

The Amazing Son In Law Chapter 4613 (The Charismatic Charlie Wade Chapter 4613)

The conversation with the director only lasted ten minutes, but Li Yalin seemed to have aged ten years all of a sudden.

He is very clear about the mayor's intention to retire early, even if he doesn't directly blame himself, but in the eyes of the public, he is still the one who takes the blame.

And letting yourself retire early is a punishment for yourself.

When the time comes, I will exaggerate my contribution to New York, and subtly release a message to people, that is: Although Lao Li did not do a good job this time, this old buddy can be considered a shrewd industry and dedicated to the citizens of New York. For many years, it can be regarded as a lot of hard work. Now this old man knows that he is wrong and has taken the initiative to retire early. Everyone sees that he has worked hard for New York for most of his life, so don't be too hard on him.

Generally speaking, people eat this way.

It's like the conscientious security guard in his own community who has worked hard for half his life. He has been doing his best to protect the safety of this community for half his life. As a result, when he was about to retire, he accidentally let in a group of thieves. Who can blame him more?

Thinking of this, Li Yalin admired the mayor in his heart.

Although this mayor is not Chinese, he has also been a police officer for 22 years, and his methods are very powerful.

This time, he used himself to make a fortune.

With such great public anger, only by throwing yourself out to play emotional cards and taking a pathetic route can you overcome rigidity with softness.

For Li Yalin himself, although this method would make him feel humiliated, he has no other choice right now.

So, he picked up the walkie-talkie and issued his last order as the detective, so that all the members of the special operations team were immediately evacuated from the Fei Group headquarters building.

The withdrawal of the special operations team officially declared the failure of the arrest.

The media reporters were waiting for the police spokesman to explain the situation. Li Yalin, who was more than ten years old, stepped forward to all the media reporters.

At this time, countless reporters with long guns and short cannons tried their best to raise their various questions to Li Yalin loudly.

Li Yalin stretched out his hands to signal everyone to be quiet, and then said, "I'm sorry for taking up everyone's time and the Fei Group. Our arrest operation this time has failed due to mistakes in intelligence and decision-making, and now the special operations team has withdrawn. If it comes out, the Fei Group will be able to resume normal office order immediately."

The media reporter still wanted to ask questions, but Li Yalin said directly: "I know what everyone wants to ask, this time the mistake is mainly caused by me, I have suffered a lot of negative effects on my body and spirit recently, and I have grown old. It's really not suitable to continue to be in charge of such a major case, so I have resigned to Mayor Adams and applied for early retirement."

When the media reporters heard this, they were dumbfounded.

No one expected that this Chinese detective, who has always had a good reputation, would suddenly announce his early retirement.

At this time, Li Yalin said with a face ashamed: "I am deeply sorry about the recent case in New York. It was my negligence as a police officer that I failed to predict the crime in advance and stop the crime. Say sorry!"

After all, Li Yalin bowed deeply to the camera.

Then, without waiting for the media reporter to ask questions, he turned around and left the scene in a car under the cover of several police officers.

Soon, the news of Li Yalin's early retirement announcement was reported by major media.

charlie, who was quietly watching Stefanie sun's rehearsal, also received a push of this news.

Seeing this message, his expression was slightly surprised, but soon returned to normal.

charlie and Li Yalin have no grievances and no enmity, and from the bottom of their hearts, I don't want him to retire early in this way, but Jamura's matter puts the two on actual opposites, so the contradictions cannot be unified, and there must be one side of the two. To bear the bitter fruit of failure for this matter, charlie naturally didn't want to be himself.

Moreover, Li Yalin has already found the clues to Arman's restaurant, and now retiring early is a good thing in charlie's view, at least he will not bring too much pressure to Arman in the future.

On Li Yalin's way back to the police station, his friend Asher also called and asked with concern: "Old Li, what's the situation? Was it used to block the gun?"

"Yes." Li Yalin gave a wry smile and said, "This wave of public opinion offensive is too vicious, and I can only push this old guy out to gain sympathy."

Asher sighed and said, "Actually, you shouldn't investigate those murderers..."

Li Yalin said helplessly: "It's done, it's too late to say these things, and my character doesn't allow me to turn a blind eye to this kind of criminal behavior that uses violence to suppress violence."

Asher hummed and asked him, "Then what are your plans next?"

Li Yalin said: "I'm going back to the police station now to hand over my work, and I will officially start retirement tomorrow."

As he said, he remembered something and said, "Is the old man better now? How about I go to Los Angeles to see his old man. He was seriously ill this time, and I didn't go to see him. It's really hard to say."

Asher said: "You don't have to go to Los Angeles anymore. The old lady wants to go to New York to watch Miss sun's concert, and the requirement is that our

children must also be there. The old man was persuaded by her, and we will go together at noon tomorrow."

Li Yalin exclaimed: "Isn't the old man unable to remember all these years? Why are you willing to come to New York?"

