"This..." Zaki cupped his hands and said: "It's a mistake, I shouldn't be blind, I can't see Mount Tai, I neglected you, Mr. Wade... Please don't remember the villain!"

charlie said coldly: "Zaki, you have at least five deadly sins, arrogance is only one of them, and the other four, do you know?"

Zaki said terribly: "Mr. Wade... I'm here... I'm doing my duty in a down-to-earth way. Because I'm in a high position, I'm really arrogant, but what about the seven deadly sins..."

Charlie said coldly: "You think very highly of yourself and have no one in your eyes, this is arrogance!"

Zaki nodded hurriedly and said, "Yes, yes... Mr. Wade, you are right!"

charlie raised his volume a little, and said sharply, "You seek power and gain, unscrupulously, this is greed!"

As soon as charlie said this, Zaki suddenly froze in his heart, he didn't expect that charlie would mention his own pursuit of power and profit, and he couldn't help thinking: "Could this charlie...because I robbed my father The position of the head of the family just came to the door?!"

Just when he was flustered in his heart, charlie continued: "As a minister, if you commit the following crimes, this is disloyalty! "

"As a son of man, forcing away your biological father is unfilial!"

When charlie said that, Zaki was already pale.

At this moment, he was already certain in his heart that charlie must have come for his father, and this is to settle accounts with himself after the autumn...

But at this moment, charlie looked at him and asked coldly, "Zaki, let me tell you the truth, I came to the United States this time not for your four sins, but for your fifth sin. Sin comes! I'll give you one last chance, do you know what your fifth deadly sin is?"

Zaki panicked in his heart, shook his head subconsciously and said, "Mr. Wade...the three sins you mentioned just now are all acknowledged by the next... To tell you the truth, this matter is indeed a pimple in my heart, and the next one. I don't dare to deny it, but aside from this incident, I haven't done anything that hurts the world..."

charlie scolded sharply: "Your grandson Jamura has repeatedly committed heinous crimes! You, a grandfather, didn't notice or stop him at all. This is what the ancients said about being uneducated!"

"Jamura?!" Zaki groaned in his heart, never dreaming that the real highlight was actually related to his grandson...

At this moment, his brain couldn't help but run fast, and he thought to himself, "Noon with the surname wade admitted the kidnapping of Jamura. In this way, Jamura must have angered him because of something, so he brought it to me too. Such a catastrophe... Could it be because Jamura is conspiring against that Stefanie sun?!"

Thinking of this, Zaki hurriedly said, "Mr. Wade... the grandson I'm under... He was indeed a bit stubborn since he was a child, and he might do some outrageous things sometimes..."

Having said this, Zaki sighed and continued: "After he was kidnapped, we also analyzed the reason for his kidnapping, and we guessed that it was probably because he had evil thoughts on that Miss Stefanie, which made him angry. Mr. Wade, you..."

"However, you cut off his ear mercilessly. I believe that he has paid the price for his stupid ideas, and I also believe that he must have suffered under your hands these two days..."

"So... so why do you have to hold him because of an unsuccessful thing... if you are willing to let him back, you are willing to give 10 billion dollars as spiritual compensation to Miss Stefanie... "

When charlie heard this, he sneered, and said, "I understand, what you mean is that he didn't do any real harm to Miss Stefanie. You don't think he's guilty enough to die, right?"

Zaki nodded again and again: " I really think so... Even if you get angry again, you should always give young people a chance to reform..."

charlie's expression gradually became cold, and he asked sharply, "I ask you, if I give him a chance, what will happen to the innocent girls who were killed by your grandson? Don't they deserve someone to do justice for them?!"

charlie's remarks made Zaki and yogi pale.

They had already vaguely guessed that Jamura was likely to cause a catastrophe, but their knowledge was limited, and they had not figured out what Jamura had done in a short period of time.

Hearing charlie's anger, it seemed that Jamura still had a lot of murder cases in his hands, which made the two of them terrified in an instant.

Zaki hurriedly said: "Mr. Wade... Jamura's affairs, I really know very little about it. I have never heard of what you said...and...and..."

Zaki said, subconsciously He glanced at his son yogi beside him, struggled for a moment, then gave up and said seriously: "Moreover... this Jamura was not personally disciplined by me since he was a child, I have never interfered much in his growth and training, he is my son. yogi is educating and cultivating..."

yogi shuddered when he heard this, he never dreamed that the old man was still remembering the revenge of the lunch at noon, and he still didn't forget to throw the blame on himself.

So, he could only say tremblingly: "Mr. Wade, to tell you the truth, I have never paid enough attention to Jamura's growth. This child has been in aristocratic schools since he was a child, and he has been boarding at the school since he was twelve or thirteen years old. , he seldom goes home, and his mother has always been arrogant to him and lacks discipline..."

yogi's wife was also panicked at this time, and blurted out: "yogi! You want to drag me into the water at this time?!"

yogi quickly said: "No, no, I didn't mean that, what I mean is... the two of us... are indeed neglecting our children..."

charlie saw the family throw the blame on each other, and sneered: "Since your Fei family likes to shirk responsibilities from generation to generation, then I will find another person to come over and see if he is not responsible like you!"

