

The Amazing Son In Law Chapter 4449 (The Charismatic Charlie Wade Chapter 4449)

Hattori Kazuo didn't expect that charlie could think about the safety of his family in advance.

When I heard that the Fei family sent someone to fly to Japan, my heart was hanging in my throat, but I didn't expect that charlie had already made proper arrangements.

You must know that the experts sent by the Fei family are still flying. As long as their clansmen can take off before the plane hits the ground, no matter how strong they are, they can only be out of reach.

This made Kazuo Hattori completely relieved, and he quickly said gratefully: "Mr. Wade, thank you... I really appreciate it!"

charlie smiled slightly: "Hurry up and contact your father, within five hours. , so that everyone must get on the plane, after people arrive in New York, Wanlong Palace will arrange for them to settle in Long Beach and protect their safety, the rest, wait for my order."

Hattori Kazuo knew that charlie was going to let Fei Home has changed.

He couldn't help thinking inwardly with excitement: "If this time, we Iga ninjas can play a role in Master Wade's actions, then when the old Fei family regains power, our Iga ninjas will definitely be reused!"

"For a behemoth like the Fei family, it's extremely easy to support a mere Iga family..."

"In this way, it can be regarded as a disguised realization of my father's expectation of moving to North America..."

"Since our Iga ninjas helped Matsumoto Since Liangren kidnapped the members of the banks family, Iga ninjas have been discriminated against in Japan, and it will only become more and more difficult to continue to stay in Japan.

Thinking of this, he is even more grateful to charlie!

Immediately, he said to charlie without hesitation: "Master Wade, don't worry, I'll call my father and ask him to come to New York with all the clan as soon as possible to listen to your orders!"

charlie snorted and said lightly, "Let me They move faster."

Hattori Kazuo immediately used the phone to call his father Hattori Hanzo after thanking him.

At this time, Hattori Hanzo was as anxious as an ant on a hot pot because of Kazuo Hattori's loss of contact and the news of Jamura's kidnapping from the United States.

Because he couldn't contact Kazuo Hattori, his first thought was that something must have happened to his son, and it was even possible that someone else who kidnapped Jamura, his own son and other clansmen, were just used as scapegoats.

Just half an hour ago, he was still negotiating with several elders of the Iga ninja to see if he would leave Iga temporarily, or even leave Japan, to target them with a free home.

The other elders also agreed with him, believing that at such a time, he had to hide first to avoid the limelight, and then talk about it after the matter became clear.

Otherwise, if the Fei family really took out their anger at them, they would be powerless to resist.

Originally, Iga ninjas are already miserable enough. If they are targeted by the Fei family, there is basically only one dead end left.

At this moment, he suddenly received a strange phone call, and his heart immediately became nervous.

The Amazing Son In Law Chapter 4450 (The Charismatic Charlie Wade Chapter 4450)

After hesitating again and again, he cautiously pressed the answer.

The voice of his son Kazuo Hattori immediately came over the phone: "Father! It's me, Kazuo!"

Hattori Hanzo was immediately excited and quickly asked, "Where are you now, Kazuo?! I read the news and said it was you guys. He kidnapped the eldest young master of the Fei family, what the hell is going on?!"

Kazuo Hattori quickly said: "Father, it's a long story at this time, we were deceived by that employer! He tricked us into coming to New York, but the truth is The woman he wants us to kidnap is Master Wade's girl!"

“What?!” Hattori Hanzo felt his eyes darken and asked shiveringly, “Master Wade... Was it in Yeling Mountain in Eastcliff that day, he used his own power to shock him? Master Wade of the entire Wanlong Temple...”

Hattori Kazuya blurted out: “It’s him!”

“Baga!” Hattori Hanzo cursed desperately: “You bastard! The women of Master Wade all appeared on Yeling Mountain that day. , Don’t you know each other?! Tell me, do you have any woman who offended Master Wade!”

Hattori Kazuo hurriedly said: “No, father! How dare I do something to Master Wade’s woman! And, as it happens, Master Wade himself is also in New York! So the moment I saw him, I immediately knelt down and repented to him. It’s over...”

Hattori Hanzo asked nervously: “What did Master Wade say?! Did he forgive you?!” Hattori Kazuya said

, “Master Wade asked me to atone for my crimes, so we tied up that Jamura...”

