

The Amazing Son In Law Chapter 4589 (The Charismatic Charlie Wade Chapter 4589) –

“Billion dollars ?!”

Fei Kexin’s remarks caused the whole world to be in an uproar in an instant.

In a third world country, the civil compensation attached to a human life is only a few thousand dollars;

In developing countries, it is only tens of thousands of dollars at most hundreds of thousands of dollars.

In developed countries, there are often cases with very high compensation, but tens of millions of dollars have already peaked.

Moreover, the compensation of up to tens of millions of dollars is generally obtained by top lawyer teams.

So, what the victim can really get is only a small part of it, and most of it goes into the lawyer’s pocket.

As soon as Fei Kexin spoke, it was one billion US dollars per person. What is the concept? ! It is almost equal to a listed group to each victim’s family!

The video data showed that there were at least twenty girls who died in Jamura’s hands.

This also means that the Fei family has to spend at least more than 20 billion US dollars to solve this matter.

This... This can no longer be described as being rich and powerful.

This is simply no cost, no cost!

Therefore, at this moment, Fei Kexin's image became unusually tall in the eyes of everyone.

What kind of courage can make this woman pay one billion dollars for each person when she opens her mouth? !

Moreover, a billion dollars is enough for any family, anywhere in the world, to live a life of top luxury, and spend more than a few lifetimes.

This kind of compensation is simply unheard of! And impeccable!

I don't know who applauded first, so the whole release hall became thunderous applause, which lasted for a long time!

Jamura's actions really made everyone grit their teeth, but Fei Kexin's attitude and proposed solution really convinced everyone.

Not shirking any responsibility, not avoiding any sensitive factors, and at the same time making up for faults at all costs, Fei Kexin's solution has made it impossible for anyone to pick out any faults.

Therefore, at this moment, everyone's negative emotions towards the Fei family instantly vanished.

However, Fei Kexin is not over yet.

She waited for a few minutes and didn't wait for the applause to stop, so she could only stretch out her hand to signal everyone to stop applauding.

After waiting for another minute, the applause finally stopped.

Fei Kexin continued: "As for the payment of this money, we will fully communicate with the police first, and after confirming the identity of the victim, we will take the initiative to contact the victim's immediate family and pay the compensation to the victim's immediate family; if the victim has no immediate family, we will donate the money to the women and children rights protection organization in the victim's birthplace, and we will disclose the donation details to the whole society and accept the supervision of the whole society."

When Fei Kexin said this, the audience burst into applause again.

So far, no one has seen any wealthy aristocrat who can handle their own scandals beyond expectations.

In the past, after those giants made mistakes, the first thing they did was to clear the relationship. If they really couldn't clear the relationship, they found a lot of reasons to argue for themselves, and even just pretended to be deaf and didn't respond.

However, Fei Kexin's handling of this matter was perfect in everyone's eyes. For all the top families, it was a textbook crisis PR.

However, the price of this public relations is really big, and the first word is 20 to 30 billion US dollars in compensation. Even the top rich people may not have such courage.

Seeing everyone applaud his solution, Fei Kexin finally breathed a sigh of relief.

She knows that this crisis PR has been successful.

Although he represented the Fei family and took most of the responsibilities on the Fei family, but because his attitude was sincere and the plan was reasonable enough, he was tolerated by the people.

This is what charlie said, put it to death and then live.

Standing up straight and being beaten is always better than being scolded with your head covered.

Being beaten is just this meal, as long as you don't get beaten to death, you will be able to stand up and be a man in the future.

However, once you choose to hide with your head covered, you are doomed to hide for the rest of your life, and you will never be able to stand up for the rest of your life.

Not to mention a family, even a country.

For those countries that have waged wars of aggression, those who choose to admit their mistakes and make active compensation have been

forgiven by the vast majority of people, while those countries that never repent and never admit their mistakes have been nailed to the pillar of shame.

At this time, Fei Kexin faced the media reporters and continued: “Here, I want to solemnly declare that we do not simply want to use money to solve all problems, we just want to try our best to make up for the harm Jamura has brought to these families. At the same time, we do not dare to ask for the forgiveness of the victim’s family, we only hope that they can welcome their new life after the great grief.”

