

The Amazing Son In Law Chapter 4693 (The Charismatic Charlie Wade Chapter 4693)

Knowing that Arman was about to be repatriated, Liu Jiahui was in a particularly good mood.

For the past 20 years, he has always felt green on the top of his head, and now he finally has the opportunity to be ashamed.

Therefore, since yesterday, he has been counting the seconds to live his life, in order to rush Arman back.

As long as Arman comes back, how many people on Hong Kong Island will try their best to kill Arman for the sake of their own secrets.

As long as he died, the green light above his head would naturally disappear.

Just then, his cell phone rang suddenly.

So he took out his mobile phone and said carelessly, "Hey, who is it?!"

On the other end of the phone, Ziva Hank said lukewarmly, "Mr. Liu, right? I'm Ziva Hank from Yisu Shipping."

Liu Jiahui's expression suddenly became very flattering. Holding a cigar in one hand and a mobile phone in the other, he said respectfully, "So it's miss. ziva! I have admired you for a long time, and I have been looking for an opportunity to visit you in person!"

Having said that, Liu Jiahui quickly asked again: "By the way, miss Ziva, I don't know if my assistant has explained our situation to you before. We really hope to cooperate with Yisu Shipping. It depends on your side. Let's have a good chat, and give me a chance to report our advantages to you face to face!"

For Liu Jiahui, his assets are naturally much stronger than that of professional managers like Ziva Hank.

However, to measure the value of a person, it is not only to measure his assets, but also to measure the platform he is on and the resources behind him.

Although Ziva Hank has no assets, she is the head of the entire Yisu Shipping. Now, Yisu Shipping has abundant resources in Asia and is developing rapidly. If he wants to cooperate with Yisu Shipping and realize the idle resources from Ziva Hank, he must Be polite to Ziva Hank.

Ziva Hank said in a calm tone at this time: "Mr. Liu, about cooperation, your people have introduced it to me before. I think cooperation is not unthinkable, but before discussing cooperation, we still need to strengthen our understanding. ."

Liu Jiahui said without hesitation: "Of course of course! This is what it should be! miss Ziva, when it is convenient for you, I will go to the mainland to introduce you in person with my materials and team!"

Ziva Hank said: "Don't be so troublesome. It just so happens that my personal assistant is going to Hong Kong Island in two days. If Mr. Liu has time, I can arrange for him to interview you, and he can represent me with full authority."

Liu Jiahui said in surprise: "Wow, miss Ziva, that's really good! I've been OK these two days!"

Ziva Hank said: "Then I will tell you the specific time when his schedule is decided, and then Mr. Liu will have to work hard to arrange a reception."

"No problem! Absolutely no problem!" Liu Jiahui said cheerfully: "I will personally receive it at that time! I will make him feel at home!"

Ziva Hank smiled slightly: "Okay, let's settle it first."

Liu Jiahui and Ziva Hank exchanged a few words before hanging up the phone with a smile.

As soon as he hung up the phone, he laughed loudly and excitedly: "It's really a double happiness, a double happiness! Ziva Hank from Yisu Shipping is going to send his personal assistant to Hong Kong Island for inspection, and this time he will cooperate with him no matter what. Take it!"

The assistant said in surprise: "Mr. Liu, Yisu Shipping is interested in cooperating with us, which is great! Now all good routes are in their hands, and high-quality ports and customer resources are also in their hands. Cooperation will definitely release our capacity completely!"

Liu Jiahui took a sip of the cigar and said with a smile: "In this Ys Shipping, among the Ito Nanako from the Ito family, she is the most beautiful in the world, and Zara banks from the banks family is not too much. I heard that even this Ziva Hank, They are all super beauties without one in a million, and working with them is only second, if you can kiss Fang Ze, then it will be a life in vain!"

As soon as Liu Jiahui finished speaking, the door of the office was suddenly pushed open, and a middle-aged lady with extraordinary temperament and incomparable beauty pushed the door and walked in, with a gloomy expression: "Liu Jiahui! Who do you want to kiss Fang Ze? Ah? It can make you so excited that you don't even want to die!"

At this time, the female secretary beside the middle-aged woman said with an embarrassed expression, "I'm sorry Mr. Liu... Madam, she insists on coming in and doesn't let me report to you..."

Liu Jiahui shook his head and said to her and the assistant beside her, "You two go out first."

When the two heard this, they quickly turned and left.

