

The Amazing Son In Law Chapter 4361 (The Charismatic Charlie Wade Chapter 4361)

For several days, Wanlong Palace dispatched thousands of soldiers to New York, but still could not find Qiao Feiyun's whereabouts.

This made Abbas feel shameless, and he had to call Charlie almost every day to apologize.

Charlie didn't blame him. He knew that clues were a complete chain. Once a link was missing, it would be impossible to restore it immediately, not to mention the Wanlong Palace, even if it was the US National Security Agency. , there are also many people and things that cannot be found.

Qiao Feiyun's whereabouts have been unknown since New York's JFK Airport. Wanlong Palace cannot fill the clues for this part of the vacancy for the time being. Naturally, it is impossible to easily find Qiao Feiyun's whereabouts.

Abbas thought of a way. He planned to investigate all the vehicles and helicopters entering and leaving the airport within a few hours after Qiao Feiyun arrived in New York. Through these vehicles, he found the owners behind them, and then matched them with Qiao Feiyun one by one. Which one had an intersection with Qiao Feiyun.

But after this method was proposed, it was rejected by Charlie.

This is mainly because Charlie feels more and more that this Qiao Feiyun should have a stronger backer in New York, otherwise, it is impossible to disappear so completely.

In this case, if Abbas starts to investigate the means of transportation, no matter how secretive the investigation is, he will definitely touch the early warning mechanism of the other party.

Therefore, Charlie was not so anxious about Qiao Feiyun's whereabouts.

Because he knew that Qiao Feiyun could not hide all his life.

There is no need to dig three feet in the ground to find him, because he will come out sooner or later.

Now that the Wanlong Palace has deployed a lot of troops in New York, once Qiao Feiyun emerges, he and all his upper and lower families will be wiped out.

Although Qiao Feiyun did not show up, the plan he tailored for Stefanie Sun was still in progress in an orderly manner.

In the past few days, he followed Jamura to the Royal Palace Hotel in New York every day.

However, since he was with Jamura the whole time, he was not exposed to the public eye at all.

The Wangfu Hotel is very large, and the banquet hall even has a separate two-story building covering an area of over 10,000 square meters. Among them, the first floor is the banquet hall and boxes, and the second floor is the back kitchen, equipment room and staff lounge. .

Qiao Feiyun already had a very detailed action plan in mind through the on-site survey of the Wangfu Hotel.

After Jamura brought him here for a few days in a row, he felt a little anxious, so he couldn't help but ask him, "Yunfei, do you have a plan?"

Qiao Feiyun smiled slightly and said to Jamura, "Master Fei, the plan has already been made."

Jamura hurriedly urged: "Quick, let's hear it!"

Qiao Feiyun said: "I have developed an informant at a high price from the local security company that Stefanie sun's brokerage company cooperates with before, and I learned about their basic model of daily protection of public figures. They have their own set of execution manuals. In the manual, They have all their standards of execution, as well as their strategies for dealing with emergencies."

After speaking, Qiao Feiyun added: "These security companies in the United States have similar routines. They will focus on protecting the target person outdoors, especially when the target person goes out on foot or in a car. During this process, they will keep their guns in their hands. , to prevent people from conspiring along the way, if it is outdoors, observers and snipers should be arranged at the commanding heights with the best view at the same time to monitor the surrounding environment in real time, but once the target is indoors, their vigilance will relax a lot; "

The Amazing Son In Law Chapter 4362 (The Charismatic Charlie Wade Chapter 4362)

After a pause, Qiao Feiyun continued to introduce: "Once the target person wants to go to the indoor environment, their basic process is to first check the indoor environment to see if there are eavesdropping and candid photography equipment in the room, and to see if there are any security risks, as long as Make sure the interior is safe, so they only look at the entrances and exits of the room, usually the doors and windows;"

"Generally speaking, their indoor operation process is that people must be guarded outside the door, and there will also be people guarded by the windows in the house except the bedroom. This kind of situation is very uncomfortable, if

someone attacks from the outside, the bodyguards outside the door will react first, and the people inside will know immediately;”

“If we attack from the window, on the first floor, we have to deal with the guards outside first, and on the upper floors, we have to deal with the guards inside the window;”

“Once we do something to the people outside the window, the people inside the window will have enough time to deal with it. If we do it directly to the people inside the window, the people outside the door will come in to support as soon as possible.”

“So, it’s best for us to reserve one of the boxes without a window for Stefanie sun as a rest room. In this way, because there are no windows, the security staff will also relax their vigilance. As long as she is in the lounge, the security staff will only guard it at the door of the room, which is the most convenient for us to start.”

Jamura hurriedly asked, “Then how do we do it? We can’t let those ninjas hide in it in advance, right?”

“That’s definitely not going to work.” Qiao Feiyun explained: “We let the ninjas disguise themselves as waiters, and let them directly attack the bodyguards outside the door at the right time. They are best at killing people who are invisible, as long as they can quietly kill the bodyguards outside the door. , Stefanie sun inside can only be slaughtered by us.”

