

# The Amazing Son In Law Chapter 4481 ( The Charismatic Charlie Wade Chapter 4481 )

charlie also saw bloodshot eyes!

He never imagined that there would be such inhuman beasts in peaceful times!

What is even more hateful is that these beasts are all the so-called social elites and high-ranking people in the West, but their methods are extremely brutal!

Some people's brutal methods, even if the Nazis see it, I am afraid they are ashamed!

After flipping through a few videos, charlie's blood pressure has soared.

He looked at Abbas, and said coldly, "Abbas, I'll give you a mission!"

Abbas said without hesitation: "Mr. Wade, please tell me!"

charlie said: "You arrange people and start analyzing these immediately. Videos and files, be sure to figure out how many people they have and how many girls they have murdered in total, and let me investigate the identity of each person, and then pull up a list! When I finish dealing with the Fei family, I will clean up one by one They!"

Abbas immediately said, "My subordinates obey!"

charlie downloaded a few videos of Jamura to his mobile phone, and then said to Abbas, "It's almost possible to make Jian and Fei KeXin set off."

"Okay!" Abbas said without hesitation, "I'll give an order now."

charlie walked to the terrace outside, and the fourth-floor terrace could just see the Fei's manor not far away.

Seeing that many people were patrolling in the Fei Family Manor, he couldn't help but wipe a mocking smile from the corner of his mouth.

After tonight, the new emperor of the Fei family will fall.

...

At this moment, in the vast Indian Ocean.

Fei Kexin ushered in the pink sunset.

While admiring it to the fullest, she couldn't help but be a little puzzled. On the right hand side, she could still see the land. She knew that it was Sri Lanka, known as the 'Pearl of the Indian Ocean'.

She couldn't help but have some doubts in her heart. She felt that from yesterday to today, the speed of the freighter has been significantly slower, so that after a day and a night, the freighter still hasn't left the coastline of Sri Lanka.

Normally, it only takes three to five hundred kilometers to leave Sri Lanka behind.

Although the speed of the freighter is not fast, it can run six or seven hundred kilometers in one day and one night.

Just when she was still puzzled, Xion walked quickly onto the deck and walked towards Fei Kexin.

Hearing the footsteps, Fei Kexin turned around and saw that it was Xion, so he smiled and waved, "Xion."

Xion smiled and said to Fei Kexin, "KeXin, it's almost time, Hurry up and go back to the room to clean up."

"Clean up?" Fei Kexin asked in surprise: "Don't you want the deck to work for the crew? What do you need me to clean up?"

Xion said very seriously: "I need you to go back and clean up. Let's drop off our personal belongings, and the helicopter from Wanlong Palace will pick us up in half an hour."

Fei Kexin was even more surprised, she asked inexplicably, "Xion, didn't Mr. Wade arrange for us to go to Syria? Where are we going?"

Speaking of which, she couldn't help but asked nervously: "Mr. Wade shouldn't regret it? No...Mr. Wade is definitely not such a person, so where does he want us to go?"

Xion said with a smile: "Mr. Wade said, I can't say where I'm going, even I don't know now, I only know that we only have half an hour to prepare, and the helicopter will take us out of here when it arrives. , Well, go to Colombo, the capital of Sri Lanka."

"Sri Lanka..." Fei Kexin muttered, turned to look at the land far away on the right, and blurted out: "No wonder the freighter has been moving very slowly recently, it turned out to be my plan to let us disembark here..."

She looked at Xion and asked, "Xion, are you going to Colombo with us too?"

"Yes." Xion smiled and said, "According to Mr. Wade's request, I will escort you to your destination."

Fei Kexin nodded lightly, and asked again, "Then does my grandfather know?"

Xion said: "I will inform you as soon as I receive the order. Mr. Fei, you should go and tell them."

"I'll go tell Grandpa and Master Jay right now, and let them take the time to pack their belongings."

"Okay." Xion said, "I'll pack up too, we'll see you on deck in twenty-five minutes."

Fei Kexin went all the way Xion ran back to the cabin of the freighter. Jian was doing nothing at the moment, trying to carve a fist-sized piece of scrap wood with a knife.

This piece of wood was one of several pieces of wood he accidentally picked up on the freighter. Because it was really boring, he picked it up and carved something to pass the boring time.

At this moment, Jay, his personal bodyguard, was using the fine sandpaper he found to help him polish one of the formed wood carvings, and while polishing, he praised: "Elder Fei, I didn't expect you to have this skill, this Tara. It looks like what you have carved, it is already vivid!"

Jian said with a smile: "When I was a child, my biggest wish was to be a sculptor, and I have learned the craft from the master for a while." After speaking

, he glanced at Jay's hand. The carved Tara statue said seriously: "Master Jay, this Tara will be given to you. If I leave in the future, you can also leave a memory!"

Jay said gratefully: "Thank you Fei, this is I really like the image of Tara, and I will keep it well to live up to your good intentions!"

Jian nodded and said with a smile, "If there is a chance in the future, I can find a good piece of agarwood, and I will do it again. I'll carve one for you!"

Jay said flattered: "No need for Fei, Jay is very grateful for this piece..."

Jian smiled slightly and said, "When I say gratitude, I should also be grateful to you. You have been by my side for so many years, and you have worked hard and made great achievements. Now, because of me, I am implicated in this way. To be honest, I really feel I'm sorry..."

Jay hurriedly said, "Old Fei, you're welcome, this is all my responsibility!"

Jian nodded and was about to speak when the door was suddenly pushed open by Fei Kexin.

Fei Kexin entered the door and saw that Grandpa and Jay were there, so he hurriedly said: "Grandpa, Master Jay, Mr. Wade has an order, let us hurry up and pack our personal belongings, and a plane will take us to Colombo, the capital of Sri Lanka in half an hour!"

Jian asked in astonishment: "Don't you want to go to Syria? Why is it changed to Colombo?"

"I don't know either." Fei Kexin said: "Mr. Wade's order just now was conveyed by Miss Xion, and Ms. Xion He will also go with us."

"Strange..." Jian frowned and smacked his lips, "I can understand if we go to Syria, after all, the Wanlong Palace has established a base there, and when we get there, it will be safe to do so. Guaranteed... But why did we go to Colombo?"

Jay was also confused, and said, "Sri Lanka is relatively chaotic, and the Wanlong Temple is unlikely to have too many people there, and there is definitely no safety in Syria, Ye Zixu said. Why did Mr. suddenly change the plan?"

Fei Kexin said helplessly: "Let's not discuss this for now. Since Mr. Wade asked us to go to Sri Lanka, we must not refuse it. It is a blessing or a curse, and it can't be avoided. We can only choose to believe in Mr. Wade! And the helicopter is coming soon, we have to pack up quickly."

Jian sighed and said with emotion: "KeXin is right! This life was saved by Mr. Wade, so follow Mr. Wade's arrangement! Pack up and get ready to go!"
