In Zaki's view, it doesn't matter if you are misunderstood, as long as the misunderstanding can be completely resolved as soon as possible, you will often get better results.

If you don't believe me, look at the love movies from all over the world. As soon as the male and female protagonists come up with a prejudice against each other, after breaking the prejudice, they can often fall in love.

Human nature is like that.

Therefore, Zaki felt that this was a good opportunity for crisis public relations.

As long as we seize this opportunity and set up yogi as a great father, it will not only make yogi turn the tide against the wind, but also bring a better mass base to the Fei family.

At this time, his younger brother Fei Shanchuan said, "Brother, it's a bit deliberate to let the reporter come to the house directly. Even if the kidnappers are not provoked, the people will think that we deliberately sold out."

Zaki asked back, "Then what do you think it should be?"

Fei Shanchuan hurriedly offered advice: "Brother, in my opinion, let's do the same as that video, first publish the news that Jamura was kidnapped and yogi was saving people through the hands of a third party, and then secretly fuel the flames and let the news ferment, until At that time, the media will definitely take the initiative to find us, so that we can follow the flow to accept interviews and make the truth of this matter known to the public."

Zaki nodded again and again: "Good idea! This way, it looks more natural!"

When yogi heard this, he quickly said: "Dad! There were a lot of people watching the scene, and some of them took out their mobile phones and took a video. They must have taken a video of the whole process, especially when I poured it out of the box. In the process of getting out Jamura's ears, if the video is put on the Internet, it will be done!"

Zaki immediately said, "Go ahead and offer a reward of \$100,000 to find the video shooter, and then post these videos online!"

"Okay!" yogi said hurriedly, "I'll make arrangements now!"

After that, he remembered something, and asked quickly: "Dad, I have already controlled that girl, do you want to have a first trial?"

“Let it go, it’s pointless.” Zaki waved his hand: “That woman is obviously a chess piece, and it’s impossible to ask anything if she is killed.”

yogi nodded: “Okay Dad, I’ll give an order now.”

Just as yogi was about to follow Zaki’s words to find the passerby who filmed the video, his cell phone suddenly received a text message from an unfamiliar number.

The content of the text message is: “If you want your son to survive, prepare 200 billion US dollars in encrypted digital currency in the next 48 hours, otherwise, just wait to collect your son’s body!”

yogi groaned in his heart and blurted out, “Dad...these people said...it would take 200 billion US dollars to let them go...”

“How much?!” Zaki frowned and asked in a cold voice, “200 billion?! Are these people crazy?! What the hell kidnapper, dare to ask for \$200 billion?!”

yogi was also horrified. What is the concept of \$200 billion? According to the current stock price, two Jingdong Groups can be bought!

Fei Shanchuan, who was beside him, was also stupid, and couldn’t help muttering: “This is not sincere at all... As long as he wants a little bit less and asks for a billion or two billion dollars, it is considered that they have some brains. 200 billion, I don’t know how to pay back the f\*cking price...”

Zaki said coldly: “Tell them, as long as they let Jamura go, I am willing to pay them two billion dollars worth of cryptocurrency!”

yogi immediately called the other party back, but without exception, the phone number was also switched off.

Zaki said in a cold voice, “These bastards don’t even give a chance to bargain! Do you really think that the people who kidnapped the Fei family will be able to extort \$200 billion?!”

yogi asked him, “Dad...what should I do now...the other party only gave us 48 hours...”

Zaki said with a dignified expression: “Keep your composure! Since the other party has given him 48 hours, we don’t need to care about him for now. During these 48 hours, what we need to do is to reverse the public opinion and try our best to do everything possible. Find these Japanese ninjas! If you can’t do it, send someone to Japan to arrest all their relatives. If they dare to kill Jamura, I will kill their whole family!”

...

Soon, the Fei family started their own crisis PR.

# The Amazing Son In Law Chapter 4426 ( The Charismatic Charlie Wade Chapter 4426 )

They sent a large number of people to search for witnesses near the Brooklyn incident, and then promised \$100,000 in cash to capture the video of what happened when the incident occurred.

In addition, the Fei family also promised to use cash transactions for all those who provided videos, and not to record any personal information, so as to reassure passers-by.

I have to say, their approach was very effective.

Soon, the news spread in Brooklyn, and those who filmed what happened ran over and sold the video to the Fei family.

In 20 minutes, the Fei family bought eight videos of the incident shot from different perspectives.

However, some of them started filming when yogi kissed a prostitute, while others started filming when yogi found two ears.

What the Fei family wanted was the latter.

Because they want to take this opportunity to sell miserably in front of the media and audience.

It's just that the family never imagined that among the eight passers-by who sold them the video, four were members of Wanlong Palace.

Even if Arman arrived at the Fei family, he would definitely find a way to reverse his reputation, and he would definitely take the opportunity to sell miserably, so this step by step was within his calculations.

The reason why these Wanlong Hall members disguised themselves as passers-by to shoot videos is to provide the Fei family with shields and ammunition for defense.

