

The Amazing Son In Law Chapter 4647 (The Charismatic Charlie Wade Chapter 4647)

Soon, Fei Kexin's subordinates brought up the emotional Zuri.

Zuri's emotions were very nervous and shocked, because she didn't know what these people were doing, and they even managed the entire VIP area without a sound!

Even her own staff disappeared without a trace, which made her feel a little bad in her heart.

However, the moment she saw charlie, her nervousness eased a little, and she hurriedly asked, "Mr. wade, what's going on here? Are these people yours?"

charlie glanced at Fei Kexin and said lightly, "These are the people that Miss Fei brought, and I invited them to help."

Zuri asked in surprise: "Did something happen?"

charlie didn't answer, but asked her with a bit of vigilance: "Who knows that the An family is here tonight?"

"No one." Zuri said, "No one knows except Stefanie sun and me."

After that, she asked nervously: "What's wrong?! What happened?!"

charlie said coldly, "A bandit attacked the An family just now."

"Attack?!" Zuri was stunned and blurted out, "When did it happen?"

After speaking, she looked around subconsciously, and said suspiciously, "But Mr. wade... It doesn't look like an attack has occurred here at all..."

charlie looked at her and continued to ask, "I'm asking you a lot, when did you know that the An family would come to the concert? After knowing that, what kind of work did you all do?"

Zuri hurriedly said: "Stefanie sun received a call from the old lady of the An family in the morning. She knew that they were coming to watch the performance, and immediately called Mr. wade to confirm. After you agreed, we arranged the private room of the An family. next door to you."

Charlie asked again, "After you and Stefanie sun decided on the box, did you tell others about it?"

"Of course not!" Zuri blurted out: "Stefanie sun and I also know that the An family's identity is extraordinary, so for absolute confidentiality, neither of us told any of the staff members who was coming tonight. Not even our most trusted assistants know about it!"

With that said, Zuri said again: "Moreover, in order to keep it as secret as possible, Stefanie sun also transferred more than half of the original staff here, because she felt that the An family itself brought bodyguards, not to mention that we know that Mr. wade, you Next door, she feels that since you are there, there is absolutely no need to add too many staff here, because that will also increase the risk of leaking information."

Speaking of this, Zuri widened his eyes and blurted out, "Mr. wade, don't you suspect that I leaked the secret?!"

charlie looked at her, and his doubts about Zuri had been dispelled in his heart.

Not only because of Zuri's performance, eyes and expressions at the moment, there is no sign of guilty conscience or lying, but more importantly, Zuri knows that he is here.

If Zuri was an internal ghost or Zuri leaked secrets, then it was impossible for her to only reveal the information of her grandfather and grandmother's family, and she would definitely tell the other party about her situation. After all, she was the biggest variable here tonight.

So, from this point alone, we can be sure that the inner ghost is definitely not Zuri.

Thinking of this, charlie continued to ask: "If you say that, before the An family comes tonight, no one except you and Stefanie will know which private room they will be assigned to, right?"

“Yes!” Zuri said decisively: “We didn’t tell anyone else to do this, and after the An family arrived, I brought them in myself, and during the process of taking them upstairs, I didn’t say anything. I asked the staff to follow, and after they were settled, I also specially explained to the staff that no one was allowed to go upstairs to disturb without being called by the guests in the box.

The Amazing Son In Law Chapter 4648 (The Charismatic Charlie Wade Chapter 4648)

Of course, I can’t absolutely guarantee that after the An family came, our work No one must know their identities...”

With that said, Zuri said again: “But I think if you suspect that there is an inner ghost here, then the inner ghost is unlikely to be here, because our staff here, even if they know the movements of the An family, that is also the case. After the An family came, it only took a few dozen minutes for the An family to come.”

Thinking of the signal being blocked, charlie asked her, “Did any staff come to this floor during the daytime today? Is it possible for them to come in with some kind of small shielding equipment?”

Zuri frowned and said, “During the day, we focus on the scene and the backstage, and we don’t pay too much attention to the VIP area, so I can’t guarantee this with you, but you can check the surveillance video in the VIP area.”

With that said, Zuri said again: “As I said just now, neither Stefanie sun nor I have leaked the news, so even if someone comes to install shielding equipment during the day, they don’t know which room to install, there are more than 20 in total. A box, do they have it in every room?”

charlie walked into several boxes near the corridor with his mobile phone, and found that the signals in these boxes were not affected in any way.