Jamura couldn’t help but ask: “Are you sure the ninja can kill her bodyguards? Besides, do you know how many bodyguards they will have at the door? If they accidentally fire a shot, I’m afraid it will be over. .”

Qiao Feiyun smiled and said: “This is your venue, you have the final say, if their bodyguards insist on bringing guns into the banquet hall, you can use the identity of the Fei family master to force them to disarm, this is normal, After all, it is impossible for a person as big as you to have these bodyguards with guns by your side, not to mention that Wangfu Hotel is guarded by your people, and there is no possibility of any problems. They will definitely not force it, and you can also control it. The number of them, such as telling them that this place is very safe, but out of respect for Stefanie sun and them, they are allowed to accompany no more than four people.”

“Makes sense.” Jamura nodded approvingly, and then asked, “How do you transport Stefanie sun after you capture it?”

“This is simple.” Qiao Feiyun said: “Pack people into the trash can, and arrange for a garbage truck to pull them away directly. As long as there is no movement in the banquet hall, the bodyguards who stay outside will even see the garbage truck coming in and out. , and there will be no doubt.”

After speaking, Qiao Feiyun said again: "When everyone waits, waits, waits, and doesn't see Stefanie sun, or when those bodyguards can't contact the bodyguards guarding Stefanie sun's door, they will find out that Stefanie sun has disappeared, and then we will cooperate to show all the information. By monitoring the evidence, they can see the whole process of these ninjas committing crimes, and combined with their entry information, this matter will naturally be counted on the Japanese."

Jamura frowned and said, "The plan is feasible, but what to do next? If the police want to investigate how these Japanese people sneaked into the Wangfu Hotel to work as waiters, how should they explain it to them?"

Qiao Feiyun said with a smile: "So this matter has to be faked."

Qiao Feiyun said, smiled mysteriously, and said: "Master Fei, I have been here several times these days, and I have some understanding of the personnel situation here. The person in charge of this banquet hall seems to be called Chen. Blessed?"

"Yes, what's wrong?"

Jamura doesn't know much about the people who work under the family, but he is somewhat familiar with Weston. This is because he often entertains friends at the Wangfu Hotel, and Weston, the person in charge of the banquet hall, naturally serves him often, so He was deeply impressed by Weston.

Qiao Feiyun smiled and said: "I heard that Weston has a relatively high income. He has about \$600,000 to 700,000 a year, and he is a proper middle class. He is very family-friendly and has a very happy family. He has two daughters and Two sons, the wife is a full-time wife at home, right?"

Jamura shrugged: "Maybe it is, I don't know his situation very well, what's wrong?"

Qiao Feiyun smiled and said: "I plan to let the ninja kidnap his wife and children first, and then use it as a threat to force him to arrange these ninjas to work in the banquet hall. In this case, the police will investigate these ninjas, and they will naturally Investigating to Weston's head, when they found out that this group of people kidnapped Stefanie sun successfully by kidnapping Weston's family and forcing Weston to be an insider, their direction of solving the case would naturally be diverted, and it would be perfect. Avoid your level."

Jamura's eyes lit up, and he blurted out: "It's interesting! In this way, everything is blamed on the Wangfu Hotel's own evil spirits, and Weston was completely kept in the dark. The police can easily find out that he When these ninjas brought them to the hotel, they would naturally ask him for questions, and he would definitely tell the police what he knew, because he told the truth, the police would never suspect him, so of course it had nothing to do with me. Son!"

The Amazing Son In Law Chapter 4363 (The Charismatic Charlie Wade Chapter 4363)

Qiao Feiyun's complete plan made Jamura excited.

It sounds like everything has been planned out.

In this way, after the accident, the Wangfu Hotel of the family does not have to take too much blame. After all, this incident is an internal ghost. As the so-called family thief is difficult to prevent, everyone will blame Weston for the root cause.

Thinking of this, he asked again, "What about Weston's family?"

Qiao Feiyun pouted and said, "There is no other way but to kill it. When the time comes, let the ninja tie the person over and hand it over to my people to take care of it. After the incident, I will arrange for the ninja to leave the United States while arranging. The subordinates killed all Weston's family, and when the police found the bodies of Weston's family, they would definitely think that these ninjas killed and killed, and naturally they would believe more firmly in this story I made up."

Jamura didn't come back to his senses for a while, and said subconsciously, "Five members of the family, kill them all? Don't you have four children?"

Qiao Feiyun shook his head, the index finger of his right hand bent into a hook shape, and said: "To be exact, it is a family of nine. I asked my people to investigate. Weston's family has many children, so he hired two live-in nannies, and his His parents just finished immigration last month, and he was brought to New York by him, so there are nine people."

Jamura, who did all kinds of evil, was also a little horrified at this time, and blurted out: "Kill all nine?"

