

The Amazing Son In Law Chapter 4489 (The Charismatic Charlie Wade Chapter 4489)

“Quiet your anger?” charlie couldn’t help laughing when he heard his words.

He looked at Zaki, pointed to the seat where Zaki had just sat down, and asked in a cold voice, “Since I came in, you just sat there chattering like a big-tailed eagle, and you won’t let me out alive for a while. This door will kill my whole family in a while. It’s not as fierce as it looks! But now you are wagging your tail like a dog and begging for pity, Zaki, I really don’t understand now, which face is the real you? Zaki didn’t expect charlie to speak so disrespectfully ,

so he could only say angrily: “I’m sorry, young man, I offended so much just now, please don’t remember the villain...”

charlie snorted coldly: “You If you threaten me with my personal safety, I will endure it, but you threaten me with the safety of my whole family, you really can’t bear it!”

if() }

Zaki’s expression was full of horror for a moment, and he said quickly: “ Young hero... I didn’t say I wanted to kill your whole family just now!”

“Oh?” charlie frowned and asked, “You didn’t say it, so who is that?”

Zaki looked at his son yogi subconsciously.

yogi really said what he wanted to kill charlie’s family just now.

if() }

Zaki didn’t want to take the blame for his son, and he was also afraid that if charlie got angry and raised his hand to give him two big beeps, his physique would not be able to handle it.

yogi’s heart was trembling when his father looked at him like this.

He is not a fool either. Seeing that Zhang Chuan is not even a fart in front of charlie, he knows that he has kicked a real iron plate this time.

In this case, how dare he touch charlie’s brow.

Zaki saw that yogi lowered his head and said nothing. He trembled in anger, and shouted angrily, “You bastard! What are you doing there by pretending to be

stupid? Don't you know what you've said? Don't you know what you're responsible for? Hurry up and apologize to Mr. wade!"

yogi shuddered, took a step forward quickly, and said in a loud voice, "Mr. wade...I'm sorry...It's all my fault...don't have the same knowledge as me..."

charlie asked him back: "Yo? Do you know that you

are cheap?" yogi nodded and said, "I know, I really know..."

charlie said coldly, "I know that I am cheap, but I still don't know. Hurry up and clap your mouth? Are you still waiting for me to clap for you?"

yogi was angry and angry when he heard this.

In this life, no one dared to slap his mouth, and no one dared to let him slap his own mouth.

if() {

What's more, charlie looked like he was only twenty years old, how could he obey such a person's orders?

charlie saw yogi standing there stupidly unconscious, neither urging him nor scolding him, but stood up directly and slapped Zaki in the face.

This slap directly turned Zaki around several times.

Zaki was dazed and sat on the ground. Fortunately, the floor was covered with a thick woolen carpet, otherwise he would have to break his pelvis.

Zaki was beaten for all kinds of things, and he was very embarrassed, but charlie said at this time: "Old man, remember, you got this slap on your son's behalf. It's your responsibility to be sensible, and it's up to you to bear the consequences for him."

yogi was immediately frightened, who knew that charlie slapped his father and then dumped the blame on himself!

He cursed inwardly, "Isn't this f*cking provocative?"

"I should have known this earlier, I would rather slap myself twice than let my father get beaten. If this slap goes down, my father doesn't know how much he hates it. What about me..."

Thinking of this, he hurried forward to help Zaki up.

Zaki was annoyed and shook off yogi's hand.

The Amazing Son In Law Chapter 4490 (The Charismatic Charlie Wade Chapter 4490)

In his opinion, if yogi listened to charlie's words just now and slapped himself happily, he wouldn't need to be beaten with him.

The body in his seventies was just slapped in the face, leaving huge damage both physically and psychologically.

Seeing that his father was really angry, yogi quickly slapped himself twice, and said in shame, "It's my mouth! It's my mouth!"

charlie nodded with satisfaction, pointed at the table, and said lightly: " Come on, aren't you treating the guests to dinner? Let's all sit down."

if() {

Zaki knew that it was easy to ask God to send him off, so he could only bite the bullet and get up from the ground.

yogi wanted to reach out to help him, but Zaki was angry at every look at him, so he slapped him and cursed, "You bastard, I don't need you to help me! Hurry up and let the kitchen serve you!"

yogi covered his face , Aggrieved, he came outside the restaurant and ordered the servant to serve the food quickly.

