

The Amazing Son In Law Chapter 4585 (The Charismatic Charlie Wade Chapter 4585)

After hanging up his boss, Li Yalin immediately said to his subordinate, "Stop going to the autopsy center, go to the Fei Group!" The

subordinate asked hurriedly: "Inspector, what are you going to do in the Fei Group? The Fei Group will immediately The press conference is about to be held, and all the media in New York are there, why don't you go here at this time...isn't it..."

When the subordinate said this, he stammered and hesitated for a long time without saying anything.

Li Yalin asked in a cold voice, "Isn't it what? You f*cking say it!" His subordinates

could only muster up the courage and bite the bullet and say, "Isn't that equal to...self...self-involved?"

Li Yalin gritted his teeth and cursed . Said: "F*ck you! I'm a policeman, not a murderer, how can I be considered a self-inflicted stalker?"

The subordinate blurted out anxiously: "But those media are waiting to interview you..."

Li Yalin knew that his subordinates It's not wrong.

With so many major cases happening overnight in New York and the deaths of so many innocent women, what journalists all over New York want to interview the most is the police chief.

The above has also issued an order long ago, without the permission of the above, no one is allowed to accept media interviews without permission.

The reason why we are so afraid of media interviews is that under such circumstances, the police have long been the target of accusations by the media and the public.

As long as they take the opportunity, no matter who is interviewed, they will definitely be criticized by them.

Therefore, the above is not allowed to accept interviews, because they are afraid that the policemen will be speechless and red-faced when asked by reporters, and they will be photographed by the media and broadcast to the whole country and even the world.

This is why Li Yalin lied to his boss and said he was going to the autopsy center.

If he said that he wanted to go to the Fei Group and saw that Xion, I'm afraid his boss would have scolded him long ago.

However, there is no other way for Li Yalin right now.

The only clue he can grasp is that Xion and Fei Kexin came to New York together, so if he wants to know whether the Wanlong Palace is behind this incident, Xion is the only breakthrough.

So, he said firmly to his opponent: "Don't say anything from now on, don't ask anything, just do what I tell you to do, and you can do what you are obedient to. If the blame comes down, I will take care of everything." When my subordinates heard this and knew that Li Yalin had made up his mind, he didn't say much. He immediately picked up the

walkie-talkie and said to the cars behind him, "Don't go to the autopsy center. Follow me." moment. There are only five minutes left until eight o'clock. The release hall of the Fei Group was not only full of seats, but even the aisle was full of people. Various media have set up all kinds of long guns and short guns, for fear of missing every shot and clip of the press conference. In addition, many media have also carried out simultaneous live broadcasts, which are broadcast live to the world through the dual platforms of cable TV and the Internet. Because Jamura's case has caused a sensation all over the world, at this moment, not only people in the United States are paying attention to this press conference, but people in other countries are also watching in different time zones, different time periods, and through different online platforms. Follow the broadcast of this conference. In the lounge next to the release hall, Fei Kexin, wearing a black mid-skirt and a white shirt, was ready to take the stage, with a calm expression and a bit of confidence. The three generations of Jian, Zaki, and yogi all looked nervous. They don't know what is waiting for them for a while, maybe as soon as they walk into the release hall, countless people will take off their leather shoes and throw them at them. As Jamura's father, yogi was the most nervous in his heart. After all, he also knew that his son was not a godfather. Now that Jamura is dead, the first punching bag that people think of should be him.

Seeing that the time was getting closer and closer to eight o'clock, he said to Fei Kexin uneasily: "Ke Xin... I won't go up in a while..."

Fei Kexin said decisively: "Today's press conference, None of the four of us can be missing!"

yogi said in a panic, "I'm afraid that if I show up later, I will immediately arouse public anger. If it affects the rhythm of your press conference, it will be a big problem..."

"It doesn't matter . ." Fei Kexin said without leaving any room: "After you, uncle and grandpa take the stage, you don't have to say anything or do anything. It's up to me, you just need to talk to me when I apologize. I'll apologize together, and I'll just bow with me when I bow."

yogi wanted to say something, and Jian next to him shouted coldly: "yogi! Your son has made such a big disaster, you are a father. If we don't show up, how will others see our Fei family?!"

yogi said in shame, "Grandpa, you're right..."

