

The Amazing Son In Law Chapter 4353 (The Charismatic Charlie Wade Chapter 4353)

Jamura said something lightly, and it was like a thunderbolt when he heard it in Lu Sinian's ears.

Looking at the whole of the United States, there is no Chinese chamber of commerce that can invite a family like the Fei family.

After all, for many associations, the assets of the Fei family may be greater than the assets of all the members of the entire association combined. In this case, the Fei family is naturally reluctant to play with them.

The gap between them is like a billionaire cannot join a millionaire club with per capita assets of only one or two million.

However, Jamura took the initiative to come to the door and said that he could join the New York Chinese Chamber of Commerce. Lu Sinian was naturally very excited when he heard it.

So he quickly and respectfully asked: "Master Fei, I don't know what kind of cooperation you want to do with us? Don't worry, as long as you say a word, the entire New York Chinese Chamber of Commerce will do its best!"

Jamura nodded and said with a smile, "I want to do some charity work with you."

"Charity?" Lu Sinian asked in surprise, "Young Master Fei, what kind of charity do you want to do? How do you need our cooperation?"

Jamura said with a serious face: "I want to set up a relief fund for Chinese orphans in North America, and put out a sum of money to specifically support our Chinese orphans in North America, provide them with better assistance, and ensure their lives and education."

"Oh!" Lu Sinian exclaimed, "Young Master Fei, you are a great deed! Although there are not many Chinese orphans in North America, once they become orphans, the situation will be even more difficult than that of domestic orphans. Quite a few, if a charitable fund is established specifically for them, it will be of great significance to them!"

With that said, Lu Sinian hurriedly asked, "Young Master Fei, how do we need to cooperate with this matter?"

Jamura said very seriously: "My idea is that I will pay to organize a charity dinner and invite some Chinese entrepreneurs from New York. When the time comes, everyone will donate some money together. Even if our charity fund is officially established, After all, it is the Chinese orphans who want to help. Laomei can't even manage their own orphans. How can they be sincere to our Chinese orphans? In this kind of thing, the Chinese have to help the Chinese! That's why I think of your Chinese Chamber of Commerce. ."

After speaking, Jamura said again: "Of course, this charity fund is up to me to make the most of it. I plan to use 20 million US dollars as start-up capital first, and then I will see if our compatriots in the Chinese Chamber of Commerce can make it. Do your bit too."

Lu Sinian said without hesitation: "Young Master Fei, don't worry, our Chinese Chamber of Commerce is naturally bound to do this kind of thing. Later, I will mobilize the members of the association and ask everyone to donate as much money as possible!"

Jamura hurriedly said: "You don't have to donate too much. This time I plan to adopt the fundraising system. From the day this charitable fund is established, I will personally undertake half of all the funds, and the remaining half will be crowdfunded by the whole society, that is, Said, I personally pledged to donate 20 million US dollars, and the community can officially start by raising another 20 million US dollars."

Lu Sinian nodded: "No problem, we have more than 200 members of the Chinese Chamber of Commerce, and crowdfunding 20 million is still very easy!"

After that, Lu Sinian couldn't wait to ask: "Master Fei, when are you going to hold this charity dinner?"

Jamura said: "My current plan is for the evening of the 11th, and the venue is selected in the banquet hall of the Royal Palace Hotel in New York, but this charity dinner, President Lu has to arrange some people to help with the preparation, and it is regarded as a joint venture between us. ."

Wangfu Hotel is a Chinese-style five-star hotel brand of Feijia. There are more than 300 Chinese-style five-star hotels in many countries around the world. It has developed rapidly overseas in recent years and has become the most famous Chinese hotel in the world. brand.

The Amazing Son In Law Chapter 4354 (The Charismatic Charlie Wade Chapter 4354)

The reason why Jamura chose the venue at his own hotel was to make it more convenient to start.

Although Jamura also knew that once Stefanie sun really disappeared in his hotel, the hotel would definitely produce a lot of negative news, but he didn't care about it at all.

On the one hand, the negative news of the hotel is far less important to him than Stefanie sun;

On the other hand, he is very clear that the current consumers are extremely forgetful, and the survival cycle of negative news of any commercial brand is generally less than one month.

In the past, due to negligent management of many hotels, female customers were in danger or even died in the hotel, and the reputation and business of the hotel would indeed be greatly affected in a short period of time, but after a month, the hotel's occupancy rate has returned to its pre-accident level.

When Lu Sinian heard the time on the 11th, he was a little embarrassed. He looked at Jamura a little embarrassedly, and asked tentatively, "Young Master Fei, we have a lot of business in the Chamber of Commerce recently, and the 11th may be a little rushed... I don't know if I can do it. Can't it be put after the 15th?"

"After the fifteenth?" When Jamura heard this time point, he immediately understood that this was the New York stop of Stefanie sun's concert tour.

However, he pretended to be puzzled and asked, "President Lu, why did you wait until the fifteenth? It's still half a month. It won't take that long to prepare a dinner party, right?"

