

The Amazing Son In Law Chapter 4429 (The Charismatic Charlie Wade Chapter 4429)

At this time, the maid had long been crippled by Qiao Feiyun's series of rhetoric.

Hearing Qiao Feiyun say that she has to give herself a brand new identity background, this suddenly touched the humble and vulnerable part of her heart.

This made her feel grateful to Qiao Feiyun, and felt that this person was the angel who brought her from the abyss to heaven.

So, she had no doubts about what Qiao Feiyun said, and was grateful to Dade for agreeing.

Qiao Feiyun breathed a sigh of relief temporarily.

He knew that his current situation was very embarrassing, and staying at Fei's house was only temporarily safe, but he was still in danger, so he had to prepare in advance.

So, he put his arms around the maid and continued bewitching: "There is one more thing Lexi, if you hear someone mention my name in the Fei family, you must tell me as soon as possible, and you will leave mine later. The mobile phone number." The

maid was completely brainwashed by him at this time, she nodded without hesitation, and said firmly: "Young Master Qiao, rest assured, I will definitely pay attention to it."

"Okay..." Qiao Feiyun nodded. , exchanged mobile phone numbers with the maid, and then instructed: "Then hurry up and see if you can find out any news." The

maid said shyly: "Master Qiao...the family...they just took over the shift. , there's nothing to do at the moment... or... why don't I stay with you for a while?"

Qiao Feiyun is like a human being, how can he not see what this maid means.

It's just that now he doesn't have the leisure to think about those men and women.

So he suppressed the impatience in his heart and persuaded: "Now the situation is urgent, let's get down to business first. If there is something wrong with this matter, then the two of us may not have a chance to get together." The

maid Hearing this, his heart was shocked, and he nodded quickly and said, "Okay, Young Master Qiao, then I'll go over there and see if there is anything I can help over there!"

Qiao Feiyun nodded in satisfaction and said, "Come on, don't forget to let me know as soon as you have any news!"

"Okay..." The maid agreed and left Qiao Feiyun's room reluctantly.

After she left, Qiao Feiyun cursed the woman for lack of self-awareness, while feeling distressed for her limited edition Richard Mille watch.

Don't look at the Qiao family's worth of hundreds of billions, but a large part of it is due to his deliberate deliberation, kneeling and licking back.

In order to make this money, he didn't know how much he killed, a young woman like the maid just now.

So, how could he be willing to waste a multi-million dollar watch on such a woman.

However, he quickly came up with an idea and couldn't help thinking: "If this matter can pass safely, then before I leave the Fei's house, I will simply deceive her and let people take her away, and after I get the watch back, and then sell her. With her beauty, although she won't be able to go to the auction, it is still very easy to sell her for hundreds of thousands of dollars. Those Algerian gangs can get the money in two or three years as long as they get her to Eastern Europe. Earn it back!"

Thinking of this, Qiao Feiyun finally felt a lot better.

Come to think of it, this watch cannot escape.

...

At the same time, several videos suddenly became popular on the Internet.

Unlike the previous yogi kissing prostitutes on the street, these videos captured the follow-up of yogi kissing prostitutes.

The Amazing Son In Law Chapter 4430 (The Charismatic Charlie Wade Chapter 4430)

When people saw that yogi took two human ears from a prostitute, everyone thought they were blindfolded.

And when people saw yogi holding two human ears, weeping and calling out the name of his son Jamura, everyone was stunned and stunned!

At this moment, many navy soldiers in the comments began to guide public opinion.

As insiders, they told all netizens that yogi was not really looking for flowers and willows on the street. The real reason was because his beloved son Jamura was kidnapped!

The gangster brutally cut off both of his son's ears and gave them to the prostitute.

And yogi kissing the prostitute was just a prank by the gangsters.

As for yogi, a person not only has to bear the pain of his son being kidnapped and injured, but also suffers from the crazy online violence of netizens who don't know the truth.

At this moment, people realized that they had completely misunderstood yogi before!

Before, the video of yogi kissing prostitutes on the street made countless people feel extremely disgusting to his senses, and the Internet was all accusing and slandering him.

But now, everyone realizes that yogi is a great father worthy of everyone's respect and admiration.

Everyone who scolded him felt extremely self-blame and guilt for his previous remarks.

In an instant, countless people began to support yogi, and even many people apologized for their previous wrong remarks in the comment area, and their tone and attitude were extremely sincere!

The previous public opinion crisis of the Fei family was instantly resolved, not only eliminating all negative influences, but even allowing the Fei family to gain a lot of popularity.