Even the people who exposed yogi and prostitutes kissing on the street at the beginning were people from Wanlong Palace.

Zaki never dreamed that the people who attacked them and the people who provided them with defensive support were actually charlie's people.

The powerful Fei family, at this moment, is like a mouse pressed by Charlie in the labyrinth. It seems that every step is run out by themselves, but they don't know how and where they run, they all have a pair of pairs. Invisible big hands in precise control.

While the Fei family was looking for the video, Qiao Feiyun, who was hiding in the Fei's family, also saw a video of Yogi kissing a street girl on the Internet.

This made him very surprised. It stands to reason that Jamura is missing. Shouldn't Yogi find a way to find Jamura's whereabouts?

How could he have the leisure to go out to the streets of Brooklyn and kiss the twenty-dollar street girl?

Qiao Feiyun couldn't figure it out, so he muttered to himself, "Maybe Jamura's father also has his own unique eccentricity..."

Saying that, Qiao Feiyun felt a twitch in his stomach.

It was already late at night, and he hadn't eaten a warm meal all night.

This is mainly because, on weekdays, his meals are delivered by a maid who specially serves Jamura.

Since Qiao Feiyun moved into Fei's house, Jamura has been in very close contact with him, so the maid also knows that he is the young master's good friend, so he pays special attention to him, and comes to deliver meals and eat meals every day. I came to clean up the hygiene again, and even had a relationship with Qiao Feiyun two days ago, and served Qiao Feiyun very comfortably.

However, something suddenly happened to the Fei family. It seemed that everyone was busy, and the servant didn't show up all night.

Qiao Feiyun didn't know if she had forgotten herself or if she was too busy to care.

Just when Qiao Feiyun was hungry, footsteps came, and then he heard a knock on the door. Outside the door, the servant asked softly, "Master Qiao, are you asleep?"

Qiao Feiyun hurriedly got up and quickly opened the door. Seeing that the woman did not carry the huge lunch box before, but only carried a plastic bag, he quickly pulled her into the room and asked in a low voice, "What is going on outside now?" What's the situation? Does Master Fei have any news?"

The maid explained a little nervously: "Master Jamura hasn't been found yet. The eldest young master went to Brooklyn just now and brought back two human ears... It is said... It is said that it belongs to the young master Jamura..."

Qiao Feiyun suddenly widened his eyes and asked in horror, "What did you say?!"

Qiao Feiyun really did not expect that in this world, someone would dare to cut off Jamura's ear.

Such things as cutting ears may not happen once in a lifetime among large families.

Because this method is a bit too rude, no matter which big family, once a family member has their ears cut off, they will definitely fight against each other at all costs.

He couldn't help muttering in his heart: "If those ninjas really did it, they would definitely not have such courage... After all, the strength of the Fei family is there, don't look at the distance between the United States and Japan, but once the Fei family is really dead. It's not enough to put the whole Iga ninja together, and it's not enough for the family to get stuck in their teeth."

Thinking of this, he couldn't help thinking to himself: "Could it be that the real mastermind behind the scenes is not those ninjas? But if not those ninjas, who can they be?! The eldest master of the Fei family doesn't care about it, then this The strength of the mysterious man is probably elusive..."

Qiao Feiyun's eyes suddenly widened, and he asked himself subconsciously, "Could it be that he killed Feiyu?!"

At this moment, Qiao Feiyun was so frightened that his whole body trembled, and his whole body suddenly became a little dazed.

He knew very well that if the mastermind behind the kidnapping of Jamura was really the act of the mysterious man who killed his younger brother Qiao Feiyu and wiped out the entire Italian group, then his next target would definitely be himself...

The maid on the side saw Qiao Feiyun's face full of horror and her body was shaking uncontrollably, and asked quickly, "Master Qiao...you...what's the matter with you?"

Qiao Feiyun came back to his senses and waved his hands quickly: "It's alright...I just...I didn't expect...I didn't expect that someone would dare to treat Master Fei like this..."

"Yeah..." The maid couldn't help but sigh: "I heard that the master is going crazy..."

Qiao Feiyun quickly asked: "What else have you heard?"

The maid thought for a while: "The other things seem to be nothing... After I heard that the young master was kidnapped, the housekeeper asked us all to serve the female relatives at home, for fear that no one could stand the stimulation and something would happen. Grandma saw Young Master Jamura's ears fainted from fright on the spot, I've been waiting for you, and as soon as someone changed shifts, I hurriedly brought you something to eat."

Saying that, she hurriedly handed the plastic bag in her hand to Qiao Feiyun, a little shy and a little embarrassed: "I'm sorry, Master Qiao, the situation is urgent, and I can't let the kitchen cook for you alone, so I bring Got some convenience food here..."

Qiao Feiyun smiled slightly, nodded and said, "Thank you..."

The maid said shyly: "Master Qiao, you don't have to be polite to me... Anyway... I'm already yours anyway..."

