Originally, charlie planned to let Uncle Arman continue to live in Chinatown in a stable manner, and in the future, he would make time to go to Hong Kong Island to solve his affairs.

However, since Liu Sheng was so impatient and took the initiative to do something, he could only go to Hong Kong Island to meet him for a while.

Hong Kong Island is far away from the United States. An ordinary plane takes at least ten hours one way, and it takes time to deal with things, so charlie estimates that he will have to leave the United States for at least three to five days or even longer.

And what he was most worried about was Claire.

Although he had already arranged for the female soldiers of Wanlong Palace to protect him secretly, he was still worried about letting Claire stay in the United States to study and live alone.

Right now, Jacob is still engaged in cultural exchanges in South Korea. The only one who can really come to the United States to accompany Claire for a few days is his mother-in-law, Elaine.

However, if he told Claire directly that he was going to Hong Kong Island, and then he needed to invite his mother-in-law over to accompany her, charlie felt a little stiff.

But if you go to discuss with Claire, then Claire may not have to toss her mother-in-law over. At that time, there are only two options. One is to persuade herself not to go to Hong Kong Island; the other is to reassure herself that she can go to Hong Kong Island alone. .

Moreover, charlie estimates that Elaine does not want to come to the United States now.

She is alone in Aurous Hill, with a luxury car, a luxury house, and hundreds of thousands of pocket money. She must be living a good life. If she really wants to come to the United States, she is afraid that she will not be happy.

So, charlie began to figure out in his mind that he could first find some reason to get his mother-in-law, Elaine, and then take the opportunity to tell Claire that he had a client on Hong Kong Island, and it happened that Elaine was also here, so he would first Go to Hong Kong Island for a few days and let Elaine stay here with her.

As for how to get Elaine from China, charlie was not worried at all. He knew Elaine too well, and he only needed a little bit of a game to get Elaine in.

So, he immediately called Jasmine moore and said, "Jasmine, I need your help with something."

Jasmine moore said without hesitation, "Master Wade, if you have anything, just tell me."

charlie was not polite, so he briefly told Jasmine moore about his plan.

After Jasmine moore heard it, she immediately said, "Master Wade, rest assured, I will definitely complete the task."

chaina on the other side of the earth is in the morning.

Elaine lay on the luxurious big bed of Tomson's Yipin Villa, and slept until after ten o'clock.

Since charlie and Claire went to the United States and Jacob went to South Korea, Elaine has just let go of himself.

She lives in the first-class mansion of Tomson, drives a Rolls-Royce Cullinan, and has 500,000 pocket money from charlie in her bank card.

At this time, before Elaine got up, the phone kept buzzing.

She answered the phone sleepily, picked up her mouth and asked, "Who, what's the matter? Is it annoying to call early in the morning!"

On the other end of the phone, souna's flattering voice came over: "Sister , it's me, souna! It's all time, you haven't woken up yet?"

Since souna came back, she has always regarded Elaine as a big family. Recently, she has been coming to her every day to show her hospitality. Not only does Elaine, who is flattering all kinds of flattery, flutter like a fairy, but also follows her like a little valet. , go out to carry the bag, get in the car and open the door, even when Elaine went to the toilet, she took an extra piece of toilet paper to guard the door, for fear that the Elaine paper inside would not be enough.

When Elaine used to be in the Willson family, he was always bullied by souna and hated her a lot, but now souna ran over to curry favor with her like a dog, suddenly magnifying her vanity infinitely and letting her have She had a refreshing energy of turning over completely, so she was happy to hang out with souna every day.

For Elaine, only when souna is in front of her flatteringly can she truly feel that Elaine is indeed different now.

So, when Elaine heard souna's voice on the other end of the phone, he hummed and said, "I haven't had enough sleep yet, what time is it?"

souna hurriedly said: "It's almost eleven o'clock! Didn't you say yesterday that you were going to go shopping today? I'm all ready, right at your door! Shall we go today?"

Only then did Elaine come back to her senses and blurt out, "Oh! I forgot! I was planning to go to Harbour City to buy a necklace. Recently, I always feel like there is something missing on my neck!"

souna said with a smile: "You always drive Cullinan and carry Hermes when you go out. The only thing that is missing is a necklace that is a little more flamboyant! What brand do you want to see?"

Elaine said casually: "What Bulgari, Tiffany, Cartier, it's fine, I don't choose, as long as it's a first-line big name."

souna immediately flattered her: "It's still Sister, you have a vision, and with your temperament, you need these first-line big names to be worthy of it, a common man like me can't compare with you, Sister Lan, A few thousand yuan to get a Chow Tai Fook is more than enough for someone like me."