After that, charlie looked at Abbas and said, "Abbas, bring people in." "Follow your

order!" Abbas turned around and went out, and soon, he strode with the three of them.

When the Fei family saw the three people clearly, their expressions were extremely shocked.

Zaki, in particular, was so frightened that his legs went weak and his body trembled, as if a mouse had met a cat.

And these three people are the old man of the Fei family, Jian, the eldest lady of the Fei family, Fei Kexin, and the old man's bodyguard, jay!

Although Jian had been sitting in the helicopter, he was already excited and couldn't help himself.

He finally realized why he had suddenly called himself and his granddaughter from the Indian Ocean back to New York.

It turned out that it was his own children and grandchildren who caused a big disaster here and offended charlie!

And for him, it was a godsend.

I used to think that I had no hope of turning over in my life, being kicked out of power by my own son, and being in a foreign land, but I never expected that Charlie would give him a chance at his fingertips!

Therefore, at this moment, he was extremely excited.

And when he saw Zaki, his excited heart was suddenly replaced by monstrous anger!

With his eyes fixed on Zaki, he blurted out angrily: "You bastard! I gave you life in vain and let you enjoy all the glory and wealth all your life! You dare to usurp my power and want my life!"

Zaki was frightened. He shivered and stammered: "Dad...Dad, you have misunderstood. Dad...I didn't want to usurp your power, nor did I want your life, I just hope that the Fei family can develop steadily, you. It is indeed a huge burden for the Fei family to spend 200 billion US dollars on medicines next time..."

"A burden?!" Jian pointed at him angrily and asked, "The entire Fei family is me. I earned all the assets of the Fei family after all my hard work! I am old now, and I need to spend some of the money I earned to keep myself alive, but you are not happy when you are a son?!"

Zaki panicked. He explained: "Dad... I'm not unhappy... I just... I just don't want you to be deceived... What kind of rejuvenation pill you want to buy, that thing is a lie when you hear it, how can it be worth so much money....."

"You fart!" Jian gritted his teeth and scolded: "Zaki, do you know who the owner of Magical pill is? It's Mr. Wade!"

Zaki was shocked when he heard this!

Unexpectedly, that Pill turned out to be Charlie's!

Isn't this the same as scolding Charlie?

Thinking of this, he hurriedly knelt on the ground, slapped himself on the face, and said to Charlie: "Mr. Wade, I'm sorry, I didn't know that Pill belonged to you... If I knew it was yours, I would definitely let it go without saying a word. My dad has paid..."

Charlie looked at him coldly: "Don't talk, continue smoking!"

Zaki dared to talk nonsense, so he could only slap himself constantly.

Jian sneered in the center, thinking to himself, "This bastard and unfilial son offended Charlie to death this time, so it seems that the Fei family's return to my hands is a certainty!"

At this time, Zaki had already pumped his double cheeks. His cheeks were swollen and dark with purple, but Charlie didn't want him to stop. He could only look at Jian and begged, "Dad...you ask Mr. Wade for mercy, Dad..."

Jian seeing his son end up like this, you not only did not feel distressed at all, but raised the anger and hatred in his heart to the extreme, he pointed at Zaki and said coldly, "You still have the face to call me dad? I will tell you Zaki, after this incident, the love between you and my father and son will end!"

Charlie said coldly at this time: "Old man, don't be in a hurry to say harsh words first, the descendants of your Fei family are all scumbags, despicable and filthy. The sin of teaching!"

Jian was startled by Charlie's tone, and quickly and respectfully asked: "Mr. Wade, I don't know where my Fei family's bastards have offended you, please clarify, I will never tolerate it!"

Fei Kexin, who had not spoken for a long time, sighed in his heart when he heard this: "Grandpa... You are too impatient... Mr. Wade has not let you become the head of the Fei family again. You are in front of Mr. Wade now, playing this kind of word game will definitely not have a positive effect..."

As expected by Fei Kexin, when Charlie heard this, he frowned and asked Jian: "Do you handle it fairly? Did I tell you this right? Don't forget, you are no longer the head of the Fei family. It's over!"

After saying that, Charlie raised his finger and pointed at Zaki, and said lightly, "You must know that the current head of the Fei family is him!"

Jian's center snorted.

He thought that charlie would definitely help him restore the position of the head of the Fei family today, but he didn't expect that he accidentally turned himself into a self-defeating, but instead shot himself in the foot.

So, he hurriedly said with fear and sincerity: "Mr. Wade, you are right, it's abrupt."

After that, he quickly added: "Mr. Wade, if I were the descendants of the Fei family, where did I do wrong and offend? You, you can punish me! If my son makes a mistake, I, the father, will be guilty of not teaching. If my grandson is wrong, then his father and me, the grandfather, will be guilty of not teaching. In the entire Fei family, no one is wrong. I have an unshirkable responsibility for the matter! I am willing to accept all your punishments!"

charlie nodded with satisfaction and said, "Okay! Since you said so, then I will show you some points. After you read it, I want to hear your advice and see what you plan to do with it!"
