

The Amazing Son In Law Chapter 4701 (The Charismatic Charlie Wade Chapter 4701)

Twenty minutes later, charlie and Claire received Elaine at the airport after a long absence.

Seeing Claire and charlie, Elaine was extremely excited, and said cheerfully, "Aiya, Claire, charlie, during this time, Mom is going to miss you all!"

Claire said with a smile, "I thought that you must be very comfortable at home by yourself."

Elaine smiled and said, "Comfort is comfortable, but it's so lonely to be alone all the time!"

As she said that, she said angrily: "I came to the United States this time, and I forgot to exchange dollars and forgot to bring my bank card. Are you have enough money?"

Claire didn't think much about it and said with a smile, "Mom, you come to the United States to find us, how can we let you spend your own money, just stay here in a down-to-earth way."

charlie also interjected: "Yes, Mom, you are in the United States, and you mustn't let you spend your own money. Electronic payment in the United States is not very convenient. I'll give you a visa credit card and get you some cash later."

After speaking, charlie said again: "By the way, the security in the United States is not very good. You must not carry too much cash with you when you go out."

When Elaine heard that charlie wanted to give himself a card and cash, his eyes lit up with excitement, and he said excitedly: "I really deserve to be a good son-in-law, otherwise everyone would say that one son-in-law is half! I have you Such a filial son-in-law is more reliable than having a son yourself!"

charlie smiled slightly, noncommittal.

He knew Elaine's character too well, and regardless of her fiery enthusiasm, he wanted to make a hole in the sky, but as long as she gave her a little favor, her attitude would immediately take a 180-degree turn.

Therefore, Elaine can be pinched for a small amount of money, which is also a very cost-effective deal for Charlie.

Later, the two drove Elaine to the hotel.

When Elaine entered the presidential suite, she was speechless in shock.

She ran around the room for a few laps, but couldn't understand the layout of the entire suite, so she kept exclaiming: "Oh my god, this presidential suite is too big! You two live here for so many days? What a waste!"

Claire said helplessly: "I didn't know that Charlie packed such a big room, it's really too wasteful..."

Charlie smiled at this time: "It's alright, isn't it all about spending money? Besides, it's not a big expense. Going to show people the income of Feng Shui is enough to live here for a few months."

Elaine couldn't close his mouth and praised: "My son-in-law is still amazing! It's like making money like a strong wind!"

Claire hurriedly said: "Mom, it's not easy for Charlie to make money. He runs around everywhere, and he often went to New York a few days ago to show people Feng Shui."

"Huh!" Elaine exclaimed: "Does a good son-in-law still have business in the United States? It's amazing!"

Charlie said casually: "It's all based on some friends' mutual introduction. Because they believe in me, they also keep introducing me some new customers. Generally, as long as it is a customer introduced by a friend, I will try my best to pick up the next one. Not only to make money, but also to not be able to refute my friend's face, otherwise my friend kindly introduced me to his clients, but I didn't take orders from others, so it would be difficult for this friend to be caught in the middle."

Elaine nodded in agreement and said: "Good son-in-law is right, people introduce customers to us out of respect for us. Not only can we not shirk, but we have to serve them well, so that they can introduce more to us. customer of!"

Claire said helplessly: "Husband, you should talk to your friends and ask them to introduce less customers to you in the future, so that it can be easier in the future."

Before charlie could speak, Elaine blurted out: "Good son-in-law, you can't just think about being easy at such a young age! Don't listen to Claire, young people just have to have a positive and hard-working heart, how can two Lie down in your teens? In modern society, money is hard to earn and shit is hard to eat. The most important thing is to earn more money in the bank account!"

Claire said: "Mom, I mean let charlie take less orders, and let him lie down without saying anything..."

Elaine said earnestly: "It is the right way to make more money while you are young. If you don't work hard when you are young, it will be too late if you want to work hard when you are old! Don't be like your father, be confused for the rest of your life!"

Claire didn't know how to refute for a while.

At this time, charlie suddenly received a call from Abbas.

So, he immediately pressed the answer button and said, "Hello, Mr. abbas."

Abbas on the other end of the phone immediately said, "Hello, is it Master charlie! I was introduced by President isaac, and I would like to ask you to show my family a feng shui."

charlie hurriedly said: "Oh, so it's President isaac's friend! Hello, hello! I don't know what's going on in your family?"

