

The Amazing Son In Law Chapter 4661 (The Charismatic Charlie Wade Chapter 4661)

What Arman said was like a farewell to Gunbir.

For him, Arman has completely played the role of a father in the past ten years, and he is also the only relative in his heart. Therefore, seeing Arman being arrested, he felt extremely sad.

But Arman didn't want him to be too immersed in it. The policeman Lu Ming wanted to leave him some time to say goodbye to Gunbir, but Arman himself picked up the suitcase and said, "Officer, let's go."

Lu Ming sighed and said, "Okay, let's go."

Arman asked him, "Are you still using handcuffs?"

"No." Lu Ming waved his hand and said, "You are only suspected of illegal stay, and it is not a felony. We will take you back, and we will conduct a preliminary investigation first, and then make a record, and then the Commissioner of the Immigration Bureau will come over to conduct a joint investigation. , if it is determined that your illegal stay is true, we will start the repatriation procedure, and a special person will take you on the plane at that time."

Arman nodded, bowed slightly politely, and said, "I've caused you all trouble."

Hearing what he said, Lu Ming felt a little embarrassed all of a sudden, coughed twice, and said meaningfully: "Cough cough... By the way, I have to tell you, your matter is not led by our police, it is The Immigration Bureau is leading, it is estimated that someone there has received a report about your illegal stay, so it is reported to us and let us assist in the arrest."

After that, Lu Ming deliberately scolded and said: "F*ck, I don't know who is so boring, in Chinatown, there are many people who choose to stay in the United States illegally or illegally smuggle to the United States, and no one has reported so many, but you was reported."

Lu Ming's implication was to remind Arman and Gunbir that someone was behind this matter.

Arman is naturally well aware of this, but he has already taken a light on this matter, so he just smiled and said, "After all, I was the one who broke the law first, and it is reasonable for others to report me."

Lu Ming didn't expect that Arman's mentality was so peaceful, so he said helplessly: "Okay, I've read your profile, you're a smart person, since you've figured out what's at stake, then I won't talk nonsense here. ."

After all, he deliberately glanced at Gunbir and said, "About the entire process of arrest, investigation and confirmation of repatriation, it usually takes five to seven days, but your situation is obviously special, so the Immigration Bureau requires three The case will be closed within a few days. However, my boss has recently been forced to retire early, which makes me not in a good mood, so I plan to grind foreign workers, and it is estimated that it can be postponed for another two or three days. For other abilities, don't hide it, hurry up and find a way."

Lu Ming has read Arman's information, until he returns to Hong Kong Island, his life will definitely be in danger, and he also knows that Arman and Stefanie sun's father are family friends. If Stefanie sun's family can help in this matter, it may be able to save him. Because of his death, he deliberately mentioned the two of them, and even indicated that he would try his best to help delay Arman's repatriation.

Arman also heard the meaning of Lu Ming's words. He looked at Gunbir and said seriously, "Gunbir, don't contact anyone, I don't want to owe anyone any more favors, understand?"

"I understand Uncle Arman..." Gunbir cried and nodded, but he already had his own concerns in his heart.

He felt that he had to inform Miss sun no matter what, she was the only one who could save Uncle Arman right now.

At this time, Arman smiled slightly at Gunbir, turned around and walked out with Lu Ming.

Gunbir chased him out of the store and saw Arman being taken into one of the police cars.

Then, the entire convoy left Chinatown with dazzling police lights flashing.

When the convoy disappeared from sight, Gunbir immediately returned to the store and wanted to call Stefanie sun.

However, at this time, he suddenly remembered that he did not have Stefanie sun's contact information.

After all, Stefanie sun is a big star, and every time he comes, he is a guest of Uncle Arman, so Gunbir works quietly with Uncle Arman every time, and rarely communicates with Stefanie sun.

He knew that only Stefanie sun could save Uncle Arman right now, but he couldn't get in touch with Stefanie sun, which made him anxious.

Thinking of the official opening of Stefanie sun's concert today, he quickly took off his apron and said to the diners in the store, "I have something to do, please do it yourself, please close the door for me when you leave at the end, thank you!"

After speaking, he hurried out of the store and stopped a taxi to go to the performance site.

He also didn't know if he would go to the show and have a chance to meet Stefanie sun.

But, right now, he has only this way.

...

at the same time.

Escorted by their own bodyguards, Fei Kexin and jay, the An family arrived at the Anbang Building safely.

After seeing the An family into the building, Fei Kexin said to Mr. An, "Mr. An, I will send you all here. If you need any help from me recently, please feel free to contact me."

Mr. An nodded and said gratefully, "Thank you, Miss Fei!"

