

The Amazing Son In Law Chapter 4621 (The Charismatic Charlie Wade Chapter 4621)

Hearing that there seemed to be a lot of stories in Li Yalin's words, Mr. An said, "It's okay, it doesn't matter how long the conversation is, let's chat slowly at the dinner table in a while."

Mr. An has just walked away from the gate of hell. In addition, he has serious memory problems, so he has absolutely no idea about the most lively things in the United States right now.

However, he has a deep understanding of Li Yalin. He knows that this kid is very stubborn, and it is reasonable to say that it is impossible to admit defeat at any time, so he is more curious about what he has experienced.

Li Yalin knew that it was impossible to explain clearly to the old man in three or two sentences, so he said vaguely: "Okay, Uncle An, I won't bother you with my nonsense, I'll accompany you later. You have two drinks!"

The old lady hurriedly said: "Yarin, you can't let Uncle An drink. If he drinks again with this brain, I'm afraid he won't even know me."

"Yes, yes..." Li Yalin came back to his senses and said hurriedly: "Blame me, blame me, blame me for not thinking well."

The old man laughed and said, "I see your decadent appearance, and I know that you must want to drink it yourself."

After speaking, he said to Asher and Homula: "Asher, Homula, you two will drink with Yalin later, I won't drink it."

The two brothers nodded: "Okay dad."

The old man looked at Li Yalin's unconcealed decadence, and pretended to be serious and said, "Yalin! Be smart! Look at you now, you don't have the heroic appearance of your old man!"

Li Yalin quickly stood up straight and said respectfully, "Uncle An, what you are criticizing is..."

Asher looked at the time at this time and said, "Dad, why don't we eat first, and chat at the dinner table for a while."

"Okay." The old man nodded: "Eat first."

The top floor of the Anbang Building has a construction area of over 4,000 square meters. Normally, it can accommodate at least hundreds of people to work, but this entire floor was originally used by the old man alone.

On this floor, there are not only conventional office buildings such as offices and meeting rooms, but also living facilities such as swimming pools, gymnasiums, physiotherapy rooms and restaurants.

In fact, the old man did not plan to use such a large area as his office, but when his eldest daughter, Lydia (Ava) (Charlie's mom), planned this building, he had already reserved this floor for him, and did it himself according to his preferences. The interior is decorated, so the old man has a very deep affection for this place.

Afterwards, everyone moved to the Chinese restaurant located in the south of the top floor. Although Li Yalin had a good relationship with An Jia, he had not been here for many years. Seeing that everything here was so brand new, he couldn't help but be surprised.

He couldn't help but ask Asher in a low voice: "Asher, your building has been in use for at least 20 or 30 years? Why is it still so new?"

Asher said in a low voice, "The An family has strong financial resources, so the overall maintenance of this building is also very good. Basically, it needs to be renovated every two to three years. This floor is maintained by special personnel every day. After passing away, the old man gave a death order, and everything here is not allowed to change, so everything you can see on this floor has at least several new sets of spares, and some things that have been discontinued are also specially spent. Ask a craftsman to reproduce it."

With that said, Asher pointed to the carpet in the corridor and said, "Just the carpet under your feet, hand-woven by Iranian craftsmen, is similar to the one used later in the Abu Dhabi Grand Mosque. The cost of one square meter is nearly one square meter. The old man hired more than 100 craftsmen from Iran in one breath, and according to the carpet left by my sister, he has made dozens of sets and changed them every year."

Li Yalin was stunned when he heard it, and couldn't help but say, "Your family really doesn't take money as money... A carpet of 10,000 US dollars per square meter can be replaced in a year... Don't you feel bad about throwing this money away..."

Asher said seriously: "Old Li, when it comes to money, it's a hooligan to only look at the amount and not the proportion."

Li Yalin asked in surprise: "What do you mean?"

The Amazing Son In Law Chapter 4622 (The Charismatic Charlie Wade Chapter 4622)

Asher said casually: "The cost of Anjia's replacement for such a carpet, as a percentage of Anjia's assets, is basically equal to replacing your trash can with a new garbage bag. Do you feel distressed when you change the garbage bag?"

"F*ck..." Li Yalin smacked his lips and said cursingly, "F*ck you again."

Asher pouted: "Just tell the truth."

During the conversation, everyone came to the Chinese restaurant one after another. The old man greeted Li Yalin and asked Li Yalin to sit next to him.

Since Homula had already said hello in advance, as soon as everyone was seated, the service staff immediately served the prepared meals one after another.

Homula took the initiative to ask someone to take a bottle of white wine, and planned to have a few drinks with Li Yalin with his eldest brother.

The old man seemed to be very concerned about Li Yalin's current predicament, and kept asking him what happened recently.

Li Yalin is not easy to talk about, but he just vaguely said that he has not dealt with several major cases recently.

Because of his personality, Li Yalin usually has no friends. In addition, his mother left early, and his father pulled him alone, and he did not renew the string, so Li Yalin did not have any brothers and sisters.

