The policeman's words made everyone, including Li Yalin, unwittingly tighten their hearts.

Li Yalin couldn't help urging: "What happened, tell me quickly!"

The policeman said with a horrified expression: "It's a video! Some people have exposed a lot of videos on the Internet, and the content of those videos... It's really appalling. The Internet has completely exploded!"

Li Yalin blurted out, "What is the content of the video about!?" The

policeman swallowed and said dryly, "It's all about Jamura... ..It's all about him killing all kinds of girls...Although the victim's face has been blurred, it can still be determined that there are at least 20 victims through other identity characteristics..."

"What?!" Li Yalin Hearing dumbfounded.

Jamura was exposed to a huge scandal. He was already mentally prepared at this point, but he really didn't expect that this scandal would be so big!

At this time, his subordinate handed him a mobile phone and said, "Inspector Li, take a look for yourself..."

Li Yalin took the mobile phone and clicked on one of them at random, and just looked at it for a few seconds, his face became pale Immediately livid, he murmured: "This is truly a shocking case that has never been seen before..."

He immediately asked, "Have you investigated who the publisher is?"

" They checked their IP addresses and found... found..."

Seeing the police hesitating, Li Yalin immediately shouted angrily: "Come on!"
The

police could only bite the bullet and say, "Go back to Detective Li, what we found The IP address is here."

Li Yalin frowned and asked, "What do you mean? Is the other party in New York?"

"No..." The policeman shook his head, stretched out his hand and pulled Li Yalin aside, and said in a low voice, "Inspector Li, The other party is at Fei's house!"

"How is it possible..." Li Yalin widened his eyes and said in a low voice: "These videos must have been sent by the kidnappers. These kidnappers are extremely shrewd, and all the clues are covered up very carefully, how could it be possible to deliberately leave such a big loophole ..."

Li Yalin didn't know that all the bodyguards of the Fei family had been replaced by soldiers of Wanlong Palace, and the soldiers of Wanlong Palace, under charlie's order, did not bother to use any hacking methods at all, and directly Just in Feijia, using Feijia's network to complete the upload and release of the video.

And the policeman nodded and said, "I also think they deliberately used technical means to change their IP address to Fei's family."

Li Yalin couldn't help but said angrily, "What age, there are still people who want to abuse lynching. , What are you doing for the sky, since you have the evidence, why don't you submit it directly to the police?!"

The police officer said with great embarrassment: "Boss... we are both Chinese, and frankly, you really believe in the one that Bai Zuo admires. What? Judging from what Jamura did on the video, if he handed it over to the police, he would definitely not die, why would the people be angry if he didn't die?"

Li Yalin was speechless.

He just felt that what the mysterious man did behind his back had dealt a great blow to his face as a Chinese detective.

But after calming down and analyzing this matter, he also felt that Jamura should be completely wiped out by the most primitive means, otherwise, with his financial resources, he could live a life like an emperor on earth in prison. .

However, when he thought that before his retirement, such a big case had popped up under his hand, he felt very frustrated.

At this time, his subordinates also said a little dejectedly: "Boss, I really don't understand, they killed so many people, why we haven't received any clues about the disappearance of young girls recently? It seems that there are no clues in New York recently. Reports of missing young women..."

Li Yalin said coldly: "They wouldn't be so stupid to look for prey from New York. In my opinion, most of these girls killed by them should be from the West Coast, or even from After being kidnapped abroad, it was sent in secret."

Speaking of this, Li Yalin suddenly remembered something and blurted out: "I see! The reason why they have been able to commit crimes so many times without being found out is because they never started from their side, but this time, Jamura has Made a fatal mistake..." The

subordinate asked quickly: "Boss, what is the fatal mistake?"

Li Yalin blurted out: "It's Stefanie sun!"

"Stefanie sun?!" The subordinate exclaimed: "That big star?!"

"That's right!" Li Yalin nodded and said, "I always felt that Jamura's kidnapping had something wrong with it from beginning to end. Now it seems that it must be because he set his sights on Stefanie sun. , that's why he caused him to kill himself!"

The subordinate couldn't help but ask: "Boss, what do you mean...the people around Stefanie sun did this?"

Li Yalin frowned slightly and said. "The night that Jamura disappeared, I met Stefanie sun at the Wangfu Hotel. I felt that she was a young girl, and she didn't seem like a person with such ability..."

