Zuri has been pretending to be calm.

Even though she always behaved like a woman, but what happened today is something she has never experienced in her life.

She saw Li Yalin's body with her own eyes, saw charlie's third aunt died of poisoning, and saw the horrific scenes of the tragic death of many members of her team.

However, she has been holding on to keep her mentality from collapsing.

Because Stefanie is still performing, she is the leader of the entire team, and she must handle these things well.

However, the moment she saw Stefanie, the mentality she had been holding on could no longer be sustained, and she burst into tears.

Stefanie was also taken aback by her performance, and quickly asked: "What's wrong with the VIP area? With my brother charlie, what can happen to you? You are actually sent to Zuri, nicknamed Eastcliff King Kong Huluwa. , screaming wow wow?!"

Zuri cried and said, "You don't know... During the performance, a wave of gangsters came and killed a lot of people... Even the Chinese detective Li Yalin was killed..."

"What?!" Stefanie's eyes widened, and she blurted out, "What's going on?! What happened to Brother charlie and his grandparents?!"

Zuri hurriedly said: "They are all right, but a woman in the An family died of poisoning..."

Immediately afterwards, Zuri told Stefanie exactly what he knew.

After Stefanie heard this, she was also shocked and pale.

She never dreamed that such a serious and terrifying attack would happen at her concert, and most importantly, she didn't know anything about it!

However, Stefanie was a little relieved after knowing that Charlie and the An family were all well, and that the woman who died of poison was just Charlie's aunt.

Then, her first thought was to quickly call Charlie and ask what happened. After all, what Zuri knew was only a very partial part.

At this time, she suddenly thought that she had just received a text message from Charlie, saying that Gunbir was at the VIP exit of the venue.

From the content of Charlie's text message, Stefanie could infer that Charlie and Claire had left, and it was definitely not dangerous for them to come, so she hurriedly said to Zuri: "Zuri, we won't discuss this matter for the time being. Dry your tears, go outside and bring in Gunbir, Gunbir, you should know the guy in Uncle Arman's roast goose shop."

Zuri quickly wiped away his tears, nodded and said, "Okay, I'll go now..."

After she finished speaking, she said to Stefanie again: "You have to hurry up, let's get out of here first, in comparison, the hotel is safer."

"Okay." Stefanie said, "bring Gunbir in first."

Soon, Zuri walked in with an anxious, red-eyed strong boy.

When Gunbir saw Stefanie, he knelt directly in front of her, crying and begging: "Miss Sun, please save Uncle Arman. If you don't save Uncle Arman, Uncle Arman will definitely not survive..."

Stefanie was extremely surprised and asked, "Gunbir, get up first, tell me what happened?"

Gunbir cried and said, "Uncle Arman was taken away by Tiaozi. They said that Uncle Arman would be handed over to the immigration bureau because someone reported him to the immigration bureau for his illegal stay. Tiaozi also said that Uncle Arman would be deported within five days at most. Back to Hong Kong Island..."

Stefanie blurted out and asked, "How could this happen? Is that the ghost that Liu Sheng did?!"

"It should be!" Gunbir nodded again and again, and choked: "Before there was a note coming to the store to investigate you and Young Master Wade, Uncle Arman was afraid of revealing the information, so he destroyed the hard drive of the surveillance video ahead of time, leaving the note empty, and the result was tight.

Then Uncle Arman began to pack his luggage and said that he would entrust the roast goose shop to me. I guess he realized that the American Tiaozi would go to Hong Kong Island to investigate his situation. mastered..."

Stefanie said with a serious expression: "It seems that after so many years, the surnamed Liu is still unwilling to let Uncle Arman go..."

After speaking, she immediately said to Gunbir: "Gunbir, don't worry, don't panic, there are still a few days, I will find a way to solve this!"

Gunbir said nervously: "Ms. sun, the person who took Uncle Arman away is not bad, but I am afraid that the person surnamed Liu has already bought the letter from the higher-ups in New York. In case they do something special, today What if I send Uncle Arman back at night?"

Stefanie said seriously: "Resolving illegal stay is a judicial process. There are clear legal regulations. It is impossible to arrest today and send it away tonight. If the New York police dare to violate this process, I will definitely protest to the New York City government. Do not worry."

As she said that, she turned to Zuri and said, "Zuri, you asked our American lawyer to go to the New York Police Department, saying that you accepted Uncle Arman's entrustment to handle this matter for him. The lawyer has the right to see The parties, and they also have the right to ask them to publish the law enforcement process, they will definitely not dare to mess around when they see lawyers involved."

Zuri said quickly: "I'll call the lawyer now!"

"Okay." Stefanie immediately said to Gunbir: "Gunbir, you have to trust Brother charlie. With his ability, the man surnamed Liu would never dare to do anything to Uncle Arman."