Seeing the overwhelming apology, sympathy and praise on the Internet, yogi's mood instantly improved a lot, and he couldn't help saying to Zaki with excitement: "Dad, your method is really wonderful, it's simply turning the tide, absolutely Let's fight back..."

Zaki could not help but feel a little complacent when he finally breathed a sigh of relief when he saw that the situation was completely under his control.

He stroked his beard and said, "Now we have two most important things at hand, one is to find out the true identities of those Japanese ninjas as soon as possible, and the other is to strike while the iron is hot and maximize the role of the media, Give an interview when you should, and hold a press conference if you can't."

The second brother Fei Shanchuan hurriedly said: "Brother, the people who are going to send to Japan are ready, and they will rush to the airport immediately, and they will arrive in Japan in thirteen hours."

Zaki frowned and smacked his lips: "Tsk... The speed is still the same. It's too slow..."

"There's no way." Fei Shanchuan said helplessly: "Some families brought in retired Concorde airliners from Europe before, but we started late and didn't grab them. At present, there are no supersonic airliners on the market to choose from. It 's over."

Zaki said, "Let's find out which families were bought by them at that time, and find a way to buy one back regardless of the cost, and it will definitely be used in the future."

"Okay!" Fei Shanchuan nodded and said: " Today, I will ask people to investigate the Concorde airliners registered around the world and try to buy one back."

At this time, the butler of the Fei family walked in and said to Zaki: "Master, CNN and the president of the New York Times are fighting. I called and wanted to give an interview to the eldest young master. I don't know if it is convenient, what do you think?"

"Good thing!" Zaki said without hesitation, "Let them come over, it just so happens that yogi can also send a message to the kidnapers in front of the media. , said that the Fei family is ready to use two billion dollars to redeem people at any time, as long as they think about it, they will contact you."

yogi nodded quickly and said, "Okay dad, I know!"

The Amazing Son In Law Chapter 4431 (The Charismatic Charlie Wade Chapter 4431)

At midnight, a team of reporters from CNN and the New York Times arrived at Fei's Manor overnight to conduct an exclusive interview with yogi.

In the exclusive interview, yogi introduced the whole incident in detail, and then he kept praising his son Jamura in front of the media.

He said emotionally: "Jamura is young, but he has always been very mature, low-key, and upright, humble, and kind. He can be regarded as a very outstanding young talent."

"You may not know, Jamura is in A second before he was kidnapped, he was hosting a charity dinner initiated and hosted by himself, and because of his low profile, he did not disclose this charity dinner to the outside world. Unexpectedly, it was this charity dinner that gave He was kidnapped just a few minutes before he was about to give a speech." The

reporter couldn't help but ask, "Excuse me, what is the charity dinner organized by your son?"

"Yes . In order to help the orphans." yogi explained: "Jamura is young and has always been very concerned about the growth and education of orphans, so he spent tens of millions of dollars and cooperated with the New York Chinese Chamber of Commerce to establish a charitable foundation, specializing in Help the orphans."

When the reporters heard that Jamura was going to donate tens of millions of dollars to charity, they all admired him.

At this time, yogi pleaded very emotionally in the interview: "If the person who kidnapped Jamura can see this interview, as a father, I beg you not to continue to hurt Jamura. The ransom of 200 billion US dollars is indeed too unrealistic, but the Fei family is willing to pay 2 billion US dollars for the ransom, just asking you to let Jamura go home safely. He is still young and has a long way to go. Let him go home, he I can still make a lot of contributions to this society!"

This interview was quickly posted by two media on TV media and online platforms overnight, instantly detonating the entire public opinion.

When everyone saw yogi's painful statement in the interview, everyone was very sympathetic to this middle-aged man, and when they heard that Jamura turned out to be such an excellent young talent, they were very sympathetic to Jamura. Sympathy flooded immediately.

Netizens spontaneously launched a campaign to support Jamura on the Internet, and even more than hundreds of thousands of enthusiastic netizens went to the White House to petition, asking the White House to come forward and rescue Jamura.

This took things to hell.

In the New York Police Department, Li Yalin was overwhelmed with anxiety after reading the media reports.

Now, the whole world knows that Jamura was kidnapped in New York and his ears were cut off. However, the kidnappers and Jamura have not been found yet, which puts pressure on the entire New York police. multiply.

As a well-known Chinese police detective, Li Yalin is even more anxious like an ant on a hot pot.

It is a pity that no valuable clues were left at the scene. So far, all the police officers have rushed out to find it in the middle of the night, but have not found where the garbage truck went.

