Soon, it was the eleventh.

Under the bustling and busy morning rush hour in New York, hidden currents are extremely fast surging undercurrents.

Thousands of Dragons have arrived in New York and are hidden in every corner of the city.

And Qiao Feiyun and Jamura were already waiting impatiently.

Early in the morning, Jamura called Qiao Feiyun to the study, and said excitedly and nervously: "Feiyun, Stefanie sun is almost always on the front page of the media these days, if she goes missing tonight, it will probably be triggered immediately A global sensation, are you sure that this matter will not be suspected of you and me?"

Qiao Feiyun nodded confidently and said with a smile: "Master Fei, Iga Ninja has already settled Weston, and today they will enter the hotel banquet hall as temporary waiters in advance under Weston's arrangement. Moreover, Weston will leave them behind to help out on the grounds of their lack of experience, and then take the others away from Stefanie sun's lounge. It has been transported to the inside of the banquet hall, and at about 7:20 tonight, I will do it on time with Stefanie sun."

After speaking, Qiao Feiyun said again: "According to the procedure we ordered, at 7:20, you are giving a speech in the banquet hall, while Stefanie sun is waiting in the lounge to appear at about 7:40. At this time, everyone is in The banquet hall, the sound of the banquet hall, will form a perfect cover and barrier to ensure that when the ninja starts, no one else will find out."

"After they succeed, they will immediately leave the back door. When your assistant invites Stefanie sun to appear at 7:40, they will find that everyone except Stefanie sun has died. At that time, the scene will naturally be very chaotic. , all you have to do is call the police immediately and hand over the rest to the police."

Having said this, Qiao Feiyun said again: "Called the police, Weston is the first suspect, as for those ninjas, they all used the disguise technique, it is impossible for the police to find them, after they are buried in the Atlantic Ocean, this piece of The clues are completely cut off, no one can find out Stefanie sun's whereabouts, and you don't have to worry that this matter will involve you."

"Okay!"

Qiao Feiyun's words gave Jamura a reassurance. He said with a smile, "Tonight, I will let Stefanie sun enjoy myself under me!"

Qiao Feiyun hurriedly said: "Master Fei, you might as well wait a little longer, tonight is definitely the time when the limelight is at its worst, you'd better do a show first, run to the police station to follow up on the progress of the case, and appeal to all New Yorkers. The Chinese crowd worked together, and then came up with a big reward for useful clues, etc., first to leave a good impression on the public. After all, Weston, who is going to take the blame this time, is also a member of the Fei family. This time, it will be brought to the Fei family. If there is a little negative impact, you have to find a way to make up for this part of the negative impact."

Jamura nodded in agreement and said, "Just do as you say!"

After finishing speaking, Jamura asked Qiao Feiyun: "Feiyun, what are your personal arrangements for tonight?"

Qiao Feiyun said: "Master Fei, I will be waiting at the pier in person tonight, and the pier has prepared two boats, one to take those Japanese ninjas to see Amaterasu, and the other to take Stefanie sun to my island, then I will follow him. Those ninjas completed the docking and then escorted Stefanie sun to the island."

"Okay." Jamura said with a wicked look: "Then you wait for me on the island, and I'll rush over tomorrow after I'm done with the work at hand!"

...

Meanwhile, Providence, three hundred kilometers away.

charlie and Claire are having breakfast together in the hotel room.

Knowing that charlie was going to New York today, Claire asked with concern, "Husband, when are you leaving for New York?"

charlie looked at the time and said casually, "Let's go around eleven o'clock."

Claire nodded and said, "Then pay attention to safety on the road. If you are not here, I will eat casually at the school's cafeteria at noon. Go and do your work, don't worry about me."

"Okay." charlie smiled slightly and said, "I'm sure I won't be able to come back for dinner. After class, go back to the hotel and call the food and beverage department to order food. The law and order here in the United States is not very good, so don't eat out at night. already."

Claire nodded and said, "Don't worry, I'll go back to the hotel after class in the afternoon."

charlie was not worried about Claire's personal safety. After all, Abbas had installed a number of Wanlong Palace female soldiers in the hotel to secretly protect Claire's safety. With these people around, he could go to New York with confidence.