Abbas said: "My home is on Shixun Road on Hong Kong Island. It is a villa with an area of about 8,000 square meters. Recently, my family members are always injured or fell ill for no reason, and many things are not in order, so I feel that it should be a result of Feng Shui. I have a problem, so I want to invite a Feng Shui master to come and have a look, and President isaac recommended you to me, saying that you are very professional in this area!"

charlie asked in surprise, "Is your home in Hong Kong Island?"

"Yes." Abbas asked, "I wonder if Master Wade has time recently? If so, I hope you can come over in person. My current situation is really urgent..."

charlie said, "Mr. isaac may not have told you that I am in the United States now, not in Aurous Hill. It may be troublesome to go to Hong Kong Island."

Abbas on the other end of the phone hurriedly said: "Master Wade, I hope you will take the time to come and help me adjust it anyway, otherwise, I'm afraid my family will be implicated."

Claire could vaguely hear Abbas's voice in the telephone receiver, and when she learned that someone from Hong Kong Island wanted to invite her husband to see Feng Shui, she looked at charlie nervously, wondering if charlie would do it next. will promise each other.

charlie was also rather embarrassed at this time, and said, "I recently studied with my wife in the United States, and it may not be convenient to go to Hong Kong Island..."

The other party immediately said: "Master Wade, President isaac has been telling me that you are not only highly accomplished in Feng Shui, but also very warm-hearted. I'm really desperate right now, you can't wait for death..."

charlie hesitated for a moment, then said, "Well, I'll discuss it with my wife first, and I'll answer you later."

Abbas hurriedly said: "Master Wade, please make sure to make it clear to Mrs. wade that this matter is about human life, but you must agree! As for the remuneration, don't worry, I will pay you double!"

charlie said: "Okay... I will pass it on to her."

After he finished speaking, he hung up the phone and said to Claire, "My wife, Mr. Isaac Cameron from Aurous Hill, introduced me a client. The other party is from Hong Kong Island. There is something wrong with the feng shui at home. It is said that it is quite serious, you see. ..."

Claire's expression was tangled and struggling. After hesitating for a moment, he said helplessly: "I heard it all... Since it's all about human life, how can I stop you from going..."

charlie understood and said quickly, "Wife, you are so kind! If that's the case, then I'll tell him! I'll set a flight to Hong Kong Island tomorrow morning!"

Claire nodded and said helplessly: "Since the situation is very urgent, then you should go early. It just so happens that Mom can come with me, so you don't have to worry."

Elaine said without hesitation: "Yes, good son-in-law, career is the most important thing. If you have something to do, go to work. You have mother to accompany you at first, so don't worry!"

charlie said, "Then it's hard for you, Mom."

Elaine hurriedly said: "You and mom are so polite! Really!"

After finishing speaking, he did not forget to remind charlie: "Good son-in-law, what specialties are there in Hong Kong Island, remember to bring some back to Mom!"

The Amazing Son In Law Chapter 4703 (The Charismatic Charlie Wade Chapter 4703)

After agreeing with Claire to go to Hong Kong Island, charlie called Abbas.

As soon as the call was made, Abbas asked on the other end of the phone, "Master Wade, have you discussed this with your wife? I wonder if you can come over to help?"

charlie said, "I have already discussed it with my wife. , you are also lucky, it just so happens that my mother-in-law has just arrived in the United States, you can help me take care of my wife, otherwise I really can't go there to help you."

Abbas hurriedly said: "That's great! Mr. Wade, you Depending on what time is right for you, I will arrange a business jet from the United States to send you over!"

charlie shied away: "There is no need for a business jet, I can just buy a ticket."

Abbas said, "If you come here on a connecting flight, , it will take at least 20 hours or even longer, and it may not be possible to buy the earliest air ticket, or the business jet is faster!"

charlie murmured: "That's right, it's urgent now, the sooner the better. That's alright, then you have to work hard to arrange the plane, and I can leave early tomorrow."

"Okay!" Abbas said without hesitation, "Then I'll arrange it, you can take off at eight o'clock in the morning local time, right?"

"No Question!"

Abbas said excitedly: "That's great, Master Wade! I'll pick you up at the airport!"

charlie said, "Then let's meet on Hong Kong Island!"

After that, charlie and Abbas said After saying goodbye, after hanging up the phone, he said to Claire: "Wife, the situation of this client's house is more urgent, and I may be leaving early tomorrow."