Hattori Hanzo’s eyes darkened: “That young master of the Fei family, you really kidnapped?!”

“Yes...” Hattori Kazuo explained: “I have no other choice but to atone for my sins!”

After speaking, he hurriedly He added: “Father, now the Fei family has sent someone to Japan, and it is expected to arrive in Japan in ten hours. Mr. Wade is kindhearted, and he specially asked Miss Ito to arrange a plane for you and other clansmen. What you do is to quickly gather all the clansmen, go to the airport immediately, and make sure to take off before the Fei family has landed! If you can take off five hours before they land, that would be great!”

Hattori Hanzo thought . There is a dead heart.

He sighed inwardly: “I thought that sending a man to the United States this time was an opportunity to open up overseas markets for Iga ninjas, but who would have thought that such a big thing would happen as soon as I went to the United States...”

“Offend charlie, then Are you f*cking kidding me?”

“Don’t say that charlie has conquered the entire Wanlong Temple, just with charlie’s unimaginable personal strength, one person can kill all the Iga ninjas... Thinking of this, he hurriedly asked: “

Could this be Master Wade’s trick to lure the enemy?! Would he want to use this to trick all of us Iga ninjas into the United States, and then kill them all?” Absolutely?!”

Hattori Kazuo hurriedly said: "Father, you don't have to worry about this, Master Wade is now dealing with the Fei family, not us, and Master Wade said that the original owner of the Fei family, Jian, is in his hands. To let Jian return to the position of the head of the Fei family, in this way, it is also a great opportunity for us Iga ninjas, and we are likely to become the hero of Jian regaining power!"

Hattori Hanzo was so excited that Kazuo

Hattori said without hesitation, "It's definitely believable! Father! Think about it, what does Master Wade exist? He wants to really think about it. To harm us Iga ninjas, it is enough to let the master of Wanlong Temple send some masters to Japan, and it is enough to destroy us, he really wants to give us a good chance this time!"

Said, Kazuo Hattori remembered With Charlie's words, he blurted out: "Father! Master Wade said it! Give it a try, a bicycle becomes a motorcycle!"

Hattori Hanzo couldn't help but mutter: "Give a go... a bicycle... become a motorcycle?!"

Immediately afterwards, He was silent for a moment, then suddenly stood up and stomped his feet abruptly: "Okay! Then we'll give him a fight!"

The Amazing Son In Law Chapter 4451 (The Charismatic Charlie Wade Chapter 4451)

In the Iga ninja group, both ninjas and their family members have been militarized for hundreds of years, and the management is very strict from top to bottom.

Therefore, when Hattori Hanzo gave the order, the whole clan immediately began intensive preparations.

All the ninjas put down all their affairs at the first time, and then they rushed to the school to pick up all the children who were going to school. Some elderly people were hospitalized due to illness, and as long as their lives were not in danger for the time being, they were all taken out of the hospital by their families.

All the female family members began to pack their luggage quickly and softly at home. Everyone strictly followed Hattori Hanzo's orders, only brought necessities and small valuables, and left the rest at home, even if they knew that they might not be able to come back in this life, Large luggage items are also never allowed.

The original five-hour evacuation time, the entire Iga Ninja was ready in less than two hours.

Afterwards, the entire Iga Ninja went up and down hundreds of people and arrived at Osaka Kansai International Airport, which is less than 100 kilometers away.

Here, three Boeing 777 planes arranged by Ito Nanako have been waiting for a long time.

When Charlie instructed Ito Nanako to arrange the plane, he deliberately asked her to avoid risks. Both planes were contracted in the name of Kazuo Hattori, and Charlie arranged for Abbas to pay from the United States. The dog jumped over the wall in a hurry, and the Ito family would not be found.

Soon, the entire Iga Ninja clan completed boarding, and the three planes took off from Kansai Airport.

At this moment, it would take more than seven hours for an aircraft expert sent by the Fei family to arrive in Osaka.

The masters who were recuperating on the plane didn't know that the closest they got to the target would be more than three hours later. At that time, they would pass by on the route over the Bering Sea.

It is said to be rubbing shoulders, but for aviation safety reasons, the distance between the opposite planes is at least ten kilometers away.

But even so, this will be the moment when the physical distance between them is the shortest.

After confirming that the two Boeing 777s took off, Abbas anonymously provided an important clue to CNN according to Charlie's instructions.