After breakfast, Claire packed up, said goodbye to charlie and went to school.

Not long after Claire left, Stefanie sun's phone call came, and she couldn't wait to ask, "Brother charlie, when are you going to leave? The helicopter is ready and can pick you up at the hotel at any time."

charlie looked at the time, it was just past nine o'clock, so he said, "Don't be in such a hurry, if you have something to do, do it first, and I can wait until noon."

Stefanie sun hurriedly said: "Why am I not in a hurry, I'm just waiting for you to come and accompany me to lunch, I've already booked the hotel!"

charlie asked in surprise, "Stefanie, don't you have to work during the day?"

Stefanie sun said with a smile: "I have already freed up all my time today. I will accompany you to eat with you at noon, and walk around with you in the afternoon. I have already booked the restaurant."

As she said that, Stefanie sun said delicately, "Brother charlie, you should pack up now. I will let the helicopter arrive at the apron on the roof of your hotel in ten minutes."

charlie had to agree and said, "Okay, I'll change my clothes."

Ten minutes later, a medium-sized helicopter of a general aviation company landed on the apron on the roof of the hotel.

After charlie boarded the plane, the plane took off quickly and flew towards New York.

From Providence to New York, the straight-line distance is only more than 230 kilometers, and the helicopter took only one hour to fly over New York City.

Afterwards, the helicopter landed at a small helicopter navigable site near Chinatown in New York. As soon as the plane landed, a woman with black sunglasses came over and said to charlie who just got off the plane, "Mr. wade, Stefanie is waiting for you at the hotel. Now, please come with me."

charlie saw that it was Stefanie sun's assistant Zuri who came to pick him up, so he nodded and said lightly, "It's been a lot of hard work for you."

Zuri muttered, "Mr. wade doesn't have to be so polite."

Having said that, he took charlie to a Cadillac car parked next to the helicopter.

She took the initiative to open the rear door for charlie, and said, "Mr. wade, please get in the car."

"Okay." charlie bent down and got into the car, and Zuri sat in the co-pilot.

Sitting in the driver's seat is a Caucasian male with a lean build and expressionless face. He wears black tactical sunglasses and a single-ear intercom headset. At first glance, he looks like a professional bodyguard.

After Zuri got in the car, he said to the driver, "It's time to go."

The driver nodded and immediately drove to Chinatown, a kilometer away.

At this time, New York's Chinatown was very lively, the shops on both sides of the road were booming, and there were many pedestrians coming and going on the streets.

Cadillac stopped in front of an inconspicuous Cantonese roast goose shop, and Zuri said to charlie, "Mr. wade, Stefanie is waiting for you inside, but because of her status, she can't come out to pick you up in person. "

charlie nodded, and after pushing the door to get out of the car, he looked at the roast goose shop and found that there was a suspended sign hanging on the door.

charlie was curious and wondered how Stefanie sun, an authentic Eastcliff native, would invite herself to a Cantonese-style roast goose restaurant for lunch.

When he pushed open the door of this restaurant, he saw that the first floor area was only more than 20 square meters, of which there were only four booths, and half of the area was circled as the back kitchen. In the glass room, hangings can be seen everywhere. Roast goose and pigeon and other ingredients.

On the entire first floor, there was only a young man in a white man's costume who was using his mobile phone. Seeing charlie coming in, he subconsciously said, "I'm sorry, I'm not doing business today."

As soon as he finished speaking, Zuri also pushed in the door and said, "He is the guest that Miss sun wants to invite."

The young man stood up quickly and said respectfully: "It turns out that it is Miss sun's distinguished guest, please go to the second floor. Miss sun has been waiting on the second floor for a long time."

charlie thanked him and went up the stairs to the second floor, his doubts deepened.

When he came to the second floor, at the square table in the middle, Stefanie sun sat facing the stairs.

Seeing charlie coming up, she excitedly waved to charlie: "Brother charlie!"

At this time, there was a gray-haired middle-aged man sitting opposite Stefanie sun with his back to charlie.

Seeing Stefanie sun greeting behind him, he quickly stood up and turned around.