Claire said with a reluctant expression and a little distressed: "Early in the morning. It's too hard to catch the plane..."

charlie smiled and said, "It's nothing more than getting up early, no hard work. This client seems to be very powerful. He said that he would arrange a business jet for me. The next morning, I Fly directly from here to Hong Kong Island and sleep all the way there."

Elaine on the side heard charlie talking about the business jet, and quickly said: "Yes, yes! The business jet is very comfortable! That guy, if he wants to sit on the single sofa in front, he can massage, heat, and ventilate. , go to the back bedroom to sleep when you are tired, the big bed is more comfortable than the bed at home! Besides, the flight attendant on the top of the house is a good one!"

Claire couldn't help but said: "Mom, you didn't. I've been on a business jet, and I said it as if I've been on a plane with you..."

Elaine knew that he had said something wrong, and quickly changed his tune: "Look at what you said, Mom has never eaten pork and has never seen a pig run? You can always see pictures of people taking private planes on TV. It's like a luxury hotel room. It's as comfortable as possible.

shook his head helplessly, and turned to charlie and said, "Husband, then I'll take you to the airport tomorrow morning. charlie didn't refuse, and nodded: "

Okay, then the hard-working wife will drive for a ride. "

... The

next day.

Claire's alarm clock rang at six o'clock.

She and charlie got up, had a simple breakfast, and drove to the airport in Providence.

charlie drove the car to the airport and parked the car. After the entrance of the airport, he said to Claire: "Wife, don't take me in, just drive back. "

Claire said reluctantly: "I still want to send you in." charlie said with a smile: "

You can only send me in to the security check. Besides, they arranged a business jet for me. I went directly to the VIP passage, and I didn't even have to queue, so it was only a few steps away if you sent me in." It's okay, don't fret. Seeing

charlie insisting, Claire had no choice but to nod his head: "Okay, then, husband, please pay attention to safety. The other person needs to take care of his own food and daily life outside, and eat on time, understand? "

charlie said with a smile: "Okay, I know, don't worry! When I'm done, I'll be back with you as soon as possible! "

"Hmm! Claire nodded heavily, and then said: "You hurry in, don't you take off at eight o'clock?" It's only half an hour now. "

"Good. charlie got out of the car, and after Claire got into the cab, he waved to her and said, "Wife, I'll go first, drive carefully on your way back."

Claire nodded obediently and said softly, "Tell me in advance when you're done, and I'll pick you up at the airport when you come back." "

"Good!" "

charlie watched Claire drive away, then turned around and walked into the airport.

After a simple security check, he boarded the business jet arranged by Abbas.

At 8:00 sharp, the plane took off on time and flew towards Hong Kong Island at high speed.

Fourteen hours later, Hong Kong Island time is already ten in the morning.

charlie's business jet was more than an hour away from Hong Kong Island.

So, charlie called Ziva Hank and told her that he was going to Hong Kong Island soon, and asked him to notify Liu Jiahui to meet him at the airport.

Liu Jiahui was still sleeping soundly at home.

Ever since he asked the USCIS to start the deportation process for Arman, he has been a little overexcited. It is hard to fall asleep in bed every night, and he keeps thinking about himself.

The various festivals I have had with Arman, and the ridicule I have suffered because of him over the years.

If it wasn't for the fact that Hong Kong Island knew about his hatred with Arman, he would have wanted to execute Arman himself.

After all, only in that way can he completely relieve his hatred.

At this time, he was in a strange dream. In the dream, Arman was finally deported back to Hong Kong Island. In order to witness Arman's tragic death, he deliberately came to the airport to wait.

When Arman walked out of the airport, passers-by all pulled out their guns and aimed them at Arman.

Liu Jiahui was naturally excited. He couldn't wait to see Arman being shot to death, but at this moment, everyone's guns suddenly turned and aimed at him.

Just when he was stunned, Arman suddenly sneered at him, and then waved his hand slightly.

Immediately afterwards, the gun-wielding killers pulled the trigger immediately, and the bullets hit him frantically, causing him to scream and sit up straight.

Fang Jiaxin was doing her makeup in the bathroom at the moment, when she heard the movement, she hurried over and asked nervously, "What's wrong with you, Ka Fai? Are you having a nightmare?"

"It's okay...Dream and reality are reversed..."

