

The Amazing Son In Law Chapter 4513 (The Charismatic Charlie Wade Chapter 4513)

The matter of Orrin sun is known to everyone in the rich circle of the country.

However, although the size of the Sun family is very large in China, in front of the An family, it is still somewhat difficult to make it to the table.

Therefore, the old lady had no impression of Orrin sun, and naturally knew nothing about him getting sick and recovering.

However, when she saw Stefanie sun's words with certainty, and that Stefanie sun did have a marriage contract with her grandson, the old lady was very fond of her, and she couldn't help but believe it.

However, at this moment, the old lady was still somewhat undecided, so she looked at Hong Tianshi who had been pinching her fingers and whispering, and asked reverently, "Hong Tianshi, what do you think?"

Hong Tianshi Opening his eyes, he sighed: "Supreme Taiyi saves the suffering Tianzun, Mr. An's breath is exhausted, even my Taoist magic medicine life extension pill can't save him from water and fire, in the eyes of the poor, this world is afraid I can't find any medicine that can save him anymore..."

Stefanie sun heard this, and immediately said: "This blood-scattering heart-saving pill will definitely cure Mr. An!"

Hong Tianshi shook his head slightly and said seriously: "This is Girl, to tell you the truth, after 70 years of cultivation, I have never heard of such a miraculous elixir in this world."

After speaking, he couldn't help sighing: "As the saying goes, Taoism is natural, everything in the world must be Following the laws of nature, as the saying goes, when a person dies like a lamp goes out, since Mr. An is going to be reborn in the Pure Land, why should he be bothered at the end?" The

old lady believed in Taoism all her life, and highly respected the words 'the way of nature', listening to Hong Tian. The teacher said that the old man was about to be reborn in the Pure Land, and he was suddenly hesitant in his heart.

At this time, An Qishan's physical state was already in a state of near death, and he was likely to die in the next second.

At this time, Asher looked at Hong Tianshi and asked, "Has Tianshi ever heard of a rejuvenation pill that can make people younger by ten or twenty years?"

Hong Tianshi shook his head and said solemnly, "The so-called rejuvenation pill is just something made up in folk tales. Although the sages all yearn for physical longevity, Pindao also knows in his heart that some good hopes can never be realized. , even a cultivator can only live longer than ordinary people, it is absolutely unrealistic to go back in time..."

Asher said coldly when he heard this, "I thought my mother trusted you very much. Respected, you must be outstanding, but today I found out that although you are already a lot of age, you are still sitting in the well and watching the sky." After

that, he looked at Stefanie sun and said, "Miss sun, how should I take this medicine?"

Stefanie sun recalled what Charlie had explained, and hurriedly said, " Just put it in your mouth, this medicine melts in your mouth." As

she spoke, she put the Pill into Asher's hand and urged: "Please hurry up, otherwise it will be too late!"

Asher nodded heavily, walked to the hospital bed in three or two steps, and put the pills into An Qishan's mouth.

If it was in the past, Asher would definitely not believe in any panacea.

However, after a trip to China, he fully realized how narrow-minded he was before.

The magical effect of Huichundan has completely subverted his cognition of the world.

Although Asher had seen the magic of Huichun Dan, he actually did not believe that Stefanie sun, the so-called blood-relieving pill, could have similar effects.

However, Hong Tianshi's words made him realize that in this world, there are too many people sitting in the well and watching the sky.

Whether it is Hong Tianshi who has been practicing Taoism for 70 years, or himself who has lived for 50 years.

Therefore, at such a time, I absolutely can no longer use my own experience to look at the problem.

Otherwise, he is likely to make the same mistake as Hong Tianshi.

Because of this, he decided to give this blood-scattering heart-saving pill no matter what.

Because this is my father's last hope.

The old lady did not expect that her son would be so rude to Tianshi Hong, but when she thought that Stefanie sun was her grandson's fiancée, she also felt that such a good girl should not open up.

Seeing that Asher had put the medicine pill into her husband's mouth, she didn't say anything.

In her heart, no matter whether the medicinal pill works or not, she will not blame her son or Stefanie sun.

Everyone in this family yearns for a better family. Even Stefanie sun, who met for the first time, is kind to the An family, so she can accept it calmly no matter the outcome.

At this moment, in the depths of most people's hearts, they have given up struggling.

Only Stefanie sun and Asher were extremely nervous.

Hong Tianshi sighed and shook his head, while continuing to close his eyes, he recited some content related to the Infinite Heavenly Venerate.

At this time, the blood-scattering heart-saving pill had quickly melted in An Qishan's mouth, and the medicinal effect had begun to spread to the body.

But at this moment, his heartbeat, which had been extremely weak, finally stopped completely.

On the monitoring equipment, the electrocardiogram column instantly turned into a straight line, and the machine also made a harsh alarm sound.

At this moment, all the hopes of the An family were completely dashed.

The old lady couldn't control her face and cried bitterly.

Even Asher completely lost hope and lowered his head in pain.

The corners of Hong Tianshi's mouth moved slightly, and then he changed the silent reading to reading aloud, and said in a high and impassioned voice: "At that time, save the suffering Tianzun and fill the world of the ten directions! Always use his mighty power to rescue all sentient beings, and get rid of the lost! All sentient beings can't Perception is like blind seeing! Sun! Moon!"

This is the “Tai Shang Dong Xuan Ling Bao Rescue Sutra”, a scripture used by Taoists to save the dead.

Hong Tianshi recited at this time to let the An family know that he would escort An Qishan to the Pure Land with his profound Taoism.

Stefanie sun was horrified at this time.

She never expected that the blood-scattering heart-saving pill given by Charlie could not save An Qishan.

She even blamed herself that she must have delivered the medicine a little late. If she was quicker, maybe the old man still had hope.

However, she underestimated the efficacy of Sanxue Jiuxin Dan.

Although this medicine cannot make people twenty years younger, it has a very powerful effect in saving lives.

The reason why it is called Sanxue Rescue Pill is because, even if the heart stops beating and the blood in the whole body loses power, as long as the body and brain are not completely dead, it can be saved!

After all, cardiac arrest is not a criterion for judging a person’s death.

In many cases, even if the heart stops beating, CPR and AED defibrillation can restore the heartbeat.

Of course, once the heart stops beating for longer than the bottom line, causing the death of organs and brains, then the real gods will not be able to save them.

The doctors also gave up the idea of rescue, put their hands on their chests and bowed their heads in silence.

In the entire ward, only the painful sobbing of An’s family and the piercing humming from the monitor were left.

Therefore, when the An family members and Stefanie sun present were in grief, the elongated straight line on the monitor screen suddenly burst out with an imperceptible ups and downs!

However, this imperceptible ups and downs were not seen by anyone.

But then, after the ups and downs, the electrocardiogram showed a bigger ups and downs again!

And at this moment, the long beeping alarm issued by the monitor suddenly stopped...