Fei Kexin said hurriedly, "You're welcome, it's all I should do."

At this time, Mr. An said again: "By the way, Miss Fei, I already contacted one of my personal assistants when I was in the car just now. He and his team have come from Los Angeles now. Keep her personal belongings, and my people will contact you when they arrive."

"No problem." Fei Kexin said without hesitation: "When he arrives in New York, let him contact me directly!"

"Okay!" Mr. An nodded slightly and said, "Then let's go up first!"

At this time, the entrance of the elevator hall has been equipped with security inspection equipment, Homula said to his parents and other family members: "In order to prevent accidents, all of us must do a comprehensive security inspection before going upstairs. I checked the elevator and confirmed that there is no abnormality, but everyone is still cautious, after passing the security check, enter the elevator in pairs and go upstairs in batches."

Homula's prudence did not arouse anyone's objection. Everyone knows that safety is the most important thing at this time.

So the old man and the old lady went through the security check first, and then took the elevator upstairs.

Asher and his wife followed closely.

After everyone successfully passed the security check and went upstairs, Fei Kexin breathed a sigh of relief. He didn't stay much longer, and turned around and took people away from the Anbang Building.

The first thing that Mr. An led everyone to the top floor was to close the physical partition on the top floor of the Anbang Building. Fortunately, the material reserves on this floor are very sufficient, and it is not a problem for the An family to live here for a few months.

After closing the partition, Mr. An called his three sons and one daughter to the conference room. After everyone sat down, he took the lead and said, "For the next seven days, all of us should not leave here. Let's wait and see how things develop. If The danger is temporarily lifted, and everyone will leave in batches."

After speaking, he added: "In addition, you can see what happened tonight, the other party's purpose is not to make money, but to destroy the entire Anjia family, so from the time everyone leaves here, everyone in the Anjia family must not be in the Anjia area. At the same time, we must double our investment in

security, and ensure that there are sufficient security personnel and sufficient security means at all times!”

Asher said: “Dad, I suggest that our security work should not rely on a small number of martial arts masters in the future, but should build a complete, comprehensive and powerful security system like the president, and should make up a large number of security personnel. An independent operating security system to ensure that multiple systems are covered from near to far, from the inside to the outside layer, and have sufficient redundancy, even if one of the systems is paralyzed, the other systems can still work as usual!”

“That’s right!” Mr. An nodded and said seriously, “Asher, you have a delicate mind, and you are responsible for this matter. From now on, safety is the primary need of the Anjia. No matter how much money you need!”

At the

performance site, tens of thousands of people excitedly witnessed the first performance of Stefanie sun’s global tour.

The entire show was almost flawless, completely immersing all fans.

Although Claire missed the opening dozens of minutes, her impeccable performance for more than an hour made her completely forget her previous regrets.

The performance was also half an hour later than the expected end time.

Because, the fans at the scene have been strongly requesting Stefanie sun to encore (Encore). Stefanie sun came back five times and sang five songs, but the fans were still not satisfied and were still shouting the slogan of Encore.

However, it is impossible for the performance to continue without the enthusiasm of the fans. Therefore, after returning to the stage five times, Stefanie sun bowed deeply to the audience. Immediately, all the lights in the audience were turned on, and the staff also passed the sound system. , let

everyone know that tonight's performance is over, please leave in an orderly manner.

Fans are well aware that once the lights are full and the closing remarks are played, the show is completely over.

Although they were still undecided, they still started to leave in a very orderly manner.

At this time, charlie said to Claire: "Wife, let's go too, it is more convenient to drive away before the big army is out. If you wait any longer, tens of thousands of people will appear, and the outside will definitely be blocked. It's a pot of porridge."

Claire nodded lightly and said coquettishly, "Husband, don't forget, take me to the next game..."

"Okay!" charlie said with a smile : "The next game should be in Boston the day after tomorrow, and your husband will definitely accompany you to see it!"

Claire was satisfied, holding charlie in his arms, and said with a smile, "Then let's go first."

When the two came out of the box, the entire VIP area could not see the slightest trace of blood, nor smell the blood.

In Claire's eyes, everything here is no different from when he came.

When the two walked to the elevator hall, it happened that Zuri also took the elevator up. When she saw charlie and Claire, she hurried forward, pretending to be relaxed, and said, "Master wade, Mrs.wade, you two are still enjoying yourselves. Is it?"

charlie nodded and smiled: "Very good, Miss sun's performance is really great."

Claire also said seriously: "This is the most shocking concert I have ever seen... ..The only regret is that I accidentally fell asleep at the beginning..."

Zuri smiled and said, "It doesn't matter, Boston the day after tomorrow, I have reserved a VIP box for you two. You two are welcome to come and join us at that time!"