Afterwards, he returned to the restaurant and approached Zaki cautiously. Just as he was about to pull out the chair and sit down, he was scolded by Zaki, "You can stand and eat for me!"

if() {

yogi was extremely wronged, but he could only be honest. Do as you please.

The servants of the Fei family quickly delivered the prepared dishes one after another.

But when they saw the room, Zhang was kneeling in the corner by himself, and they were all dumbfounded.

But fortunately, those of them who are servants know the rules, so none of them say a word, and no one dares to talk nonsense when they go out.

When the food came, Charlie said to Stefanie sun beside him: “Stefanie, in order to prevent these two b*tches from touching the food, we have to wait for them to eat each dish before we move the chopsticks.”

Stefanie sun held back his smile and smiled. Nodding, he said, “Okay, charlie, I’m not hungry anyway.”

Zaki and yogi were both ashamed and angry at this time.

However, even if they were so insulted and ridiculed by charlie, they did not dare to show any displeasure.

Zaki bit his head and said to Charlie: . This meal will definitely not be poisonous, and my Fei family will never do such rude things, you can rest assured...”

“I’m not at ease.” charlie said deliberately, “None of your family is a good thing, especially you. I heard that you even cheated on your own father, let alone me.”

Zaki felt a heat on his face, and the whole People are embarrassed that they can’t die on the spot.

if() }

charlie looked at yogi at this time, and said, “You, take two bites of each dish first.”

yogi didn’t dare to refuse, so he could only pick up chopsticks to try the dish.

At this time, charlie said again: “You don’t use chopsticks to pick up dishes directly, I think you are dirty, you find a pair of male chopsticks, put each dish into a bowl, and eat it with your own chopsticks!”

yogi felt that today In this short period of time, I have endured all the humiliation I have never endured in my life, and I still feel extremely resentful in my heart.

But even so, he could only honestly follow charlie’s request, pick up a pair of male chopsticks, carefully put some of the dishes into the bowl, and then stand aside and eat the contents of the bowl to prove these dishes. He didn’t move his hands or feet.

Only then did charlie nodded with satisfaction, and said to Stefanie sun, “Stefanie, you can eat.”

After speaking, he looked up at Zaki again, and said coldly, “Don’t use chopsticks directly! You poor old man It looks unclean, so use public chopsticks for me too!”

Zaki was really humiliated, he threw the chopsticks on the table, and said angrily, “Then it’s okay if I don’t eat it?”

charlie stared, full of With an unhappy face, he asked: “It’s against you, you have the final say or I have the final say? Give me the chopsticks!”

The Amazing Son In Law Chapter 4491 (The Charismatic Charlie Wade Chapter 4491)

Zaki was so fierce that charlie couldn’t help shivering.

Even when he was young, he had never been so murdered by Jian, but he would never have thought that he would be murdered by a young man fifty years younger than him, just like his grandson.

At this moment, he really regretted it in his heart.

“Damn it! If I knew that this kid was so difficult to deal with, I shouldn’t have left Zhang Chuan alone here to support him, and directly put dozens of bodyguards with live ammunition at his head. I don’t believe he can survive unscathed!”

if() {

“But it’s all over now, this wolf has been brought in, and he and my father and son are in the same room. Even if we call for support at this time, before the supporters arrive, we two will die here first. now...”

Thinking of this, he couldn’t wait to slap himself a few times.

I thought that Stefanie sun could be pinched by a little means, but unexpectedly it brought a big disaster!

Who would have thought that a five-star warrior like Zhang Chuan could not deal with a young man like Zhang Chuan!

if() {

If he was given another chance to come back, he would not see charlie directly if he was killed. Even if his son came to see him, it would be better than being humiliated!

“Hey, it’s the fault that my son and I both underestimate the enemy and give the other party a chance to attack . Now that Rao has an army of tens of millions, it’s useless!”

Just when Zaki was extremely remorseful, charlie shouted angrily, “What are you doing standing still? Do you have any opinion on letting you pick up the chopsticks?”

Seeing charlie's anger, Zaki was indignant, but he didn't dare to hesitate at all, he quickly picked up the chopsticks again, and said humbly, "I'm sorry, I'm sorry, I'm getting older and my hands and feet are not very agile, please I'm sorry..."

charlie was satisfied with this. Seeing that the servant sent two bottles of Maotai wine in two kilograms, he said to the servant, "Bring ten more bottles of this kind of wine."

