

The Amazing Son In Law Chapter 4351 (The Charismatic Charlie Wade Chapter 4351)

"Ninja?" Qiao Feiyun was a little surprised when he heard this, and couldn't help asking: "Master Fei, do you know anything about Japanese ninjas?"

Jamura nodded: "I understand a little bit. The people under my father's hands have worked with Japanese ninjas before, and it is said that they are not bad."

Qiao Feiyun hurriedly said: "If there are reliable ninjas, you might as well invite some to New York first, but since they are the executors of the alternative plan, we cannot let them know what they are going to do until the alternative plan is launched. what."

"Yes." Jamura said with a smile, "Don't worry about this, I'll arrange it, and let them send some top experts here first."

Having said that, Jamura said again: "By the way, Feiyun, let the ninja wait for an opportunity in the hotel, it is our plan B, but in addition, we have to think about a plan C, just in case, I think interception Stefanie sun's team is also a solution, you can find a way to gather a group of mercenaries, just like those ninjas, just in case."

"Okay!" Qiao Feiyun said without hesitation: "Young Master Fei, don't worry, I will arrange this!"

Jamura nodded with satisfaction and said with a smile: "Okay, let's talk so much today, it's getting late, you should rest early, I think Stefanie sun will come to the United States in a few days, you, just Don't go back to Seattle yet, and live here safely these days."

When Qiao Feiyun heard this, he naturally couldn't ask for it, and quickly said: "No problem, Master Fei, I won't leave until I help you get Stefanie sun."

...

At this moment, charlie has returned to the hotel in Providence.

When Claire saw that he had returned safely, he finally let go of his dangling heart, and then eagerly asked some details about charlie's trip to Canada this time.

charlie didn't want her to worry, so he reduced the severity of the matter as much as possible.

In the end, it came out of his mouth that this matter was a trivial matter, but the little girl who texted her was a little overreacted.

After listening to Charlie, Claire naturally believed it to be true. After all, in her opinion, the law and order of Canada, an old developed country, is not as chaotic as the United States. Lisa, a girl, would not offend anyone on weekdays, and naturally it was impossible. What real danger is encountered.

Therefore, this matter has been turned over by Claire.

The next day, Claire's master class at Rhode Island School of Design was officially started.

The news of the opening of the new master class has aroused great attention in the design circle, and the Rhode Island School of Design has also officially announced the list of master class students.

As the most concerned postgraduate training class in the industry, the list of master classes has always been the focus of industry insiders, because according to convention, these people who are on the big list will become the rising talents in the design field in one month. Nova.

And Claire's name has also aroused a lot of attention and discussion in the field of Chinese designers.

This is mainly because everyone in this master class, except Claire, has basically made some achievements in the field of design. If you search on the Internet, you can find some successful cases that they have completed independently.

Only Claire is basically a completely unknown amateur, so many Chinese designers want to know why Claire was selected for this master class.

This also brought a lot of psychological pressure to Claire. She could also feel the gap between herself and others in the class, so from the first day, during the course of listening to the class, she was better than anyone else. Work harder and more seriously.

It was also the day when Claire's master class started. In order to prepare as soon as possible, Jamura took the initiative to find Lu Sinian, the president of the New York Chinese Chamber of Commerce.

The Amazing Son In Law Chapter 4352 (The Charismatic Charlie Wade Chapter 4352)

Lu Sinian, 48 years old this year, is the sixth generation of overseas Chinese in the United States.

His great-great-great-grandfather came to the United States across the ocean at the end of the Qing Dynasty and was one of the many Chinese workers who participated in the construction of the American Pacific Railway.

Since that generation, the Lu family has taken root in the United States little by little by virtue of the hard-working and hard-working quality of the Chinese.

At first, the ancestor of the Lu family who went to the United States as a Chinese worker was still at the bottom of the American society at that time.

And now, the Lu family in the United States has a fortune of tens of billions of dollars, which can be regarded as a model of Chinese struggle.

At the same time, the Lu family also carried forward the characteristics of a generation of merchants along the southeast coast of China, and were very keen to unite their compatriots and develop together.

Therefore, decades ago, Lu Sinian's great-grandfather founded the New York Chinese Chamber of Commerce. Gradually, this chamber of commerce has become one of the largest Chinese chambers of commerce in the United States.

After Lu Sinian took the position of the president of the New York Chinese Chamber of Commerce, he was committed to developing the New York Chinese Chamber of Commerce into a national Chinese chamber of commerce. The Chamber of Commerce merged and changed its name to the American Chinese Chamber of Commerce.

And Lu Sinian is also fighting for it, hoping to become the first president of the American Chinese Chamber of Commerce after the merger.

However, there are two other Chinese chambers of commerce that are no worse than the New York Chinese Chamber of Commerce. These two Chinese chambers of commerce are the Los Angeles Chinese Chamber of Commerce and the Chicago Chinese Chamber of Commerce.

How to compete with the presidents of the two Chinese chambers of commerce has been a headache for Lu Sinian recently.

Therefore, he has been trying to find a way, hoping to dare to let the New York Chinese Chamber of Commerce show more face and increase its influence before the merger of the chambers of commerce, so that he can take advantage of the other two presidents.

It is precisely because of this that the executive vice-chairman of the New York Chinese Chamber of Commerce has specially contacted the New York Chinese Chamber of Commerce for the cooperation of Stefanie sun's concert, which made Lu Sinian overjoyed.

Just when he couldn't wait and waited eagerly for Stefanie sun to go to the United States, he didn't expect Jamura, the eldest young master of the Fei family, to take the initiative to find him.

In the United States, there are two big Chinese families that all Chinese chambers of commerce want to win over. In addition to the world's top Chinese families, the other is the Fei family.

Although the strength of the Fei family is far inferior to that of the An family, it is still a lot stronger than other Chinese families in North America.

Before, Lu Sinian wanted to invite Jamura's father yogi to dinner several times, but yogi never gave him this face.

Now, Jamura took the initiative to come to the door, Lu Sinian was naturally too excited to add anything, and respectfully invited the young Jamura to his office.

As soon as he arrived at the office, he said attentively: "Oh, I didn't know that Mr. Fei was here today, and it was a long way to welcome him. I am really sorry! Mr. Fei can condescend to come to our New York Chinese Chamber of Commerce, which really makes our chamber of commerce flourish. what!"

After speaking, he introduced himself: "Master Fei, under Lu Sinian, is the president of the New York Chinese Chamber of Commerce!"

Jamura was very pleased with this compliment, smiled slightly, and said, "President Lu, I heard that our New York Chinese Chamber of Commerce is the largest Chinese chamber of commerce in the United States. For this, President Lu must have contributed!"

Lu Sinian hurriedly said: "Oh, Mr. Fei is wrong... The New York Chinese Chamber of Commerce has a history of several decades, and the Chamber of Commerce has been able to achieve today's achievements thanks to the previous presidents."

With that said, Lu Sinian asked cautiously, "Young Master Fei, I don't know why you are here today?"

Jamura smiled slightly, and said arrogantly, "I came to you because I want to cooperate with your New York Chinese Chamber of Commerce. If the cooperation is pleasant, I can consider representing the Fei family and officially join your chamber of commerce!"
