

The Amazing Son In Law Chapter 4583 (The Charismatic Charlie Wade Chapter 4583)

A report from a subordinate made Li Yalin instantly furious.

He really did not expect that not long after Jamura and Qiao Feiyun died, so many corpses were suddenly found in New York, and each of them was a prominent figure.

He subconsciously blurted out and asked, "Has the forensic doctor gone?!"

The subordinate replied: "Go, even the FBI has received rumors and sent someone to investigate."

Li Yalin asked with a black face: "When did these people die?!"

"Last night." The subordinate blurted out: "The forensic doctor said that the time of death did not exceed eight hours."

"Damn it!" Li Yalin said without hesitation: "It must be the same group of people who killed Jamura..."

After speaking, he immediately ordered: "Hurry up and let them transfer all the bodies to the morgue of the autopsy center, don't let any media approach, and don't allow anyone to be interviewed by the media! If anyone dares to secretly release news to the media, once they are caught Stay, I can't spare him!"

The subordinate hurriedly said: "I'll tell them now!"

The subordinate turned around and left, and Li Yalin slammed the ashtray to the ground, and the glass ashtray fell to pieces in an instant.

At this time, his heart was already burning with anger.

He really didn't expect that just after he said that New York can't be dead, the echo of those words hadn't completely dissipated in this room, and so many murders immediately occurred.

What he didn't expect was that this group of people dared to play so big in New York, which didn't take the New York police seriously at all!

This reminded him of what happened to the Tokyo Metropolitan Police Department some time ago.

In the days of the Tokyo Super Smash Bros., the Tokyo Metropolitan Police Department should have faced the same situation as himself.

Thinking of this, he thought of Xion who entered the country with Jian and Fei Kexin.

He couldn't help thinking to himself: "Could it be that this time it was Xion's handwriting?! Good! Then I'll go meet her for a while! Let's see how capable she is!"

After making up his mind, Li Yalin picked up the landline on the table, dialed a cornet, and instructed: "Let the people in the second team get ready and set off in two minutes!"

After he finished speaking, he hung up the phone and found that his mobile phone had not been hung up, so he picked it up and said to Asher, "Asher, I have something urgent to deal with, so I won't talk about it."

Asher said, "Old Li, I advise you not to try to conceal this matter, because it won't be long before the murderer will take the initiative to release videos and evidence with these dozen people."

Li Yalin asked, "Do you mean that, like Jamura, these people have done a lot of unconscionable things?"

"Definitely." Asher said, "Although the murderers behind the scenes are extremely vicious, to be honest, what they have done can be regarded as punishing evil and promoting good, eliminating violence and peace, so I believe that they will not kill for no reason. Once killed, it just proves that these people must be very guilty."

After speaking, Asher said again: "With their behavior, this matter will definitely be exposed at a suitable time period, and everyone will know it by then, so you don't need to hide it for now, it's better to be open and honest, an initiative to announce to the public."

Li Yalin let out a long sigh and said helplessly: "Hey! The impact of this incident on the New York police is too bad. If we announce it now, I'm afraid it will make headlines immediately. In less than a minute, the mayor and councillors will be on the phone. All the calls came, and I still don't know how to deal with it..."

After that, he added: "It's impossible to hide this kind of thing, so I have to leave the police station first, in case any scandal is exposed later, let the director explain to the mass media, I just happened to be Take this opportunity to hide, I'm about to retire, and I can't be the enemy of the whole people before I retire."

Asher said: "It makes sense, it's good to avoid right and wrong, then you pay attention to safety, we will contact you if there is anything."

"Okay!" Li Yalin hung up the phone, hurriedly packed his things, and hurried out of the police station.

As soon as he got in the car and was about to go to the Fei Manor, his mobile phone received a push from the world's largest video software.

And the title of the push made him shocking: Thirteen murderers related to Jamura in New York were executed by a mysterious force last night!

He hurriedly clicked on the push, and was horrified to find that the other party had exposed many videos related to the torture, and the protagonists of these videos were no longer Jamura, but the thirteen who were discovered in the Hudson River today. dead!

Compared with Jamura's behavior, these thirteen people can only be said to be even worse, and the cruel methods are outrageous.

At the end of the video of their torture, there is a video shot on the sea in the middle of the night.

In the video, the thirteen people who were executed, like dumplings, were thrown from the boat into the water one by one. The video shooter used a strong light to give each of the thirteen people a close-up of their faces. It was obvious that they were all dead. It was very tragic, everyone was dying, and their eyes were full of horror.

Every time a face is given to the video, the screen will pause for a short time, and then the letters will type the person's name, origin and related information next to it.

Each of these thirteen people is the son of a wealthy family with a great reputation in New York, and each of them is the descendant of a wealthy family worth tens of billions of dollars.

Once the video was released, it once again detonated the entire Internet, and the media followed up with reports in the shortest possible time.

The extremely angry people criticized these thirteen people and their families on the Internet, which soon caused all ordinary people, the middle class, and the upper class to hate groups.

For a time, everyone in the upper class in New York was in danger, for fear that after this incident, the whole society would stare at every member of the upper class and dig up all their scandals.

Li Yalin's immediate boss called him immediately and asked him to prepare a press conference immediately, express his position to the media and the public, and stabilize people's hearts.

But Li Yalin refused to accept such an assignment, and blurted out: "I'm on my way to the autopsy center now, let someone else do this."

The boss said angrily: "Jamura disappeared in your jurisdiction, and there are so many cases in the future, and it should be attributed to you. Of course, it is most suitable for you to come to the press conference at this time! "

Li Yalin said without hesitation: "Either you let me go to the autopsy center, I will try my best to find clues and solve the case, or you can just give me a happy word, I will retire immediately, I will retire on the spot. I really don't want to participate at all!"

When the boss heard this, he immediately said angrily: "Inspector Li! Don't threaten me with retirement in place! Even if you want to retire early, it must be after the press conference!"

Li Yalin also gave up and said, "In this case, I promise you with my personality that I will directly announce the news of early retirement at the press conference. As for this case, I will not say a word or even a word. !"

"You..." The boss was furious for a while, but in the face of Li Yalin's attitude that a dead pig is not afraid of boiling water, he had no choice but to say angrily: "I will stand up for you first in this matter, but you are the most important. So that we

can solve the case quickly! Otherwise, even if you retire, you will still be pointed at on the streets of New York!”

When Li Yalin heard this, he immediately said, “Don’t worry, if this case can’t be solved, I, Li Yalin, will hold a press conference and personally apologize to the people of the United States!”
