

The Amazing Son In Law Chapter 4539 (The Charismatic Charlie Wade Chapter 4539)

“I?”

Fei Kexin never thought that charlie would let her express her opinion at such a time.

She is very aware of her status in the Fei family, not to mention Zaki, yogi, even Jamura.

Don't look at her grandfather's love for her, but when it comes time to discuss seniority, she can only stand back and step back silently.

Moreover, she didn't see her parents here tonight, so he could guess that the uncle Zaki had already expelled his parents from the Fei family. emboldened.

Seeing that she was a little guilty, charlie said, “Miss Fei, if you have an idea, just say it, and you don't have to be afraid of offending people, I'll call it back for you!”

Fei Kexin pursed her lips, feeling a lot more at ease.

With charlie in charge of her, she immediately gathered up her courage and said loudly, “Mr. wade, I think the best solution now is to let Jamura pay for what he did!”

yogi and his wife exploded when they heard this, his wife pointed at Fei Kexin and scolded: “Fei Kexin, you unconscionable little Witch, what our family Jamura says is your nephew, you Have the heart to let him die?”

yogi also gritted his teeth and scolded: “Fei Kexin, Fei Kexin, you are really a snake and a scorpion! Do you think we drove your parents away, and you will take this opportunity to avenge your personal revenge?”

charlie frowned slightly at this time, and said to Abbas: "Abbas, these two chatter are very annoying,

Abbas didn't say a word, he stepped forward quickly, slapped yogi upside down with a slap, and then slapped his wife in the face again, slapped the man several times in a row. , fainted on the spot.

At this time, charlie looked at Fei Kexin and said, "Go ahead."

Fei Kexin nodded and continued: "On the other hand, we should immediately disclose what he did to the public, and we must not hide it from him!"

When Fei Kexin said this, everyone was stunned!

Zaki was shocked, and Jian was even more shocked!

They all knew that if this matter was made public, it would be a devastating blow to the entire Fei family.

This is probably going to be one of the biggest scandals of America's top families in this century.

Therefore, both of them stared at Fei Kexin with extremely incredible eyes, wondering why she came up with such a solution to push the entire Fei family into the abyss.

However, neither Zaki nor Jian dared to refute Fei Kexin's words at this time, they could only look at charlie tremblingly, wanting to know his reaction.

charlie looked at Jian at this time, and said coldly, "Master Fei, now you know the gap between you and Miss Fei?"

When Jian heard this, his heart froze.

He also thought that Fei Kexin was deliberately playing a strong man to break his wrist in exchange for charlie's favor.

He even felt that Fei Kexin was probably trying to take this opportunity to seize the position of the head of the Fei family.

This made him feel a little more angry with Fei Kexin all of a sudden.

Originally, he wanted to take this opportunity to regain power, but he didn't expect that his most trusted granddaughter would jump out at this time to copy himself!

He couldn't help looking at Fei Kexin, his eyes were full of anger and questioning.

The first time Fei Kexin saw her grandfather looking at her with such eyes, she was first shocked, and then she understood the reason for her grandfather's eyes.

"It seems... Grandpa must have misunderstood me..."

Thinking of this, Fei Kexin sighed helplessly and said, "Grandpa, the Fei family has no choice now, Jamura caused such a big thing, it's definitely not because he died, the problem can be solved, our Fei family has no choice. We must take enough responsibility, we must make this matter public, apologize to the victims and the public, and at the same time actively pay huge compensation to the families of the victims in exchange for the public's forgiveness..."

yogi, who was slapped by Abbas, blurted out, "Since it's going to be made public, then Jamura should be handed over to the judicial department and let the federal court try his crimes!"

Zaki also came back to his senses and blurted out: "That's right! Fei Kexin! You girl's heart is really poisonous! Not only do you want my grandson's life, but also drag the Fei family into an abyss! Why do you want my grandson Jamura to pay for his life as you said? If you hand him over to the law, he will be sentenced to life imprisonment without parole at most!"

Fei Kexin asked, "Haven't you thought about it, if this plan is really feasible, why doesn't Mr. wade directly hand over these videos to the American police? Why he need to come to Fei's house and let us say the solution ourselves?"

Everyone was startled by her question.

Especially Jian, the whole person was instantly enlightened.

Fei Kexin's words made him finally realize the crux of the problem.