In this way, it does not seem like the staff arranged it in advance.

Thinking of this, charlie frowned even more.

He felt as if he had entered a dead end.

On the one hand, judging from the objective situation, it must be possible for this matter to be realized only if someone cooperates with it.

On the other hand, Stefanie sun and Zuri have a strong sense of confidentiality and have not leaked the news from the source, so there is little possibility of problems here.

Moreover, charlie wanted to understand one more thing.

If the other party's purpose is to kill the An family, then since they can send in the shielding equipment, they can also send in a small bomb.

If you directly send a small bomb in, everything can be solved easily, why bother to block the signal first, and then kill the door?

However, judging from Asher's feedback just now, the shielding device actually exists.

It seemed that there was some kind of paradox everywhere, making every one of his speculations less tenable.

Thinking of this, charlie suddenly fell into trouble.

At this moment, he suddenly thought of something.

He thought to himself: "Will the shielding equipment be brought in by a certain Fei family member?!"

He previously thought that if there was an insider in the Fei family, the insider should not be someone who was there, but someone who wasn't there.

For example, my uncle who I never met, or other grandchildren who didn't come to the scene.

But now, he suddenly had a bad feeling.

Thinking of this, he immediately said to Fei Kexin: "Miss Fei, it's hard for you to arrange a few most trustworthy people to check in my grandparents' box to see where the shielding equipment is, or who it is on. , However, don't reveal your intentions when you first enter, after entering, closely monitor everyone's

movements, and then propose to verify each of their belongings, if anyone makes small moves, immediately control it.”

Fei Kexin said hurriedly: “I asked Master jay to guard downstairs. He is the most trustworthy person. Besides Master jay, there are several bodyguards he personally trained, all of which are very reliable.”

“Okay.” charlie nodded and said, “Then let Master jay go!”

At this time, the An family members, who survived the disaster, were sitting on the sofa without saying a word. Several young grandchildren were in a very depressed state because they had been stimulated a lot.

And the emotions of the adults are also a little dejected.

Just when Fei Kexin’s men were cleaning up the scene outside the door, charlie’s three uncles had been analyzing the incident with the old man. During this period, everyone even had a fierce quarrel.

They wanted to know which link had such a major loophole that almost made the whole family unrecoverable.

At first, Homula suspected charlie’s uncle, that is, Tablita’s husband the most suspicious.

Because everyone came to the scene tonight, but he was the only one who didn’t come.

After all, it is a matter of life and death for the whole family, so Homula did not shy away from Tablita when discussing this matter.

Olin and the second brother Homula have similar personalities, and they cooperate more in work on weekdays, so he also resolutely expressed that he

supports the second brother Homula's speculation, and thinks his brother-in-law is the most suspicious.

However, Tablita had a different opinion. She felt that it was unlikely that her husband would do this.

Because she and her husband's only daughter are also here today, and her husband loves her daughter very much on weekdays. As the saying goes, tiger poison doesn't eat children. If he really wants to do something to the An family, at least he won't let his daughter follow him.

Moreover, she felt that her husband did not have enough motives for committing the crime.

If the husband is for money, then he is not the first, second or even third heir to the family's assets.

Even if the An family were all dead, most of the An family's assets would be inherited by the surviving grandchildren.

And as his husband, he is only the legal heir of his own inheritance, and can only inherit a small part of his own interests in the settlement, so if he does this, he is more likely to make wedding dresses for others.

Unless he kills the An family members who are present today, then kills the remaining An family grandchildren.

However, if he really did this, the US police and the FBI would never sit idly by. After all, all the immediate family members of the entire family died, and in the end only one son-in-law was left to inherit the family property. A fool knows that there must be something wrong. .

Therefore, it is impossible for the husband to do such a stupid thing.

Asher and the old lady did not think that Tablita's husband would do such a thing.

They even suspected that this matter might be because Stefanie sun's secrecy work was not done well, and they leaked the news and attracted the enemy.

Since everyone has their own opinions, and now they can only stay in this box and can't leave, Mr. An stopped everyone's speculation and discussion, and asked

them not to discuss this matter until the exact results of the investigation were obtained. generate controversy.