Lu Sinian explained respectfully: "Young Master Fei, you don't know anything. The executive vice president of our chamber of commerce has partnered with the chamber of commerce some time ago, which is the concert of Miss Stefanie sun, an internationally renowned Chinese singer."

Having said that, Lu Sinian looked at Jamura and asked him, "Young Master Fei should have heard of Miss sun, right?"

Jamura pretended to be casual and said, "I've heard of her, and I've heard some of her songs. Although I'm not a fan of hers, I still appreciate her very much."

Lu Sinian nodded and continued, "Miss sun will hold the first North American tour in New York on the 15th. Have you heard of this?"

Jamura shook his head in denial: "I haven't heard of it. I seem to remember hearing someone say that her North American concert should start in Canada first, right?"

Lu Sinian explained: "Her performance plan has changed. It really started in Canada before, but now it's New York."

Having said that, Lu Sinian continued: "Our Chamber of Commerce is responsible for the local publicity and local business cooperation of Miss Sun's concert in New York. Ms. Sun's popularity is very high. During this time, many brands and enterprises, including some non-profit organizations came to us to talk about cooperation. To tell you the truth, in the next week, there will be at least 20 cooperation talks that I need to attend. Others are also busy. If you want to say that the charity party is going to be held on the evening of the 11th, I really can't spare the time and energy right now..."

Jamura smiled slightly, he knew very well that everything was just as Qiao Feiyun said, the key to the success of this plan lies in Lu Sinian.

So, it's time to draw a cake for Lu Sinian!

So, he looked at Lu Sinian and said seriously: "President Lu, I know that you have a lot of time to manage and do not have any skills, but I still hope that you can help me start this charity dinner on time. If this charity dinner is a complete success, I, Jamura, will represent the Fei family and officially join the New York Chinese Chamber of Commerce. If the Fei family has suitable resources in the future, I will definitely get in touch with President Lu as soon as possible!"

The Amazing Son In Law Chapter 4355 (The Charismatic Charlie Wade Chapter 4355)

Hearing Jamura's remarks, Lu Sinian's spirit was instantly lifted.

If the Fei family can be brought into the New York Chinese Chamber of Commerce, it will definitely be a great achievement for the entire Chamber of Commerce.

Moreover, once the Fei family officially joins the New York Chinese Chamber of Commerce, it means that the New York Chinese Chamber of Commerce will be far more valuable than other chambers of commerce.

Lu Sinian is worried now, not knowing how to compete with the other two equal presidents of the chamber of commerce, to compete for the seat of the first president of the American Chinese Chamber of Commerce after the merger.

If at this time, he can attract the Fei family, then the title of the first president of the American Chinese Chamber of Commerce will be his!

Thinking of this, he suddenly became excited and couldn't help asking Jamura: "Master Fei, are you serious?"

"Of course!" Jamura said arrogantly: "I, Jamura, have always been good at what I say, and I'll be honest. As long as you can help me make this charity dinner a success, I will definitely honor my promise!"

At this moment, Lu Sinian's heart was full of ecstasy, and he quickly said: "Okay, Young Master Fei, just open your mouth if you need me to help you. As long as it is within my power, I will do my best!"

Seeing that he was hooked, Jamura smiled with satisfaction and said, "I have two demands now, the first is that your chamber of commerce will officially announce the cooperation with me as soon as possible, and the second is the charity dinner on the 11th, you guys The Chamber of Commerce should try to support the scene for me as much as possible."

Lu Sinian said without hesitation: "No problem! We can officially announce your cooperation with Mr. Fei today. As for the dinner you mentioned, you can rest assured. I guarantee from my personal reputation that at least 80% of our New York Chinese Chamber of Commerce members will be there by then. turn up!"

At this time, Lu Sinian was already overjoyed. Jamura's two demands were too simple for him. Announcing it to the public was a simple effort, but it was easier to find more people to join in. He said that 80% of the members were members. It was a conservative estimate to be present. You must know that this is a charity dinner hosted by the Fei family master. If nothing else, these members of the chamber of commerce, who can have the opportunity to mix with the Fei family on weekdays?

Now, the young master of the Fei family invited them to the charity dinner, and they would probably be scrambling to get together.

Hearing this, Jamura was naturally very satisfied, and said with a smile: "President Lu is really refreshing! Don't worry, as long as this charity gala is done beautifully for me, Jamura will not miss your benefits!"

Lu Sinian hurriedly bowed and said, "Thank you for taking care of Mr. Fei!"

Jamura nodded, then pretended to suddenly remember something, and said quickly, "Oh, by the way, President Lu just said that your chamber of commerce will have a lot of cooperation with Miss Stefanie sun in the future?"

"Yes." Lu Sinian said: "In addition to Miss sun's US tour, we are also striving to continue to cooperate with Miss sun on several of her tours in Canada. To tell you the truth, Miss sun's tour this time is a farewell concert. After the tour, she will permanently retire from the entertainment industry, so this concert is very meaningful and the revenue potential is huge!"

Jamura couldn't help sighing: "Oh, if you can invite such an influential star as Miss sun to attend my charity dinner, it will definitely take this charity project to a higher level."

