The sudden death of charlie's third aunt caught jay and the entire An family off guard.

Her sixteen-year-old daughter almost collapsed on the spot, holding her mother's body and shaking constantly, she collapsed and cried, "Mom...what's wrong with you mom...don't scare me..."

Olin was also about to collapse. He was about to step forward to investigate, but was caught by his second brother, Homula.

Olin turned around, looked at Homula with a surprised expression, and blurted out, "Second brother, what are you doing with me?! Something happened to Liqin!"

Homula roared with a dark face: "You see how she died! Do you remember how the bandit leader committed suicide by taking poison?!"

"Suicide..." Olin's expression was horrified, and he blurted out, "You...you mean...Liqin committed suicide by taking poison?!"

Homula pointed at the corpse and asked coldly, "Is there any other possibility besides suicide?!"

jay rushed forward immediately, picked up charlie's third aunt, and said to everyone, "Don't move yet!"

After that, he said to the people he brought with him: "Watch them closely!"

As soon as he finished speaking, he ran out of the box with the corpse in his arms and ran towards charlie's location.

Seeing that he came out with a middle-aged woman who had no signs of life, charlie frowned.

Zuri had met charlie's third aunt. Although she hadn't spoken, she was still alive a few minutes ago. Now, when jay was carried out, she was already dead from anger, which made her take a few steps back in fear. Covered his eyes.

charlie was about to ask questions, jay said with a face of shame: "Mr. Wade, it's not good for you to do things under your command. During the search process just now, all attention was focused on everyone's hands, for fear that they would do something small, but they didn't. Thinking that this woman was poisoned to death..."

After speaking, jay said angrily, "I don't even know how she took the poison... I clearly stared at everyone's hands and made sure her hands didn't move..."

charlie said with a serious expression, "Mr. Jay doesn't have to blame yourself, it's not your fault."

Saying that, he reached out and squeezed the middle-aged woman's mouth, and sure enough, he found broken dentures in her mouth, and at the same time, at the top left of her gums, there was an empty space with missing teeth.

Immediately, he put a trace of spiritual energy into the opponent's body, and found that the poison had spread to his whole body through blood circulation, even his brain.

It seems that this person can't be saved.

charlie couldn't help being horrified.

From the missing teeth in her mouth to the broken denture, it can be seen that this woman is by no means temporarily bribed, but has already become a member of the gangster, and has even been cultivated by the gangster's organization to death. scholar.

Otherwise, how could it be possible to bite the dentures and die without hesitation when it was about to be exposed?

This situation shocked charlie, but also a little worried.

Even a family as large as the An family can be infiltrated by bandits, and not to the level of subordinates, but directly to the range of direct members, which is really extraordinary!

You must know that the An family members who are here today are only the three daughters-in-law of the An family in addition to the three generations of the An family.

In other words, the identity of this woman may be one of her three aunts, or her own aunt.

## **The Amazing Son In Law Chapter 4652 ( The Charismatic Charlie Wade Chapter 4652 )**

In charlie's impression, he had only seen his first aunt and second aunt when he was a child, but he had never met his third aunt, and he and his younger aunt had not seen each other for many years, so he could not confirm who this woman was.

Thinking of this, charlie immediately asked: "Mr. Jay, have you paid attention to the reaction of the An family, can you infer who this person is?"

Jay thought about it for a while, and said quickly: "There is a man who should be her husband. That man called another man's second brother. I heard him mention the woman's name, and it seems to be Liqin."

When charlie heard this, he immediately speculated that this person should be his third aunt.

After all, the only one who can be called the second brother is his second uncle, Homula.

And the only ones who can call him the second brother are the third uncle Olin and the aunt Tablita.

What charlie is most afraid of is that if this woman is his aunt Tablita, it means that the An family has been infiltrated. This situation is really unacceptable in any way.

Therefore, when he heard that it was the third aunt, he was slightly relieved.

However, it was only a sigh of relief.