Jian looked at him coldly, and then looked at Zaki who bowed his head and said nothing. Coldly said: "Including me, everyone in the Fei family must obey Kexin's orders, otherwise, get out of the Fei family as soon as possible and go outside to be a relative!"

yogi shrank his neck and said quickly: "I know Grandpa..."

At this moment, Xion, who was in a black suit, pushed open the door, strode to Fei Kexin, and said, "Miss Fei, there is one last minute."

"Okay." Fei Kexin nodded and asked: "Xion, Mr. Wade can't come?"

"Yes." Xion said: "Mr. Wade was watching the live broadcast in the hotel, and he asked me to tell you seven words to kill him. Afterwards."

Fei Kexin pursed her lips and nodded vigorously: "I see... Thank you Mr. Wade for helping me!"

After that, she took out her phone and looked at it, there were forty seconds left until eight o'clock exactly. , so she turned off her phone and said to the three grandparents around her, "It's almost time, let's go out!"

Jian, Zaki, and yogi all had stern expressions on their faces.

In their opinion, the upcoming press conference is like stripping them all out for a parade, making them feel uneasy in their hearts.

But up to now, they didn't have any room to retreat, so they could only walk behind Fei Kexin and walked out of the lounge.

The main entrance of the lounge is directly connected to the staging passage of the release hall.

After the four people passed through the several-meter-long passage, they appeared directly on the side of the stage in the release hall.

The reporters, who had been looking forward to it for a long time, saw someone appearing from the passage. Regardless of whether it was 37 or 21, all the cameras were aimed at the entrance. Suddenly, the shutter sounded like a hundred thousand mice. The clip is triggered at the same time in an instant.

The reporters, out of professional instincts, found out after the first round of photos that the first person to come out of the entrance was not Zaki, the head of the Fei family!

The great change that took place in the Fei family last night has not been officially announced to the outside world.

Therefore, when people saw a young and beautiful woman taking the lead from the entrance, they were all shocked and speechless.

Many people didn't even know who Fei Kexin was, so they all whispered below, wondering what exactly this woman did.

Many media reporters even scolded preconceivedly: "These men from the Fei family are too shameless, they pushed a girl out as a shield at a critical moment!"

This kind of voice instantly aroused everyone's approval.

However, no one expected that when Fei Kexin walked to the podium and said the first sentence standing behind the microphone, a bomb was dropped in the crowd:

I saw her lips parted lightly and said calmly. : “Hello, friends from the media, I’m the new chairman of the Fei Group, Fei Kexin!”

The Amazing Son In Law Chapter 4587 (The Charismatic Charlie Wade Chapter 4587)

Fei Kexin’s eloquent words caused an uproar in the entire scene.

No one expected that the Fei family would change a new chairman at this critical moment.

What’s even more unexpected is that the new chairman is actually a woman.

You know, even in the United States, the patriarchal ideology of those big families is extremely serious.

There are so many families in the United States, with a family of more than 10 billion, almost no family will give the position of leader to a woman.

And, still such a young woman.

However, looking at Fei Kexin’s back, the previous Patriarch Zaki and the previous Patriarch Jian were all listed.

This also means that the young Fei Kexin is not joking with everyone.

With the previous two family owners standing for her, she must be the leader of the new generation of the Fei family.

The crowd was shocked.

They really couldn’t understand why Fei made such a decision. Even if they need to find someone to take the blame, or find someone to be a shield, there is no need to give up the position of the head of the family, right?

If he can become the head of the family after carrying such a pot, and he is also the head of the Fei family with assets of nearly one trillion US dollars, then I am afraid that no one will refuse.

Just when the media reporters were horrified, Fei Kexin went straight to the point and said, "I believe that everyone here should have seen the series of videos that were exposed on the Internet yesterday. Me and the rest of the Fei family, Just like you, I didn't know about these unforgivable crimes that Jamura committed until yesterday."

When many people heard Fei Kexin say that they only learned about these things yesterday, they immediately felt that Fei Kexin was about to start dumping the blame.

One of the young male reporters, facing the others at the moment, said: "I think she will definitely say next that we don't know anything, everything Jamura does is his personal behavior, and we It doesn't matter, we are the victims of the bullshit! What a f*cking shit!"

And the viewers who watched the live broadcast in front of TVs, computers and mobile phones also had similar thoughts in their hearts.

They have seen a lot of this, the big family throwing the pot at a critical moment.

