

The Amazing Son In Law Chapter 4497 (The Charismatic Charlie Wade Chapter 4497)

Chinatown.

When Charlie and Stefanie Sun came to Arman's roast goose shop, Arman was busy cleaning up with the guy.

At this time, it was already past noon, and there were no guests in the restaurant. Stefanie Sun was not worried about being recognized, but just put on a mask and went into the restaurant with Charlie directly.

As soon as the two entered the door, the sensor at the door dinged to remind guests to come in. The busy man said without raising his head, "Sorry, we have closed for dinner."

Charlie said with a smile, "Whatever you want. Get us something to eat, we haven't eaten yet."

Arman heard Charlie's voice, turned his head and saw that he and Stefanie Sun came together, he couldn't help but be overjoyed and said with a smile, "You two Why haven't we eaten yet?"

Stefanie Sun took Charlie's arm, and said tenderly, "Hello, Uncle Arman!"

Charlie also smiled and said, "Uncle Arman, we went to Fei's house for a walk at noon, Ben. I wanted to eat a meal, but in the end I couldn't get it."

Stefanie Sun muttered in a pretentious dissatisfaction: "It was you who insisted on letting the two fathers and sons of the Fei family drink, but they drank the two of them, and did nothing to themselves. I'm in the mood to eat."

When Arman heard this, he smiled and said, "Oh, there seems to be a story here, you two hurry up and sit downstairs, I'll prepare something to eat for you two, and we'll sit down later. Talk to me again."

Charlie nodded and smiled, and said, "Uncle Arman, let's go up and wait for you."

Stefanie Sun also smiled and said, "Uncle Arman, I want to eat roast pigeons, two!"

Arman He said with a smile: "Okay, you go upstairs first, I'll prepare now."

charlie and Stefanie sun went up the stairs together, but before they got to the second floor, they heard a ding at the door again, and then , A somewhat familiar voice said, "Boss, you two."

charlie subconsciously stopped, squatted down slightly, and through the gap of the stairs, he saw the two people who came in at a glance.

It was his uncle, Asher, who spoke, and the one standing beside his uncle was the famous Chinese detective Li Yalin.

It's just that today's Li Yalin, without charlie's style the last time he saw him, has a scruffy beard and looks very uninspired.

Seeing this, charlie hurriedly pulled Stefanie sun, and the two hurried upstairs first.

Stefanie sun followed charlie quietly and recognized Li Yalin, but she didn't know why charlie seemed to be avoiding him on purpose, so she hurriedly lowered her voice and asked, "charlie, don't you have any clues to be detected by that Li Tan? Are you under control?"

charlie waved his hand: "I'm not avoiding him, I'm avoiding the person beside him."

Stefanie sun quickly asked, "charlie, who is that person?"

charlie shrugged Shrugging his shoulders, he said lightly, "That person is my uncle."

"Ah?!" Stefanie sun asked in surprise, "Is it your uncle? Why don't we go say hello?"

charlie shook his head and said, "He doesn't Knowing my situation, I'm still gone."

Stefanie sun said inexplicably, "Why... My dad said that your grandfather's family is eager to find your whereabouts. Wouldn't it be nice if we could meet again?"

charlie sighed lightly and said, "Forget it."

...

On the other hand, when Arman saw Asher, he couldn't help but say in surprise, "Sir, you haven't been here for a while.

" Looking at Li Yalin on the side, he was stunned for a moment, and then he said with a face full of shock: "This... this should be the famous Chinese detective Li Yalin, right?"

Actually, Arman was somewhat nervous at this time, because, Fei The night Jamura disappeared, he and Li Yalin met at the Wangfu Hotel.

However, at that time, Arman, wearing a suit and tie, specially shaved and made a hairstyle, looked like a handsome uncle in the upper class, which was very different from the current image of an ordinary restaurant owner wearing an apron. The contrast, so he deliberately took the initiative to ask a question, hoping to guide Li Yalin and make him think that the two met for the first time, and it was regarded as offense instead of defense.

Li Yalin really didn't recognize Arman at this time, he gave a wry smile absent-mindedly, and laughed at himself: "I'm not a detective, but I'm just a vain name."

Asher laughed: "Boss, don't pay attention to him, he This is provocative. We haven't eaten yet, so you should still be able to eat? I think two young people came in just now."

Seeing that Li Yalin did not recognize him, Arman was relieved and said, "Actually, We have closed the meal, the two you saw just now are the children of my old friend, and it was so late that they hadn't eaten lunch, so I let them go upstairs."

