

The Amazing Son In Law Chapter 4367 (The Charismatic Charlie Wade Chapter 4367)

“real?!”

When Claire heard charlie’s words, he asked in surprise: “Husband, Stefanie sun’s team really want to invite you to New York to see Feng Shui?!”

charlie nodded and said solemnly: “Of course, I’m the famous Master wade, they thought I was in the country, and they were worried that I wouldn’t come when they looked for me, but I happened to be in the United States, And it’s not too far away, so I’m just talking about it and insisting on inviting me over.”

Although Claire was very excited, he also asked with some doubts: “Husband, do you still need to look at Feng Shui for a concert?”

charlie said with a smile: “The entertainment industry values Feng Shui the most. Not only do residential companies have to do a good job in Feng Shui layout, but also before movies and TV series are launched, there must be a launching ceremony, such as concert tours, in order to ensure the smoothness of subsequent performances, the first One must do enough work in Feng Shui, just like the opening ceremony, to have a good luck.”

In fact, charlie didn’t know whether the singer would engage in feng shui before the concert, but at the moment, he could only use the reason of watching feng shui to make Claire dispel his doubts.

Claire didn’t doubt much, nodded and said, “In that case, husband, you must take a good look at miss sun , her concert tour this time is the last tour before she permanently quits the entertainment industry. It is of great significance, and there must be no regrets.”

charlie nodded and smiled: “Don’t worry, wife, I will do my best to help them improve their feng shui when the time comes.”

Having said that, charlie said again: “By the way, wife, it won’t take me too long to go to New York to see Feng Shui. After the afternoon of the 11th, I should be able to come back in the evening.”

Claire asked him, “Will it be too tiring to rush back at night? I have to drive for three hours. If it’s too late, I’ll just take a night’s rest in New York.”

Claire naturally trusted charlie 100%, so he didn’t have any guards.

However, charlie didn’t plan to spend the night in New York, and if he took a helicopter on the return trip, he could buy himself more time.

...

Two days later.

Kazuo Hattori of the Iga family arrived in New York together with seven powerful Iga ninjas.

After they arrived in New York, they checked in at the Wangfu Hotel according to Qiao Feiyun's request.

After they checked in successfully, Kazuo Hattori received a call from his employer, Qiao Feiyun. On the phone, Qiao Feiyun asked him to take someone to the banquet hall of the hotel immediately.

Hattori Kazuo thought it was the employer who hosted a banquet and cleaned up the dust for them, but when they first arrived at the banquet building, they saw a notice that the business was suspended at the entrance of the banquet building.

The notice stated that the banquet hall of the Wangfu Hotel was temporarily closed due to the failure of the fresh air ventilation system.

There is a problem with the hotel hardware that needs to be repaired, which is a logical thing in everyone's eyes, so no one cares.

Just when Kazuo Hattori was surprised, a young Asian man came out, looked at Kazuo Hattori, and asked, "Is this Mr. Hattori from Japan?"

Hattori Kazuo quickly bowed and said, "That's right, it's me!"

The other party nodded and said, "Please come with me."

Hattori and other eight people followed the depressed young man into the banquet hall.

In the banquet building at this time, not even the shadow of a staff member could be seen, and no one could be seen maintaining it.

The young man led them through the huge banquet hall, then passed several empty boxes with open doors, and finally stopped at the door of a box with a closed door.

Immediately, the young man knocked on the door and said, "Mr. Yun, Mr. Hattori and the others have arrived."

In the box, Qiao Feiyun said loudly, "Please come in!"

The young man immediately opened the door and said to Kazuo Hattori, "Mr. Hattori, please."

Hattori Kazuo also saw Qiao Feiyun in the room at this time.

Before today, he did not know Qiao Feiyun, nor did he see any reports about him in any media, so he was very curious about the Qiao Feiyun in front of him.

However, he did not look at Qiao Feiyun too much, but said respectfully: "Hello Mr. Yun, I am Hattori Kazuo, Iga Ninja, the son of Hattori Hanzo!"

Qiao Feiyun nodded with a smile, and said, "Mr. Hattori, I have long admired your Iga ninja name, and I finally got to see you today!"

Hattori Kazuo bowed and said, "Mr. Yun, you have won the prize!"

Qiao Feiyun smiled slightly, looked at Kazuo Hattori, and said seriously: "Mr. Hattori, I won't be polite to you anymore. Let's get straight to the point and say, I invited you to New York to let you kidnap someone for me."

Hattori Kazuo immediately said loudly: "Please don't worry, Mr. Yun, there is an old saying in China, taking people's money and eliminating disasters for others, we Iga ninjas have always done this."

Having said that, Kazuo Hattori said again: "However, I still need some more detailed clues from Mr. Yun, such as who and where the person I kidnapped is, so that I can further investigate and formulate an action plan!"

"Don't be so troublesome!" Qiao Feiyun shook his head with a smile, waved his hand and said, "There will be a charity dinner here on the night of the 11th in three days. At that time, the target person you want to kidnap will be arranged in this lounge, room There should be at least four bodyguards guarding the door, and as for the room, there should only be the target person and her entourage;"

"And what you have to do is to kill all the bodyguards outside silently first, and then kill everyone in this room except the target person. After that, you move the body of the bodyguard into the room, Then take the target person from here quietly and take it away;"

Speaking of this, Qiao Feiyun instructed: "By the way, the target person you can knock her out, but you must leave me alive and don't let her get hurt."

A man Hattori looked around for a week and said, "Mr. Yun, there are no windows in this room, if you do something here, you have to take people away, then we may only have the ventilation duct plan, can you let me take a look first? blueprints?"

Qiao Feiyun shook his head and said, "You don't have to take the trouble of using the ventilation ducts. I will give you the details of a man. The man's name is

Weston, and he is the supervisor here. You can find an opportunity to kidnap all his family members and force him to kidnap you. Just bring it into the banquet hall.”

Having said that, Qiao Feiyun made appropriate cuts of his general plan and told Kazuo Hattori.

After hearing this, Kazuo Hattori was a little stunned, but he nodded lightly and said, “I understand the process, first kidnap Weston’s family and let Weston arrange for us to serve as waiters in the banquet hall on the 11th. Then take the opportunity to take the target person away from here, and after handing them over to you at the dock, we will leave New York by boat.”

Qiao Feiyun nodded with satisfaction: “Yes, that’s it.”

After speaking, Qiao Feiyun said again: “First of all, you should familiarize yourself with the environment here, see how to kill people, how to transport people out, and ensure that they are silent. If you need anything, just speak up!”
