

ARMIPOTENT Chapter 857

"Let's return and bring more people with us. If they decide to fight us, then we will fight them," Lu An made the unexpected decision. Even though Revalor only just got to know Lu An for a few days, the former Elven King had grasped what kind of person Lu An was. The Lu An he knew would fight the overwhelming number of enemies in this kind of situation. So Revalor was surprised Lu An would decide to retreat instead of fighting them.

"I can bring one person with my shadow movement. Can you take Miragul back with you, Revalor?" Lu An could only bring one person with his shadow movement. As long as Revalor could carry Miragul back, then it should be easy for them to escape from these people.

"Leave the Miragul to me, Sir Lu An. It should not be hard to escape from them," Revalor nodded his head.

Of course, the reason Lu An decided to retreat was Yeon Hee. He did not want to involve the girl in a life and death battle while she was an outsider. He could not fight while protecting her, so he decided to retreat instead. As the four were about to turn around, the Blue Vest Guild made their move.

"We are sorry, but we can't allow you to retreat after overhearing us. You guys have to die here," Donald Callahan approached the group of four as his subordinates surrounded Lu An and his group. "Blame your idiot guild leader for being a nuisance for the World Government."

Lu An was about to use shadow movement and escape with Yeon Hee, but he stopped his movement when Donald Callahan called Tang Shaoyang an idiot. He then looked at Revalor with an expressionless face, "Can you also bring Yeon Hee with you, Revalor? I will stay here for a little longer and catch you later. I will bring that man's head."

Even though he did not say specifically who was the man in his mouth, Revalor and Yeon Hee knew who that man was. It was the man who just called The Emperor an idiot, "Don't worry. I am just going to take him down and escape afterward. With my shadow movement, they will not be able to catch up."

Revalor was about to persuade Lu An, but he stopped. He knew that he could not convince Lu An to retreat right now. Rather than wasting his time persuading Lu An, he would rather return and bring more people here. The former Elven King nodded his head, "Can you hide in my shadow at my sign, Yeon Hee? I am afraid you will not be able to catch my movement if we move separately."

"As for you, get ready to hop on my back after I shoot my first arrow," Revalor took out his bow and aimed it at the people who blocked his path to retreat. The mana arrow formed, and the arrow glowed in green. It was his skill, Hurricane Shot. He shot the arrow, and a fierce hurricane formed around the arrow. "Hop on my back, Miragul!"

Miragul jumped onto Revalor's back while Yeon Hee entered Revalor's shadow. Revalor then dashed forward, following the Hurricane Shot. The Hurricane Shot tore apart the people on the way. At least twenty people died from the arrow because they could not dodge the arrow, "Hold on and wait for the reinforcement, Sir Lu An!" That was Revalor's last words before his figure disappeared into the horizon.

"Chase them! Don't let them escape!" Hurst Milton roared as he activated the bloodline transformation and flew off to the sky. The pair of green-feathered wings flapped furiously as he tried to catch up with Revalor. Along with him, dozens of the Blue Vest Guild's members followed him.

While Hurst Milton was against the idea of fighting the Tang Empire this early, he would commit to succeed since they had made the decision. He could not let the three people escape from them and informed the situation to the Tang Empire's main force.

Lu An looked at the sky, he considered taking down the flying bird, but he chose not to, 'Having one less Epic Rank to fight is better than fighting them all at once,' He then turned around and faced Donald Callahan. He did not even spare a glance at Scot Moran as his focus was on Donald Callahan, "I will make you regret being alive for insulting Brother Shaoyang."

Donald Callahan flinched slightly at the thick and fierce killing intent directed toward him. Despite Lu An's younger age, he did not expect the young man to have this kind of killing intent. However, he quickly realized that he had the number.

"Your Brother Shaoyang? Are you talking about that stupid Emperor of yours? Don't worry about it; we will make him regret antagonizing the World Government," Donald Callahan kept provoking Lu An, so the latter did not run away like the other three. As long as Lu An did not run away, he believed that Lu An was fated to die in their hands.

Swoosh!

The shadow burst out from Lu An's shadow and covered him. The shadow covered Lu An, and Donald Callahan could not see Lu An's whole figure anymore but just the red eyes. The red eyes lurked within the shadow, observing Donald Callahan from top to bottom. That sent a chill to Donald Callahan's spine.

Fwoosh!

Then the shadow spread out, reaching the Blue Vest Guild's footing. It was just too fast that Donald Callahan failed to react in time as a red sword came out from the shadow below him, going straight to his body. However, a black figure appeared in front of Donald Callahan and blocked the sword with the spear.

Clank!

Scot Moran managed to block the sword for his Vice Guild Leader. Even though he did not like the way Donald Callahan acted in the name of the Blue Vest Guild, he did not want to lose an Epic Rank this quickly. The shadow covered the Blue Vest Guild's footing within the next second.

"Everyone! Get out of the shadow! Retreat from the shadow!" Scot Moran quickly instructed his subordinate to get away from the shadow. After that, he yelled at Donald Callahan, "Get it together, Callahan! We are fighting an Epic Rank! Get your guts together unless you want to die!?"