"Of course!" Qiao Feiyun said firmly: "None of them can stay, otherwise this lie will not go on! When they all die, the society will naturally be in an uproar, and everyone will subconsciously hate these ninjas, hate them for kidnapping them. Stefanie sun, and killed so many innocent people, at that time, no one would suspect that you were involved in this matter!"

Hearing this, Jamura gritted his teeth, nodded and said, "Then do as you said!"

After that, he remembered something and asked, "What if I find those ninjas?"

"Just check." Qiao Feiyun sneered: "I will do my best on the boat that sends them off and let them die in the Atlantic Ocean!"

Jamura was worried and said again, "What if they find the ninja family?"

Qiao Feiyun smiled and said: "You don't have to worry about this, you just need to give me the contact information of the ninja family, and I will use another identity to contact them, and will not have anything to do with you."

After speaking, Qiao Feiyun said again: "Also, I think that after this matter is done, the Japanese ninja family will definitely not dare to admit that their members did it, and then they can only break their teeth and swallow them in their stomachs. The police will not be able to investigate for a while, and Stefanie sun is dead again, and after a long time, this case will definitely be over."

"Okay!" Jamura nodded with satisfaction, and said with a smile, "I'll leave this matter to you to handle it, and you can talk about how much you need!"

Qiao Feiyun hurriedly said: "Master Fei, why are you being so polite to me? I have always followed your lead! You can leave this matter to me, and if I encounter anything in the future that needs your help, you can pull me along. I am so grateful!"

Jamura was also a little moved, so he nodded very solemnly and said, "Feiyun, don't worry, from now on, I don't care what happens to you, as long as there is me, there must be you!"

When Qiao Feiyun heard this promise, he was relieved.

With Jamura's support, once the mysterious man who killed his younger brother came to the door, he wouldn't have to be afraid. With the strength of the Fei family, he would definitely be able to protect himself!

...

Japan, Iga City.

The Iga family, one of the four major ninja families, resides here.

Once upon a time, the Iga ninja was the most powerful of the four major ninja families in Japan.

The Amazing Son In Law Chapter 4364 (The Charismatic Charlie Wade Chapter 4364)

It's a pity that last year, they chose to cooperate with Ryoto Matsumoto in order to be able to get rid of other ninja families in terms of strength. They tried to provoke the conflicts between the Ito family, the Takahashi family and the Eastcliff banks family by helping Ryoto Matsumoto. Help the Matsumoto family to achieve a counterattack.

However, in that cooperation, the Iga family lost a number of core elites, and Ryoto Matsumoto was also destroyed by the banks family, so that the Iga family instantly became a lost dog.

Then, Ito Yuhiko, who had the last laugh, also suppressed the Iga family many times, making it difficult for the Iga family to resist.

When the strength of the Iga family plummeted, Ito Yuhiko threw an olive branch to this precarious ninja family.

Hattori Hanzo, the leader of this generation of the Iga family, can only obey the Ito family obediently for the future of the Iga people.

The name Hattori Hanzo is actually more like a title. Every head of the Iga family will change his real name to Hattori Hanzo after inheriting the family.

At this time, the current Hattori Hanzo had just received a call from an American.

On the phone, the unfamiliar American gave him an invitation that he could hardly refuse.

The American was willing to pay 80 million dollars to hire eight Iga ninjas to perform a mission in the United States.

Although the other party did not specify what the mission was, the offer of \$80 million still made Hattori Hanzo excited.

Since the Matsumoto family was wiped out, the life of the Iga family has become more and more difficult. Although they are now submissive to the Ito family, they are not welcomed by the Ito family, so they rarely have any tasks assigned to them.

As a result, the funding gap of the Iga family is getting bigger and bigger.

Even the ninjas and their families, as well as those young people who are in training, the Iga family has hundreds of people to support, and the daily expenses are astronomical.

Failure to make money means that many people cannot continue to engage in the profession of ninja, and eventually they can only gradually flow to other fields, which will eventually lead to the withering of talents in this family.

Therefore, this 80 million dollar task immediately made Hattori Hanzo extremely excited.

If this money is obtained, it will be enough for the Iga family to live on a budget for three years!

Therefore, he agreed almost without hesitation, and the only condition was to pay at least 50% of the deposit first.

American customers are also unequivocal.

Within an hour, a huge sum of 40 million US dollars had already reached the account of the Iga family.

At the same time, the other party also requested that their ninjas must arrive in New York within two days.

Hattori Hanzo knew very well that since the other party can give so much money, it proves that this matter is either extremely dangerous or extremely sinister.

Just like the cooperation with Ryoto Matsumoto, the high returns are accompanied by high risks.

Therefore, he even felt that the other party was likely to be just like the original Matsumoto Ryoto, and let the ninjas of his family do some extremely sinister and vicious things.

However, at this moment, he has no intention to hesitate too much.

Because, the entire Iga family needs money too much to keep going.

Otherwise, this ninja family, which has been on the rise with Tokugawa Ieyasu since the 16th century, is likely to completely withdraw from the stage of the four major ninja families.

In order to maintain this family, Hattori Hanzo has no choice!
