

The Amazing Son In Law Chapter 4441 (The Charismatic Charlie Wade Chapter 4441)

At the same time, the Fei family's butler, as well as some of his henchmen, were in urgent contact with the family that owns the Concorde airliner in the world.

After this incident, Zaki couldn't wait to buy a Concorde airliner to deal with possible emergencies in the future.

Because the Fei family, who did not have a Concorde airliner, sent someone from New York to Japan, which would take at least 13 hours to fly.

But with a Concorde, it would take five and a half hours to get there.

In normal times, the gap of seven or eight hours is nothing, but if it is a critical moment, this time is enough to produce too many variables.

Because the purchase of the Concorde airliner was a normal demand for the Fei family, and it was not a secret, so these subordinates did not avoid anyone.

Everyone is also secretly competing with each other. If anyone can help the Fei family get a Concorde airliner at the first time, it must be a great achievement.

When the maid, carrying the Richard Miller watch presented by Qiao Feiyun, returned to the first villa, she was surprised to find that many people were constantly calling, as if something major happened. She remembered Qiao Feiyun's explanation, and quickly found a male assistant who had always been interested in her, and even wanted to go further with her many times, and asked curiously, "

, why haven't you rested from work yet?"

Peng's man is one of several confidants of the big butler of the Fei family. He has always admired the maid's beauty, and he already has an idea in his heart, but the maid also knows that he only has that kind of idea for himself, not just thinking about it. He is in a normal relationship with himself and married, so he has never been given a chance to go further.

Song Peng wasn't surprised to see her at this time, he just said with a smile, "I still have some things to do, why haven't you gotten off work?" The

maid said, "I'm worried about Grandma's health, come and have a look. See if there's anything I can do to help."

Song Peng had no doubts and nodded, seeing no one around, with a frivolous smile on his face, he said, " how about I take you to Las Vegas to play? Like?"

"Go to Vegas?" The maid said awkwardly: "Just us?"

"Yes!" Song Peng laughed: "Of course it's the two of us, Beyonce was in Las Vegas recently. Gas Casino has a big show, haven't you always liked her very much? Take you there to see and see the world." The

maid didn't speak, but she couldn't help but feel contempt in her heart.

If she had heard of such a thing in the past, she must have been yearning for it.

But now, with a mere Beyonce, how can she gain her discernment?

In her opinion, she will be the one who will be the young grandma of the Qiao family in the future.

So, she was ready to refuse almost on the spot.

However, she remembered Qiao Feiyun's instructions again, so she deliberately kept an eye on Song Peng, and smiled: "If there is a chance, of course I'll be fine, but there are so many things at home now, let's talk about it for a while. It's not easy to take a break, right?"

Song Peng curled his lips and said casually: "We are ordinary working men, we have to rest when we need to rest, there is no need to worry too much for the master's family, besides, sometimes you want to worry about it. It may not be possible for you to take turns. Take your servants as an example. Usually so many servants take turns. If something happens, everyone will not rest, and they will rush to the grandma's room, and the grandma will also suffer. Nope." The

maid nodded, "You seem to have a point..."

Song Peng said with a smile, "That's what happened."

After that, he lowered his voice and said to the maid: "I'm currently negotiating a big deal, and I can negotiate it in the past two days. The bonus will definitely be indispensable. When I get the bonus, I will take you to Las Vegas for a few days to have a good time!

"Shang asked curiously: "What's the big list? Let me hear it, and it will satisfy my curiosity."

Song Peng raised his eyebrows and said with a smile, "Master wants to buy a Concorde airliner. I just happen to know that there is a family in France who has a Concorde airliner and wants to sell it, and is trying to get in touch with their people." The

maid was puzzled. He asked, "What is the Concorde?"

Song Peng explained, "A supersonic passenger plane that can fly more than 2,000 kilometers in an hour." The

maid asked, "What's the use of buying such a fast plane? "

Of course it's useful!" Song Peng said with a serious face: "This time, the master sent someone to Japan. There is no Concorde, and the flight will take at least 13 hours. If there is a Concorde, even half of the time will be spent." It doesn't work ." When the

maid heard about Japan, she suddenly thought of Qiao Feiyun's explanation that she should pay more attention to whether anyone mentioned Japanese ninjas, so she instantly became vigilant in her heart. Stay excited.

