Qiao Feiyun also tried to find a way to persuade Jamura to give up, but Jamura couldn't hide his excited trembling and said, "Damn... I have worked with so many women, all of them can't compare to one Stefanie sun... If I can handle Stefanie sun as well, then my life will be truly complete!"

"Moreover, it has always been ordinary people who have no background, and there is no disturbance after the incident. To be honest, I have long been tired of it, and I have to change to a more challenging one to stimulate!"

Qiao Feiyun bit the bullet and said: "Master Fei, Stefanie sun is indeed the best among women, but the risk is too great. If it is really exposed, it will be difficult for you to escape!"

Jamura said excitedly: "It's because of the risk that it's exciting!"

After speaking, he said seriously: "Feiyun, all walks of life have their own highest pursuits, those who play football want to win the World Cup, those who run want to win the Olympics, and who doesn't want to win a world championship, set a world record, etc. Respected by future generations? For me, Stefanie sun is my world championship trophy and my world record!"

After a pause, Jamura said again: "Stefanie sun is about to retire from the entertainment industry. This is her last farewell tour before her launch, and it is also the last time she will appear in the public eye as a star, and it's a good coincidence. Yes, she actually chose New York as her first stop! This is destiny! Even God is giving me a chance, how can I not take it well!"

What Qiao Feiyun wanted to say, Jamura was getting more and more excited, he couldn't hold back his excitement and said with a smile: "If I can get Stefanie sun this time, I will definitely record and video the whole process, film all the details, and wait. After I die, I will announce it to the public and let the world know the other side of me, hahaha! I am afraid that I will be on the front page of the world for months in a row!"

Qiao Feiyun has racked his brains for these demons for many years.

In the past, he was even afraid that these demons were not bad enough and could not let go, so he tried every means to stimulate the brutal and bloodthirsty nature in their bones and let them go further and further on the road of indulgence.

To put it bluntly, he is a coach who cultivates demons.

But at this moment, when he heard Jamura's series of bold words, he was suddenly afraid.

He was afraid that Jamura's perverted psychology of pursuing higher stimulation would drag himself into the water one day in the future.

But although he was afraid, he still didn't dare to disobey Jamura in the face of internal and external troubles.

In the current situation, he can only do everything possible to bind with Jamura, and then follow him all the way to the black!

Moreover, he thought that he was just leaving Seattle to take a break from the limelight, so New York turned out to be an excellent place.

Thinking of this, he gritted his teeth, gave it up, and said: "Master Fei, I will plan this matter carefully, and I must formulate an absolutely comprehensive plan! And one plan is not enough, there must be at least one or two. A set of alternatives and contingency plans!"

When Jamura heard this, he immediately smiled with satisfaction: "Feiyun, with your ingenuity, this will definitely be accomplished!"

Qiao Feiyun hurriedly said: "By the way, Mr. Fei, I just planned to go to New York to relax today. If you have time, we can meet up. This is very difficult, and there are only ten days left. We must All preparations have to be made in advance."

Jamura heard that Qiao Feiyun was planning to come to New York to relax, and Stefanie sun's affairs made him dream about it, so he said without thinking: "If you come to New York to relax, just stay at my house, we two see each other. Have a good chat."

When Qiao Feiyun heard this, he was overjoyed.

What he thought in his mind was that Jamura would stay at home for a few days. The Fei family had a huge manor in New York with strict security, and living there would definitely ensure safety.

However, it is not easy for him to make such a request. After all, to Jamura, he is a person who specializes in dirty work, so he is very clear that most of the time, Jamura is in a normal life, Keep a certain distance from yourself.

Fortunately, Jamura is now only thinking about getting Stefanie sun. Hearing that Qiao Feiyun is coming to New York, he naturally wants him to live in his home, so that the two can discuss this matter.

So, Qiao Feiyun said without hesitation: "Okay, since that's the case, then I'll just fly over when I'm ready!"

Jamura was also very interesting, and said, "Tell me before taking off, and I will ask the butler to pick you up at the airport!"

"Okay, Young Master Fei, I've made you worry!"

Qiao Feiyun thanked him, hung up the phone, and then immediately called his assistant and instructed, "Tell the crew to get ready, I'm going to New York."

The assistant pointed tentatively at Qiao Feiyu's body, and asked him in a low voice, "Eldest young master, go to New York now, what will happen to the third young master's funeral?"

Qiao Feiyun instructed: "Keep Feiyu's body in the funeral home temporarily, and block the news, and don't let anyone know about him. After I go to New York, you go to appease the families of the crew members, saying that the ship was shipwrecked and the people were missing. Now, give them a pension directly and make them shut up."