Right now, although the Fei family knew that Jamura was kidnapped by Japanese ninjas, but because Hattori Kazuo and others all entered the country using the fake identities that had been changed, they have yet to find out which Japanese ninja the kidnappers are.

Originally, they planned to send people to Japan first, and then conduct an investigation from Japan, but unexpectedly, this anonymous whistleblower directly shook out all the real information of the eight Iga ninjas who participated in the kidnapping of Jamura. .

The Fei family's intelligence personnel immediately checked and confirmed that the information provided by the other party was accurate, and they did not bother to study the identity of the anonymous whistleblower. Go to Iga City and control all the core staff of Iga Ninja to negotiate with Kazuo Hattori.

The reason why Charlie was so instructed was to completely cut off Iga's other thoughts of ninja, and at the same time, he could play the Fei family well.

A few hours later, the Fei family would find that the entire Iga ninja clan had disappeared without a trace.

After they pieced together the clues and figured out the path of the Iga ninja, they would be surprised to find that the whole family of the Iga ninja flew to New York on a chartered plane. I wonder how the Fei family would feel at that time.

...

in seven hours.

When it was already dawn in the United States and it was night in Japan, the plane sent by the Fei family finally landed at Kansai Airport.

The Amazing Son In Law Chapter 4452 (The Charismatic Charlie Wade Chapter 4452)

The person in charge called Zaki as soon as possible, and reported respectfully: "Patriarch, we have already landed at Kansai Airport. After we have completed the customs formalities, we will rush to Yiga as soon as possible!"

Zaki was cold . Coldly said: "I must control the head of the Iga ninja and other key people! I will cut off all their ears first!" The

person in charge said without hesitation: "Patriarch, don't worry, we will definitely complete the task. !"

However, the person in charge never dreamed that Abbas had already anonymously disclosed a message to the Japanese homeland security department a few hours ago. Sneak into Iga City at night to make terrorist attacks.

Originally, according to the work flow of the Japanese security department, they had to systematically analyze the reliability of the information to confirm that the credibility of the information was high enough before deploying in advance based on the intelligence.

However, the mysterious person who disclosed the news to them only said a word, and the entire security department was on guard.

This mysterious man told the security department that the last time they were able to stop the plane of Xion and other masters of the Banks family at Osaka Airport was the information he provided.

In order to convince the Japanese security department, the mysterious man also stated some details of the information provided that day. When the Japanese security department found that the situation was indeed very consistent, they immediately determined that the mysterious man this time was the same as the last time he helped them catch The mysterious person who lives in the master of the Banks family is indeed the same!

This also means that the source of this person's intelligence is highly credible!

This has aroused the attention of the entire security department.

The Japanese homeland security department has been criticized by the domestic people after the last Tokyo chaos and Xion's tragic killing of the Matsumoto family.

And after Xion successfully escaped from prison, the entire department lost all face.

The original person in charge has long since resigned, and the new person in charge has made up his mind since the first day he took office, and will not let the Tokyo Chaos fight repeat itself during his tenure.

Therefore, since then, he has formulated a series of strict anti-terrorist plans, and even asked anti-terrorist troops across the country to be on call 24 hours a day to ensure that no matter where a similar incident occurs anywhere in Japan, the nearest anti-terrorist troops will be in place within two hours. Other counter-terrorism units were in place within four hours.

This time, after receiving the tip, the security department immediately secretly transferred the two anti-terrorist units from Osaka and Nagoya to Iga. A total of more than 200 soldiers and more than ten special helicopters were dispatched from the two places

. The anti-terrorist forces have already set up a net in Iga.

charlie also thought about it before, it is better to directly disclose the flight information to the Japanese homeland security department as he did with the Banks family last time.

In this way, before the masters of the Fei family had a chance to get off the plane, they would be held down by the Japanese security department.

But he thought about it, this time is completely different from the last time.

The last time the masters of the Banks family were captured by the Japanese security department after committing a crime in Japan;

but this time, the masters of the Fei family did nothing. After confirming that there was no problem, Japan's security services had only two options, either to let them in or to deport them.

As a result, things get bland.

Therefore, charlie decided to let the Japanese security department come to Iga in advance by providing tips.

At that time, once the masters of the Fei family meet with the Japanese homeland security department in Iga, there may be some unusual sparks!