After speaking, Arman said again: "But you are Of course, you can't let the two of you run for nothing, so let's sit on the first floor and tell the guy what you want to eat, and I'll prepare."

"Okay." Asher nodded and smiled: " Then thank you boss."

After that, he said to Li Yalin: "Old Li, sit down and let you taste the best Cantonese roast goose in New York."

Li Yalin smacked his lips: "Oh, I'm actually now I want to have two drinks the most."

After speaking, he looked up at the small wine cabinet behind the counter of the hotel, and said in surprise, "Boss, do you still have Erguotou?"

"Yes." Arman smiled, "It's imported from China. , would you like to try a bottle?"

Li Yalin smiled readily and said, "Okay! Two bottles!"

Asher couldn't help but tease: "You drink so much at noon, and you won't be working in the afternoon?"

Li Yalin shook his head: "I can't find any clues anyway. I went to the office to sleep in the afternoon. I've been spinning for two days, and it's time for me to sleep."

Asher nodded and said casually: "Okay, let's have a drink with you, I'll go home and sleep after drinking, and I'll be back in Los Angeles early tomorrow morning."

Li Yalin asked in surprise, "Why did you leave so early? Not in New York? Stay for two more days?"

Asher waved his hand and said, "I can't stay any longer, I have to go back to see the old man. It's been a while since I came back from China, and I haven't gone back."

Li Yalin nodded understandingly and said: "It's time to go back and have a look, help me bring it to the old man and the old lady."

After speaking, he remembered something, and said, "The old man should still remember me, right?"

Asher nodded: "Remember. "

That's good."

At this moment, Charlie on the second floor felt a little like sitting on pins and needles.

He didn't want to have anything to do with his grandfather's family, but both times he was separated from his uncle Asher by a wall, which still made him feel a little strange.

Strange to say, but more of a contradiction.

The source of the conflict is that, on the one hand, Charlie wanted to draw a clear line with them and all ties, but on the other hand, he couldn't help but want to go up and say hello, and by the way, asked him why the An family looked down on him so much back then. Father?

In addition, he also wanted to ask if the An family knew the real reason why his parents were killed.

Stefanie Sun, who was sitting opposite Charlie, saw his discomfort, reached out and held his hand gently, and said with soft eyes and a soft voice, "Charlie, what's the matter with you?"

Charlie said casually: "No What's the matter, I'm fine."

"It's not." Stefanie sun said seriously: "Do you think that your uncle sitting downstairs makes you very uncomfortable?"

"That's right." charlie didn't try to be brave, just nodded slightly. Nodding his head in acknowledgment.

Stefanie sun suddenly felt a little distressed for charlie.

She knew that regardless of charlie's extraordinary strength and achievements, but in the ten or twenty years after his parents passed away, he had not been happy, so deep down in his heart, it was inevitable that he was somewhat sensitive.

So, she squeezed charlie's hand and said seriously, "charlie, if you feel uncomfortable staying here, I'll lend you a mask to wear, let's go first!"

charlie smiled and said: "It's okay, just get used to it a little bit!"

At this time, Arman came up with two dishes, one was the signature Cantonese roast goose, and the other was his specialty brine platter.

He put the dishes in front of charlie and Stefanie sun, and said to them in a low voice, "Young Master Charlie, Miss Stefanie, there is a regular customer in the store, and the Chinese detective Li Yalin is also here, you two don't want it for now. Go down."

charlie hurriedly asked: "Uncle Arman, Li Yalin didn't recognize you?"

"No." Arman said, "My style that day was too different from usual, and besides, it was only a one-sided relationship that day, so it might be difficult for him to do so. He remembered me, and I tried it on purpose just now, he really didn't recognize me, it should be fine."

"That's good." charlie breathed a sigh of relief, and then asked curiously, "Uncle Arman, talk to Li Yalin. Do you know the middle-aged man who got up?"

Arman said: "I have known him for a long time, he has always been a regular customer in the store, but I really don't know his identity very well, he never said, I I never ask questions."

After speaking, he added: "But I guess his identity must be very prominent, and he should be a person with a lot of background."

Immediately afterwards, Arman asked Charlie, "Master Charlie, do you know that one? People?"

Charlie hesitated for a moment, but decided not to tell Arman for the time being, after all, his uncle was downstairs, if Arman was too shocked after hearing about it, he might reveal something.

So, he smiled and said to Arman, "I don't know him either, so I just asked casually, Uncle Arman, go and do your work first, don't worry about us, just let the guy bring us food in a while."

Arman waved his hand: "How can it be, I'll bring the other dishes to you later when they're ready, you can eat first."