The third aunt and the third uncle Olin have been married for at least ten years.

If she was brainwashed in the middle, she would have to sigh about the strength of that mysterious organization, which can train a pampered daughter-in-law of a top family into a dead man. This kind of brainwashing ability can be said to be the pinnacle;

If she herself is a member of that mysterious organization and was buried beside Anjia by that mysterious organization in advance, then the strength and strategy of this mysterious organization will be even more terrifying!

To be able to train a dead man willing to marry into the An family, to share the bed with his third uncle Olin for more than ten years, and to raise a common child, this kind of layout ability is simply outrageous!

Moreover, this organization can even allow this woman to sacrifice her husband, daughter, and even her own life. This kind of control is also chilling!

If this is the case, then the strength of this mysterious organization must be incredible!

And today's attack is just the tip of the iceberg for that mysterious organization!

Thinking of this, Charlie has grown bigger.

He felt that he could no longer leave his grandfather's family here, and let them return to their own safety zone as soon as possible.

At the same time, let them quickly start a thorough investigation from the identity background and family background of the third aunt.

Although Charlie didn't know who the third aunt's name was and which girl she belonged to, he could be sure that the third aunt's identity background would never be from an ordinary family, otherwise it would be impossible for her to be married into the An family.

Moreover, before the third aunt married into the An family, the An family would definitely conduct a rigorous background investigation on her and her family. If the other party could hide it and even the An family could not investigate, then the ability of this is indeed not small. Family background, you are sure to find clues!

Thinking of this, Charlie said to Fei Kexin: "Miss Fei, it's hard for you and Mr. Jay to communicate with my grandfather's family, and let them immediately call up people to cover their departure, and then it's hard for you and Mr. Jay to escort them all the way. arrived safely."

Fei Kexin said without hesitation: "Okay, Mr. Wade, then I'll arrange it!"

After that, Fei Kexin remembered something and asked quickly, "Mr. Wade, I just returned to New York, and everyone knew about the news of the Fei family. Your grandfather's family will definitely recognize my identity. How should I explain it to them..."

charlie said: "Just say that you are also entrusted by others. If they keep asking questions, you will say that you are also paying back a favor, and you don't know the true identity of the other party."

Fei Kexin nodded: "I understand Mr. Wade! The An family must know that my grandfather and I were hunted down in China, but suddenly returned to the Fei family a few days ago. I told them directly that you were rescued in China. As for my grandfather's benefactor, as for your true identity, I will say that I don't know the same as them, so they should be more likely to believe it!"

charlie also knew that although Anjia's crisis came into contact today, his identity must be the focus of Anjia's attention.

With the strength of the An family, if you really follow the clues to investigate, whether you start with Stefanie sun or Fei Kexin, it's only a matter of time before you find out.

Therefore, what I have to do is not to prevent An Jia from checking, but to make An Jia not check, or even dare not check.

So, he said to Fei Kexin: "After sending the An family to a safe place, you must explain, oh no, warn them, don't try to investigate my identity in any form, just say that I am a chivalrous person, no I like to be known, but I don't like to be investigated, otherwise, the consequences will be at your own risk."

Fei Kexin hesitated for a moment and wanted to say something, but soon gave up the idea and said helplessly: "I know Mr. Wade, don't worry!"

charlie looked at jay again, and said seriously, "Mr. jay, you have to work hard tonight."

jay was flattered and said, "Mr. Wade, you are too polite. I thank you for your consideration, and I will definitely live up to your trust!"

charlie nodded, and then said to Zuri: "Zuri, your task now is to not let anything affect Stefanie sun's concert. After the concert is over, hurry up and contact the family of the deceased employee to give sufficient Pensions and hush money, let them not expose this matter, understand?"