Having said that, Jamura looked at Lu Sinian and asked, "President Lu, I don't know if I can help you get in touch with Miss sun, I have no other request, as long as she spares two hours to come on the evening of the 11th. It's enough to hold a show!"

Lu Sinian said with some embarrassment: "Master Fei, I can't guarantee you about this, because I don't have any friendship with Miss sun, and it is mainly our executive vice president who brushes his face, and his relationship with Miss sun. Father has some friendship."

Jamura nodded and said, "Then it's hard for President Lu to communicate with the executive vice-chairman and let him help me get in touch. You said just now that Miss sun's concert in New York is on the 15th, so she will be on the 11th. It's time to go to the United States. Besides, I don't want to do any business cooperation with Miss sun. It's mainly for charity and for orphans. I believe that Miss sun will definitely be interested in this kind of charity project. President Lu just needs to help. I can pass the word on."

After speaking, Jamura added: "Oh, by the way, please say one more word when you send a message to Miss sun. If she is willing to appreciate her face, I will give an additional 20 million US dollars and put it into charity as a donation. In the fund's capital pool, this will help more Chinese orphans who have lost their loved ones in North America, and I believe she will not refuse."

The Amazing Son In Law Chapter 4356 (The Charismatic Charlie Wade Chapter 4356)

Lu Sinian pondered for a moment and felt that he could agree to this matter. After all, it was just a message, and there was no loss to him. If Stefanie sun agreed, then Jamura would naturally owe him a favor. If Stefanie sun disagreed, he would not either. I would offend Jamura, so I promised him that it would do me no harm.

Moreover, he also has his own little Jiujiu in his heart.

This Jamura is also twenty-six or seven years old this year, which is the age of marriage, and Stefanie sun is in her twenties this year, and she is a good match with Jamura. If they meet each other through this charity dinner, they will achieve A good story, isn't that the connection between the two of them,

In the traditional Chinese concept, the achievement of a pair of marriages is a big credit.

So, he said without hesitation: "Young Master Fei, don't worry, I'll help you implement this matter!"

Seeing that Lu Sinian agreed, Jamura knew that his bait had been successfully thrown, and he was overjoyed, and said with a smile: "That's a big thank you, President Lu!"

...

Eastcliff an hour later.

Although it was already past eleven o'clock in the evening, Stefanie sun was still in the rehearsal room, practicing the newly choreographed dance for this concert with her stage art team.

Every time before the concert, everyone will rehearse again and again to enhance their muscle memory to ensure that there will be no mistakes during the performance.

Sometimes, the whole team even has to fight several nights in a row.

At this time, her agent Zuri pushed the door and walked in.

After Zuri came in, he smiled and waved at Stefanie sun, then sat on the bench beside him and watched Stefanie sun's rehearsal without saying a word.

It wasn't until the end of the song that Stefanie sun said, "The music teacher will stop for a while, everyone rests for ten minutes."

The girls who danced were finally relieved, and one of them looked at Stefanie sun who did not change his face, and exclaimed: "Sister... your physical fitness is too perverted... We are all tired, how can you even No sweat..."

Only then did Stefanie sun realize that she was rehearsing all the time, completely ignoring other people's physical fitness, and was completely unable to keep up with her own objective facts.

Since drinking the rejuvenating pill water given by Charlie, her physical fitness has been greatly improved, not to mention compared with girls of the same age, even compared with well-trained men of the same age, it is no worse than that.

With excellent physical strength, once she is immersed in the rehearsal and ignores the passage of time, the other dancers can only suffer.

Seeing that everyone was tired, sweaty and panting, Stefanie sun said apologetically, "I'm so sorry, girls, I didn't expect to practice for so long all at once, everyone should take a little more rest, rest for half an hour, and I'll invite everyone to drink dessert. , tell what you want, and she will help you order it."

The dancers cheered and rushed to a girl in her early twenties. This girl named Xiao Lan was Stefanie sun's on-site assistant.

After settling everyone down, Stefanie sun came to Zuri and asked with a smile, "Zuri, do you have anything to do with me?"

Zuri nodded and said: "Vice President Luan from New York called and said that the son of the Fei family in the United States plans to cooperate with the New York Chinese Chamber of Commerce to hold a charity dinner and launch a charity fund project. I just heard that the Chamber of Commerce is with you. There is cooperation, so I want to invite you to the charity dinner, the dinner time is on the evening of the 11th, I checked the itinerary plan, and there are no plans for the evening of the 11th."

Stefanie sun thought for a while and said, "Although there are no arrangements for the evening of the 11th, it doesn't mean that there will be time. What if I want to see Brother Charlie, or Brother charlie to see me?"

As she said that, she said to Zuri: "Zuri, please help me to decline, just say that I am short of time, so I won't go to the banquet, but since it is a charity banquet, I will definitely donate some money to express it. , you will donate one million dollars for me when the time comes."

Zuri couldn't help but ask: "Stefanie, you don't want to know, what is this charity fund for?"