The servant was stunned after hearing this, and blurted out, "This is a two-pound package..."

charlie waved his hand: "If you want to take it, you can take it, why do you say that?"

Zaki's liver trembled when he heard it, but he didn't dare to disobey, he quickly waved his hand and said, "Go, go!"

The servant didn't dare to speak, so he turned around and went down. After a while, he brought a few servants and brought ten bottles of liquor.

charlie sent the servant away, then looked at the Fei family and his son, and said lightly: "Come on, let's talk, what do you want to do by begging us to come here?"

Zaki cursed inwardly: "I invited Stefanie sun, who the hell begged me to invite you?"

if() { }

But he didn't dare to say these words, so he could only say honestly: "Young master, we invited you and Miss sun to come over, mainly to ask about my grandson Jamura's kidnapping that day... But I don't need to know now. ..."

Zaki is not a fool.

He never understood how a few Japanese ninjas dared to attack his grandson.

But seeing that charlie could make Zhang Chuan kneel and beg for mercy, he knew that charlie must be the mastermind behind the scenes.

But in this case, he has already led the wolf into the room, let alone asking him about the whereabouts of his grandson, even his own consequences are still unknown.

charlie sneered at this moment and said, "It's okay to want to inquire about things, but why did you maliciously buy the venue where Miss sun performed, and then use this as a threat to force Miss sun to submit?"

Zaki knew that the pot would definitely not be thrown away, so he could only say apologetically: "I'm really sorry... I was confused at the next moment, and I did this stupid thing... Also, please forgive us, Miss sun..."

yogi on the side also said quickly: "Yes, yes, it's all our fault... Let's say hello to the venue, and we won't delay Miss sun's normal performance time!"

charlie waved his hand: "You don't need to call to say hello, I can't believe the character of a person like you at all, I just go to the road and grab a stray dog and let it bark twice more than what you say. more believable."

Stefanie sun couldn't help laughing when she heard this, while yogi's face was purple, and she cursed in despair: "It's okay to be threatened and threatened by charlie, I didn't expect that there would be continuous personality insults... Comparing Lao Tzu to a dog, what can a dog bark mean? Can it be trusted or not?"

The Amazing Son In Law Chapter 4492 (The Charismatic Charlie Wade Chapter 4492)

However, yogi could only refute two sentences in his heart, and said respectfully: "Mr. Wade... How do you think we can handle this matter properly? We will all obey your orders!"

charlie nodded, waved his hand, and said, "So, haven't you already bought the venue? Now let the person in charge draw up a contract to sell the venue to Miss sun's agent for one dollar. Company, you directly ask the person in charge on your side to sign with Miss sun's agent, and this venue will be owned by Miss sun's agent in the future, so I don't have to worry about you bastards getting in the way."

yogi suddenly wanted to cry without tears. He felt that he was the biggest grievance in the world.

"In order to force Stefanie sun into submission, I paid a very high price to buy this venue directly, and then gave Stefanie sun's agency 10 times the liquidated damages..."

if() { }

"In the end, I didn't expect that instead of forcing Stefanie sun into submission, it brought disaster to my father and me..."

"Now this bastard surnamed wade has severely humiliated my father and me, and even took this venue away..."

"What the hell am I doing with this? This is the big injustice. His grandmother opened the door for the big injustice, and the big injustice went to my grandma's house!"

Seeing yogi's funny expression but not speaking, charlie patted the table hard and asked, "What? Are you not satisfied with my arrangement?"

if() {

"Satisfied...satisfied!" yogi shivered again, and said without hesitation, "I'll make arrangements! I'll make arrangements!"

Immediately, he hurriedly took out his mobile phone and called his assistant.

In order to express his sincerity, he specifically turned on the speakerphone and said, "You immediately transfer the gym we just bought to Miss sun's agency for one dollar, and now take a lawyer to meet with Miss sun's agent. Be sure to complete the transfer in the shortest possible time!"

The assistant was dumbfounded after hearing this, and blurted out, "Master, we just compensated Miss sun's agency ten times the cost of the venue, and you still want to give the venue to the other party for nothing?"

yogi said impatiently: "If you want to do it, you can do it, where is there so much nonsense?!"

The assistant said quickly: "I'm sorry, young master, I'm talking too much... Then I'll contact the lawyer... Miss sun's agent, I just received the compensation yesterday. I have her contact information..."