He couldn't help sighing in his heart: "Why didn't I think of this level... Now that Charlie came to the door, he was definitely not satisfied with solving the problem by ordinary means..."

"At a time like this, if you still think about saving the life of this beast, Hao, by relying on the American judicial system, it can only be said that the rest of us have not figured out the key to this matter!"

"Since Charlie can come to the door, it means that he must intend to use his means to solve this matter, and judging from his behavior, neither Jamura's life nor the reputation of the Fei family are irrelevant. It may be saved! He asked everyone to express their opinions, but it was just a test!"

"Jamura committed such a big crime, how can he satisfy Charlie just by paying his life? The funny thing is, I just thought about using money to suppress everything, which in itself is a provocation to Charlie. How could he allow..."

Thinking of this, he couldn't help looking at Fei Kexin, thinking to himself: "It seems that Kexin can see the problem more clearly..."

Fei Kexin continued to say at this time: "Everyone... this matter, although the direct fault lies in Jamura alone, but have you ever thought about why he can commit so many inhumane crimes and still get away with it? Come on, don't you use the Fei family's powerful resources, funds, and connections to back him up?"

"Otherwise, if he was just an ordinary person, relying on his own abilities, he would have no chance to do so much evil! He might even have been arrested long ago for being exposed!"

"It was the strength and aura of the Fei family that helped him cover up his sins, and allowed him to commit serious crimes again and again, and at the same time get away with impunity!"

"So, from this point of view, the Fei family has an inescapable responsibility for this! Each of our Fei family members also has an inescapable responsibility!"

"It is precisely because of this that at this time, what we really need to do is to look directly at our own mistakes! And take the initiative to disclose all this to all the people!"

“Moreover, we have to sincerely apologize and make active compensation! If we can get the people’s understanding of us, that is our luck; if the people are unwilling to understand, we can only bear all the consequences ourselves!”

Fei Kexin’s words made the Fei family feel extremely ashamed.

These words made them realize that they were not innocent, nor was the Fei family innocent!

Before they thought about sacrificing Jamura to protect the reputation of the entire Fei family, it was equivalent to shirk responsibility in front of charlie.

Zaki was the first to come back to his senses at this time, he looked at charlie, and said in horror: “Mr. Wade... The reason why you made Jamura’s kidnapping a hot spot in the world, is it... Is it to make The rest of the Fei family have been crushed?!”

charlie sneered and said, “I just want Jamura and the Fei family to pay the price for this matter! Jamura has done so many unconscionable things, and these things should be completely exposed. “

After all, charlie looked at Fei Kexin and said with satisfaction: “Miss Fei, there are so many people in the Fei family and so many mouths, the only plan you have said is really sincere to solve the problem, others think in their minds. Yes, it’s nothing more than how to suppress things, to put it bluntly, just want to shirk responsibility.”

Immediately, he looked around for a week, stared at the group of Fei family members, and said coldly: “From the bottom of your heart, you have no guilt about this matter! You still want to rely on money to solve it, I ask you, is money everything? Is it?!”

None of the Fei family members dared to respond at this time.

charlie looked at Jian and asked coldly, “Mr. Fei, if I remember correctly, you are in your nineties this year, right?”

Jian hurriedly replied with fear and sincerity: “Yes, Mr. Wade, it will be ninety-six next year...”

charlie nodded, looked at him and asked, "Ninety-six, it is already the longevity of longevity, but you still want to buy Pill at such an old age, you still haven't lived enough, right?"

Jian said embarrassedly: "Yes...you are right...everyone wants to live a long life...I really don't have enough to live here..."

charlie asked him back: "Then let me ask you, since you are an old man who is over 100 years old and can't live enough, then do you think the girls who were killed by Jamura in their teens and twenties have lived enough??"

Jian did not expect that charlie would turn the topic back to those innocent girls. At this time, he could only bite the bullet and say ashamed: "They... they must not live enough..."

charlie's voice increased a bit, and he asked coldly, "Since they didn't live enough, can the money you lost bring them back to life?"

Jian could only say very embarrassedly: "Mr. Wade... no amount of money can bring people back to life, but... if they pay enough money, they will definitely give their family a satisfactory solution, and it will make her The family will have no worries about food and clothing for a lifetime..."

charlie sneered, nodded and said, "Yes, you are right! This is the inherent thinking of you rich people, killing someone on a whim, or accidentally killing someone, or accidentally harming someone In the eyes of you rich people, killing a person can be solved with money."