At this time, Asher and Li Yalin had already drunk.

In order to prevent Li Yalin from remembering himself, Arman asked his staff to serve them some snacks first. Li Yalin was not in the state, and he did not find any clues.

After the two exchanged cups, Asher put down his chopsticks and asked Li Yalin, "How is your case? Is there any progress?"

Li Yalin shook his head, then looked at the surrounding environment, and then looked inside. The busy Arman and the restaurant staff, after making sure they couldn't hear him, said annoyed: "To tell you the truth, the Fei family is really inferior to the next generation. When I went to the Fei's house, I already picked out the words so clearly I have nothing to say."

Asher sighed: "This may be what people often say is a fan of the authorities."

Li Yalin sighed: "Hey! I was thinking that the Fei family noticed that after the crisis, I was able to cooperate with us, but it turned out that I was not interested in myself. I think it has not been long since the 48 hours of the kidnapper's statement, and this case will probably not be solved."

Asher said: "People It may not come back, but I think the case can still be solved, although it can't be solved in three or five days, after three to five months, three to five years, there will always be a time to find out."

Li Yalin smiled bitterly: "I will retire soon. If this case really takes three to five years to get to the bottom of the story, then the person who found out this case is not me. When I retire with such a headless unsolved case, I have worked hard for half my life. Your reputation will be gone."

Asher laughed: "I thought you, Li Yalin, had an open-minded nature and didn't care about this so-called false name."

Li Yalin spread his hands and laughed at himself: "Look at me, I've been mixed for most of my life. Now, what do I have left besides these false names? If I lose even this false name, then there will be only the meager pension given to me by the federal government."

Asher said seriously: "Old Li , be optimistic! Isn't it just that you have suffered a little setback in your strongest field, I tell you, it doesn't matter."

After that, he pointed his hands to himself and blurted out: "Look at me, I have been treated as a guest of honor wherever I go for so many years, even if the man in his 90s will stand up and insist on taking the best seat. Give it to me. As a result, I went to an auction some time ago and was kicked out in front of so many people. At that time, I wanted to dig a crack in the ground and get in, but you see, I don't want to open it now. Come on!"

"This person, no matter how good you are, everyone can't give you face; you, a detective, no matter how good your professional skills are, you can't solve all cases;"

"You want While learning to accept failure, try to maintain a normal mind. After this period of time, you can watch it again, but someone farts in front of you, and no matter how smelly the fart is, it will be scattered sooner or later.

" But if you hold on to this matter, when you are in your 70s and 80s, you still think about that fart and feel that you didn't find the fart person and you felt uncomfortable and couldn't get over this hurdle, then you will definitely not be happy in the rest of your life. , do you think this is true?"

Li Yalin smiled helplessly: "You are really good at persuading people." After

that, he picked up his wine glass and said to Asher, "Come on, come on, Drink, finish this cup!"

Asher waved his hand: "Don't drink so much, just have a little drink, and you have to save some energy to wait for the big show, once the big show is staged, your pressure will probably be a lot easier ."

Li Yalin looked stunned and asked him, "You mean the 'public execution' thing?"

Not long after Jamura was kidnapped, Asher and Li Yalin speculated on the motive behind the incident and thought it must be Someone was planning to publicly execute the Fei family.

And now, the incident of Jamura's kidnapping and abuse has been fermenting on the Internet, attracting the attention of hundreds of millions of people, and the popularity of this incident has reached its peak.

Moreover, the 48-hour window given by the kidnappers is getting closer and closer. If the two of them guessed correctly, then the big reversal of this matter may come soon.

Asher laughed at this time: "If that Jamura is really doing a lot of evil and is exposed, then no one will blame you for not being able to save him, what do you think?"

Li Yalin shook his head and smiled bitterly: "Although I really don't want to admit it, but what you said is really right..."

Asher nodded and said, "So you can wait and watch with peace of mind, the good show will be staged soon."

After speaking, Asher said again: "Look at why I decided to go back tomorrow morning instead of leaving tonight, just want to finish watching this scene in New York before leaving."

At this time, although Charlie upstairs was eating quietly, Asher and Asher met All of Li Yalin's conversations entered his ears once and for all.

When he heard this, he couldn't help but be surprised. Unexpectedly, the uncle and this Inspector Li had analyzed all their real motives, and even accurately predicted their next plan. This is indeed his Unexpected.

At this moment, Asher's cell phone suddenly rang.

When he saw the name on the phone, he smiled and said, "Hey, Tablita." On the

phone, a woman's eager voice came, and she said with a crying voice: "Brother, come back quickly! Dad is dying!"