Gunbir didn't know charlie, so he said worriedly: "I don't have the contact information of Young Master Wade... I don't know if Young Master Wade will be willing to intervene..."

"Definitely." Stefanie smiled and comforted: "I believe that in this world, there is nothing that Brother charlie can't handle!"

With that said, Stefanie took out her mobile phone, tapped it, and said, "I will send a message to Brother charlie about this matter, I believe he must have a solution!"

The Shangri-La Hotel where charlie and Claire stayed was not far from the performance venue.

At this time, he had already driven the car to the door of the hotel and handed it over to the younger brother who was parking.

After walking into the elevator with Claire, he received a message from Stefanie. Stefanie's message was short and concise. The content was: "Brother charlie, Uncle Arman has been arrested and will be sent back to Hong Kong Island!"

Seeing this line of words, charlie's first thought was that he and Stefanie had hurt him.

He felt: "A place like Chinatown itself is a relatively closed society. There are a large number of illegally stranded and illegally smuggled black households here, and the police usually don't ask about things here. Uncle Arman has lived in Chinatown so much. There has been no accident for many years, and now I am suddenly arrested, it must be because I and Stefanie attracted the attention of Li Yalin, which led to Uncle Arman's own identity being exposed."

"And Liu Sheng on Hong Kong Island has always regarded Uncle Arman as a shame in his life. Once he learns about Uncle Arman's current situation, he will definitely find a way to get the United States to send Uncle Arman back."

"Although he had an agreement with Uncle sun before that as long as Uncle Arman didn't return to Hong Kong Island, he would no longer embarrass Uncle Arman, but now he uses this method to force Uncle Arman to go back, as long as Uncle Arman's foot steps on Hong Kong Island. On the ground of the island, the man surnamed Liu found someone to kill Uncle Arman, so he would not violate his original promise to Uncle sun, and Uncle sun would not have any reason to trouble him..."

Thinking of this, charlie couldn't help sneering: "This guy surnamed Liu is really good at calculus!"

charlie didn't have the slightest impression of Liu Sheng on Hong Kong Island.

It's not because of what he did to Uncle Arman, because charlie was fair and objective. Although Uncle Arman was weak in this matter, it was indeed Uncle Arman's fault.

It is human nature for Liu Sheng to want revenge against Uncle Arman for his dignity and reputation.

However, what charlie was most dissatisfied with that Liu Sheng was that this person went back on his word.

According to Uncle Arman's dictation in the roast goose shop, Uncle Arman called his father bruce for help as soon as the incident happened.

And his father also flew to Hong Kong Island immediately and reached an agreement with Liu Sheng to let him take care of his own face and let Uncle Arman be free.

But not long after, the father and grandfather had a conflict, and took charlie and mother to Aurous Hill to settle down. After that, their parents died.

The first thing the man surnamed Liu did after learning of his father's death was to go back on his word.

He completely ignored the previous agreement with his father, and almost immediately dispatched a large number of people to hunt down Uncle Arman all over the world.

The reason why he gave up temporarily was because Orrin sun took over from his father.

Fortunately, Orrin sun was seriously ill, and Stefanie sun found charlie.

Otherwise, in the event that Orrin sun dies of an illness, the surnamed Liu will definitely break his promise again after he finds out.

In that case, Uncle Arman was afraid that he would have been killed by the killer who coveted the bounty.

Moreover, the man surnamed Liu is still going to use the curve to save the country to bypass his promise to Orrin sun, which makes charlie even more contempt for his character.

Not speaking morally and not honoring promises, this is the key to charlie's most dissatisfaction with him.

So, charlie immediately sent a text message back to Stefanie sun, the content was also very concise, with only six words: "Don't worry, I have everything."

On the other side, when Stefanie sun saw charlie's reply to the text message, his heart fell completely.

She simply handed her mobile phone to Gunbir, pointed to charlie's message, and said proudly: "Look, I just said, Brother charlie will not sit idly by! Just relax. Wait, Brother charlie will be able to solve this matter perfectly, maybe after this matter is over, Uncle Arman will no longer have to hide in this life!"

Gunbir was surprised and happy, and at the same time asked with a hint of ignorance: "Ms. sun, Young Master wade, does he really have such great ability? I have followed the news of Liu Sheng on the Internet, he is very powerful Character, he used to be one of the largest real estate developers on Hong Kong Island, and later became a shipping tycoon on Hong Kong Island. After Hong Kong Island's Li family went to England to develop, he was almost the richest man on Hong Kong Island... His strength is sky-high... "

"It doesn't matter." Stefanie sun said very firmly: "In your eyes, he is powerful, but in the eyes of charlie, he is a scumbag!"

the other side.

After charlie and Claire returned to the room, while Claire was about to take a bath, he walked to the terrace alone and called Stefanie sun back.