Zuri said hesitantly: "Mr. Wade... What if a family member disagrees and insists on asking for an explanation..."

charlie said seriously: "One person gives 10 million US dollars, I will pay for the money, and at the same time, we must make clear the serious relationship with their families. They can also report this matter to the police, but it is unlikely that the New York police will help them. Justice, and if they call the police, it is likely to attract revenge from the mastermind behind the scenes. This is not sensational. After all, the level of ferocity of this organization is unprecedented. They do not even care about the people who settle down. Family members, they are even less likely to take it seriously."

Having said this, charlie gave a slight pause and continued: "I know that what I said is a bit inhumane and even cruel, but this is also the most realistic situation. For them, the strength of the murderer is too strong, and they have no way of saying it. It is different from hitting a stone with an egg, so the best solution is to live a good life after receiving huge compensation. As for the justice they want, I believe that the An family will get it back for them in the future; if the An family does not have the ability, then I will charlie will definitely get it back for them!"

At this time, charlie's tone was decisive and his attitude was firm. Zuri saw it in his eyes, and couldn't help but feel a burst of admiration in his heart.

At this time, hearing charlie's words did give her a lot of encouragement, so she quickly said, "Okay, Mr. Wade, after the performance is over, I will communicate with their families..."

charlie nodded and said seriously: "In addition, they can also bring back the victims' bodies for free burial. If there are staff members from China, they will pay to help them transport their remains or ashes back to China, if their family members are willing to come The United States, then pay for all expenses, and let their relatives come and take the deceased away. Then you tell them for me, they will take the money first, and they will not give them the truth within three years. They can report this matter at any time. Tell the world!"

"Okay!" Zuri agreed without hesitation, and said, "Don't worry, Mr. Wade, I will make it clear to all the families of the victims!"

“Okay.” charlie nodded, looked at Fei Kexin and jay, and said to a few people, “I’ll leave the rest to you, I’ll go back to the box first.”

After all, charlie cupped his hands to the two of them, turned around and walked back.

## The Amazing Son In Law Chapter 4654 ( The Charismatic Charlie Wade Chapter 4654 )

When charlie returned to the box, outside the floor-to-ceiling window, Stefanie sun’s performance continued, and on the sofa beside him, Claire was also soundly asleep.

charlie didn’t rush to wake Claire, but gently lifted her up, made her lean on his shoulder, and then sat on the sofa motionless, looking at Stefanie sun on the stage, while perceiving with aura The situation in the next room.

At this time, the An family’s mood has reached a low point.

Everyone is very sad and frustrated.

The hardest hit was charlie’s third uncle, Olin.

He couldn’t understand why his hair-bearing wife became a member of the gangsters.

His worldview about family and love has collapsed at this moment.

His daughter was still immersed in the emotions of her mother’s death and couldn’t extricate herself. Fortunately, the little aunt Tablitaa held her in her arms and comforted her all the time.

Homula, whose personality is most similar to the old man, clenched his fists tightly and his body was shaking violently.

After being silent for a long time, he opened his mouth and said to everyone: “I just thought about it carefully, tonight should be the first time in the past ten or twenty years that our whole family has assembled so completely outside of our

home, except for Zidong who didn't come. Besides, almost everyone else is here..."

The old man nodded lightly and sighed: "When we even came, we took two planes, just because we were afraid that something would happen to the whole family. This time it was really too careless..."

While weeping, the old lady blamed herself and said, "It's all my fault... I suggested to come and cheer for Stefanie sun. After all, she is kind to our family..."

Asher hurriedly said: "Mom, how can I blame you! Stefanie sun is indeed a great favor to our family, and it is only natural for us to come and cheer her up, but we have been too comfortable for these years, and our risk awareness has become more and more important. The weaker it is, since this time I can get away with it, I will think about it afterward and raise the safety work to the highest level, and I believe that similar situations will not happen again in the future."

The old man took the old lady's hand and said seriously, "Asher is right, I don't blame you for this, but my three sons and I didn't take these things into consideration."

Homula said at this time: "Dad, Mom, Big Brother, you didn't understand the point I just said..."

Everyone couldn't help but look at Homula.