Having said this, she paused for a moment, then added: “Even though Jamura has been severely punished, the guilt in our hearts is still difficult to calm down. Here, on behalf of all the members of the Fei family, I would like to express my condolences to every victim, their families, and their families. The people of the United States and even the world express our most sincere apologies! I’m sorry!”

As soon as the words fell, Fei Kexin walked out of the podium and bowed deeply to everyone.

Afterwards, Jian, Zaki, and yogi also quickly followed her and bowed deeply to apologize.

After a long time, Fei Kexin stood up straight and said loudly: “From today onwards, we will disclose the progress of the compensation work to the outside world every day. I will instruct the technical department of the group to develop the homepage of the group and add a real-time information release later. At that time, everyone can see all the follow-up details of this matter on the official website of the Fei Group, and if there is a major event, we will also hold a press conference to announce it to everyone.”

After that, Fei Kexin continued: “That’s all for today’s press conference, thank you everyone! Thank you!”

The press conference was over, and the public opinion about the Fei family, from the initial accusations of the whole people, suddenly turned into compliments.

Fei Kexin’s handling made everyone speechless, and also made the vast majority of people admire her. In front of the TV and on the Internet, people were full of praise for her.

After charlie watched the whole press conference in the hotel living room, he also recognized Fei Kexin’s normal performance very much. He knew that as long as Fei Kexin could fulfill her promise, the Fei family would be over.

However, his wife Claire was still watching TV at this time, speechless in shock.

After a long time, she asked charlie blankly: “Husband...this Miss Fei...it should be Zhan Feier? I think she is very similar to Mayfair in every way, even the voice is very similar...”

Before that, Fei Kexin had been approaching Claire under the pseudonym Zhan Feier, and even became good friends with Claire. After Jian was usurped by his son some time ago, after charlie asked Xion to bring Fei Kexin on board, Claire lost her contact information.

During this period of time, Claire had been worried about Fei Kexin’s safety, but after watching the Fei family’s press conference today, she

found out that Fei Kexin, who was wearing a professional suit at the press conference, was with Zhan Feier's. The similarity was as high as 90%, so that her whole person fell into a kind of daze.

At this time, Charlie could only pretend to be stupid and say, "It does look alike, but I'm not alone, I can't say..."

Claire said a little decadently: "It should be alone... I haven't been able to contact her recently, and I thought something happened to her..."

After that, she looked at Charlie and asked with a puzzled face, "Husband, what do you think she hides her identity from me?"

The Amazing Son In Law Chapter 4591 (The Charismatic Charlie Wade Chapter 4591) -

Before graduating from university, Claire was betrothed to Charlie by her grandfather in advance. After the two got married, she has been working as a transparent person in the Wilson Group, so apart from seeing the dangers of the Wilson Family, she didn't really know much about it. Many life experiences.

In her limited social experience, she really couldn't understand why a person should use another identity to make friends with others.

The other party is deliberately trying to harm herself, so she can naturally justify using a fake identity.

However, Fei Kexin not only did not deceive herself in her interactions with herself, but she did a big favor to herself by introducing herself to her idol Kelly West, and even won herself a master class 's quota.

Therefore, she couldn't understand the reason why Fei Kexin did this.

However, Fei Kexin's hidden identity still made her feel very depressed, because she really regarded Fei Kexin as a good friend, but she never thought that in the end, her good friend's identity was fake.

Claire's eyes reddened when he thought that he had put his heart into it, but didn't even know the true identity of the other party.

Seeing her depressed mood, Charlie knew that she must be a little disappointed, so he comforted her: "Wife, you don't need to think too much, you see that she has such a big background and her family is worth trillions of dollars, so she must not reveal her true identity, Otherwise, I don't know how many people will be thinking about it."

Claire sighed softly and said, "I can understand what you're saying, but I still feel deceived. You know that I don't have many friends, and I really consider her a good friend..."

Charlie felt melancholy when he heard this.

He couldn't imagine how Claire would feel if he knew his true identity.

So he could only excuse Fei Kexin: "Wife, you don't have to be so sad about this, I think she must have her own difficulties, and Zhan Feier's identity is not necessarily fake, a real rich man, many have several identities, and each identity is real, but the nationality and name of each identity are different, maybe she just chose to use the identity of Zhan Feier to go to China."

