

The Amazing Son In Law Chapter 4531 (The Charismatic Charlie Wade Chapter 4531)

Abbas's shouting made the entire Fei family explode!

Originally, they hadn't figured out why the Fei's Manor, which had not been out of power for more than ten years, suddenly suffered a power outage.

After hearing Abbas's shouting, they realized that the Fei family had already been targeted by Wanlong Palace!

Moreover, what they didn't expect was that this time, even the famous Abbas, the master of the Wanlong Palace, came in person.

It felt like the Wanlong Palace was going to fight the Fei family to the death.

What they didn't expect was that Abbas really didn't talk about martial arts this time. Not only did he have to deal with their bodyguards, but he even spoke out, even their family members. The fighting spirit is completely disintegrated!

Hearing this, Zaki trembled with fright. He said in a panic, "Wanlong Palace?! When did we offend Wanlong Palace?!"

yogi said in horror: "Dad...Wanlong Palace will meet. Wouldn't it be hired by Grandpa?!"

"How could it be possible!" Zaki shook his head and said, "Let's not say that this old man has no money, even if he has money, it is impossible to hire Abbas, even if it is a big client. , and other people in Wanlong Palace accepted employment, Abbas has long stopped doing things for others..."

yogi was so panicked, he blurted out and asked, "According to you, do we offend Wanlong Palace in some way? Already ?!"

Zaki trembled: "I don't know..."

yogi hurriedly asked: "Dad, do you want to go to the emergency shelter? In case 10,000 broken troops bring people in, we can't run even if we want to. It 's over!"

Zaki said with a bitter face: "What's the point of hiding in the emergency shelter? Abbas led someone to block it, so wouldn't we be mice in the pit? Are we just there? Stay inside until the supplies are exhausted, and finally die of thirst and starvation?"

yogi fell into deep despair upon hearing this.

And at this moment, someone shouted: "Damn it! The people from Wanlong Palace have come in!"

yogi, who had recovered a little, was about to go to the window with a roll and crawling. Fortunately, his wife and the housekeeper stepped forward and supported him.

At this time, yogi, who stood up, also saw the situation outside from the window.

A middle-aged man in a black tunic, with a group of people dressed like him, surrounded him aggressively from all directions.

This villa building with the largest area is the center of the entire Fei family. Abbas can bring people here, which proves that the people outside have already been subdued by his subordinates.

Even though the bodyguards of the Fei family were all from top special forces, in front of martial arts masters, they were not much different from three-year-old children.

Therefore, these martial arts masters can quietly kill all these bodyguards.

The reason why he didn't touch Zaki directly was entirely charlie's personal preference.

Compared to letting Abbas appear directly beside Zaki and surprise Zaki, he prefers this kind of gameplay that pushes the opponent to a desperate situation.

In other words, directly dealing with Zaki, the process is too short and boring, or this step-by-step approach is more delicate.

At this time, the bodyguards in the villa were too frightened to know what to do.

Although Abbas and the others were all exposed to their shooting range, at this time, no one dared to fight the Wanlong Palace for the Fei family.

The reason is the propaganda from Abbas just now.

charlie had long guessed that Zaki would definitely stimulate his bodyguards to resist recalcitrantly by rewarding them.

Therefore, he explained Abbas in advance, and he must take a strong medicine on the bodyguards of the Fei family!

In his opinion, all bodyguards work for their employers just to make money.

And the money they earn, either for their own enjoyment and chic, or for their families to have food and clothing.

If they just use their own lives to deter them, they are likely to go out of their way to make a huge pension for their families.

If so, it will stimulate their fighting spirit.

Although Wanlongdian came to New York this time, all of them were masters of the masters, and it was absolutely easy for the bodyguards of the paying family, but charlie still hoped that he could defeat the enemy without fighting.

Therefore, he directly asked Abbas to sit in a row, just to let the bodyguards understand that even if they died for the Fei family today, they still couldn't exchange their family for the carefree life of the rest of their lives.

On the contrary, it will also lead to the death of his family.

As a result, the bodyguards naturally lost the courage to fight to the death.

Moreover, the deterrent power of the Wanlong Palace naturally goes without saying, let alone these bodyguards, even the Fei family would never dare to oppose the Wanlong Palace.

Therefore, the bodyguards at this time had already given up the idea of resistance.

At this time, Abbas was gradually approaching, standing less than fifty meters away from the main entrance of the main villa of the Fei Family Manor.

He looked up at this magnificent and large-scale villa, with a cold smile on the corner of his mouth, and said loudly: "All the bodyguards with guns, listen, I'll give you one minute, after a minute, all those who did not come out to surrender. Bodyguard, kill me!"

He looked at his watch and said in a cold voice, "Time to start!"

When the bodyguards who had already lost their minds heard this, they raised their weapons with both hands and ran out of the villa. Surrender to Wanlong Temple.

And some of the bodyguards who had come to the ward also quickly left the ward and quickly went downstairs to surrender.