In recent years, his wife took the children to Houston, and he became more withdrawn in New York by himself. Although his family has a good relationship with the An family since his father's generation, it must be very different, so Li Yalin used to I'm too embarrassed to keep bothering.

If it wasn't for Asher who was hit when he bought Pill in Aurous Hill some time ago, and Li Yalin who happened to be trapped by Jamura's kidnapping case, the two would not have had much chance to see each other often.

Therefore, now sitting in the middle of the An family, the lonely Li Yalin has also found a sense of home, and the unsatisfactory feeling in his heart has eased a little.

When exchanging cups with Asher, Homula and Olin, Li Yalin received a text message.

The information was sent by his confidant. The other party said in the message that the identity of the owner of the roast goose shop had been found through the informant on Hong Kong Island.

Li Yalin suddenly froze, hurriedly used the excuse to go to the bathroom, came out and called the other party back.

As soon as the phone got through, he asked, "Brother, what's new?!"

The other party said on the phone: "Boss, the owner of the roast goose shop, whose real name is Arman, is a black businessman who smuggled into the United States from Hong Kong Island more than 20 years ago. Nian is also a top student in the financial field, or a turtle who returned to Hong Kong Island after studying abroad in the United States, but he offended the local tycoons on Hong Kong Island more than 20 years ago, so he ran to New York."

After speaking, the other party added: "You know this Arman, he was well known on Hong Kong Island back then, and he did a big thing that has made the whole Hong Kong Island talk to this day, that is, he kidnapped the rich man's girlfriend. Let's go, the two smuggled to the United States together."

"F*ck..." Li Yalin smacked his lips and sighed: "This guy is a F*cking lover!"

"Yes." The other party added: "Oh, by the way, I also found out one thing, this Arman and the big star named Stefanie sun did know each other. Orrin sun was

mentioned in the information returned by the informant. , that is, Stefanie sun's father, who made a special trip to Hong Kong Island to meet the rich man for his business."

Li Yalin couldn't help frowning when he heard this, and said, "This... this seems to be rounded up... So, Stefanie sun, a big star, will go to a small roast goose shop in Chinatown, so it's a matter of course. ..."

"Yes." The other party said: "I also think it is quite logical. I think this line should have nothing to do with Jamura's kidnapping, so I will report to you quickly."

Li Yalin laughed at himself: "I've already retired early, so I can't talk about any reporting. If you have any latest developments in this case, just tell me a little bit appropriately, as long as it doesn't violate the rules."

The Amazing Son In Law Chapter 4623 (The Charismatic Charlie Wade Chapter 4623)

Arman's identity confirmation made Li Yalin a little disappointed.

He wants to hear some extraordinary information, the kind of information that makes people feel that there must be something going on here.

However, the news returned by his subordinates made him dispel his doubts about Arman at once.

As an old detective, he knows very well that a person can disguise the present, but it is difficult to bury the past.

This is also why many criminals end up in jail for their past crimes even if they whitewash themselves and become successful people admired by everyone.

The events of Arman twenty or thirty years ago have been dug up, which is enough to prove his relationship with Stefanie sun.

Therefore, it is normal for Stefanie sun to go to his roast goose shop to eat.

And when Stefanie sun was eating at the roast goose shop, he heard Asher say that the old man was critically ill, and then hurried thousands of miles to deliver medicine, which is also reasonable.

As for why Arman deliberately destroyed the surveillance, Li Yalin also had a very reasonable explanation in his heart. After all, Stefanie sun was a big star, and Arman's past proved that he was not an ordinary person. Then he noticed something was wrong and destroyed the surveillance video in order to protect Stefanie sun's privacy. This also makes sense.

Since it is reasonable and reasonable, it means that there is no need to pursue this line any more.

Therefore, Li Yalin can only hope that the police can continue to dig deeper along the clues of Wanlong Palace.

Right now, only this clue is a relatively clear direction for the investigation.

However, the other party said in a helpless tone at this time: "Boss, Bruno, who took over from you, has already held a meeting with us today. In this case, the investigation direction has turned to the identification of the victim and the specific details of the victim's kidnapping. For details, the Fei's group is also open to the air, which means don't bother anymore, so basically the line of Wanlong Palace will not be checked again..."

Li Yalin couldn't help but ask: "Wanlong Temple killed so many people in New York, so if you don't check it, you won't check it?"

"Yes." The other party said, "The more you investigate this matter, the more difficult it becomes. From the mayor to the director, it is not recommended to investigate again."

Li Yalin asked again: "Those who were killed were all direct members of well-known big families. Can they swallow this breath?"

The other party said: "You don't know, those deceased families have come over to say hello in private, and they also made it clear that they do not want to continue the investigation. The more investigations, the greater the impact on the family's reputation, so now they also want to be like the Fei family, hurry up. Come up with a sum of money to compensate the victims and make this matter a turnaround as soon as possible."