Only then did yogi say, "Hurry up and do it, don't linger!"

After instructing his subordinates, yogi hung up the phone, looked at charlie, and asked respectfully, "Mr. Wade, are you satisfied with this treatment?"

charlie nodded and said casually: "It's okay, I have seen half of your sincerity, and the remaining half depends on your performance."

yogi was dumbfounded, thinking to himself, "I've been wronged to this point, still can't do it? What else do you want?"

However, he only dared to ask cautiously: "Mr. Wade, do you think we have any shortcomings or areas that need to be improved?"

if() {

charlie pointed to the pile of liquor in front of him, and said, "You two have done so many disgusting things. According to the regulations of the Chinese people, you always have to drink to make amends, right? Come on, each of you will punish yourself for three drinks. "

Having said that, charlie handed over the glass used for drinking water in the tableware, and said, "Just use this to drink, fill it up!"

This glass has a capacity of almost three hundred milliliters, three glasses per person, seven or eight hundred milliliters at least, but it is at least a pound and a half.

After yogi heard this, his legs couldn't help shaking, and Zaki's face was even paler.

These rich people, although they also like to drink some wine, but the amount of alcohol is limited to a drink.

It really made yogi open to drink liquor, and in the end he only had seven or eight taels of alcohol.

Moreover, these seven or eight taels of wine have to be drunk slowly to be able to drink properly.

Only when you are in a good mood can you drink the maximum amount while eating, chatting, and drinking with three or five friends.

If you really let him drink fast wine, he can drink at most half a catty.

However, this glass is only six taels full...

yogi begged in a panic, "Mr. Wade... With a limited amount of alcohol, I really can't drink three cups..."

Zaki couldn't stop begging: "... I haven't touched a drop of alcohol for ten years. I really can't drink a cup of this kind of high-quality liquor..."

"Can't drink?" charlie raised his eyes and said coldly, "Open your mouth, pour it in, swallow it, it's that simple, why can't you drink?"

With that said, charlie stood up and said coldly: "Come on, pour the wine, I'll see why you can't drink it, and if you really can't drink it, I'll pour it in for you!"

The Amazing Son In Law Chapter 4493 (The Charismatic Charlie Wade Chapter 4493)

Fei's father and son have the heart to die at this moment.

Their alcohol intake is indeed average. When they think of drinking three drinks in a row, they want to vomit before they drink the wine.

But charlie didn't give them any room for mediation. He glared at yogi

and said coldly, "What are you waiting for? Why don't you open the wine soon? Do you want me to pour you a drink?"

if() }

, open one of the bottles of Moutai.

charlie placed the two glasses side by side, and said, "Come on, fill these two glasses first!"

yogi could only do as he was told and filled the two glasses with white wine.

After the wine was full, charlie made a gesture of invitation, and said to the father and son, "Come on, let's drink the first cup first."

if() }

Zaki looked at the transparent white wine, his liver and gallbladder split with fright, and he said in a trembling voice: "Young man... I... I have high blood pressure... my blood sugar has been a little high... The doctor has repeatedly told me not to drink... I must not drink any alcohol... You have such a big glass, this is... this is for me Your life..."

charlie waved his hand: "Don't listen to those doctors bullshitting you, as the saying goes, wine is the essence of grain, the more you drink, the younger you look, you don't look young at all in your seventies, just at first glance Don't drink too much, come here, finish this glass first!"

Zaki said with a sad face: "Young Man...I...I really can't drink..."

charlie's expression froze, and he asked coldly, "Why? Did it give you a face?"

After speaking, he pointed to Zhang Chuan who was kneeling beside him, and asked coldly, "Believe it or not, I will let him squeeze your mouth now and give you three bottles directly?"

Zhang Chuan said without hesitation: "Senior! As long as you can restore my cultivation, I will do whatever you want me to do!"

Zaki shrank his neck in fright when he heard this.

Looking at Zhang Chuan's tail wagging and begging for pity, he knew that Zhang Chuan was definitely not joking.

If charlie really nodded, maybe this guy would really rush over and pour white wine into his mouth...

Three bottles would be six pounds, six pounds of wine, and he would almost be cold here...

At this time, charlie said again: "This is the situation now, you two don't expect someone to save you, now the person closest to you is me, as long as you are not honest, or do not obey my orders, I will take both of you. My life!"

if() { }

Seeing charlie's murderous appearance, Zaki could only say in pain, "Young master, I'll drink! Can't I drink..."