After all, no one wants to be the enemy of Wanlong Palace.

When the Fei family saw that all the bodyguards ran away, their hearts were even more desperate. They all looked at Zaki at a loss, hoping that he, the patriarch, would be able to turn the tide.

Although Zaki was already panicking at this time, he also understood in his heart that since the Wanlong Palace was threatening, he would not be able to escape even if he wanted to, so he could pretend to be calm and say: "You don't need to panic! In this situation, it's useless to panic!"

yogi said with a sad face: "Dad, Abbas has gone downstairs, what should we do... Why don't we go upstairs and take a helicopter to evacuate first!"

"Evacuate?!" Zaki He raised his eyebrows and scolded: "I am the head of the Fei family, where do you want me to withdraw now?! If I withdraw, wouldn't it mean handing over the Fei family to your grandfather?!"

yogi blurted out: "Dad... Now life is more important!"

Zaki's face was pale, and he didn't know what to do for a while.

At this moment, Abbas shouted downstairs: "Who is the master of the Fei family? Come to see me on the first floor!"

After that, he walked into the Fei family's villa and sat on the sofa in the hall on the first floor. down.

Zaki kept spinning in his mind and said, "If Abbas really wanted our lives, we might have been silently killed by him during the power outage just now, since he is upstairs now. Now, let me go down to see him, that must be to discuss the conditions with us."

Zaki is very clear that it is a blessing not a disaster, and a disaster cannot be avoided. Besides, there is no other solution.

As a result, he also risked his life, thinking that it was a big deal and he would spend a lot of money to buy peace. As long as he could handle Abbas, he would still be the head of the Fei family!

Thinking of this, he said to the second and third sons beside him: "You help me get up, I want to go down and see Abbas!"

The Fei family had no other choice at this time, and they could only follow Zaki to take the elevator downstairs to the lobby on the first floor.

As for the few remaining martial arts masters in the Fei family, they could only silently follow behind them, not daring to act rashly.

They knew very well that after jay left, Zhang Chuan, the strongest among them, had already knelt in the restaurant all afternoon. Under such circumstances, how could they possibly be the opponents of Wanlong Palace.

It's just that Abbas just asked the bodyguards with guns to go out and surrender. He didn't say that the martial arts masters like them would also go out, so the only thing they can do now is to pretend to be grandsons.

When the Fei family came downstairs, they discovered that in this palace-like hall, only Abbas was sitting alone.

Zaki was supported to come to Abbas, bowed respectfully, and said a little nervously: "abbas Palace Master... under Fei Family Patriarch Zaki... I don't

know... I don't know where my Fei Family is causing trouble. The anger offended the Master of the Palace, which made the Master of the Palace so inspiring to come to the door to ask the guilt..."

Abbas glanced at him and sneered: "It seems that you, the head of the Fei family, don't have any self-knowledge. Do you have no idea what the Fei family has done to hurt the world?"

Zaki said in a panic: "Palace Master Abbas... I'm here... I really don't understand what you mean. Although I, Zaki, am not some kind person who plots against the world, I have never done anything that hurts the world... .."

As he spoke, he suddenly remembered something and quickly explained: "By the way, Hall Master Abbas... There have been some minor problems with the alternation of power in our Fei family before, but I personally think that those are all domestic affairs of our Fei family. , even if there are some inappropriate places here, it's far from harming the world, right?"

Abbas snorted coldly and said, "Zaki, it seems that you really don't have any self-knowledge. Before I came, my boss told me to give you a chance to repent. If the sins are all made clear, he will come after a while, and he will give you some leniency, but since you are so ignorant, you can only wait for him to tell you in person, what is wrong with you!"

Zaki was immediately stunned. He did not expect that Abbas, who is the master of Wanlong Palace, actually has a boss? !

Who is the boss of Abbas?

Just as he was thinking, the roar of a helicopter suddenly came from outside.

A heavy helicopter slowly landed on the lawn outside.

The hatch opened, charlie jumped out of the plane alone, and walked into the lobby on the first floor.

The moment he saw charlie, Zaki felt like he was struck by lightning.

“It turned out... it was him?!”

Zaki never dreamed that the boss of Abbas, the master of Wanlong Palace, would actually be this guy with the surname wade!

The other Fei family members were also stunned, especially yogi, whose legs went weak with fright.

He couldn't help recalling the first time he met charlie.

At that time, he thought that charlie was just a jumping clown.

But I didn't expect that he was the mastermind behind all this!

Abbas just stood up from the sofa and respectfully said to charlie, “Mr. Wade!”

charlie nodded slightly, then looked at Zaki who was horrified, and said coldly, “What? You were surprised to see me?”

Zaki hurriedly said respectfully, “Mr. Wade... I used to be blind to Xia and Quanzi, and I offended you many times. Please give me a chance to change for the sake of my age...”

charlie smiled and said, “Oh? If you want to reform, do you know where you are wrong?”