Li Yalin was stunned for a moment, then blurted out: "In this case, the case where Jamura and the others were killed is basically closed internally!"

"Yes, it is of this nature, but it will not be announced to the public."

Li Yalin was extremely disappointed, and he said, "Xion ran away, Wanlong Palace will no longer investigate, and there is no problem with Arman, so it is basically impossible to get to the bottom of this case."

The other party said helplessly: "Boss, this is indeed the situation now..."

Li Yalin couldn't help but let out a long sigh, completely disappointed.

What he didn't know at this time was that because he had asked Arman to investigate, almost at the same time, on the other side of the world, a file of information about Arman appeared in the profile of a top rich man on Hong Kong Island. before.

This top rich man is the Liu Sheng who once admired Arman immensely, but later hated Arman immensely.

Liu Sheng is not his real name.

His real name is Lau Ka Fai, and he is one of the most powerful real estate developers, shipping companies and investors on Hong Kong Island.

The reason why people call him Liu Sheng is that he is on Hong Kong Island and has a very good public base. In the eyes of the people on Hong Kong Island, Liu Jiahui is very romantic, charitable, and very gentlemanly, so everyone calls him Liu Sheng. .

The Amazing Son In Law Chapter 4624 (The Charismatic Charlie Wade Chapter 4624)

Lau Ka Fai has had many romantic affairs on Hong Kong Island over the years, and every woman who has had a relationship with him will still praise him as a rare good gentleman even if they part ways with him in the end.

There are many rich and romantic people, but it is almost impossible to pick a second person who can do it like him.

It was late at night on Hong Kong Island at this time. Liu Jiahui was wearing a nightgown made of silk. In the study, he saw the message from the housekeeper.

He opened his eyes and looked at it, his expression became more and more hideous, and said coldly: "I have been searching for so many years and have not found any clues about him, but I didn't expect this bastard to hide in Chinatown and open a restaurant! And what he looks like now, look It's so fucking bad! Even if I see him face to face, I'm afraid I won't recognize him!"

The housekeeper hurriedly said: "Master, this Arman is really well hidden. It is said that he has hardly shaved for more than 20 years, his hair has grown a bit longer, and his temperament has also restrained a lot. The police looked into his information, and it was really hard for us to find any trace of him."

Liu Jiahui frowned and asked, "Why did the American police investigate him? Did he commit a crime in the United States?"

Guan Jiadao: "My informant told me that what happened in New York two days ago, the police seem to have suspicions about him, and because he is a black household in the United States, the American police tried to find a way to check his identity. , and then found his previous information from Hong Kong Island."

Guy Liu gritted his teeth and said, "I always thought that with his intelligence, he would definitely buy a new identity, continue to do the finance or stocks he is best at, and find a way to make a comeback, but I didn't expect him to run away. Such a shabby roast goose shop is such a f*cking waste!"

Lau Ka Fai is actually not as suave as he looks on the surface, or as suave as he looks in the eyes of outsiders.

In his bones, he is actually a person who has a very small heart and will pay revenge.

For Arman, he has never given up killing intent for so many years.

It's just that Arman hid it very well. For so many years, he has not been able to find Arman.

And when the woman he loved came back from the United States, he never mentioned his life in the United States. , I just watched him with peace of mind for a lifetime, which made him very depressed for a time.

It's just that he really loves that woman deeply, and in the end he can only give up the questioning.

However, he never gave up to kill Arman.

Therefore, he also told his woman that as long as Arman abides by the agreement and does not return to Hong Kong Island, he will be let go.

but.

Now there is a perfect opportunity, so that I can not break my promise, but also get the wish.

So, after reading the materials, he sneered and said, "Since the American police know that he is an illegal immigrant, according to American law, the police should deport him, right?"

"Yes." The steward said: "Under normal circumstances, he should be repatriated wherever he came from. He left from Hong Kong Island. If he is repatriated, he will definitely be repatriated to Hong Kong Island."

Lau Ka Fai nodded and said with a playful smile: "Aquan, I don't care what method you use, I must ask him to be sent back to Hong Kong Island by the US police! Then you speak to all the gang leaders on Hong Kong Island in advance, just say The Arman is coming back soon, and my 30 million secret flower is still valid! Whoever kills him, the 30 million is his!"

Speaking, Liu Jiahui added: "By the way, turn 30 million from Hong Kong dollars into US dollars!"

The housekeeper hurriedly said: "Master, you promised Bruce at the time, and then you promised Orrin Sun, and you also promised Mrs. Arman, if you really kill the Arman, will the follow-up be more difficult..."

"What are you afraid of?" Liu Jiahui sneered: "I promised Bruce, Orrin Sun, and my wife to let him go, but the premise of my letting him go is that he will never return to Hong Kong Island in his life!"

"If he comes back, even if he didn't come back voluntarily and was sent back by the Americans, then he's back!"

"Then since he's back, no one can blame me for being ruthless!"

The housekeeper suddenly realized, and blurted out: "Master, your move... is really high!"