After speaking, he grabbed the wine glass with trembling hands, trembling to the mouth.

At this time, yogi on the side had not done a good job in psychological construction.

After drinking so much liquor in one breath, he had already started to practice the intense burning of his mouth, throat, esophagus and stomach in advance, but the more he practiced silently in his heart, the more afraid he became.

At this time, charlie said, "You two, whoever drinks this cup last will be rewarded with another cup."

yogi heard this, almost a conditioned reflex, grabbed another cup and began to pour it into his stomach.

At first, just after taking a big mouthful, the intense stimulation made him almost spit out all he drank, but when he thought that he would be rewarded with another drink for slow drinking, he could only spit it out before he spit it out. Took a big mouthful and pressed it down.

This method of fighting poison with poison is really effective. After yogi took two big mouthfuls, most of the liquor in the glass had gone down.

In his opinion, as long as he gritted his teeth and persisted, he could finish the cup in one go.

But at this time, Zaki by his side was still holding a wine glass and didn't dare to speak.

He didn't dare to speak, but the one next to his son was a quick one!

This made him panic immediately: "If this motherf*cker lets yogi drink this bastard first, then am I finished?"

Thinking that he had slapped him just now, Zaki was even more ashamed and angry, he immediately coughed hard, stared at yogi and scolded: "Cough! You unfilial son! You drink so fast, do you want to Do you want me to reward you with an extra cup?!"

The Amazing Son In Law Chapter 4494 (The Charismatic Charlie Wade Chapter 4494)

yogi was about to drink the rest while pinching his nose, when he heard his father's roar, and was so frightened that he almost didn't hold the wine glass.

He came back to his senses in a panic, then looked at Zaki, only to realize that the liquor in his father's glass had not been touched.

At this moment, he finally realized that he almost made a big mistake again.

Just because I didn't slap in time, my father got a slap in the face for me.

if() }

This time, if I accidentally cause my father to drink an extra glass of white wine again, the father-son relationship may be broken on the spot.

At this moment, he really hated charlie, because charlie's methods were too damaging, and it was really embarrassing to repeatedly provoke the little emotional foundation between their father and son!

After weighing it up, yogi had already confessed his frustration, and he couldn't help thinking to himself: "Damn it! Forget it! Even if I have to drink four glasses today, I will give it up completely! Even if I fight for half my life, I have to work hard Protect the relationship between father and son!"

"Otherwise, if the old man takes revenge in the future and does not pass on the position of the head of the family to me, where am I going to reason?"

if() }

"When people ask me why I lost the position of heir, I will The mother blames me for drinking too fast, I won't lose anyone..."

So, he could only quickly put down the wine glass, wipe his mouth in a panic, and hurriedly said: "Dad... I haven't finished drinking yet... ..you...you please..."

Zaki was a little satisfied, glared at him, then looked at his cup again, unable to make up his mind.

charlie got a little impatient at this time, and said, "What's the matter with you two? Can you still do it? If anyone doesn't finish drinking within a minute, I'll reward him with an extra drink!"

After that, he took He took out his phone, turned on the stopwatch, and said lightly, "The timing starts!"

Hearing this, Zaki dared to delay any longer, so he could only bite the bullet and hold the glass into his stomach.

The spicy and irritating sensation in the entrance made Zaki almost out of breath, but he no longer dared to hesitate any longer, so he could only drink the chili-like liquor into his mouth and swallow it with all his might.

yogi, who was on the side, kept looking at the Patek Philippe three-question watch worth tens of millions in his hand, and prayed silently in his heart: "Dad...you must drink faster...in case you hold on for a minute. After drinking, don't I want to drink two more glasses? You always see my filial piety, at least give me ten or twenty seconds, otherwise I really can't stand it today..."

Zaki was actually very clear in his heart . , If you drink slowly, things have two results.

The first is that both myself and my son are rewarded with a cup.

This is the worst result, no one can get the slightest benefit; the

if() {

second is that he can finish the drink at the whistle, but his son does not have enough time, and then receives a cup of reward.

But in this case, the son will receive two cups of rewards, which is more than a pound when rounded up...

and the best result is to drink the cup of wine as soon as possible, and give the son more time to let him use the rest. He also drank the small half of the glass, so that both of them could escape the disaster...

Thinking of this, he could only do his best to pour the rest of the liquor into his mouth...
