

The Amazing Son In Law Chapter 4605 (The Charismatic Charlie Wade Chapter 4605)

Hearing that charlie was leaving, Arman's expression was extremely complicated.

For charlie, although he has only just met him for a while, because charlie's father is kind to him, and charlie's personality also makes him appreciate him very much, so he also has a very kind feeling towards charlie. Feel.

In particular, seeing that he is now strong and has achieved remarkable results, he is sincerely gratified for bruce.

At a certain moment, he also thought of serving charlie to repay bruce's kindness.

But after thinking about it again, I felt that I was just an illegal immigrant who bought roast goose in Chinatown for more than ten years, and charlie was already a top billionaire worth hundreds of billions of dollars. , in this case, how can I be so embarrassed to say thank you?

After all, when the difference in strength is too great, even if you have a passion for repaying your kindness, in the eyes of outsiders, you are just climbing up and down under the guise of repaying your kindness.

What's more, charlie might not really need his help, maybe he just opened his mouth and only caused him trouble.

Therefore, after thinking about it, Arman gave up the idea of self-recommendation.

What he didn't know was that although charlie was thirsty for talent, he didn't want him to carry a heavy past to serve him.

Therefore, his plan was to first help Arman to be reborn into Nirvana.

Moreover, with charlie's character, before things were done, he didn't like to talk about it, so he didn't reveal half a word to Arman.

At the time of parting, Arman's eyes were flushed, and he said to charlie, "Master Wade, please take care of yourself!"

charlie also said respectfully, "Don't worry, Uncle Arman, I will."

With that said, charlie took out a blood-scattering and heart-saving pill from his pocket, put it in Arman's hand, and said earnestly, "Uncle Arman, this medicine can cure all diseases and heal a thousand wounds, you stay by your side, just in case. need."

Arman hurriedly put the medicinal pill back into charlie's hands, and said in a panic, "Young Master Wade, how can I be under your command... How can I receive such a big gift... Please take it back!"

charlie shook his head, pushed him away with a little force, and said seriously, "Uncle Arman, if my father were alive, he would definitely treat you as a sibling, and I believe you would also treat me as your own, so I am a junior. Yes, it is natural to honor you."

After that, charlie took two steps back, slightly cupped his hands at him, said, "There will be a period later," and then turned to leave.

By the time Arman chased him out, charlie had already left.

At this time, charlie was walking fast without turning his head. Arman looked at the medicine box in his hand and felt like a sting in his throat. Before he knew it, tears were streaming down his face.

After saying goodbye to Arman, charlie drove to Long Beach.

Xion had already evacuated in time, but Abbas and other members of Wanlong Palace were still here.

Therefore, charlie went directly to the villa rented by Wanlong Palace.

Abbas was instructed in the early morning to get rid of all the scumbags in New York who were involved with Jamura, and waited here for charlie's next instructions.

After charlie arrived, he ran out of the villa to greet him in person, and said respectfully, "Mr. Wade, the tasks you gave me have been satisfactorily completed."

charlie nodded and said, "Abbas, you guys did a good job this time, not only did you kill all the scum that deserved to be killed, but you also handled things very

beautifully, you and the other brothers should almost withdraw. The ten billion dollars that the Fei family gave to Wanlong Palace has already been received, and after you go back, build the base of Wanlong Palace.”

Abbas said gratefully, “Don’t worry, Mr. Wade, your subordinates will do their best to not disappoint you!”

charlie nodded slightly and instructed: “Let the brothers evacuate in an orderly manner, and don’t leave any clues to the New York police.”

Abbas hurriedly said, “Don’t worry, Mr. Wade, his subordinates have already arranged for their brothers to deal with this place comprehensively and will not leave any clues.”

charlie looked at the villa and said, “You rent this villa, just buy it with money, and keep it as Wanlong Palace’s stronghold in New York in the future.”

“Okay!” Abbas agreed immediately and said, “Then I will ask my subordinates to talk to the agent today and buy it as soon as possible.”

After that, Abbas said again: “Mr. Wade, I think New York is not very peaceful recently. Do I need to leave some people here to help Miss Fei?”

“No need.” charlie waved his hand and said, “Fei Kexin just sat on the head of the Fei family, if I keep someone by her side at this time and let others see it, there is a big meaning to develop her into a puppet, Don’t cause such a misunderstanding.”

Having said that, charlie said again: “By the way, after buying this villa, you can select a few of the core members of Wanlong Palace with the cleanest identities and let them stay here temporarily in case of an emergency. need.”

“No problem!” Abbas said: “Then the subordinate will make arrangements later.”

“Okay.” charlie nodded and said again: “By the way, Abbas, there is one more thing you need to do.”

Abbas said respectfully, “Mr. Wade, if you have anything to do, you can tell me.”

charlie sighed and exclaimed: "In the videos I exposed, in order to respect the innocent and tragic deaths of girls, their facial features have been blurred, which will definitely affect the subsequent confirmation of the victim's true identity, so You go back and anonymously send the original files of these videos to the New York police, and ask them and the Fei family to identify all the victims, so that the Fei family can complete the compensation as soon as possible."

"Okay." Abbas said, "I will arrange for technical personnel to send an email to the New York Police directly from the overseas server and send them all the video materials."

At this moment, the headquarters of the Fei Group.

A large number of police officers and SWAT special police have already blocked the water around the Fei's headquarters building.

The police blocked every entrance and exit of the entire building, and only one exit was reserved as an inspection channel. All members of the building, whether employees, reporters, or members of the Fei family, must pass through in an orderly manner one by one according to the police's requirements. Exported and fully inspected.

The police conduct detailed checks on each person's identity through facial recognition and fingerprint verification.

Xion's identity is actually very obvious, a young, tall Asian woman.

But the police will still not let any woman of other skin color and age group go, even if they know they are looking for a woman, they will still fully verify the identity of every man, for fear of any negligence, and Xion took the opportunity to escape.

The extremely strict investigation has caused everyone to complain, especially those media reporters who have not had time to leave.

So everyone didn't rush to leave at all. One by one, they picked up the cameras, picked up the microphones, and started reporting on the spot.

For a time, people in the United States were paying attention to the actions of the police. They didn't understand why the New York police made a big deal against the Fei Group. After all, the Fei Group had just done an impeccable public relations crisis. Attention is at an all-time high.

Li Yalin was staying in the temporary command center built on the spot at this time. He firmly believed that Xion would not have the chance to escape because of his sudden arrival today.

Now, what he is waiting for is to bring people in to catch turtles in a urn after clearing everyone from the Fei Group!

At this time, his most trusted subordinate called him.

Seeing the other party's coming, Li Yalin was excited all of a sudden. After getting on the phone, he blurted out and asked, "How is it, did you find the surveillance video of that roast goose shop?!"