Speaking of this, souna sighed and said again: "Sister Elaine, you have a good life, living in a luxury house, driving a luxury car, wearing top luxury goods, a proper winner in life, unlike me, after a disaster, the jewelry and bags are all gone, let alone buying a big-name brand now, I can't even buy a Chow Tai Fook... I'll ask Wendy for some money, and I'll go to the stall to buy a silver chain that I can wear..."

Elaine thought for a moment: "This souna is really self-aware, knowing she is a Chow Tai Fook, she is Chow Tai Fook, I am Bulgari... Tsk tsk, I don't know how many layers have been pulled out of this level all of a sudden. ."

Thinking of this, Elaine rarely said openly: "Look at what you said, you are also my Elaine's sister-in-law, how can you be reduced to going to the stall to buy silver chains!"

With that said, Elaine sat up from the bed and said in a good mood: "Let's go to Harbour City later and accompany me to pick a necklace, then we'll go to Chow Tai Fook, I'll give you a necklace!"

"Oh my God!" souna asked excitedly: "Sister Elaine, didn't you mean to make fun of me? Do you really want to give me a necklace?"

Elaine said very seriously: "I, Elaine, never brag about what I say. I will give it away when I say it. If it's less than 10,000 yuan, you can choose whatever you want!"

souna said happily: "Okay! Sister Elaine, you are still bright! When do you get up? I'll accompany you around Shanghai Port City!"

Elaine rolled over and got out of bed, and said, "Wait for me, I'll go wash and clean up!"

Half an hour later, the electric gate of the villa slowly opened, and Elaine drove the Rolls-Royce Cullinan out of it.

souna looked at the domineering front face of Rolls-Royce and Elaine's appearance when driving in the car, her heart was sour and angry, and she couldn't help but mutter: "Just Elaine's slump, it's okay to drive Cullinan. , she

was driving inside, and people wished they could only see her Tianling cover from the outside, and they thought it was a driverless car if they were not careful..."

At this time, Elaine parked the car in front of her, stuck her head out and greeted her: ", get in the car quickly."

"Okay!" souna immediately put the sour taste in her heart behind, got into the car, and said with a flattering smile: "Sister Elaine, this car really matches your temperament. So domineering! You sit in there, man, that's a perfect match!"

Elaine raised an eyebrow and smiled, and said proudly, "That's it! When Jacob comes back, I will tell him that I will drive this car for me in the future, and let him buy another one by himself!"

After saying that, he started the car and used Tomson Yipin.

When Elaine drove out, a man picked up his mobile phone and made a call in a black off-road vehicle in front of Tomson Yipin.

As soon as the phone got through, he said respectfully, "Miss, the target drove out."

On the other end of the phone, Jasmine moore's voice came: "Keep an eye on her!"

Elaine drove the domineering Rolls-Royce Cullinan all the way to Aurous Hill Harbour City.

After carefully pouring more than a dozen cars in the underground garage, and finally parking the car, she and souna came to the first floor together.

The first floor of Harbour City is almost entirely filled with first-tier luxury brands.

Among them, half are clothing and luggage brands, such as LV and Gucci, and the other half are jewelry, such as Bulgari and Cartier.

As soon as Elaine arrived, he first took souna to the Bulgari store.

It's not that Bulgari is much better than other brands, mainly because Elaine likes Bulgari's name and thinks it is festive.

As soon as the two entered Bulgari, Elaine went straight to the counter in the middle, then sat on the high stool in front of the counter, slapped the Rolls-Royce key on the counter with his right hand, and slapped with his left. The Hermès handbag that I sent before is placed on the counter.

When the shopping guide saw this situation, she immediately thought it was a big client, so she hurried over and said very respectfully: "Hello, ma'am, welcome to Bulgari, what do you want to see?"

Elaine cleared his throat and said arrogantly: "Cough, what beautiful necklaces do you have in your family, take them out and pick them out for me."

The shopping guide nodded quickly, then turned to the male shopping guide beside her and said, "Jack, quickly prepare two bottles of sparkling water imported from Spain for the guests, and also bring some samples of the latest fragrances this month for the two of you to try. a bit."

The male shopping guide immediately obeyed, and Elaine sighed in his heart: "It's a big brand! This service really has no one!"

souna stood behind Elaine and sighed in her heart: "I think back then when the Willson family still had money, I was treated like this when I went to this kind of store, but now I come to our store and feel nervous. , the phoenix in distress is not as good as a chicken."

At this time, the female shopping guide took out a tray full of necklaces, placed it in front of Elaine, and said respectfully, "Ms. here are all our latest necklaces. There are many newest models of the classic series, you can take a look."

Elaine nodded, pointed to one of the diamond pendants and said, "I think this is good, what price is this?"

The shopping guide glanced at the price tag and said, "Ma'am, this necklace you like is priced at 118,800. It is made of 18K gold necklace and South African diamond pendant. Although the diamonds are all broken diamonds, they are cut. It's very perfect, so the gloss is very good, and it's very shiny after wearing it, do you want to wear it and try it?"