The moment he saw charlie, the middle-aged man was stunned and stunned. After a few seconds, he suddenly knelt down on one knee, clasped his fists above his head, and shouted excitedly and respectfully, "Mr. Wade!"

charlie was shocked by the actions of the middle-aged man in front of him.

He immediately reached out his hand to hold him, and asked subconsciously, "May I ask who you are?"

The middle-aged man immediately said respectfully, "Master Wade, under Arman, he should have been a lonely ghost long ago. It was because he was fortunate enough to be rescued by Young Master bruce that he survived to this day."

Hearing that Arman was an old acquaintance of his father, charlie respectfully clasped his fists at Arman, bowed and said, "Hello, Uncle Arman, I'm charlie!"

Arman was very excited and said with red eyes: "I know...I know...the first time I looked back at you, I knew you must be Young Master. At first I thought I was hallucinating, but when I thought of Miss sun Tell me there is a mysterious guest, and I'll assume you must be Young Master Charlie..."

Stefanie sun said with a smile on the side: "Brother charlie, I didn't tell Uncle Arman that you were coming, and I didn't even tell Uncle Arman that we had found you. I originally wanted to surprise Uncle Arman, but I didn't expect Uncle Arman to be so smart. , I guessed your identity at once!"

Arman hurriedly said, "Miss sun, it's not because you are so smart, it's just that Young Master Charlie and Young Master Bruce looked so much alike when they were young..."

charlie couldn't help but ask, "Uncle, how did you and my father meet?"

Arman sighed and said seriously: "Back then, because I was young and frivolous, I provoked people I shouldn't have provoked. Find it and hack it to death..."

Speaking of which, Arman said with red eyes: "Master Bruce sent someone to rescue me from Hong Kong Island overnight, and then went to Hong Kong Island to negotiate with that boss in person, paying a huge price to get my life back..."

charlie said in surprise: "Uncle, it turns out that you and my father are old friends..."

Stefanie sun said quickly: "Brother charlie, my dad said that Uncle Arman was a very respected celebrity at home and abroad, and Uncle Bruce visited Hong Kong Island many times in order to invite Uncle Arman out of the mountain, which is comparable to Liu Bei's three visits to the cottage. It's gone!"

Arman said humbly, "Miss Sun is too polite. She is not considered a celebrity, but she is fortunate enough to be appreciated by Young Master Bruce."

As he said that, he sighed deeply: "Back then, I originally wanted to go back to the countryside and let Ma Nanshan go, but I was fortunate enough to be appreciated by Young Master Bruce, so I decided to follow him to build a career, but I didn't expect that when I finished dealing with my own affairs. When I was about to go to Eastcliff to return to Young Master Bruce for personal matters, Young Master Bruce suddenly gave up the Wade family and left Eastcliff with Young Mistress, whose whereabouts are unknown..."

Hearing this, charlie couldn't help but feel tight, what Arman said should be about his eight-year-old.

So, he hurriedly asked: "Uncle Arman, do you know the hidden cause of my parents' death?"

Arman shook his head and said apologetically, "I'm sorry, Young Master Wade, I only heard about the murder of Young Master Bruce back then. At that time, Young Master Bruce had already cut off contact with me. The last time he contacted me, he was prepared to leave the Wade family."

charlie hurriedly asked, "Did my father tell you anything at that time?"

Arman said: "Go back to Young Master Wade, Young Master Bruce told me on the phone at the time that he wanted to leave the Wade family, but he still wanted me to work for the Wade family, and asked me to contact Stephen Thompson, the chief of the Wade family at that time, but I didn't agree."

With that said, Arman explained somewhat ashamedly, "To tell you the truth, Young Master Wade, back then, I didn't want to get involved in the arena. If it wasn't for the charm of Young Master Bruce that convinced me, I wouldn't choose to go out again... .."

"So, I thought at the time, if I do my best for Young Master Bruce, I, Arman, will naturally die!"

"But if it's not for him, then I don't want to embarrass myself."

## **The Amazing Son In Law Chapter 4374 ( The Charismatic Charlie Wade Chapter 4374 )**

"So, I promised Master Bruce that when he decides to return to the Wade family or start his own business, as long as he makes a phone call, no matter where I am Arman or what I do, as long as he still has something to do with me, as long as I have a breath left, I am crawling, and I am going to return to him..."