"Even you can use excessive and huge amounts of money to make the victim's family not only hate you, but also involuntarily appreciate you. Even if they go to court, they will express their love for you in front of the judge. understanding....."

Speaking of this, charlie suddenly became emotional and asked loudly: "But! Even if you can use money to make the victim's family be grateful to you, those victims who died tragically in your hands will never be able to come back to life! They It's impossible to feel the beauty of this world, and it's impossible to live the rest of your life with the flow!"

“So, who told you that as long as you take out a sum of money and take care of the victim’s family, the matter will be solved perfectly?! Who gave you such blind confidence?!”

Jian was speechless for a moment, and fine beads of sweat had covered his entire forehead.

He knew that his reaction just now had inadvertently touched Charlie’s inverse scales.

So, he hurriedly said respectfully, “I’m sorry, Mr. Wade, for being ill-considered...”

Charlie looked at him and said slightly mockingly: “Master, it’s not his fault that your son usurped your power. Your selfish character accounts for at least half of it.”

Jian was in a cold sweat but didn’t dare to wipe it, so he could only bow humbly: “Mr. Wade’s criticism is right...”

Charlie said coldly: “I will release all the videos to the public later. At that time, the Fei family had better hold a press conference as soon as possible and sincerely apologize to the whole world. If you handle it well, then I will no longer pursue it, but if you don’t handle it well, I will kill the head of your Fei family first, and then let the next head of the family continue to deal with it. If the next head of the family does not satisfy me, I will kill him. Find another one until this matter is properly resolved!”

The Fei family shuddered when they heard this.

And Charlie ignored them at this time, but turned around and said to Abbas, “Abbas, bring people here.”

“Okay, Mr. Wade!” Abbas immediately took out his mobile phone and issued an order to his subordinates.

A few minutes later a helicopter landed directly outside the door of the lobby on the first floor.

Several soldiers from Wanlong Hall walked in with Jamura and Qiao Feiyun, who were wearing only a pair of shorts.

At this time, the two of them had already been tortured to the point of being inhuman.

His ears are gone, his body is covered with scars, his spirit is extremely decadent, and he has almost lost his life.

Jamura was escorted in, and when he saw yogi and Zaki, he immediately burst into tears and said, "Dad, grandpa, save me... I'm about to be tortured to death..."

yogi, who had been beaten to the ground before, watched his son's tragic state, and naturally a heartache flooded his heart unconsciously.

He subconsciously called out, "Jamura...my son..."

As soon as he finished speaking, Zaki, who was beside him, kicked him in the face and cursed angrily, "You bastard! You still call this beast a son?!"

yogi was suddenly shocked, and his expression became frightened and frightened.

Jamura looked at Zaki and said in shock, "Grandpa...don't you recognize me, grandpa..."

Zaki roared furiously: "Shut up! I, Zaki, don't have a grandson like you! You are inferior to a beast! You have lost all the face of my Fei family!"

Jamura was startled, looked at charlie, then at Zaki, and murmured, "Grandpa...you...you all know?!"

Zaki gritted his teeth and scolded: "How could my Fei family be such a scum like you!"

Jamura panicked, and seeing Jian was also here, he didn't care about being shocked, and hurriedly cried and said, "Grandpa... Please help me... I'm really about to be tortured to death by them... I beg you..."

Jian was even more furious, pointed at his nose and scolded: "Bastard, you don't deserve to die!"

Jamura was completely panicked this time. He didn't expect that his close relatives who used to dote on him would be so indifferent to him now. If they didn't want to save him, wouldn't he only have a dead end? !

Thinking of this, he turned around quickly, knelt in front of charlie with a thud, and cried and said, "Mr. Wade... I know I'm wrong... I really know I'm wrong... Please forgive me this time, Mr. Wade... "

charlie ignored him, but stretched out his hand to Abbas.

Abbas understood, and immediately took out a pistol from the waist of a soldier, and handed it to charlie respectfully with both hands.

charlie took the gun, put the muzzle against Jamura's forehead, looked at yogi, and asked loudly, "yogi, today I will k*ll your son, k*ll the harm for the people, and do justice for the sky, you! ?!"