Asher said: "As long as the old man opens his eyes now, the old lady will spend more than an hour to give him a popular science, about his situation and the things he can't remember for nearly 20 years, said Jian Dianjie. I can't wait to say the same Che Gulu words seven or eight times a day, when the old man heard that Miss sun was his grandson-in-law and saved his life, so he agreed to go together."

Li Yalin said: "Then what are your plans for tomorrow? Let's see if you have time to have a meal together?"

Asher said: "Okay, tomorrow we will go to the Anbang Building in Manhattan at noon tomorrow to settle in so many properties. Apart from the manor in Los Angeles, the old man's favorite is the Anbang Building. Why don't you come over for lunch tomorrow at noon? Bar."

Li Yalin sighed: "Anbang Building, was your sister's strong investment back then?"

"Yes." Asher said: "Everything related to my sister, the old man has deep feelings."

"Understandable." Li Yalin said, "By the way, Asher, the owner of the roast goose shop, I always feel that something is wrong with him. While I still have some connections in the bureau, I plan to check it out in the next two days. his bottom."

Asher was silent for a moment, then sighed: "Forget it, Lao Li, whether he really has any secrets or not, I don't plan to seek it out. After all, Miss sun is kind to the An family."

"Understood." Li Yalin said cheerfully, "Then leave him alone."

Asher thanked him: "You have been worrying about Lao Li, let's meet tomorrow and talk in detail!"

"Okay!" Li Yalin said, "Tell me when you arrive tomorrow, and I'll go."

“it is good.”

The two brothers hung up, and Li Yalin held the phone with a complicated expression.

The owner of the roast goose shop, Li Yalin always finds it very strange, not to mention whether he has any secret relationship with Asher, just his relationship with Stefanie sun makes Li Yalin suspicious.

He always felt that the murderer who kidnapped and murdered Jamura should have something to do with Fei Kexin and Stefanie sun.

Now, Fei Kexin’s road has become a dead end. If you want to get to the bottom of it, Stefanie sun is probably the only one!

Thinking of this, he was still a little unwilling in his heart.

At this time, a confidant called, and as soon as the call was connected, he asked the convenience impatiently: “Boss, why did you retire early?!”

Li Yalin smiled and said: “I retire early, which can not only give the public an explanation, but also give the bureau a step forward. It is the best solution at the moment.”

“Hey!” The other party let out a long sigh and said, “This thing is really f*cked up!”

Li Yalin asked him, “By the way, do you have any new clues about the matter you were asked to investigate?”

“Yes.” The other party hurriedly said: “I checked the queue. Although this roast goose shop owner has been in the United States for more than 20 years, he has always been an illegal immigrant, and most likely came from Hong Kong Island, so I have already found Hong Kong. The informant on the other side of the island helped with the investigation to see if he could find out his true identity.”

“Okay!” Li Yalin suddenly regained his energy and blurted out: “Little , although I retired early, you must continue to investigate this matter, maybe there will be big gains!”

the next day.

It happened to be a Saturday.

Claire wanted to go to New York to see a concert, so he suggested to charlie that he wanted to take this opportunity to go to New York earlier, have a stroll in New York, go to the concert at night, and then stay in New York for one night. Night, another day of shopping tomorrow, and come back on Sunday night.

charlie felt that his wife was too hard in class on weekdays, and naturally he wanted to take this opportunity to take his wife to relax.

So, without hesitation, he agreed to Claire's proposal, and then let someone help him book a suite at the Shangri-La Hotel in New York.

After the two had breakfast, they drove to New York.

According to Claire's previous knowledge of New York, charlie first took her to Times Square, and then went to see the famous Statue of Liberty.

While the two of them were playing around, a family of more than a dozen people arrived in New York by two private jets.

After landing safely, charlie's grandmother called Stefanie sun.

At this time, Stefanie sun had already started to prepare for the official performance at the venue at night. Suddenly, she received a call from the old lady. She quickly answered the phone and said respectfully, "Grandma!"

"Hey!" The old lady replied with a smile, and asked cheerfully, "Stefanie, are you busy? Grandma's phone call didn't delay your business, right?"

Stefanie sun lied: "Grandma, I'm not busy, I just sat down to take a break."

"That's good!" The old lady breathed a sigh of relief, and said quickly, "Nan, I brought your grandmother, and your uncles and aunts to New York, and I want to go to your concert tonight to cheer you on. , I don't know if it's convenient for you?"

Stefanie sun was stunned for a moment, and the first thing that came to mind was charlie.

Although she very much hoped that charlie would recognize her grandmother's family as soon as possible, she also knew very well that as long as charlie hadn't made this decision, she could not decide for him.

Therefore, if charlie's grandmother's family also came to the concert today, it might increase the chance of charlie revealing his identity.

However, she quickly thought that charlie had already booked with Zuri yesterday and wanted the VIP box in the middle.