Qiao Feiyun nodded, deliberately pretended to be stupid and laughed, but he was scolding inwardly: "Damn, a guy who can't make it to the table, and he wants to pretend to be innocent and close, what kind of stuff."

However, there was nothing unusual on his face, instead he said very gently: please help me pay more attention. If you find anything there, remember to tell me as soon as possible."

After speaking, he took off his Richard Mille watch worth more than three million US dollars, handed it to the maid, and said seriously: "Lexi, I came to New York in a hurry this time, and I have nothing to give. Yours, take this watch as a small gift from me."

This maid has been working in the Fei family for five years. Although she has no money, she is definitely well-informed. She knows that the watch brand of Richard Mille is very expensive, and any basic watch is also very expensive. It costs hundreds of thousands of dollars to start, and Qiao Feiyun's piece is a limited edition, with a price of at least two or three million dollars.

Seeing that Qiao Feiyun was going to give this watch to herself, she was surprised and delighted, and wanted to reach out to pick it up, but she said nervously: "Master Qiao...this...this is too precious...I can't take it... ..."

Qiao Feiyun said very seriously: "Lexi, you said it just now, you are now mine, and I, Qiao Feiyun, give gifts to my own woman, how could I be stingy?"

When the maid heard this, her heart suddenly became extremely sweet, and she said happily: "Then... then thank you Master Qiao..."

Qiao Feiyun smiled and said, "You don't have to be so polite to me."

After speaking, Qiao Feiyun said again: "When this matter is over and Master Fei returns safely, I will tell him that you will stop working at Fei's house in the future, and come back to Seattle with me."

The maid asked in surprise: "Master Qiao...Are you serious?!"

"Of course!" Qiao Feiyun touched her face and said softly: "You are the woman I like, and I can't let the woman I like be a servant in someone else's house. You are destined to be a young mistress and be served by others. How can you, the one who takes care of you, let you take care of others?"

Qiao Feiyun's love words from the domineering president made the maid immediately fall into it, and the whole person seemed to fall into the sea of Mary Sue.

She felt that she was the happiest Cinderella in the world, and finally waited for her Prince Charming.

Since childhood, the dream of a wealthy family, cultivated in various TV series and literary works, was instantly activated by Qiao Feiyun, which made her very excited.

She suddenly choked up, sobbing and saying, "... Young Master Qiao...you...don't you really dislike me?"

"I don't dislike it! Of course I don't dislike it!" Qiao Feiyun took her hand, stroked her hand, and said with a smile, "Don't think too much now, wait for Master Fei to come back with peace of mind, then I will mention it to him, trust him Certainly will not refuse."

"Okay..." The maid nodded, feeling too excited to add.

At this time, Qiao Feiyun seemed to suddenly think of something, and quickly said: "By the way, Lexi, I'm really worried about Master Fei now, if he has something, I'm afraid it will affect the happiness of the two of us, so this time, if you have the opportunity to get close to the Fei family, you must help me pay attention to whether they have mentioned Japanese ninjas, if so, you must pay attention to it, try to write down what they said, if there is no good Opportunities, you have to use your ingenuity to create opportunities, understand?"

What Qiao Feiyun is most worried about now is the few Japanese ninjas besides the mysterious man who killed his younger brother.

If this thing is really done by those Japanese ninjas, I will really be finished.

Because those ninjas were hired by themselves, once the Fei family found this floor, they would not be able to wash them out if they jumped into the Yellow River.

Did he tell Zaki that the reason he hired those ninjas was to help his grandson kidnap popular female stars, so that his grandson could get over the addiction of killing female stars?

If he really said that, Zaki would just kill himself whether he believed it or not!

In the mind of the maid at this moment, she had already started to imagine her grand wedding with Qiao Feiyun. Hearing what Qiao Feiyun said, she immediately realized that her lifelong happiness was now in Jamura alone, so she Without thinking, he said, "Don't worry, Young Master Qiao, I will definitely pay attention!"

Qiao Feiyun nodded with satisfaction, and said again: "Remember, you must not tell anyone, including those closest to you, about the things I told you."

The maid couldn't help but ask: "Master Qiao, can I tell my parents about the two of us? They have always cared about my life-long affairs. If they know that I am with you, they will be very relieved... .."

"Absolutely not!" Qiao Feiyun said quickly: "Once this matter is spread out in advance, it will definitely be known by others!"

After speaking, he quickly comforted: "Lexi, you have to remember that I want to bring you to Seattle and live with me, but you also know that your status as a servant is now, if it spreads out, It will be very stressful for both of us;"

"So, my plan is to ask Mr. Fei for help, and let him erase all the history and files of your servants in the Fei family, and then I will give you a new identity and get you another one. A degree from a famous university will package you into a lady from a scholarly family!"

"In this way, you will follow me in and out of high society in the future, and no one will look at you with tinted glasses!"

"However, if this matter is leaked ahead of time, if others reveal your identity as a servant, I'm afraid my parents will not agree with the two of us, and you will also face great pressure."

"So, until Master Fei returns safely, this matter must be kept secret, and no one other than you and me will know about it, understand?"
