

The Amazing Son In Law Chapter 4545 (The Charismatic Charlie Wade Chapter 4545)

In charlie's opinion, any scum of the same kind as Jamura must be killed.

Otherwise, if they are really handed over to the judicial department of the United States, none of these people will pay the price with their lives.

Moreover, judging from the law enforcement and black box operations of the local judiciary, these rich and powerful people can live very handsomely in prison even if they are sentenced to life imprisonment.

Therefore, charlie planned to let Wanlongdian k*ll all these people in one go, leaving none of them behind!

Abbas naturally understood charlie's intentions very well, and said respectfully: "Mr. Wade, don't worry, I have already figured out the information of these people, they are basically all in New York, the subordinates will arrange the personnel, and it will start tonight. Hunt these beasts!"

Fei Kexin, who was beside him, asked quickly, "Mr. Wade... Then when are you going to publish this and the video data?"

charlie looked out the window and said, "Yuehei kills people. When Ye and Fenggao set the fire, I will have someone post the video on the Internet later. With the public opinion that Jamura was kidnapped before, this incident will definitely cause an uproar. At that time, in order to avoid legal sanctions, those participants will I will definitely find a way to escape from the United States as soon as possible, just to take advantage of this wind to scare them out first, and then catch them all."

After that, he looked at Fei Kexin and instructed: "The Fei family must wait until the matter is exposed. Come out and speak out, let people know that you are doing crisis public relations after seeing things come to light, don't let people see that you are prepared in advance, and this may cause you unnecessary trouble."

Fei Kexin nodded seriously and said, "Okay, Mr. Wade, I understand!"

charlie nodded slightly, then turned to look at Abbas, and said, "Okay, Abbas, you don't need to worry about it here, Hurry up and lead people to control it, and remember not to let any beast escape."

Abbas blurted out, "Please don't worry, Mr. Wade! I will definitely handle this matter without fail!"

After that, Abbas turned around immediately, and walked out quickly.

Tonight, a large group of demons are doomed not to see the sun tomorrow morning.

After Abbas left, Charlie looked at everyone in the Fei family and asked in a cold voice, "I'll let Miss Fei handle this matter with full authority. Do you have any opinions?"

Everyone shook their heads, and no one had any objections.

At this time, they really don't have any opinions. After all, whoever comes forward will be the target of public criticism for this matter, and no one wants to take such a thankless thing.

However, Jian and Zaki kept guessing what Charlie meant in their hearts.

Up to now, Charlie has never said that Fei Kexin should do the work of the head of the Fei family.

So far, Zaki is still the rightful head of the Fei family.

And he himself wanted to keep this hard-won position as much as possible, because he knew very well that only if he continued to sit down as the head of the house would his son Yogi have a chance to take over.

And now, what he is most worried about is the old man Jian.

Although Jian could not directly take back the position of the head of the family, he was the owner of most of the assets of the Fei family.

However, shrinking is better than no water. Zaki didn't want to end up with a bamboo basket.

Therefore, what Zaki was most afraid of was that Charlie suddenly crossed a line, otherwise once he lost his position as the head of the family, it would mean nothing.

At this time, Jian Center was also very uneasy.

He naturally hopes to regain the position of home lord and stage an absolute counterattack.

However, if Charlie didn't say this, he really didn't have the confidence to say this.

Therefore, Jian has been waiting for Charlie to express his position, otherwise, as a lonely old man, with the support of his granddaughter alone, it is impossible for him to regain the position of the head of the family.

Just when the two of them were thinking, Charlie suddenly said to them, "You two, one is the current head of the Fei family, the other is the previous head, and Jamura is under the eyes of the two of you. , you have made so many beastly acts that people and gods are angry with, and you two patriarchs are also responsible for improper management, so I want to know, what do you two have to say now?"

Zaki was taken aback, um. He quickly said, "Mr. Wade, it's been less than half a month since I became the head of the Fei family. This responsibility should not fall on me

"Mr. Wade, in the more than 20 years of Jamura's life, 99% of the time, my father Jian was the head of the Fei family. He can't blame him for this!

" Jian's expression was extremely ugly when he heard this.

Of course, he was annoyed by his son throwing the blame on himself, and he also knew exactly what Charlie meant. Jamura's incident was not once or twice,

but for many years. In terms of position, but he was not aware of what Jamura had done, so he naturally had an inescapable responsibility.

So, he could only step forward, cup his hands, and say, "Mr. Wade, Zaki is right, it's really hard to blame for this, please punish Mr. Wade!"

charlie waved his hand: "I won't punish you. , after all, you are this age, even if you k*ll someone, the court will not sentence you."

Jian bowed quickly, "Thank you, Mr. Wade for your generosity!"

charlie turned to look at Zaki , said indifferently: "Zaki, even if you have only been the head of the house for half a month, you still have to bear the responsibility for half a month. At this time, instead of throwing the blame on your father, you can get away smoothly."

Zaki hurriedly said: "Mr. Wade is right... I do have the responsibility... I also ask you to punish..."

charlie said indifferently: "As you said just now, the responsibility for improper management, your old man accounts for 100%. Of the ninety-nine, you account for one percent, and I will not hold you accountable for the ninety-nine percent. Naturally, there is nothing to be held accountable for your one percent."

When Zaki heard this, he immediately said gratefully: "Thank you, Mr. Wade, thank you! Your kindness and virtue will never be forgotten!"

charlie hummed, nodded indifferently, and said, "Although the two of you are responsible for I don't need to hold it accountable, but in my opinion, both of you have stains on the management of the Fei family. After this incident came to light, the Fei family urgently needed a clean and innocent person to stand up and lead the way. The Fei family has come out of the haze, so in the future, neither of you are suitable to be the head of the Fei family." The

two of them heard this, and their hearts suddenly stunned.

Who would have thought that in the last second, he was grateful for charlie's network, and this second, charlie said this directly.

Zaki couldn't help but blurt out: "Mr. Wade... You said just now that the responsibility is only 1%, which is almost negligible. This shouldn't be considered a stain, right?"

charlie frowned and asked: " What? One percent is not considered a blemish? Besides, do you think you only have this blemish? Zaki, don't forget, you robbed your father of the head of the family and sent people to hunt him down everywhere. He, if I hadn't asked Wanlong Palace to save his life, he would have been k*llled by you long ago! Why don't you just expose this matter and ask the ordinary people in the United States what they think?"