For Elaine, the price of more than 110,000 is just the ideal price in her mind.

After all, when Charlie and Claire left, they left her 500,000 pocket money. If she buys a necklace that is too expensive, the budget will take up too much, which will affect her future living consumption.

The price range of 100,000 is very friendly. With her current financial resources, after buying a necklace of 100,000, the remaining money is enough for her to spend it unrestrainedly until Charlie comes back.

So, she said to the shopping guide: "Come on, help me wear it and see the effect."

The shopping guide was about to help Elaine put on the necklace, when the mobile phone on the desktop suddenly vibrated, and the caller was the manager of the store and her immediate boss.

So she said apologetically to Elaine: "Madam, wait a moment, I'll take the call from our leader, sorry."

Elaine entered such a big-name store, and his quality also improved a bit. He said very readily: "It's okay, you pick it up first."

The shopping guide picked up the phone and walked aside, listening to the store manager on the phone, you must make that woman spend as much money as possible later, if you can make her spend 300,000 yuan in our store, I will reward you with 50,000 yuan, and if she can spend 500,000 yuan in our store, I will reward you with 100,000 yuan!"

When the female shopping guide heard this, she couldn't help but secretly glanced at Elaine here. Although she didn't know why the store manager paid attention to this woman, she also realized that this was a good opportunity to make money, so she whispered: "Don't worry, I get it."

After she finished speaking, she hung up the phone, stepped in front of Elaine, and said with a smile, "Ma'am, come, let me try it on for you."

Elaine nodded, put on the necklace with the help of the shopping guide, and kept looking in the mirror.

The price-performance ratio of jewelry from this big brand is really thin. The 18k gold chain itself is not worth a lot of money, and the pendant full of broken diamonds does not cost much. The two together are estimated to be enough. a fraction of the price.

However, what Elaine values is not the price-performance ratio, but the face-to-price ratio.

The so-called cost performance is the ratio between product performance and price. For the same price, the better the performance, the better;

As for the face-to-price ratio, it is the ratio between the face and the price of the product. For the same price, the higher the face, the more important it is. Even if a pure cotton T-shirt costing no more than 100 yuan sells for 8,000, as long as the brand logo on the chest is Enough face, in Elaine's eyes, it is also worth it.

Elaine looked at it for a while and found that the chain really didn't shine. Under the lights of the jewelry store, almost every edge and corner burst out with dazzling splendor.

Excited, she said almost immediately, "I want this, wrap it up for me!"

At this time, the female shopping guide couldn't help but say: "Ma'am, let me tell the truth, I feel that this chain doesn't seem to match your temperament."

"What do you mean?" Elaine frowned and asked, "You mean I'm not worthy of such an expensive necklace?"

The shopping guide hurriedly waved her hand and said, "No, no! That's not what I meant! From the moment you entered the door, I could see that you were very

extravagant. To be honest, I have worked in Bulgari for so many years, and I have never seen one. I've never had such a charismatic guest as you."

The other party's sudden flattery immediately took Elaine to the sky.

Elaine smiled and said, "Oh, you are really good at talking. Although my temperament is really good, but after all, I am old, and I can't compare with those young people..."

The female shopping guide hurriedly said: "You are so humble, you are much more temperamental than those female stars in their 20s that I have seen."

"Really?" Elaine looked at herself in the mirror in surprise, how to see how she felt that her temperament was really good, and said with a smile: "Oh, to talk about temperament, it's really not young, young People can only dress up and have no charm!"

souna on the side retched.

In her heart, Elaine's temperament can't be surpassed by the first name. Of course, if she is talking about the temperament of a shrew, it is really powerful and unparalleled.

At this time, the female shopping guide said with a serious face: "Ma'am, tell the truth, you have such a good temperament, and you drive a top-notch car like a Rolls-Royce, even your bags are Hermes, almost already top-notch. The top of the match, if you wear this chain for more than a hundred thousand, it will not set off your temperament at all, and even if you wear it, it is better not to wear it."

When Elaine heard this, he subconsciously asked: "Really?! It's more than 100,000..."

The shopping guide hurriedly said: "To tell you the truth, I have been working here for a long time, and I have seen a lot. Many customers who spend hundreds of thousands of dollars on necklaces are actually mostly well-off families, and they are daring to buy necklaces of hundreds of thousands of dollars. Yes, most people drive less than 500,000 cars, and to put it bluntly, they are the masters of swollen faces and fat people..."

After finishing speaking, she said with a compliment: "But you are different!"

"You drive a Rolls-Royce and carry a Hermès. From this point of view, you are at the ceiling level. You are many times stronger than the kind of guests who are swollen and fat. You are an absolute lady!"

"Oh no, it's the lady of the ladies, the ceiling of the ladies!"

**“So, how can you wear the same necklace as those who are swollen and fat?”**