Immediately, Liu Jiahui came to the middle-aged lady with a face, and said with a smile: "Wife, you know who I am, I just like to talk about it. I was just joking with Amin..."

After speaking, Liu Jiahui quickly changed the subject and said, "Didn't you invite Mrs. Han to ride with you today? Why did you suddenly come to me?"

The middle-aged lady folded her arms, looked at Liu Jiahui coldly, and said sternly, "I heard that people on the island of Hong Kong are all gearing up to earn 30 million from your Boss Liu!"

After that, she asked angrily, "Why haven't you spared Arman?!"

Liu Jiahui said innocently: "Hey, wife, although I love you very much, I will still be very sad if you say that to me! I promised Orrin of Eastcliff a long time ago. For his sake, I won't provoke him. Arman, but Arman's poor boy was discovered by the US Immigration Service, so I can't blame it, right?"

The middle-aged lady said angrily, "You think I'm a three-year-old child? You must be playing tricks behind your back!"

Liu Jiahui raised his hands and said, "You're wronged, wife! Arman was caught by the immigration bureau himself, and has something to do with me?! You can't doubt that it was me who told the secret, right? Where, I want to know, and I can't wait until today!"

The middle-aged lady blurted out: "I don't care whether you are playing tricks on this matter, I only have one request! You immediately take back the 30 million secret flowers and declare the 30 million secret flowers invalid to the whole of Hong Kong Island!"

"I lost it!" Liu Jiahui's always good face suddenly disappeared without a trace, his eyes fixed on the middle-aged lady, and he said coldly: "You f*cking think I am Liu Jiahui is a turtle? What he said, Take it back yourself? What do you want people on Hong Kong Island to think of me?! Why is I, Lau Ka Fai, a respectable person, you f*cking put a green hat on me, you have been making me laugh for 20 years, and now you let me Take back the dark flower, wouldn't that be the whole of Hong Kong Island at high speed, and I, Lau Ka Fai, will be wearing a f*cking green hat to death?!"

The middle-aged lady was frightened by Liu Jiahui's angry expression, she involuntarily took two steps back, her tone softened, and she pleaded, "Jiahui, I beg you...Arman has been hiding outside for so many years, it has been very hard. If you are sent back this time, don't let him go, his mother is in her 80s and her health is not good, if Arman dies, she won't have a few days to live!"

Liu Jiahui was instantly furious, he directly swung his cigar, slammed it at his feet, and slapped the middle-aged lady in the face with a flick of his hand, and then ignoring her shocked look, he pointed at her and cursed: you Don't take your f*cking inch! Do you think I don't know that you are always going to see that dead old woman behind my back for so many years? Forget it, now you are still running right now to ask me to forgive Arman, what the hell do you want to do? Do you want to run with him again?!"

The Amazing Son In Law Chapter 4695 (The Charismatic Charlie Wade Chapter 4695)

Fang Jiaxin is Arman's first love.

When she was young, she was once known as the goddess of Hong Kong Island, causing countless rich and elites to bow down under her pomegranate skirt.

When Arman went to study in the United States, she separated from Arman. Then, Liu Jiahui, with the aura of the top rich man and the generosity of spending a lot of money, turned her into his lover in the mansion of Shi Xun Dao.

At that time, Fang Jiabin almost owned the whole world in terms of material things.

She can take a luxury private jet in the early morning to feed the pigeons in the square in London, and take the same plane to the romantic Aegean Sea in the evening. When she wakes up, she can choose to go shopping in New York or the luxury mall in Tokyo.

If time is not in a hurry, she can take Lau Ka Fai's private cruise from Hong Kong Island to Maldives in the Indian Ocean, or Tahiti in the South Pacific.

In short, at that time, what she wanted was at her fingertips.

But even so, after Arman returned to Hong Kong Island, her old relationship with Arman was on the verge of breaking out.

At that time, she realized that even though she had all the material things, there was still a vacancy in her heart that could never be filled, and that vacancy was Arman.

So, when she and Arman eloped to the United States, the whole Hong Kong Island couldn't understand why she left so decisively.

But after she arrived in the United States, she gradually realized that although the vacancy in her heart was filled, almost all the others were vacant.

She can no longer find an impromptu destination on the world map after sleeping until she wakes up naturally, and she can't always enjoy the world's most expensive and top goods and services like before.

At that moment, she realized what she had given up.

