly disappeared from her body. At the last moment, the spirit kept encouraging her not to be afraid of The Emperor. The spirit even told her that she would not regret her decision by making a deal with the man.

"That's not enough if you try to change my mind, Great Lord. Let's make the deal." As soon as Viona said that, Tang Shaoyang appeared in front of her. She was surprised by his shocking movement. Before she could react, his hand circled her waist, and he brought her flying. He brought her to the nearest and tallest tree before landing on the huge branch. The branch was at the side of the road in her previous city, wide enough for five carriages.

"I think this is the right place to carry on our deal." Tang Shaoyang whispered in a low voice into her ears.

"What do you mean?" Viona broke away from Tang Shaoyang and looked at him in shock. Of course, she knew what the deal he talked about, but surely they would not be doing it here. This was in the open, and there was no way she would agree to do that here.

"The deal, of course. You said it yourself, and you will give me everything. Are you stepping back? That's fine too. We haven't crossed the line." Tang Shaoyang nodded his head.

"No! I agree with the deal!" Viona was afraid that The Lord would leave her. He was her only chance to get the power. If he decided to leave, she would not be able to stop him based on his speed. "B-but nnot here. Can we go somewhere else, a more private room?"

"If you agree with the deal, that means you have to follow my words." Tang Shaoyang approached Viona and stopped right in front of her. "You promised you would give me everything, including your body and soul?" He placed his index finger on her chest. Only then did he realize that she was wearing a nightdress. "So you have to follow my words, and I want your body now and here. It's been a few days since I slept with my wives."

Viona's face turned red from anger and embarrassment. However, what the man said was right. She was selling her soul and body to this man in exchange for power. She had no right to say anything.

Viona took a deep breath and calmed down her emotion. Then she pulled her nightdress and approached the man in her underwear. She circled her hands around his neck and kissed him on the lips.

Tang Shaoyang responded to her kiss as their tongues intertwined. He extended his right hand to the side and took out his bed. He always had a bed in his inventory each time he went out, and now the bed came to great use.

Viona did not realize the bad as she felt the hand approaching her chest. 'What is this? There's something strange with this man? Why am I getting aroused?' She felt heated up as the man fondled her breasts. He fondled her gently, and each pinch on her nipples would give a jolt of pleasure to her body.

"Hmmm~" She moaned. It was irresistible, and she wanted more and more. 'This is crazy!' She realized how crazy it was because she enjoyed having sex with another man aside from her husband. She thought the pleasure from sex was from the love, the love for her husband. She did not love this man, but he could give her a fantastic pleasure that her dead husband could not.

She was out of breath as her face turned completely red. The man pulled her, and only then, she realized there was a bed next to him. The man lifted her and put her onto his lap. The man put his mouth on her nipple and started playing with her nipples.

"Ahnnn~" Viona raised her head as a moan escaped out her mouth. 'What is this? What happened to me?' She was hit with confusion and also a pleasure at the same time. In the end, she did not try to think about what happened to her body rationally. She enjoyed the pleasure the man gave her.

Tang Shaoyang got up from the bed and placed Viona on the bed. Then undressed and showed the mighty little Shaoyang... "Don't you think you should do something about this?" He smiled as he looked at Viona, who secretly took a peek at him.