So, everyone fell into silence.

At this time, jay and a few confidants knocked on the door of the box, then pushed the door and walked in.

Seeing jay come in, the An family immediately looked at him.

Originally, they thought it was the savior who came, but jay under the light did not match the figure of the savior just now.

At this time, jay looked around for a week and took the initiative to ask: "Everyone, in view of the seriousness of the matter tonight, please continue to wait patiently here, and leave here after the performance. If you have any needs, please let me know. , I will try my best to help you solve it."

The old man An Qishan said at this time: "This gentleman, I don't know if you can let me make a phone call. I want to make sure that the few grandsons and granddaughters who haven't come here are safe."

The Amazing Son In Law Chapter 4650 (The Charismatic Charlie Wade Chapter 4650)

jay said seriously: "I'm sorry old man, I can't let you communicate with the outside world for the time being."

After that, he kept his attention on everyone and said, "In order to ensure everyone's safety, please hand over all your personal belongings now. We will conduct a comprehensive security inspection to check for potential safety hazards here."

Asher asked, "What do you need to hand in?"

"Everything." jay stopped detouring at this time, went straight to the point, and said with a serious face: "Everyone, from now on, we need you to hand in all your personal belongings, and at the same time ask men to stand on the left and women to stand on the right, with both hands Open your fingers and place them on your chest, and we will arrange for people of the same gender to search everyone."

When Old Man An heard this, he frowned and asked, "Sir, do you suspect that there is an inner ghost among us?"

jay cupped his hands and said earnestly: "Sir, I am also under orders, you must cooperate! Please forgive me if I offend you!"

Homula said with some dissatisfaction at this time: "Sir, you suspect us for no reason, and even searched us, isn't it too much? Don't forget that we are victims! In addition, I don't think you are Like the police, who gave you the right to search your body?"

Homula's personality is inherently tough and aggressive. As the successor of the An family's generation, jay's tough attitude made him instinctively feel some physical discomfort.

jay didn't give him any good looks at this time, he said coldly: "I'm sorry, the person who saved your life just gave me this right. He said that everyone sitting here must cooperate unconditionally, and no one can use any Reason for rejection!"

Homula's displeasure immediately disappeared as soon as he heard that it was the order of the savior just now.

The scene just now made a deep impression on him.

He saw with his own eyes that the gangster standing at the door was cut off his hands and feet by some unknown weapon, and that moment brought him a huge impact.

Therefore, when jay mentioned the savior, the resistance in Homula's heart immediately disappeared involuntarily, and at the same time he said apologetically: "Since it is the benefactor's order, then we must cooperate!"

After all, in order to show sincerity, he took the initiative to take out his mobile phone, watch and other personal items and put them on the coffee table between the two rows of sofas. Then he stood up on the left and put his hands on his chest.

Mr. An followed closely, and while taking out his own things, he opened his mouth and said to others: "Since it was ordered by the benefactor, it has its own purpose. Everyone must not have any doubts, and must cooperate well!"

So, everyone also started to take things out of their pockets.

jay followed charlie's instructions carefully, and kept his attention on the movements of everyone's hands to ensure that they did not engage in other small movements under his own eyes.

According to charlie's speculation, if the shielding device was always brought in by a member of the An family, then he would definitely not have the opportunity to dispose of the device, and he would still carry it with him quietly, and find a suitable opportunity to dispose of it when he leaves. .

Therefore, as long as you look carefully enough, you will be able to find the shielding device.

And it would be even better if the device could be found directly from someone, so that the identity of the suspect could be directly locked down.

jay saw that everyone took out their belongings, and then stood to one side, only one woman kept her head down, so she said sharply, "Lady, please cooperate with taking out personal belongings."

The 16- or 17-year-old girl next to her hurriedly reached out and shook her arm, and said, "Mom, it's just you, hurry up."

This woman is charlie's third aunt and third uncle Olin's wife.

And the girl beside her shaking her arm was Olin and her eldest daughter, Blossom, who was only sixteen years old.

At this time, jay's brows suddenly wrinkled, as if he had caught some unusual aura!

Immediately afterwards, charlie's third aunt fell onto the sofa under Blossom's shaking.

At this time, her face was extremely pale, the corners of her mouth were foaming, her eyes were wide open, her body had begun to stiffen, and she had died of anger!