She couldn't wait to do something for Qiao Feiyun, so as to prove to him that although she came from a humble background and hadn't read too many books, she would definitely be able to play the role of the young mistress of the Qiao family in the future.

So, she hurriedly asked tentatively, "Go to Japan? Could it be to find that Japanese ninja or something?"

Song Peng was slightly startled, feeling a little surprised, but he didn't think much about it for a while, then He casually said, "Don't talk nonsense about this, just know it yourself." The

maid was so excited, she nodded quickly and said, "Okay, I know! By the way, Song Peng, I have to go to Grandma's place to see. Look, about Las Vegas, let me know when it's convenient for you."

Song Peng smiled: "Okay, I'll make an appointment with you in advance!" The

maid said, "Then I'll go first. It 's over."

After saying that, he turned and left.

Song Peng stared at the back of the maid, his eyes focused on her waist and buttocks swaying from side to side, he couldn't help sighing in his heart, "This

little girl...maybe she's still a baby...to the duck beside her mouth. , this time I will never let you fly!"

After the maid left, she didn't go to the grandma's room immediately, but went to an empty bathroom, took out her mobile phone, and sent a message to Qiao Feiyun.

The content of the message was: "Master Qiao, I just heard that the master sent someone to take a plane to Japan to find Japanese ninjas! In addition, I heard that he thought that ordinary planes were too slow, and he planned to buy a plane called Concorde. "

After sending this message, the maid pressed the phone to her chest with both hands, and waited full of anticipation for her beloved to send her a compliment.

However, she did not wait for Qiao Feiyun's reply.

Because when Qiao Feiyun saw this message, he jumped up from the bed instantly, and his heart almost jumped out of his throat.

At this moment, he looked at the phone with horror on his face, and muttered: "Damn, it's over... Maybe it's over this time..."

The Amazing Son In Law Chapter 4443 (The Charismatic Charlie Wade Chapter 4443)

Qiao Feiyun knew very well that once the Fei family began to investigate the Japanese ninja line, it would be easy to find clues to the Iga ninja.

He couldn't help but muttered to himself: "How could the Iga ninja of the Dog Day be the opponent of the Fei family? When facing the Fei family, he will definitely confess all without hesitation..."

" The ninja began to trace the origin, and it didn't take long to find him..."

"Although I used a fake identity when I contacted Iga Ninja, the 40 million US dollars I called Iga Ninja was enough. It's not fake money..."

"As long as the Fei family starts with the source of the money and investigates little by little, they will definitely find me..."

"At that time, how should I explain to the Fei family?"

"I said Am I innocent? Do they believe it? Surely not..."

“Then I can only tell them truthfully that I was actually helping Jamura find a ninja with the purpose of kidnapping the big star Stefanie sun...”

“The Fei family certainly doesn’t believe it either. In their eyes, their young master is a dragon and a phoenix among people, how could he be a human demon?”

“In that case, I can only reveal what Jamura did and all the information I have...”

But what’s the use of that? The Fei family found out that their young master is a human demon, and the first thing must be to kill me so that the truth can be completely buried...”

“That will only make me die faster...”

Thinking of this, Qiao Feiyun gritted his teeth and said savagely: “It seems that if I want to survive, the only way is to run away before the Fei family finds me!”

“As long as I can run out of the Fei family’s control, Then I can go back and send all the information to the Fei family, and keep them away from me! Otherwise, I will expose all the information!”

Immediately, Qiao Feiyun raised his eyebrows and sneered: “By the way, I can use these materials completely. Knock them hard! Anyway, they’re all f*cked up, who cares about that?”

Thinking of this, Qiao Feiyun turned his heart and was ready to run away.

So, five minutes after receiving the text message from the maid, Qiao Feiyun dressed neatly and put on a peaked cap, and quickly left the villa.

The Fei family in the middle of the night was still brightly lit and heavily guarded, but most of this vigilance was concentrated from the outside to the inside.

From the inside to the outside, as long as there is nothing in the hand, it can basically be unimpeded.

This mode of strict entry and wide exit is like taking a plane. When you go in, you have to take off your shoes and go through the security inspection machine. But once you get off the plane, you can go out of the airport. No matter how many things you bring, the security guards are too lazy to even look. at a glance.

Therefore, without disturbing anyone, Qiao Feiyun left the Fei Family Manor directly.