“Really?” Claire seemed to feel better when she heard Charlie’s explanation, but she still asked with some doubts: “Then why do these rich people have so many different identities?”

Charlie smiled and said: “As the saying goes, there are still three caves for the cunning rabbit, let alone the top rich? Some countries do not allow citizens to have dual or multiple nationalities. In this case, they have to use multiple identities to solve this problem. It’s like you often watch the agents in the movies, each agent has several passports, several identities, and that’s normal.”

After speaking, Charlie continued to comfort: “You think, since she is the daughter of the Fei family, she has traveled to China so far, and she is unfamiliar with the place of life. If she is using her true identity, in case she is kidnapped what to do?”

Claire nodded understandingly and said seriously, “You’re right, I’m a little narrow-minded...”

Charlie smiled and said: “You are not narrow-minded, you are too easy to put your true feelings into people, so you can’t accept it all of a sudden.”

After speaking, Charlie said again: “Oh, by the way, I have seen some information about this Miss Fei on the Internet before, and you also saw it at the press conference just now. There are three men standing behind her, the oldest one. The old one is called Jian, the original owner of the Fei family, but his son Zaki has a lot of power not to mention, and his son is said to have wanted to kill him at one time to avoid future troubles.”

The Amazing Son In Law Chapter 4592 (The Charismatic Charlie Wade Chapter 4592) –

“Ah?” Claire exclaimed: “How can there be such a bad person, even his biological father?”

charlie nodded and said, “In the face of powerful interests, no relationship is 100% reliable.”

After speaking, charlie said again: “I heard a gossip before that Jian and Fei Kexin went missing together some time ago. It was said on the Internet that they must have been killed by Zaki. Now it seems that they should have been killed at the time. It was hidden first, and then returned to the United States to regain control. This can also explain why Miss Zhan, oh no, why Miss Fei left without saying goodbye and suddenly disappeared. It is estimated that she must have been evading pursuit, so she did not follow up. contact you.”

Claire nodded lightly, his depressed mood has eased a lot, and said softly: “If this is the case, it’s really not easy for Miss Fei...”

charlie nodded and smiled, and said, “You don’t have to think too much, since she has become the head of the Fei family, she must have no worries. I believe she will contact you soon and explain the situation to you in person. “

Claire said with some guilty conscience: “To tell the truth, I am quite afraid that she will contact me...”

charlie asked inexplicably, “What’s the matter?”

Claire said seriously: “She is not only the daughter of the top family, but now she is the head of the entire family. Compared with her, a person

like me is simply mediocre and can't be mediocre any more. How can I be qualified to be someone else? friend....."

charlie said seriously: "Wife, don't belittle yourself at any time. In my eyes, you are no worse than anyone else."

Saying that, charlie smiled and said jokingly: "Also, you may think that the other party is the daughter of a big family, so you can't be high, but others may feel that you can't be high because you are Master wade's wife."

Claire thought that charlie was making fun of himself, so he couldn't help but joked and said, "People call you Master wade, you really think you are a master, I'll tell you the truth, since I hit you Showing feng shui to others, I always worry that you will be arrested by the police one day... Just dreaming that you were arrested is not a time or two..."

charlie smiled and said: "Wife, you can rest assured. Looking at things like Feng Shui, one is willing to fight and the other is willing to suffer. How can the police arrest me..."

Claire nodded and said, "I found out later that you and your clients have a very good relationship and they trust you, so I'm not so worried."

Saying that, she asked Charlie, "Husband, are you going to New York today?"

"I'm going." charlie said, "I'll go after taking you to school in a while. Miss sun's first concert will start tomorrow, and I have to open up her performance venue today."

Claire hurriedly asked, “Then can we go to New York tomorrow to see her concert?”

charlie hesitated for a while.

Originally, he really planned to take his wife to see Stefanie sun’s concert.

And there are two games in New York and Boston.

However, since Stefanie sun was ordered to help her go to her grandmother’s house to deliver medicine to her grandfather, charlie felt a little worried in her heart.

He was not sure if his grandmother and the rest of her family would go to her concert to support her out of gratitude to Stefanie sun.

So, when charlie plans to go to New York today, he will also go to the performance venue to take a look. If there is a VIP box with good privacy, that would be even better. If not, then he has to consider making up a pretense and persuade his wife to give up. New York this concert!