Therefore, they also expected that the Fei family would definitely use this method to whitewash themselves.

However, no one expected that Fei Kexin followed up and said with great piety: "Although we only knew all this last night, our Fei family still has an unshirkable responsibility for what Jamura has done. !"

As soon as Fei Kexin said this, the reporters at the scene and the audience watching the live broadcast immediately cheered up.

This sentence bears an unshirkable responsibility, and in the eyes of reporters and audiences, it is already an extremely rare wording.

Because, in similar situations in the past, even if the big family has a good attitude of admitting their mistakes, they will only admit a secondary responsibility at most, such as their own ineffective supervision.

The Amazing Son In Law Chapter 4588 (The Charismatic Charlie Wade Chapter 4588)

It is extremely rare for Fei Kexin to directly put the words “major responsibility” on himself as soon as he comes up.

At this time, everyone put away the contempt just now and began to concentrate on what Fei Kexin said next.

At this time, Fei Kexin said earnestly: “The reason why I say that our Fei family has an unshirkable responsibility is mainly in the following aspects;”

“First, the Fei family’s education to Jamura is indeed extremely inappropriate! The Fei family failed to establish a healthy and kind outlook on life, worldview, and values for him, which made his character and behavior style continue to go to extremes, and even brought great influence to the society. Such a serious injury, this is the fault of the Fei family!”

“Second, although the Fei family has not done anything to Jamura, there is a great negligence in supervision! Jamura has been doing bad things for so many years, and we didn’t know all this until yesterday. This is an obvious dereliction of duty within the Fei family! If we could find out his problems as early as possible, he wouldn’t be able to hurt so many innocent women, so this is also the fault of the Fei family!”

“Thirdly, the wealth, status, and resources of the Fei family have inadvertently become the key factors in helping the tyrants and making Jamura continue to commit serious crimes. Having committed so many felonies, this is still the fault of the Fei family!”

Fei Kexin said three points of the Fei family’s faults in a row, which immediately made everyone stunned.

In the eyes of everyone, Fei Kexin’s remarks did not show any partiality or shirk responsibility. On the contrary, she took the initiative to recognize all direct and indirect responsibilities, which really made everyone feel good about her. Attitudes have changed a lot.

At this time, Fei Kexin continued: “Besides this, I would like to make a statement, that is myself, and I just took over the Fei family last night, so whether there is anyone else in the Fei family involved, I still don’t know. I can’t guarantee you 100%!”

“However, what I can promise you is that in the coming days, the Fei family will actively cooperate with the police and conduct in-depth investigations into every member of the Fei family and employees of the Fei family!”

“At that time, we will disclose all the investigation contents to the public. Once we find that other people are involved, we will not tolerate it!”

Fei Kexin’s remarks threw a thunderbolt in the hearts of reporters and audiences!

It is very rare to admit that Jamura has education problems, improper supervision, and potential accomplices at this time, but what everyone didn’t expect is that Fei Kexin would have to conduct a thorough investigation of the Fei family.

As soon as these words were said, everyone understood that Fei Kexin really wanted to solve all problems completely, without any hypocrisy or perfunctory elements.

As a result, some reporters in the audience could not help but applaud.

Their attitude towards Fei Kexin also changed drastically at this moment!

At this time, Fei Kexin continued: “In addition to cooperating with the investigation, digging out all the garbage in the Fei family, and completely removing it, we still have an extremely important thing to solve, that is, start the investigation of all the families of the victims. compensation work!”

As soon as these words came out, everyone was staring at Fei Kexin.

Taking the initiative to compensate the family members has raised the attitude of dealing with the problem to a new level.

Therefore, everyone wants to know how Fei Kexin is going to deal with the compensation for the families of the victims.

Fei Kexin said very seriously at this time: “Before I disclose the compensation method, I would like to express an attitude, that is, we know very well that no matter how much compensation is made, it is impossible for the victim to come back to life, and it is impossible to bring the victim back to life. It is impossible to completely make up for the trauma in the hearts of the victims’ families, but we are still willing to do our best to help the victims’ families solve their future life problems, so as to keep them away from grief as much as possible.”

Speaking of this, Fei Kexin paused slightly and said loudly, “So, I hereby officially announce that the Fei family will pay a one-time payment of one billion yuan to the families of every victim who was killed by Jamura. Dollars as compensation!”
