The continuous beeping just now was so harsh that after it suddenly disappeared, everyone involuntarily turned their eyes to the monitor at this moment.

At this time, Hong Tianshi's impassioned chanting also came to an abrupt end.

Originally, he wanted to use his own scriptures to send An Qishan the last journey, but he never thought that such a thing could turn out to be unexpected!

Before the An family could understand what happened, they listened to the attending doctor pointing at the electrocardiogram, which had started to fluctuate, and exclaimed with excitement: "Master's heartbeat has recovered! Master's heartbeat has recovered!!!"

Only then did everyone see that the ECG line that had been flattened had begun to ripple at this time, and the magnitude was getting bigger and bigger!

Everyone in the An family burst into tears of joy, and the old lady rushed forward with excitement. She saw that her husband's chest began to rise and fall. : "Qi Shan... can you hear me?"

The doctor hurriedly stepped forward and said, "Madam, don't get too excited, the master is only recovering his heartbeat now, and he is not sure how far his body can recover, so we have to do a systematic examination for the master!"

After speaking, he couldn't help but remind: "Madam, the master's physical condition is too bad. If it is difficult for the master to wake up, you must be mentally prepared..."

The old lady asked nervously, "Will you really not be able to wake up?"

The doctor said very seriously: "I can't guarantee you this matter, after all, the physical condition of the master is really not optimistic..."

Having said that, he quickly put on a firm expression again and blurted out: "But don't worry, we will do our best to treat the master!"

As soon as the doctor's voice fell, Asher suddenly shouted with excitement: "Dad is awake!!"

The people who were originally listening to the doctor with nervous expressions, heard Asher's cry, and hurriedly looked towards the hospital bed.

It doesn't matter if you look at it, everyone is stunned!

An Qishan, who had been in a coma for a long time and had even died once, actually opened his eyes!

At this moment, everyone could see his eyes turning left and right, and it seemed that he was also looking at everyone.

The old lady was overjoyed, and was about to ask for warmth when she suddenly heard An Qishan ask, "I'm...what's the matter?!"

The old lady burst into tears, grabbed An Qishan's hand, and choked: "You don't remember? You fell in the bathroom before. The doctor said that your brain hemorrhage was very serious, and your physical indicators were too poor. It's almost impossible to treat, just now, your heartbeat stopped..."

Speaking of this, the old lady burst into tears.

The other children and grandchildren of the An family also choked up.

Asher said at this time: "Dad, if Miss sun didn't come in time and took out the magic medicine she treasured for you to take, you might have really left us..."

"Miss sun?!" An Qishan asked in surprise, "Which Miss sun?"

Asher quickly pointed to Stefanie sun and introduced, "Dad, this is Miss sun."

After speaking, he added: "By the way, Dad, Miss sun is Charlie's fiancée!"

An Qishan looked at him blankly, and asked, "Charlie?! Which Charlie?! Is it my grandson Charlie?!"

Asher nodded and said quickly, "Yes, Dad, it's your grandson Charlie."

With that said, he quickly pointed to Stefanie sun and said to An Qishan, "Dad, this is Miss sun, she is the doll my sister ordered for Charlie back then. Do you know about this?"

The old lady on the side also hurriedly said: "Qi Shan, do you remember what I told you before? Lydia (Ava) told me at the time that Lydia (Ava) had a very good brother and gave birth to a daughter who was a little younger than Charlie. The two families set up a baby kiss for the child."

An Qishan nodded: "I remember... I remember..."

As he spoke, he said with a puzzled look: "But...but Charlie is only eight years old this year...he...how could he have such a big fiancée..."

When everyone heard this, their expressions suddenly became sad.

Originally, everyone thought that the old man had the help of the magic pill, and maybe the previous Alzheimer's disease was also cured by the magic pill.

But when he heard that Charlie was only eight years old, he immediately realized that his memory was still stuck in the time when his eldest daughter, Lydia (Ava), had an accident.

So, Asher choked: "Dad, didn't you realize that Mom and we are both old?"

Only then did An Qishan understand, and he blurted out in panic: "You...what's the matter with you?, Asher, Homula...Why are you all getting so old?"

After all, he couldn't help looking at Olin and Tablita, and said in a panic, "They...they are..."

Asher held back his tears, pulled Olin and Tablita in front of him, and introduced: "Dad! This is Olin, this is Tablita, and they have all grown up...not the teens and twenties before. Year-old boy, little girl!"

An Qishan's face was full of doubts, and he murmured, "This...what's going on here..."

Asher hurriedly said: "Dad! It's not 20 years ago... My sister and my brother-in-law have been gone for 20 years... Charlie has also been missing for 20 years..."

An Qishan asked incredulously: "What did you say?! You said that Lydia (Ava) ( Charlie's mom ) has been gone for 20 years?!"

"Yeah..." Asher pointed to his face: "Dad, I'm fifty years old this year..."

An Qishan was stunned for a moment, then suddenly became furious and shouted angrily: "A bunch of trash! Twenty years have passed, and Charlie hasn't been found yet?! How do you ask me to see Lydia (Ava) ( Charlie's mom ) after I die? How can I explain to Lydia (Ava) ( Charlie's mom )?!"

The crowd fell silent for a while.

At this time, no one knew how to answer the old man's question.

It was the old lady who cried and said, "Qishan, everyone has been looking for Charlie, Asher, Homula, Zhaonan and Tablita, and even you have been looking for

them, but they have always been looking for them. I can't find Charlie's whereabouts..."

An Qishan's expression became painful, and he covered his face and said, "It's all my fault... it's all my fault!"

The old lady hurriedly stroked his hand and sobbed: "Qi Shan, you've been blaming yourself for twenty years, and finally came back from the gate of hell, stop torturing yourself, those things back then weren't all your responsibility... "

An Qishan shook his head gently, then he suddenly remembered something, looked at Stefanie sun excitedly, struggled to sit up, and blurted out: "Little girl...you...you said that you are Charlie's fiancée... ..then you...then have you found Charlie?!"

Stefanie sun saw that the old man had just walked through the gate of hell, and was very concerned about charlie's whereabouts at this time, and really didn't want to lie to him.

But when she thought of charlie's explanation, she could only say helplessly: "I'm sorry grandpa... We haven't found the whereabouts of charlie yet."

Hearing this, the excitement in An Qishan's eyes suddenly dimmed a lot.

He couldn't help shedding two lines of hot tears and choked: "I, a grandfather, haven't found charlie's whereabouts for so many years, but when I arrived at the gate of hell, I was rescued by charlie's fiancée... ashamed... ashamed. ..."