The assistant asked again: "Eldest young master, where are the master and wife? Do you want to tell them?"

"I don't want it for now." Qiao Feiyun shook his head and said, "They don't know exactly what I'm doing. Try not to drag them into the water. Feiyu's affairs are also kept secret from them for the time being. If they ask, Just say Feiyu asked me for a sum of money to take a few girls to Paris for vacation, so that they don't overdo it and don't bother."

Qiao Feiyu's habit of playful and promiscuous is known to his family.

He is a well-known promiscuous second generation in Seattle, changing girlfriends faster than changing clothes, and all of them are well-known Internet celebrities in Seattle and even in the United States, and it is common to take girls on vacation abroad. The parents have nothing to do with him, so they simply don't bother to care about him.

It is precisely because of this that Qiao Feiyun has absolute certainty. If he tells his parents so, they will not doubt it.

As for how long this lie can last, Qiao Feiyun doesn't know now, but he can't take care of so much anymore. The most urgent task at the moment is that he must leave Seattle first, otherwise the mastermind behind the killing of his brother will come and find him, and he will be finished!

However, what Qiao Feiyun didn't know was that while he was still waiting for his brother's body to be brought back from the sea, many soldiers of Wanlong Palace had already arrived in Seattle from Canada and Claire's school.

They have used their intelligence network to monitor Qiao Feiyun's home and company. When they found that Qiao Feiyun came to the funeral home from home, they followed quietly all the way.

Soon, surrounded by several bodyguards, Qiao Feiyun hurriedly boarded the car, preparing to go from the funeral home to the airport, and this movement was also discovered by the soldiers of Wanlong Palace.

When the soldiers of Wanlong Palace followed him for a while, they found that the car he was riding was heading towards the airport, so the team leader who led the team immediately reported to Abbas: "Palace Master, we found that Qiao Feiyun was going to the airport. , do you want to stop them now?"

Abbas immediately reported the situation to Charlie and asked Charlie to give an order.

But Charlie smiled and said, "Going straight to the airport after coming out of the funeral home, he must be scared and planning to run away, why don't he let him go first and see where he is going and who he is planning to meet!"

At this time, Qiao Feiyun was completely unaware that he had been exposed.

On the way to the airport, he kept instructing his assistant to do a good job in the aftermath of the Italian group's family and the Seattle side.

The assistant took notes one by one, and quickly asked: "Master, should we send someone to Vancouver to investigate the girls last night and see what they are doing now? Maybe the mastermind behind the scenes has something to do with them. ."

"Don't, don't!" Qiao Feiyun refused without hesitation: "The other party can kidnap more than 800 gang members in Vancouver. With this strength, if we dare

to go to Vancouver to investigate, we will definitely take the initiative to kill them. I have set up a net of heaven and earth to wait for us, and my top priority now is to avoid its edge first, not to face it.”

The assistant nodded lightly and said respectfully, “I know the eldest young master.”

Qiao Feiyun instructed again: “Starting today, all businesses in this area will be stopped. We must keep a low profile so as not to cause unforeseen problems.”

“Okay young master, I understand!” The assistant had to give up the idea.

Half an hour later, Qiao Feiyun took a private jet and hurriedly left Seattle for New York.

The intelligence personnel of Wanlong Hall easily found the registration numbers of several private jets under his name, and then checked the real-time status of these aircrafts.

Soon, they discovered that only one aircraft under Qiao Feiyun’s name was sailing.

The Boeing BBJ business jet, numbered 2674, has just taken off from Seattle, and the real-time position, altitude and speed of the aircraft can be seen from the radar map of the airport public in Seattle.

Afterwards, they easily found the route permit applied for by the business jet, and found that the destination of the plane was New York!

When the news came back to Charlie’s ears, Charlie couldn’t help laughing and said: “I thought this Qiao Feiyun was going to run away, but I didn’t expect it to go to New York... New York is only two hundred years away from Providence, where my wife is studying. Kilometers, the more this guy runs, the closer he gets to me.”

Abbas hurriedly said: “Mr. Wade, do you need your subordinates to deploy some more staff to New York in case of emergency?”

Charlie nodded and said, “Since Qiao Feiyun and his upper and lower families are to be uprooted, it will definitely require the cooperation of many people.”

Having said that, Charlie said again: “Well, you will send some more people to New York today, but you must not take a large group of people directly from the Middle East by plane, it will be too easy to attract attention, it is best for everyone to start from the Middle East. Leave, disperse around the world, then go to New York each, find a hotel to settle in, and wait for the next step.”