Homula continued: "We were really paralyzed this time, but this is just one of the points, and more importantly, our family has only been paralyzed this time over the past ten or twenty years and was seized by the other party, which proves that What? This proves that the other party did not meet our negligence by chance, on the contrary, it proves that the other party may have been thinking about how to kill us in one step for the past ten or twenty years!"

When all the An family members heard this, their expressions froze.

They all know what Homula's words mean.

At this time, Homula said again: "I said something, Olin, don't take any personal emotions after listening to it. I think that Liqin's marriage to our family is a conspiracy in itself! Moreover, it is a conspiracy against the entire An family. An

extremely long, deeply hidden, extremely murderous conspiracy, a huge conspiracy!"

Speaking of this, Homula paused slightly, and said with a stern expression: "I have a feeling that maybe this incident has something to do with what happened to my sister back then!"

## The Amazing Son In Law Chapter 4655 ( The Charismatic Charlie Wade Chapter 4655 )

Homula's words made charlie stunned.

Regarding the murder of his parents that year, charlie has always wanted to find out, but he has not found any concrete clues until now.

Hearing that Homula mentioned his mother, he immediately cheered up, waiting for the follow-up of the An family, and also looking forward to the An family to reveal some inside stories.

However, Mr. An's next words poured cold water on charlie's head.

He said in a serious tone: "No clues have been found about the murder of your sister and your brother-in-law. I thought it was the Rothschild family, but after so long, I didn't find any clues about the Rothschilds. Evidence that the De family is directly related to this incident. You said that this incident may have something to do with your sister's murder, but I don't understand why they didn't give up after so long? What happened to your sister and your brother-in-law back then? Offending them can make them plan to kill our whole family after so long?!"

The crowd fell into silence.

And charlie, the whole person was struck by lightning.

He once thought that the death of his parents, the Rothschild family must be involved.

During this time, he desperately saved energy and improved his overall strength, just to prepare for one day to face the Rothschild family.

However, from what my grandfather said, it seems that this matter has no obvious connection with the Rothschild family.

This time, Charlie was in trouble again.

He couldn't imagine that, apart from a super-rich family like Rothschild, there was another family that was so powerful that even the An family didn't care.

Although the Saudi royal family is also very wealthy, the characteristics of the Middle East local tyrants are also obvious, and they are not willing to meddle in things outside their homeland.

They don't have any ambitions for external expansion in their lives. On the contrary, they just want to do everything possible to ensure that their country is stable.

It's as if they spent huge sums of money to buy dozens of artillery battles from China 20 or 30 years ago, not for external expansion, but to enhance self-defense and deterrence.

To put it bluntly, this is the stupid son of a landlord's family, guarding a lot of family wealth, desperately trying to build his own wall higher and stronger, and he has only one purpose for doing so: I don't go out, neither of you come in.

Therefore, Charlie can also conclude that the death of his parents has nothing to do with the Saudi royal family.

But then, the whole thing started to get confusing again.

It is not that the Saudi royal family and the Rothschild family seem to be unrelated, so who will it be!

Just when Charlie was having a headache, Fei Kexin took Jay to the door of the box where the An family was, and knocked gently on the door.

When the old man heard the knock on the door, he hurriedly said, "Please come in!"

As soon as the voice fell, Fei Kexin pushed open the door and entered.

The moment they saw Fei Kexin, the An family members were even more surprised.

They all knew Fei Kexin. Before today's accident, they were still discussing Fei Kexin's return to the Fei family and miraculously becoming the new head of the Fei family.

Moreover, they all appreciated Fei Kexin's textbook-level crisis public relations.

Therefore, when Fei Kexin entered the door, they recognized him at a glance.

After entering the door, Fei Kexin said to the old man very politely: "Mr. An, I am Fei Kexin from the Fei family. This time, I was asked by benefactor to come and help. benefactor said, you can call and contact your men first. Support, after determining an absolutely safe place, I will arrange for people to escort all the way."