What he gave up was not Liu Jiahui, but all the extremes accumulated in all walks of life after the development of human civilization and society for thousands of years.

The private jet that I used to fly on has condensed the world's most cutting-edge civil aviation technology and the best interior decoration materials, and the same is true of the cruise ship I used to take.

The clothes you wear are almost all the most expensive ready-to-wear in the commodity world, and they are all carefully crafted by top-notch designers;

And the jewelry you wear may also be the rarest and scarcest part of the world;

Even the mattress she once slept on was a piece of art made by a group of Swedish craftsmen, hand-picked from horsetails and goats.

Her basic necessities, food and drink expenses are all the best in the world.

However, after she eloped with Arman, she realized that even though they were both on a plane, sitting in a cramped economy class for more than ten hours turned out to be so painful. As for cruise ships, it was a completely different world. product, out of reach.

Her clothes are no longer luxury products tailored for her by top French, British and Italian designers, but women workers in third world countries, stepping on the chaotic assembly line A sewing machine that smells of engine oil, the same cheap clothing for millions of people.

At that moment, she realized what a stupid choice she had made.

It was also at that moment that she decided to do everything possible to return to Liu Jiahui's side.

Fortunately, after she came back, Liu Jiahui re-accepted her regardless of previous suspicions, and even married her in an open and honest way after the death of her original partner.

For the next 20 years, she has been enjoying the best of everything in this world, just as she was back then.

However, Arman was still a vacancy deep in her heart that could not be filled.

However, the more realistic Fang Jiabin understood a truth: some vacancies can actually not be filled.

However, it was precisely because of the existence of this vacancy that when she knew that Arman was going to be sent back, and even when countless people were gearing up to take his life, she still couldn't accept it, so she rushed to Liu Jiahui aggressively to ask for an explanation.

However, she overestimated her status in Lau Ka Fai's mind.

It also underestimated Arman's hatred in Liu Jiahui's mind.

The slap on her face made her panic for a while.

Because she was afraid that she would lose everything around her.

So, she hurriedly explained to Lau Ka Fai: "Ka Fai...don't get me wrong...I really don't mean anything else...I just..."

Liu Jiahui said coldly: "Don't say it! I don't want to hear what you mean, I just want to tell you that you are not allowed to mention anything related to the three words Arman in front of me in the future, otherwise, you will Go as far as you want!"

Fang Jiabin was terrified.

She knew that although Liu Jiahui liked her and had a strong possessiveness towards herself, he had always been wary of himself.

Although he is married to him, he has always been insulated from him in terms of assets.

Before Liu Jiahui married him, he had already made himself sign an agreement to voluntarily give up all the common property of the husband and wife.

Therefore, as long as Lau Ka Fai divorces her, she will only have the option of leaving the house.

So, while weeping, she said to Lau Ka Fai, "Ka Fai, I was wrong... You can rest assured... I will never make you angry again in the future..."

Liu Jiahui nodded expressionlessly and said coldly, "Mrs. Han should still be waiting for you."

Fang Jiaxin said quickly, "Yes... Mrs. Han is still waiting for me at the racecourse... Jia Hui, then I'll go first. What do you want to eat in the evening, I'll ask the servant to prepare it for you in advance."

"No need." Liu Jiahui waved his hand: "I'm a little annoyed now and want to be alone."

Fang Jiaxin said fearfully, "Okay... Then I'll go first..."

After speaking, he turned around quickly and left in a panic.

...

the next day.

New York morning.

When Claire opened his eyes, charlie was still sleeping soundly beside him.

She didn't know that charlie went out alone last night and didn't come back until nearly dawn.

After getting up, she asked the hotel's food and beverage department to bring breakfast. Just as charlie came out of the bedroom, she asked with a smile, "How are you sleeping, husband?"

"It's good." charlie smiled and replied casually, in fact, he didn't sleep at all, just lay in bed, thinking about things related to that mysterious organization.

Claire greeted him and said, "Breakfast is here, come and eat!"

charlie nodded, and as soon as the two sat down at the dining table, Elaine's video was sent to Claire.

As soon as the video came through, Claire looked at Elaine in the video and asked with a smile, "Mom, why did you post the video so early?"

Elaine pouted, crying and betrayed Claire, and said, "Claire... Mom really misses you... You don't know how lonely Mom is at home after you and charlie left. , I really don't want to stay in this house by myself for a minute..."