After speaking, Li Yalin said again: "That Stefanie sun, Although the family's conditions are also very good, compared with the Fei family, it's not a little bit worse..." The

subordinate nodded lightly and said, "If you say that, it shouldn't have anything to do with her, after all, she is a newcomer, even if I have some strength in china, but when I get to New York, I will not show anything, and it is definitely not enough to see in front of the Fei family."

Li Yalin nodded slightly, but unconsciously, the few people who were by Stefanie sun when he saw Stefanie sun that day appeared in his mind. Among them, there was a young man who dared to challenge yogi, which impressed him deeply.

He couldn't help thinking to himself: "What is that young man's identity? If he knows yogi's identity, why would he dare to be so rude to yogi? Will this matter have anything to do with him?"

But thinking about it carefully, he always felt that something was wrong: "It's just a young man, even if he has extraordinary courage, he may not have such a strong strength. If he wants to kidnap Jamura under the eyes of the Fei family, he will still be able to It's not enough to just have guts to keep everything planned... Moreover, the old man and the eldest lady of the Fei family suddenly came back safe and sound. Not only were they not killed by Zaki's men, but Fei Kexin suddenly became Having a new owner, this is also very strange..."

Li Yalin suddenly felt that his brain was not enough.

He knows that these things are very abnormal, and when things are abnormal, there must be a demon, but he just hasn't caught this demon yet.

Moreover, he couldn't catch any useful clues for a while.

So, he turned around, glared at Zaki, frowned and asked: "Zaki, such a big thing happened in the Fei family, I don't seem surprised by your expression, tell me, are you early for these things? Already know?!"

Zaki came back to his senses, waved his hands quickly and said, "Inspector Li...I don't understand what you are talking about...My grandson...he is not such a person..."

Li Yalin Staring at Zaki, he said in a cold voice, "Yes! It's still acting now! There hasn't been such a bad case in the United States for decades. Once the case is confirmed, your Fei family's reputation will plummet. At that time, you didn't cry without tears!"

Fei Kexin stepped forward at this time and said earnestly, "Inspector Li, since these crimes were indeed committed by the Fei family, then the Fei family has already prepared and shouldered the responsibility. The corresponding responsibility!"

Li Yalin nodded and said coldly: "I hope you can bear it!"

After that, he immediately said to the police officers around him: "Close the team immediately! Call all the police officers to immediately return to the station for a meeting! "

The Amazing Son In Law Chapter 4565 (The Charismatic Charlie Wade Chapter 4565)

Up to now, Li Yalin has not cared about Jamura's kidnapping.

After the big scandal broke out, in addition to the anger of the American people against the Fei family, it will also arouse the American people's disappointment with the entire US law enforcement system.

After all, so many innocent girls died abnormally, but the police didn't solve the case, and it was the kidnapper who was hated by everyone before who finally exposed the incident.

Now that's all right, the kidnapper instantly became a hero who was applauded by the world, and Jamura, who was originally sympathized by others, suddenly became the object of scorn and insults all over the world.

In addition to the Fei family, the New York police also suffered from a plummeting reputation.

Therefore, Li Yalin must study the current situation with his leaders and colleagues, and find a way to save the face of the New York police a little bit.

On the way back to the police station by car, Li Yalin was upset, thinking that so many clues were always unclear, so he planned to call his old friend Asher.

For Li Yalin, Asher is not only his good brother for many years, but also a good teacher and friend.

He is hot-tempered, while Asher is relatively mild, so the two not only get along well, but the key is to develop each other's thinking.

In the previous chat between the two, you and I speculated that someone will publicly execute the Fei family, and now it has come true, so Li Yalin also wants to chat with Asher about the sudden change in front of him to see if he has any What a different way of thinking.

However, he also felt that it was so late now that it would be a bit reckless to call again, not to mention that he didn't know if the old man of the An family had survived. It was really inappropriate to make a call at this time, so he put the phone away again. down.

It's just that he didn't know that at this time, the An family was chatting hotly around Stefanie sun.

The old lady held Stefanie sun's hand and did not let it go overnight. charlie's aunt, as well as several aunts, also surrounded Stefanie sun, no matter how she liked it.

Stefanie sun herself was a little flattered. She was surrounded by so many people and asked for help. She received a lot of confused gifts, and they were all worthless.

She is also very clear in her heart that the An family attaches so much importance to herself, on the one hand, because she saved the life of the old man with the scattered blood given by charlie, and on the other hand, because she is charlie's fiancée, the An family People miss charlie very much, so those who love Wu Jiwu are very warm and sincere to him.