"At that time, Young Master Bruce also respected my choice, but I didn't expect that soon after, I heard the news of his murder..."

Speaking of this, Arman's eyes were full of tears, and he couldn't help choking his wrists and said, "I really didn't expect that Young Master Bruce would die young. It's really... it's such a pity..."

Charlie couldn't help but sigh, when his father died, he was only in his thirties, and he was in his prime, which was really a pity.

While feeling emotional, Charlie couldn't help but ask, "Uncle Arman, why did you come to New York later?"

Arman smiled bitterly and said, "After the death of Master Bruce, I quietly went to Aurous Hill to mourn. When I was planning to return to Hong Kong Island, the big guy who was going to kill me earlier also heard about the accidental death of Master Bruce, so I immediately issued another order to hunt down the rivers and lakes. Seeing that I couldn't go back to Hong Kong Island, I could only smuggle from the mainland to the United States, and I stayed until now..."

With that said, Arman couldn't help but ask, "Master Wade, where have you been all these years? Back then, Mr. Sun traveled all over the world to find you, and he came to the United States several times. I even helped him stay in the United States with him. I've searched for you several times and found nothing..."

Stefanie Sun on the side said quickly: "Charlie, my dad and I have come to New York to find you before, and it was Uncle Arman who received us at this hotel!"

As she said that, she looked at Arman and said with a smile: "Uncle Arman, I remember when I first came to you with my father, I was only eight years old. The last time I came, I was twenty years old, and now I am twenty-six years old. Now, you haven't changed at all here."

Arman smiled and said, "As a person, it's hard to change after I'm used to something. In fact, I'm just lazy."

Stefanie sun looked at charlie and explained, "charlie, I used to come to the United States with my father to find you, and Uncle Arman's place was the first place to stay. Oh yes, the roast goose made by Uncle Arman is very delicious!"

Arman couldn't care less about modesty and couldn't help but ask, "miss sun, how did you find Young Master Wade? Where did you find it?"

charlie said, "Uncle Arman, in fact, I have always been in Aurous Hill."

Arman was stunned and exclaimed: "How could it be? It seems that many people, including Mr. sun, went to Aurous Hill to find you, but everyone found nothing..."

Hearing this question, charlie told Stephen Thompson's arrangement in the orphanage.

After listening to Arman, he couldn't help sighing: "I have met Stephen Thompson several times. At that time, I felt that this person is rough and thin, and his righteousness is thin, but I didn't expect his strategy to be so strong. Really high level!"

At this time, Stefanie sun said with a smile: "Uncle Arman, can we talk while eating, I'm hungry."

Arman hurriedly said, "Okay, okay, it's my fault, miss sun and Young Master Wade, please sit down first, and I'll go to the back kitchen to prepare meals."

With that said, he looked at charlie and said ashamedly, "Master Wade, I don't have much food in this small shop. I'll just serve some for you to try, and I won't arrange for you to order!"

Charlie said very politely: "Thank you Uncle Arman, you have worked hard for you."

"Yes, yes! You two please sit down first, I'll be right there!"

Arman said, turned around and ran downstairs quickly.

Stefanie sun looked at charlie with a smile on her face, and asked him in a low voice, "Brother charlie, are you a little embarrassed?"

charlie smiled slightly, nodded and said, "A little... I thought you just called me out for a meal, but I really didn't respond..."

Stefanie sun smiled mysteriously, then took out her mobile phone from her pocket, handed it to charlie, and said, "Brother charlie, my dad explained to me before, when you come, let you listen to this sentence."

charlie was a little surprised. When he looked up, he saw a WeChat dialog between Stefanie sun and her father, Orrin sun, on the screen of the mobile phone.

At the bottom, there is a voice message, charlie took the phone and wanted to click to play, Stefanie sun quickly reminded: "Brother charlie, listen in earpiece mode!"

charlie nodded, clicked play, and immediately put the phone to his ear.

Orrin sun's voice came from the receiver, and he said very solemnly: "Charlie, your father once told me that the one who succeeded Arman would conquer the world. You must not let go of such a great talent! No matter what! Persuade him to come out and help you!"