As soon as the phone got through, he asked, "Stefanie, is Gunbir still with you?"

Stefanie sun said: "I just sent someone to send him back. By the way, brother charlie, what the hell happened tonight? Say a lot of people died tonight, even that Inspector Li was killed?"

charlie hummed and introduced the situation to her on the phone.

After listening to Stefanie sun, she immediately exclaimed: "My God, how can there be such a cruel bandit..."

As she said that, she said quite self-reproachfully: "charlie, do you think there is an inner ghost in my team? Otherwise, how could these people cooperate so well? The background music is the strongest. When it's time to attack, 80% of the time the process of the concert is figured out in advance..."

"Not necessarily." charlie said lightly: "At present, it can be determined that it is the inner ghost, that is my third aunt, but she is already dead, I guess the gangsters don't know your concert process at all, and don't know when When the background music is the strongest, the reason why they can grasp the time node so accurately must be because my third aunt is tipping the news inside, she should think the time is right, and then notify the gangsters."

Stefanie sun said: "But didn't you say that your third aunt has a shielding device on her body? If she wears a shielding device, then she herself will not be able to contact the bandits..."

charlie couldn't help but chuckle: "Why are you so stubborn? He does have a shielding device on him, but that shielding device can't be left on all the time. If she kept it on, others would have discovered the abnormality long ago. Now, I guess she has been waiting for the right time. When the time is up, she will first send a message to notify the bandit, and then turn on the shielding device. After all, the bandit took less than a minute to kill. Such a short shielding time, The An family members who are focused on watching the show may not notice it at all."

Stefanie sun suddenly realized, and said: "It seems that they want to kill all the people in the An family at one time. In that case, your third aunt's task will be completed, and you can follow them to disappear from the world..."

"Yes." charlie sighed: "I really didn't expect that with the An family's current strength, there are still people who don't want their lives all the time. The strength of this organization is probably much stronger than I imagined."

Stefanie sun hurriedly asked, "Then what should I do? If you don't find out, your grandparents' family will always be in danger, right?"

charlie said: "This shouldn't be the case. The reason why they were seized by the other party today is indeed too negligent. I believe that with their strength and knowledge, they should not leave such opportunities for the other party, otherwise Otherwise, it is impossible for the other party to let my third aunt hide in the Anjia for so long, and as long as the Anjia is more vigilant, it should be difficult for the other party to find opportunities in a short period of time."

"That's good." Stefanie sun breathed a sigh of relief and asked again, "By the way, charlie, what are you going to do about Uncle Arman?"

charlie said: "I thought about it just now, since we want to solve this matter, we should solve it from the source. Isn't Uncle Arman going to be sent back to Hong Kong Island in a few days, then I will go to Hong Kong Island in advance I'll talk to that Liu Sheng for a while, before Uncle Arman arrives on Hong Kong Island, settle everything on Hong Kong Island and let him go back in an open and honest way."

Stefanie sun hurriedly asked, "Then when are you going to Hong Kong Island?"

charlie pushed the time, and then said, "I promised your sister-in-law to accompany her to your second concert the day after tomorrow. After your second concert is over, I will leave for Hong Kong Island."

Stefanie sun felt a little sour in her heart, she pouted and muttered: "It's okay to show your affection in front of me at ordinary times, but you are still showing your affection in front of me at such a critical time. My next performance is the day after tomorrow, you can go after you finish it. , it will be three days after you arrive on Hong Kong Island, what if something happens in the middle..."

charlie explained: "I'm not here to show affection, I can go to Hong Kong Island at any time, but I can't just leave your sister-in-law here, not to mention I have to find a suitable reason and opportunity, and the surname is Liu I don't know much about the situation, so I need a little time to do my homework and set a good plan for this old boy."

After speaking, charlie said again: "To be honest, if you just want to keep Uncle Arman safe, it's really simple. The surnamed Liu doesn't have a strong egg in my eyes, so I can ask Wanlong Palace to send a few tonight. Ten masters go to Hong Kong Island and kill him directly, in that case, Uncle Arman will naturally be safe."

Having said this, Charlie said again: "It's just that this way of handling is too unskilled, and for Uncle Arman, it will definitely make him feel guilty for the rest of his life, so this matter can't be hard, and the surname must be Liu himself is convinced."

"As for Uncle Arman's safety in the past few days, you don't have to worry at all. Although the surname Liu does have some strength on Hong Kong Island, he is still not ranked in New York. I will ask Miss Fei to help protect Uncle Arman secretly first, by the way. Delay the time for a few days, wait until I first get my mother-in-law to the United States to accompany your sister-in-law, and then go to Hong Kong Island to help Uncle Arman settle all these things!"

"After I've settled everything, let Miss Fei relax a little bit, and then Uncle Arman will be sent back, and everything will be fine!"