Then, Zuri said again: "By the way, Mrs. wade, if I remember correctly, you and Master wade should be in Providence, right?"

"Yes!" Claire Then nodded.

Zuri said, "It's very close to Boston. It's only an hour's drive away. You two must come here!"

Claire said happily: "Okay! I will never fall asleep again!"

Zuri glanced at Charlie, nodded with a smile, and said, "Now that the audience has started to leave the venue, it is estimated that there will be traffic jams near the venue, so the two of you should go out earlier. Otherwise, it may take dozens of minutes if you are blocked."

Charlie nodded and said, "We are going to leave first, so as not to get stuck in traffic for a while."

Zuri hurriedly said, "Then I will send the two of you down!"

The three took the elevator downstairs. After Zuri watched Charlie and Claire get into the car, he sighed heavily.

She has been dealing with the death of the murdered staff member just now, and her emotions have been relatively depressed, but considering that Charlie and Claire are VIP guests, she still insisted She came over to greet each other, and seeing that the task was completed, the whole person did not dare to relax, because she had to rush to the backstage to explain the matter to Stefanie sun.

At the same time, outside the stadium, Gunbir kept begging to the security guard of the stadium: "I really know Miss sun, I have something very important to look for, and I am in a hurry! Please help me and tell Miss sun, just Said my name is Gunbir, and I am the guy from the roast goose shop in Chinatown, she will definitely know!" The

security scoffed at his words and said disdainfully: "Okay, I don't know how many fans came to make up stories with me tonight, you It's the one with the worst editing! You are a guy from a roast goose shop, how can Miss sun know you?"

Gunbir said eagerly: "I'm telling the truth, if half a word is not true, it will be thunderous! Please! You can help spread the word, just say something!" The

security guard pushed him and said disgustedly: "Okay, don't waste your words here, don't say that I don't believe you at all, even if I believe you, I will You don't have the right to talk to Miss sun, you really look up to me!"

Hearing this, Gunbir suddenly wanted to cry without tears.

He finally realized that if he used this method to find Stefanie sun, there was basically no chance of success.

So, he had an idea and thought of a way. Although Stefanie sun performed in this venue, she definitely didn't live here. After the performance, she would definitely leave by car with his team.

Therefore, my best choice is to wait for her car to come out, and try to stop it, even if it rushes directly into the road or directly into her convoy, as long as it can attract her attention, Uncle Arman There is a rescue!

Thinking of this, he immediately came to the exit of the VIP channel of the venue, because he knew that Stefanie sun could not go out from the ordinary exit and go to the parking lot to take a car. He must directly leave the VIP channel by car. Wait till she.

At this time, charlie drove the car and took Claire out of the VIP channel.

Because it was only a car, Gunbir concluded that Stefanie sun could not be in this car, so he didn't pay much attention.

But when charlie came out, he still found Gunbir.

When he saw Gunbir standing anxiously by the roadside, he realized in his heart that something might have happened to the roast goose shop or Uncle Arman.

However, because Claire was by his side, it was difficult for him to stop the car and ask Gunbir directly, so he took out his mobile phone while waiting for the red light, and sent a text message to Stefanie sun, telling her that Gunbir was at the venue Besides, there may be something to look for her and let her receive it.

At this moment, Stefanie sun was sitting in the dressing room removing makeup. Several makeup artists surrounded her and helped her remove the headgear on her head, and some people began to help her remove the makeup on her face.

She also couldn't wait to take out her phone from the drawer, ready to send a message to charlie to ask him how he was doing tonight.

Unexpectedly, before he could send a message to charlie, he received a text message from charlie.

After seeing the text message, she hurriedly asked the makeup artist beside her, "Where is Zuri?" As

soon as she finished speaking, Zuri pushed the door open.

Stefanie sun saw Zuri coming in through the mirror, and said quickly: "Zuri, please help me pick someone up. It's at the exit of the VIP channel, called Gunbir, the guy in Uncle Arman's roast goose shop."

Zuri waved his hand, Seriously said: "Let him wait for a while, I have more important things to tell you..."

After that, she said to the makeup artist next to Stefanie sun, "You go out first." The

makeup artists were also very knowledgeable, and immediately put down what they were holding and turned around and left the dressing room.

Seeing that Zuri's expression was very ugly, Stefanie sun quickly asked, "Zuri, what happened?"

Zuri came to Stefanie sun dejectedly, glanced at Stefanie sun, suddenly unable to hold back his emotions, covered his face and cried loudly : "Wooooo... Stefanie... When you were performing... something happened in the VIP area... A lot of people died... woo Ugh...I...I...I'm fu*king scared to death..."