After coming out, I originally wanted to take a taxi and leave immediately, but places like Long Beach are all the mansions of the rich. The rich people can’t drive

with a lot of cars, and they basically don't know how to take a taxi, so there are very few taxis in this place. .

When he saw that there were no taxis anywhere, he was ready to walk a distance before taking a look.

He was also lucky. As soon as he walked out of the Fei's manor, he saw a taxi parked at a T-junction, and a blond female passenger stepped down from the back of the taxi. Seeing this car, Qiao Feiyun breathed a sigh of relief, and when the female passenger

got off the car and was about to leave, he hurriedly got in, and as soon as he got in, he said without thinking, "Go to the Port Authority Bus Terminal!"

The train also adopts the real-name system. Qiao Feiyun is afraid of revealing his identity, so he plans to take the long-distance bus to transfer all the way and go south.

Texas.

The Amazing Son In Law Chapter 4444 (The Charismatic Charlie Wade Chapter 4444)

Texas borders Mexico, so he plans to find a way to smuggle to Mexico after arriving in Texas.

Qiao Feiyun has been selling people for many years, and has a strong network in Canada, the United States and Mexico. Now he does not dare to go back to Canada, and the United States cannot stay any longer. The only choice is to go to Mexico first.

Because Mexico has many big drug lords entrenched on one side, it is more like a chaotic era of warlords, so it is easy to hide their identities and incognito. Once they reach the territory of those big drug lords, even the Fei family will have a hard time finding themselves.

At this moment, the driver glanced at him through the rearview mirror and smiled: "Okay sir, please fasten your seat belt."

Qiao Feiyun said impatiently: "F*ck the seat belt in the rear, drive your car! The

driver said very seriously: "I'm sorry, sir, no matter where you sit in my car, you must buckle your seat belt, otherwise you will be asked to get off."

Qiao Feiyun did not expect that a taxi driver would dare to follow I challenged myself, originally wanting to get angry, but when I thought that I was still on the

edge of Fei's manor, I couldn't get into trouble because of my emotions at the critical moment, so I could only scolded: "Sh*t!"

Then, honestly buckled the seat belt. .

When the driver saw that he had fastened his seat belt, a secret smile appeared on the corner of his mouth, and then he started the car and slowly drove away from the scene.

The car swerved to the expressway, ready to leave Long Beach.

Qiao Feiyun finally breathed a sigh of relief, and then he took out his mobile phone and started to check the long-distance bus schedule at night.

But he didn't expect that just after the car drove out not too far, he suddenly made a sharp turn on the side of the road and drove into a villa on the side of the road.

Qiao Feiyun's mobile phone was thrown out, and his whole body was sloppy, so he looked up subconsciously and immediately realized that the situation was not good. His first thought was to open the seat belt and jump out of the car, but when he pressed the seat belt switch Only to find out that the seat belt can't be opened at all.

Immediately afterwards, he felt the seatbelt shrink rapidly, and instantly tied him to the rear seat.

Qiao Feiyun's face was pale in fright, and he blurted out to the driver: "You... who are you?!" The

driver smiled and said, "Don't be nervous, Mr. Qiao, I'm taking you to see a friend."

At this time, the taxi After entering the gate of the villa, he drove directly into the garage.

As soon as the car stopped in the garage, two Wanlong Palace officers opened the car door, and then the driver pressed the switch beside the steering wheel, and the seat belt buckle instantly snapped open.

The two soldiers dragged the panic-stricken Qiao Feiyun out of the car, then before he could recover, they stripped him all over, leaving only a pair of shorts.

Afterwards, a Wanlongdian soldier with a similar stature quickly changed into his clothes, put on his peaked cap, and got into the taxi again.

The driver kicked the accelerator, and the car drove out again, and it took no more than a minute for the front and back.

As soon as the taxi went out, it immediately accelerated violently, carrying the soldiers of Wanlong Palace disguised as Qiao Feiyun all the way to the long-distance bus terminal where Qiao Feiyun planned to go.

The real Qiao Feiyun was cut into a white pig by two Wanlong Palace soldiers and dragged directly to the basement.

On the way, Qiao Feiyun asked in great horror: "Big brother, big brother... you... who are you? What do you want to do? If you want money, I can give you a lot of money... a lot of money... You just need to say The number is enough..."

One of the Wanlong Palace soldiers sneered: "Qiao Feiyun, keep your money for yourself, maybe you can use it there!"