Since charlie is sitting in the box, as long as he pays a little attention, he should not be exposed.

So she said to the old lady, "Grandma, wait a moment for me, I will quickly coordinate with the agent to see if I can make a seat!"

The old lady smiled and said: "I don't need you to trouble you about this matter. I asked your uncle to consult and know that your concert tickets have already been sold out. Your uncle has contacted a few high-priced ticket resellers. Merchant, let him send someone to buy it when the time comes."

Stefanie sun hurriedly said: "It doesn't matter, grandma, let me first ask to see what's going on. Recently, many people have been deceived by buying second-hand tickets online. I asked the agent if there are any reserved tickets. If there are, it will be perfect. solved."

The old lady didn't think much about it and said with a smile, "That's fine, then I'll cause you trouble."

"How could that be?" Stefanie sun said hurriedly, "I'm too happy to see me performing from such a distance!"

Stefanie sun hung up the phone and immediately called charlie.

At this time, charlie was visiting the Statue of Liberty with Claire. When he received a call from Stefanie sun, he said very indifferently, "Hello, miss Stefanie , what's the matter?"

Stefanie sun knew that it might be inconvenient for him to speak, so she lowered her voice a bit and said, "Master wade, the old lady of the An family called me just now and said that she brought the old man and a group of children to New York, and will be here tonight. Watch my concert, what should I do with this?"

Hearing this, charlie couldn't help frowning slightly.

He had vaguely felt earlier that his grandmother's family might come to cheer for Stefanie sun, but he didn't expect that he would really guess.

In order to avoid any direct contact with the grandmother's family, charlie himself didn't want to come to the concert.

But on the one hand, he didn't want to make his wife sad, and on the other hand, there was a VIP box, so he didn't take it too seriously.

Now that I heard that the old lady came with the old man, she opened her mouth and said, "The visitor is a guest, so miss Stefanie might as well entertain him."

Stefanie sun said: "Master wade, I really think so, but there is still a situation. The two old people are old and have a special status. If they really let them watch my performance in the auditorium, I am afraid. It's not very suitable, my idea is to arrange them in the VIP box, so that the two old people can relax."

After a pause, Stefanie sun said again: "I'll arrange a lot of time at that time, let her arrange for you and Mrs. wade to enter the stage first, and then arrange for them to enter. Anyway, there is everything in the box, and you and Mrs. wade will not perform between performances. I won't come out, after the performance, I will let Zuri take them away first, the two of you should not have the chance to meet, what do you think of this arrangement?"

charlie thought for a moment, then readily agreed, and said, "This arrangement is quite reasonable. As long as it can be ensured that people on both sides do not enter and exit at the same time, it should have no effect on Feng Shui."

Stefanie sun understood what charlie said, so she said, "If that's the case, I'll give the old lady a clear message, and I'll arrange for them to be separated from you in a box, so that it will be more secure."

"No." charlie said, "Just let the two sides be next to each other, it doesn't matter."

For charlie, he was also somewhat selfish.

For so many years, he has not seen his grandfather and grandma again, but his feelings for grandma are still relatively deep in his heart.

After his parents' accident, he complained about his grandfather and grandpa in his heart, but he never complained about his grandmother, because he knew that grandmother was very good to his family of three. Although he didn't meet much when he was a child, she still loved him. Remember very clearly.

Therefore, charlie also wanted to take this opportunity to get closer to his grandmother.

Stefanie sun guessed what charlie was thinking, so she said, "Then I will let Zuri arrange them next to you."

"it is good."

After hanging up the phone, Claire asked curiously, "Husband, is it miss Stefanie's call?"

"Yes." charlie nodded without concealing.

Claire asked in surprise: "miss Stefanie will start the show in another afternoon. She should be very busy at this time. Why did she call you at this time?"

charlie said: "miss Stefanie invited some special guests today, and wanted me to see if it would affect Feng Shui. I gave her an idea to minimize the impact."

Claire asked in surprise: "Will the guests affect Feng Shui?"

charlie casually smiled and said, "That's nature! In terms of feng shui, every grass and every tree will affect feng shui, not to mention people. Strictly speaking, whether a person walks out with his left foot or his right foot first in the morning will affect him. The luck of the day."

Claire asked in surprise: "Is it really so mysterious? Which foot is first has an impact?"

"Of course." charlie said with a smile: "If you step on the left foot first, you may go out smoothly and be safe all day, but if you step on the right foot first, the smooth steps of the whole day will be disrupted. Maybe it was because I changed my right foot to go out, and when I went down the stairs, my left foot rolled down the stairs and went to the hospital, or it was because I changed my right foot to go out, and after going out behind, my left foot accidentally stepped on the dog. shit;"

"And these things, if he steps with his left foot first when he goes out, he can just avoid it naturally. This is the butterfly effect in Feng Shui."