If you can't find a car, it's even more difficult to find someone.

Just when he was at a loss, a phone call came.

He saw the words on the screen of the mobile phone, hesitated for a moment, but still answered the phone, and said with a smile: "Why, just saw the media report, you can't help but come to mock me?" On the

phone, a man said with a smile: "If you Chinese detective accidentally fell somersault, I would definitely ridicule you as soon as possible, but you are on the edge of the cliff now, how can I fall into the trap at this time?"

The person who spoke was the other day. At the Aurous Hill magical pill auction, the uncle, Asher, was expelled by Charlie's instructions.

At this time, Asher said again: "You should be still at the police station now, right?"

"Yes." Li Yalin laughed at himself: "If such a big thing happened, I'm afraid I will live in the police station in the next few days.

The Amazing Son In Law Chapter 4432 (The Charismatic Charlie Wade Chapter 4432)

"Asher smiled slightly and said, "It seems that I guessed right. I'm downstairs now. If it's convenient for you, I'll come up now."

Li Yalin was surprised and wanted to ask something, but he held back and said hurriedly: "I'll have someone pick you up!"

"Okay."

Soon, Asher, wearing a peaked cap and a black mask on his face, came up under the leadership of a police officer.

Carrying two kraft paper shopping bags, he came directly to Li Yalin's office.

As soon as Li Yalin saw him, he asked in surprise: "Asher, why did you come to New York? Didn't you hear that you were returning to China some time ago?"

"Yes." Asher nodded and smiled bitterly: "Go to China. , in the end, I got a sullen nose, and I came back sullen again."

Li Yalin asked curiously: "What's going on? Is there anyone else who can make you Asher hit the wall?"

"Don't mention it." Asher was helpless. Said: "This matter... that is really a child without a mother, and it is a long story."

After that, he put two kraft paper bags on the table and asked, "Are you off work now? Chinatown brought some snacks, and a bottle of your favorite treasured Xifeng wine, if you can drink it, let's drink a few."

Li Yalin smiled: "I've been off work a long time ago, I dare not go home. I'm afraid the media will block me."

After speaking, he hurriedly took out the bottle of Xifeng wine from the collection and exclaimed, "Damn it, this wine has been stored for decades, right?"

Asher Nodding: "It is said to be in the early days of the founding of the People's Republic of China."

Li Yalin sighed: "If my father is still alive, he must be very happy to see this wine!"

Li Yalin's ancestors are from the Northwest, and he was already famous in the Northwest during the Republic of China. The wealthy businessman, later World War II started, the family fled to the United States from the country after suffering, and then took root in the United States.

Li Yalin and Asher are about the same age. They are both in their fifties. They are also descendants of Chinese born and raised in the United States. Although they did not grow up in the Northwest, many habits are consistent with those of the Northwest because of the influence of their parents.

Li Yalin's grandfather and father both loved Xifeng wine, and it was the same in his generation.

At this time, Asher took out some packaged cold dishes from the kraft paper bag, including pork head meat, pig ears, etc., as well as some refreshing cold dishes, peanuts and the like.

As he opened the things one by one, he sighed: "Oh, it's just that the delicious Cantonese roast goose in Chinatown is not open today, otherwise I'll buy more roast goose to eat."

Li Yalin curled his lips and said, "Then What's so delicious about the stuff, it's sweet and boring, it's better to bake it directly."

Asher said with a smile: "It's Cantonese style, if it's baked in the blast furnace, it will be sliced into meat for you. If you eat the burrito, won't it become Eastcliff Roast Duck?"

After speaking, Asher handed him a pair of chopsticks, and Li Yalin found two disposable water glasses and poured two glasses of wine.

Li Yalin picked up the cup and said impatiently, "Come on, let's go!"

Asher nodded, the two cups touched each other symbolically, and then each took a sip.

Then, Asher put down the cup and asked, "You and I have been brothers for many years, do you need any help now? Although the focus of Anjia's family has shifted to the West Coast in recent years, New York is our old base after all. There are still a lot of people, so I should be able to help you a little."

Li Yalin smiled knowingly and said, "Thank you for your kindness, but I feel that this matter can't be solved with a lot of people, and the clues are broken all at once. It's too thorough, as if the void was directly cut off with a knife, it looks like there is a very large and professional team behind it, if I can't find the breakthrough point of this team, then this case may never be solved."

Asher nodded and sighed: "I really didn't expect that someone could tie up the Fei family in New York, and still make you, a Chinese detective, unable to do anything. Could it be that some big man has come from New York?"