Abbas immediately said respectfully: "Okay, Mr. Wade, my subordinates will dispatch a thousand elites and let them arrive in New York one after another within the next three days according to your request."

"Okay!" Charlie smiled slightly and said, "It's so friendly to me to choose the battlefield in New York. It just so happens that I still have a month to play with them!"

Abbas nodded and asked again, "Mr. Wade, my subordinate also plans to go to New York to wait for your next instructions at any time. What do you think?"

Charlie asked him, "Will there be any trouble with your identity going to the United States? When you go to the United States, their Homeland Security Bureau must be very nervous, right?"

"No." Abbas said confidently: "I have several legal U.S. identities, and one of them is a Greater China executive of a U.S.-funded company, which was invested by Wanlongdian. The person in charge is also a member of Wanlong Palace, and the details of this identity are also very realistic, so there will be no problem."

"Okay." Charlie nodded and said, "If that's the case, then go to New York and wait for me."

After formulating these, Charlie looked at the time and said to Mrs. Lewis and the three of them: "Mrs. Lewis, Lisa, Claudia, I have to go back to the United States first, Canada should be safe for a while in the future, and there are also the soldiers of Wanlong Hall who are secretly protecting you here, the three of you just work and live normally, and you don't have to worry about anything else."

Mrs. Lewis nodded and said, "Charlie, hurry back and accompany Claire. She is a girl, and she will definitely feel uncomfortable in a foreign country by herself."

Charlie nodded slightly and said, "When I completely resolve this matter, I will arrange for someone to pick you three back to Aurous Hill, and then I will arrange food, clothing, housing, and transportation in Aurous Hill in advance."

Lisa hurriedly reminded: "Brother Charlie, don't forget about Claudia returning to Aurous Hill to study..."

Charlie smiled and said, "Don't worry, I won't forget it."

Afterwards, charlie said goodbye to Mrs. Lewis, Lisa, and Claudia one by one, hurried to the airport, and flew back to Providence City.

Before taking off, charlie called Claire and asked about her situation in Providence. Claire said that everything was fine, and then asked charlie with concern: "Husband, Lisa's matter has been resolved.?"

charlie said with a smile: "It's solved, a few gangsters have been thinking about Lisa, one of Lisa's friends asked me to help, I have solved all the problems, Lisa has not encountered any danger, you can rest assured Bar."

Claire finally breathed a sigh of relief and said, "It's okay to be okay. I was worried last night and didn't sleep well all night. I want to call you to ask about the situation, but I'm afraid it will delay your business..."

charlie hurriedly said: "It's all right now, I've arrived at the airport, the plane will take off immediately, and it is expected to land in four hours."

Claire asked excitedly: "Really? Great!"

After he finished speaking, he hurriedly asked, "Can Lisa leave with confidence? If it really doesn't work, invite them to the United States first!"

charlie smiled and said: "The problems here have been solved, and I also asked the customer to help me, and found some local connections, and asked them to help take care of Lisa and Mrs. Lewis. They will definitely be fine, so I can also feel free to go back to accompany you."

Claire relaxed all of a sudden, and hurriedly said: "That's great! It's already past five o'clock in the afternoon here, and it's probably past nine o'clock when you land. I'll pick you up at the airport!"

charlie hurriedly said: "No, I drove the car to the airport. How do you pick me up? You can wait for me at the hotel with peace of mind. I will drive back as soon as I get off the plane."

Claire said tenderly, "Well then... Then I'll wait for you at the hotel..."

After nearly four hours of flight, charlie's plane was finally about to arrive at Green Airport in Providence.

When the altitude of the plane dropped below 1,000 meters, charlie's mobile phone searched for the mobile phone signal, and then a series of WeChat messages and text messages for missed calls popped up in an instant.

He first checked the missed call notification and found that Stefanie sun was the one who called, and the same was true for WeChat.

He thought that Stefanie sun had something urgent to find him, so he hurried back to her.

As soon as the call was made, Stefanie sun asked hurriedly, "Brother charlie, what are you doing, I haven't been able to contact you for so long!"

charlie said casually: "I was on the plane just now, about to land, and there was a signal just now, what's wrong? Is there anything urgent to find me?"

Stefanie sun said with a smile: "It's nothing urgent, I just want to tell you that my North American tour plan has a new change."

"New changes?" charlie hurriedly asked, "What's going on?"

Stefanie sun smiled and said: "I just adjusted the sequence of the shows and the time sequence. Wasn't it planned to go to Canada first, and then go to the United States after the tour of several major cities in Canada. Now it has changed to go to the United States first, and then go to Canada. "

After speaking, Stefanie sun said again: "By the way, my first stop in the United States is New York!"
