

The Amazing Son In Law Chapter 4217 (The Charismatic Charlie Wade Chapter 4217)

Fei Kexin tidied up her room a little, and after temporarily settling in on the boat, she came to the room of her grandfather's Jian.

At this time, jay was in the room helping Jian make the bed simply, while Jian was sitting on the single sofa in the room, staring at the ceiling of the room absentmindedly.

Seeing Fei Kexin come in, jay quickly said respectfully, "Miss."

Fei Kexin nodded slightly and said a little apologetically, "Master jay, I'm sorry to implicate you this time, I'm afraid you won't be able to return to the teacher's door in a short time..."

jay shook his head and said, "You don't have to be so polite, Miss. My duty is to protect Old Fei, no matter where I am."

Having said that, jay said again: "As for returning to the division, I am not in a hurry. What's more, Lao's whereabouts are still unknown. The division sent him this time to take over my duties and stay in the Fei family to continue serving. He disappeared, and I have no face to go back."

Fei Kexin said, "Thinking about it now, Mr. Luo is most likely in Young Master wade's hands."

jay nodded and said, "I think so too. I heard that Abbas, the master of Wanlong Temple, always regarded the wade family as the enemy who killed his parents. I had also heard before that Abbas's subordinates brought a coffin to kill him. At wade's house, Abbas made such a big battle, but in the end he was recruited by charlie, which shows that Abbas is definitely not charlie's opponent."

After speaking, jay said again: "It is said that Abbas is an eight-star warrior. If this is the case, then Young Master wade must be a master of the dark realm, or even stronger."

Fei Kexin nodded and said with relief: "Master jay doesn't have to worry too much. I think Young Master wade is a person with clear love and hatred. Mr. Luo did nothing to him, and he wouldn't really hurt Mr. Luo."

jay sighed: "I hope so!"

At this moment, Fei Kexin looked at the melancholy grandfather again and said, "Grandpa, the uncle's affairs are done, you must think about it a little bit, and don't let the depression become a disease."

Jian laughed at himself and said, "Kexin, because of me, you have to flee to the Middle East together. As a grandfather, I am very ashamed. If I died just now, I would be sorry for you and jay. Master, it's all a kind of relief, and your uncle will definitely not embarrass you..."

As he said that, Jian said with a sad expression: "Now, the two of you are running for my life with me. If he can't find you, he will definitely feel resentment about it. It is I who have caused you all..."

Fei Kexin said hurriedly: "Grandpa, don't think so. If you are really gone, the uncle will not make our family feel better."

Jian sighed and said regretfully, "Everyone said that the heir of the family should stand up for the elders and not the younger ones, but if I had seen through the rebellion of the rebel son earlier, I would definitely not have made him the heir of the family. Biggest mistake in my life!"

After that, he couldn't help but sigh: "Ke Xin, in the future, you must find a way to get closer to that young master wade. Before I die, I will leave you a will and designate the Fei family to be your inheritance. Ask Young Master wade for help, as long as he can help you take back the Fei family, you will be the head of the Fei family in the future!"

Fei Kexin smiled helplessly and said, "Grandpa, Young Master wade shouldn't want to go to this muddy water, otherwise we wouldn't have arranged for us to go to the Middle East for a while to avoid the limelight."

"Yeah..." Jian couldn't help but sigh, "Perhaps he thinks that the conditions I offered are not good enough. In his eyes, 20% of the Fei family's assets must be less."

As he spoke, his eyes suddenly lit up, looked at Fei Kexin, and asked, "Ke Xin, can that young master wade marry? If he is willing to help, I will give him the entire Fei family as a dowry, and he should not refuse. Bar?"

Fei Kexin was stunned for a moment, and then quickly understood the meaning of his grandfather's words, and suddenly said a little ashamed: "Grandpa, what are you talking about... Young Master wade, he is already married."

"Have you ever been married?" Jian asked subconsciously, "Which family's daughter did he marry?"

Fei Kexin said: "His wife belongs to the Willson family in Aurous Hill, but the Willson family is just a poor family in Aurous Hill. The entire family's assets were just over 100 million when they were the highest, and they were still in RMB. Now they have gone bankrupt and liquidated."

Jian was horrified and blurted out, "This...how is this possible? How could the dignified young master of the wade family and grandson of the An family marry such a poor girl?"

The Amazing Son In Law Chapter 4218 (The Charismatic Charlie Wade Chapter 4218)

Fei Kexin said: "I don't know exactly what's going on here, but charlie never revealed his true identity to his wife, and his wife's family didn't know his true identity, they always thought he was an orphan. The door-to-door son-in-law."

Jian pondered for a moment and said, "The husband and wife can hide such a big thing. I think the relationship between the two is not solid enough. Sooner or later, they will divorce."

Fei Kexin said embarrassedly: "I don't know about this..."

Jian sighed softly and said to Fei Kexin, "Ke Xin, now that the Fei family has undergone such a great change, if there is no powerful outside force to intervene, your uncle's status will be unshakable, and after I die, he will definitely not. I will be soft-hearted towards you, Young Master wade, this is your only chance to make a comeback..."

Speaking of which, Jian still had a word that he didn't say.

In his opinion, charlie is not only Fei Kexin's only chance to come back, but also his only chance to come back.

charlie's rejuvenation pills are very effective, even if he can get half of them, he can live longer.

If Fei Kexin can really develop with charlie, both grandparents and grandchildren will usher in a moment of comeback against the wind.

It's not that Jian is utilitarian, and he is naturally unwilling to accept his fate when he is in such a desperate situation. As long as there is still one breath left, he will still regard the comeback as the biggest goal for the rest of his life.

Fei Kexin naturally knew this.

When a wise person is in distress, the first thing that comes to mind is not self-pity, nor self-abandonment, but how to find a way out of the crisis.

Fei Kexin also knew very well that after his grandfather was usurped by his uncle, he was in a dilemma.

If he didn't go to the Middle East with his grandfather today, the uncle would have to ask himself about his whereabouts. His bottom line of conscience would not allow him to sell his grandfather in exchange for benefits.

And now she goes to the Middle East with her grandfather, and it is also difficult to ride a tiger.

Since he went to the Middle East, in the eyes of the uncle, he must be an accomplice and an enemy.

Right now, he can't find himself, and he can still live with it, but what if his grandfather dies in a year or two?

Should I continue to hide in Tibet, or go back to the United States with my grandfather's body?

The former is so useless, she is naturally unwilling to choose, but the latter is surprisingly high risk, it is very likely that she will be directly controlled by her uncle as soon as she arrives in the United States.

Therefore, Fei Kexin felt that his future was also gloomy.

In this case, the only way she could think of breaking the situation was Charlie.

Unfortunately, Charlie didn't mean to help.

Thinking of this, she smiled wryly: "Grandpa, it's meaningless to say this now, not to mention that Young Master Wade is already married, even if I'm not married, I'm in the Middle East, and it's hard for me to have any chance to have any interaction with him."

Jian couldn't hide his disappointment and said: "Hey! I'm going to the Middle East, I don't know if I can live until the day I leave..."
