

The Amazing Son In Law Chapter 4511 (The Charismatic Charlie Wade Chapter 4511)

"I..."

Hearing the old lady's questioning, Stefanie sun pursed her lips, feeling very embarrassed.

But thinking of charlie's explanation, she could only bite the bullet and lie: "I'm sorry grandma... I haven't found charlie

for the time being..." When she said this, Stefanie sun clearly saw the look in the old lady's eyes That look instantly dimmed.

She suddenly felt that it was too cruel to say this to this kind-faced old man.

Asher, who was beside him, sighed and asked her, "Miss sun, you have been looking

for Charlie too?" "Yes..." Stefanie sun said seriously: "My dad has been looking for charlie for almost twenty years, from all over the world. I've searched it almost everywhere."

At this time, the old lady said with a grateful expression: "You guys are really kind and righteous, and you haven't forgotten Charlie for so many years, thank you... I thought we were the only ones who were still looking for it.

charlie 's whereabouts, I didn't expect you to find him for so long..." Stefanie sun hurriedly said: "Grandma, I will marriage with charlie, and my parents made an order with Uncle wade and Aunt An a long time ago. charlie is my fiancé, and what I have in my mind has not changed for so many years, I have been waiting for so many years to find brother charlie, and then I will officially get married with charlie..." The

old lady couldn't help but hear this. With tears streaming down her face, she choked up: "Good boy...for so many years, it's been hard work for you..."

Stefanie sun shook her head and said, "It's not hard, it should be..."

After that, Stefanie sun lied in good faith: "I'm coming to the United States this time. When the concert tour was held, my dad told me that I must come to see you and my grandfather when I had time. I took the liberty to come here this time, and I hope I didn't disturb you two..."

"How could it be!" The old lady took Stefanie sun's hand , said lovingly: "

charlie has not been found yet, but in my eyes, you are my grandson-in-law!" Stefanie sun nodded quickly, feeling moved and ashamed.

The old lady hurriedly introduced her: "Good boy, grandma will introduce you. This is your eldest uncle, and that is your third uncle and aunt. The second uncle has something to accompany your grandfather, so he didn't come down to greet you."

Stefanie sun hurriedly asked: "Grandma, can I see grandpa?" The

old lady's eyes were covered with mist, and she choked: "Your grandfather is seriously ill and is already in a coma..."

She thought of something and said quickly. "Good girl, come with me, I'll take you to meet your grandfather, maybe he hears you're here, and the situation will be better..."

Stefanie sun hurriedly followed the old lady and others to the Anjia medical center. When he first arrived at the door of the ICU, Homula heard the movement, ran out quickly, and couldn't wait to ask the old lady, "Mom, is charlie

back?!" The old lady shook her head and pulled Stefanie sun to introduce: "Homula,

This girl is Miss sun from Eastcliff, she was the fiancée your sister had appointed for Charlie, and she came to see your father and me on a special trip today."

Homula suddenly became very disappointed, but he was very disappointed in Stefanie sun. Still very polite, she said, "Hello, Miss sun!" The

old lady said to Stefanie sun again: "Good boy, this is your second uncle."

Stefanie sun nodded and said politely, "Hello second uncle!" An

Homula He quickly said: "Okay, I've come all the way here and haven't had dinner yet? Let your aunt make arrangements for you in a while. Let's eat something first."

Stefanie sun hurriedly said, "No need for second uncle, I'll eat it on the plane when I come. It's over."

After speaking, Stefanie sun asked again, "Can I go in and see Grandpa?" The

old lady hurriedly said, "Come on, child, Grandma will take you in." After that, she

was about to take Stefanie sun's hand into the ICU. .

Unexpectedly, at this moment, a doctor suddenly exclaimed: "Blood pressure and heart rate are dropping too fast! Get the defibrillator ready!"

Everyone was immediately startled by this shout, and all of a sudden, everyone gathered around the hospital bed.

An Qishan's attending doctor said at this time: "I can't use the defibrillator. In the current situation of the master, the defibrillator will only cause him to suffer no harm before leaving. His body has reached its limit..."

The doctor Seeing that the electrocardiogram was almost drawn into a straight line, he asked in a panic: "Director, are you really not saving it?"

The director looked at the old lady at this time and said very seriously: "Madam, if you still rescue the master now, At most, it can be delayed for tens of minutes or even a few minutes. Whether it is a defibrillator or chest compression, it will only make it more painful for the master to walk at the last moment. Let's go?"
The

old lady nodded lightly, wiped away her tears, and choked up: "You all go out. For the rest of the time, let me and the children accompany him.

" And all the grandchildren, suddenly lowered their heads and cried.

The director knew that the old lady had made up her mind, and nodded slightly understandingly. She winked at several medical staff around her, and then said to the old lady, "Ma'am, let's go out first. You can call us anytime if you need anything.

" It was almost the end of her life, and Stefanie sun hurriedly said at this time: "Grandma, I... I have a medicine... Maybe it can save my grandpa's life..." The

old lady smiled bitterly and said gratefully: "Good boy, thank you, Your grandfather really can't get over this hurdle this time, no medicine can save him, let him go quietly."

After speaking, she said very seriously: "Good Girl, you are Charlie's fiancée. , In my eyes, it is my own family, if you are not afraid, just stay here with grandma."

Stefanie sun hurriedly took out the Pill that charlie gave her, and said very eagerly: "Grandma, this medicine is Blood and Heart Pill, which my father got by accident. At that time, he was suffering from advanced pancreatic cancer. After taking one of these medicines, he was completely healed, and the last one left, he asked me to take it with me for emergencies. !"

“Blood and Heart Pill?” After hearing this, the An family couldn’t help looking at each other.

In fact, apart from the old lady and Asher, the other An family members did not believe in any panacea.

Just now, Hong Tianshi took out the life extension pill that he had kept for many years, and everyone witnessed that this kind of pill was really ineffective, so at this time Stefanie sun took out the scattered blood to save the heart pill, everyone instinctively thought that this thing was the same as the life extension pill just now. Like Dan, it won’t have any substantial effect.

So, the old lady saw that An Qishan’s breathing had become extremely weak, and the ups and downs of his chest could hardly be seen, so she cried and declined politely: “Child, you should keep this medicine yourself, your grandfather’s kind In this case, any medicine is useless, so let him go quietly.”

Stefanie sun said anxiously: “Grandma, this medicine is really different from ordinary medicine. My father was also treated for pancreatic cancer in the United States. Exhausting all the high-end medical methods in the United States has no effect, and in the end, this medicine saved him!”

Stefanie sun was afraid that they would not believe it, and quickly said: “By the way, when my father was sick, many domestic media All have reported about him, and even several unscrupulous media have published fake news about my father’s death. Later, he recovered, and it also caused a lot of media attention and discussion in China. If you don’t believe it, you can always search online and News about my dad, my dad’s name is Orrin sun!”