This also made her extremely happy. In her opinion, the An family will be her solid backing in the future. Once the three-year agreement arrives, if charlie dares to go back on it, I am afraid that the An family will not agree.

However, seeing that it was already late at night, Stefanie sun was also a little worried about the old lady's body. In addition, she had to make final preparations for the performance tomorrow morning, so she really couldn't continue to spend so much time, so she said, "Grandma...it's really time. It's getting late, you must be very tired, you'd better go back to your room to rest early, I'm too embarrassed to continue disturbing you..." The

old lady hurriedly said, "It's alright, grandma is not tired at all, I have been for so many years. Come, the biggest heart problem is that I can't find my eldest grandson. I'm afraid that I won't have the chance to see him again in this life, but if you can come here today, my heart problem is half gone, and it's too late for my grandmother to be happy..."

Stefanie sun nodded, earnestly Said: "Grandma, don't worry, if I have time, I will definitely come to see you and grandpa often!" After speaking

, she continued with a little embarrassment: "Grandma, it is really late today, I will be early tomorrow morning. I still have to do the final rehearsal for the performance, I have to fly back to New York almost now, take a nap on the way, and it's almost dawn." The

old lady then realized that Stefanie sun still had her own business to do, so she hurriedly said: "Oh, grandma was negligent, I didn't expect you to have something else to do..."

After that, she hurriedly said to her eldest son, Asher, "Asher, go and arrange a plane, I will accompany you to New York with Tablita, We'll be there to cheer her on when the nan nan concert is on."

Asher nodded and said, "Then I'll make arrangements."

When Stefanie sun heard this, she was instantly furious.

She didn't dare to let the old lady and charlie's aunt go to her concert together. After all, charlie and Claire had already booked to go back and cheer for her. recognize him.

Although Stefanie sun very much hopes that charlie can put down her grudges and recognize her grandmother's family, she also respects charlie's own choice. Since charlie is not ready yet, she should not accelerate this matter.

Otherwise, charlie would definitely feel uncomfortable.

So she hurriedly said: "Grandma, don't be so frustrating. My concert is not just a New York show. It will be a tour in Los Angeles in a few days. You can support me directly at your doorstep."

Said After that, she paused slightly and continued: "Besides, although Grandpa's body has recovered, other symptoms have not eased. It is better for you to stay by her side to take care of her at the critical moment."

charlie's aunt Tablita also said. : "Yeah Mom, Dad's memory hasn't recovered. You'd better stay with him. There are many concerts in North America. We can join her when she comes to Los Angeles. Everyone will make arrangements in advance. It's a good time, we can go together, if Dad is in better condition, even he can go to the scene together, why do you have to go to New York at night." The

old lady hesitated for a moment and sighed slightly.

She had been persuaded by her daughter in her heart, but she still couldn't help holding Stefanie sun's hand, and said with a bit of choking: "Stefanie...grandmother is really reluctant to let you go...grandmother is really happy that you can suddenly appear today. It's incredible, I really want to keep you by my side for a longer time, otherwise you will leave so soon, and grandma still thinks it's all like a dream..."

Stefanie sun hurriedly said: "Don't worry, grandma, wait until I'm done. After the farewell concert during this period of time, I completely quit the show business, and then there will be time to accompany you!" After

speaking, she hurriedly added: "Maybe I will find brother charlie soon, by that time, The two of us will come to Los Angeles to accompany you!"

As soon as the old lady heard this, tears burst into her eyes again. She held Stefanie sun's hand and said seriously, "Okay! Grandma believes that we will definitely find Charlie! I'm still waiting to see you two get married, wait, etc. I'm hugging my great-grandson! By then, your family will settle in Los Angeles and accompany grandma well..."

Stefanie sun nodded her head seriously, and said seriously: "Don't worry, grandma, we will all accompany you at that time!" The

old lady was relieved He nodded again and again, stretched out his hand to wipe his tears, and said, "Good boy, since you have something to do tomorrow, grandma won't leave you more, but you saved your grandfather's life, and we didn't have time to thank you. I'm sorry, and you are still my future granddaughter-in-law, so far away, you haven't stayed at home for one night..."

Stefanie sun hurriedly said, "Grandma, you already said that I am your future granddaughter-in-law, then follow me. What are you doing so politely... Tonight is really not allowed, but don't worry, I will definitely come to see you often in the future, and then I will eat and drink at the Anjia every day, and I won't leave if you drive me!"

"Okay!" The old lady said with great relief: "With your words, grandma will be relieved!"

After that, she stood up and said, "Go, grandma will take you on the plane!"
