

## ARMIPOTENT Chapter 837

"So, you are the leader of The Haven," Tang Shaoyang remembered that Dae-Jung mentioned Min Soo when he talked to Sin Yoon. "This coward says that I will regret this because of you, but I wonder if it's true." He scanned Min Soo from top to bottom. He could see how much mana Min Soo possessed in his body through the Dragon Eyes. The mana in his body was larger than the normal Epic Rank he had encountered on Earth so far. Based on mana only, Min Soo was at the level of the First Order Guild's leader, the Revolution Kingdom's king, and also the other leaders from the major faction.

"RUN! JUST LEAVE ME AND DAE-JUNG! LEAVE THIS PLACE IMMEDIATELY!" Despite the pain she went through, Yeon Hee endured it and warned her friends. She told Min Soo and the others to run instead of helping her. Just from that one exchange, she could tell that Tang Shaoyang was not someone her party could fight against. "LEAVE KOREA! STAY AWAY FROM THE TANG EMPIRE!"

Min Soo made a pained expression as he observed Yeon Hee's condition, but he quickly masked it with a smile. "Don't worry, Yeon Hee. I will save you from this man. I may not win against him, but we can exchange hostages for saving you."

Hearing that, Tang Shaoyang looked in Sylvia and Aleesa's direction. Through the Spirit Eyes, he saw seven people headed there. They aimed for his wives instead of fighting him. "Ah, I see. So you will keep me here while your friends come after my wives? A great plan, but you should never do that. After what this girl did for her comrades, I plan on being lenient on you guys, but you just repeatedly piss me off." He said that with his expressionless face, so people could not tell whether he was truly angry or not.

"Even though I know your friends can't catch my wives, your intention of harming my wives is unacceptable. Since thirteen of you are here, then I will show you my real power. I want you guys to tremble in fear each time you hear my Empire. I want you guys to run between your tails each time you hear my name," After saying that, he summoned all the spirits. From the Grade C+ Spirit up to the Grade SSS Spirit, he summoned all of them.

This was the first time Tang Shaoyang summoned all the spirits at once, from humans to demon race. Two giant beasts took over the sky, Aerialion the Infernal Wyvern and Vera the Legendary Beast (Inferkost). The giant bird and the giant wyvern opened their wide wings. Thanks to Vera, the dark night turned bright because of her fire wings.

Karan, the Firestorm Berserker, came next to Tang Shaoyang and exclaimed loudly, "Who piss you, Master. Let me fight him!"

Zara floated above Tang Shaoyang with more spirits surrounding Tang Shaoyang. "Who wants to take those seven people to me?" Tang Shaoyang asked his spirits. "I will go, Master." All the spirits replied simultaneously.

"Then bring them to me. I want them alive, but I don't care if they miss one or two limbs," Tang Shaoyang sent his order to his spirits. As soon as he said that, the first one to move was Karan. The orc dashed toward the wall as the others followed from behind. At least half of his spirits went to catch the seven people that tried to go after Aleesa and Sylvia.

Min Soo's eyes widened in shock as his jaw dropped. He opened his mouth and closed it again from time to time. He wanted to say something, but he did not know what to say at this moment. The Haven's leader found it was hard even to breathe as all various auras clashed in the air, and many of them had

stronger auras than him. His eyes looked to the sky; the creatures that were similar to phoenix and dragon were flying right above him.

ROAR!

At this moment, a furious roar came from the city wall. Min Soo subconsciously looked behind him, and he saw a Golden Dragon in the sky. The Dragon's brilliance illuminated the dark night as if the sun rose earlier.

Plop!

Sin Yoon fell on her knees, "We are f\*cked! We will die, and all of this because that bastard, Dae-Jung!" When she mentioned Dae-Jung, she immediately remembered the guy that caused all of this was still alive. She quickly came into a realization as an idea popped into her head. "Let me kill that bastard; maybe The Emperor will forgive us." At this moment, she even addressed Tang Shaoyang as The Emperor.

At that thought, Sin Yoon took out a pair of daggers from her inventory, and she stood up. She activated the Bloodline Transformation, and her figure transformed into the black leopard. There was no hesitation in her movement as she rushed toward Dae-Jung. Without a doubt, her speed was outstanding even among the Epic Rank. She quickly arrived right in front of Dae-Jung within five seconds. With a crazed expression on her face, she aimed the dagger at Dae-Jung.

Dae-Jung did not expect his friend to want to kill him instead of saving him from Tang Shaoyang. The terrified Dae-Jung screamed in fear, but of course, Sin Yoon failed to kill Dae-Jung as Tang Shaoyang stepped on her back.

Boom!

The woman did not scream even being attacked. "Why do you stop me? Let me kill him, and please spare our lives. Why would we have to be dragged just because of him?" Sin Yoon's mouth was covered in blood, but despite all of that, she still tried to kill Dae-Jung.

"What a good show, but this guy is my prey, not yours. Who told you that you could touch my prey, woman?" Tang Shaoyang bent his body down with a smug face. Looking at the black and purple eye, Sin Yoon cowered in fear. "I am sorry."

At this moment, the spirits who chased after the seven members of The Haven returned to his side with the Golden Dragon. They brought the seven people without people, and the seven people had been roughed up. There was a man that lost all his limbs, but he was still breathing. Five of them were unconscious, and two were crying as snots came down from their noses.

"Alright, I just found something interesting, so I have an interesting offer," Tang Shaoyang took three steps forward, standing next to Yeon Hee. "Unfortunately, the offer is not for the Haven but for Yeon Hee. All your lives are in her hands." He bent down to Yeon Hee and whispered something to her. After whispering to her, Tang Shaoyang kissed her on the forehead.

"Get away from her!!!" Min Soo shouted on top of his lung, but his friends stopped him from charging toward Tang Shaoyang. The crazed look on his face showed how furious he was.

"Heh, it seems I guess it right," Tang Shaoyang muttered with a smile before he continued to whisper to Yeon Hee, "So, what's your answer, girl? Your friends' lives are in your hands. Make your decision quickly before I change my mind."