Just as he was talking, his phone suddenly rang.

He grabbed it and found that it was Ziva Hank who was calling, so he immediately pressed the answer button and said, "Hello, miaa ziva! I called so early, what are your orders?"

Ziva Hank said on the other end of the phone, "Mr. Liu, my assistant will arrive on Hong Kong Island in an hour, if it's convenient for you, you'd better pick him up at the airport."

Liu Jiahui was naturally very upset when Ziva Hank asked him to pick up her assistant.

In his opinion, when Ziva Hank's assistant arrives, it's almost enough to find a hotel to entertain him himself, and let him go to the airport to pick him up. Isn't this a bit too much?

At this moment, Ziva Hank said again: "By the way, Mr. Liu, I forgot to tell you before that this assistant of mine is appointed by the two major shareholders of Yisu Shipping, Miss Ito and Miss banks, and he is better than me in many matters. He has more right to speak, if President Liu wants to promote the cooperation between us, please be sure to do a good job of reception." When

Liu Jiahui heard this, his mentality immediately changed 180 degrees, and he blurted out: "Don't worry, President ziva, I will definitely go to the airport to meet you in person and clean up the dust for your assistant. He is new to Hong

Kong Island and must not be familiar with Hong Kong Island, so let him live in my house, there are so many rooms in my house!"

The Amazing Son In Law Chapter 4705 (The Charismatic Charlie Wade Chapter 4705)

Ziva Hank didn't expect that Liu Jiahui would let charlie live in his house.

However, Ziva Hank didn't know why charlie went to see this Liu Jiahui, so she didn't dare to agree for charlie without authorization, so she said: "This President Liu should tell him in person after meeting, Let 's see what he means."

"Okay!" Liu Jiahui said with a smile: "Please rest assured, Mr. ziva, I must let him feel the enthusiasm of Hong Kong Island!"

Ziva Hank said: "Okay, my assistant is named charlie. wade of the leaves, Charlie of the stars, when you arrive at the airport, hold a sign and write his name on the sign, and he will find you when he sees it."

"No problem!" Liu Jiahui said without saying a word. : "Then I'm ready to go now!"

After that, he hung up the phone and Fang Jiaxin said, "Let the servant take the time to tidy up the largest guest room on the second floor, first to entertain a distinguished guest!"

Advertisement

Fang Jiaxin was a little surprised Mr. Liu Jiahui asked: "Jia Fai, what kind of distinguished guest is so important, not only do you want to pick it up in person, but also arrange to stay at home?"

Liu Jiahui said: "It's from Yisu Shipping, and it is said that he is one of the two major companies of Yisu Shipping. The characters appointed by the shareholders, the Ito family and the Eastcliff banks family behind Ys Shipping, are very powerful super families in East Asia, whether they can cooperate with this group depends on him!"

Fang Jiaxin looked puzzled: " Isn't our own business also doing well? Shouldn't we be in such a hurry to cooperate with others?"

Liu Jiahui waved his hand: "You know what, since the establishment of Yisu Shipping, the entire Asian shipping market has happened. A big change. Ys Shipping not only integrates all the resources of the Ito family and the Eastcliff banks family in shipping, but also cooperates closely with the famous Wanlong Palace. Now most of the global armed escort business is controlled by Wanlong. In the hands of the temple, and the escort resources of Wanlong Palace are also given priority to Ys Shipping, if we can cooperate with Ys Shipping, we can have sufficient guarantees in terms of transportation capacity and safety."

Having said that, Liu Jiahui said again: "The Ito family is the number one family in Japan, and the banks family is also the number one family in China, and since the wade family was taken away by the Wanlong Palace, the banks family is even more outstanding in China. , No matter which of these two big families join, they can go to the next level, not to mention that they have the relationship with the great god of Wanlong Palace. If they can be maintained well, they will not only earn more in the future than they could not earn before. to the money,

can do more things that could not be done before! Fang Jiabin asked inexplicably:

Isn't that Wanlong Palace a mercenary? It stands to reason that mercenaries are not the ones who give money to work for whom? It stands to reason that he should be the one to please us, so why do we need to please them? "

Liu Jiahui said contemptuously: "Those who do not know are fearless! Wanlong Palace is not an ordinary mercenary organization, it is one of the most powerful mercenaries in the world! They basically disdain to cooperate with individuals, and they all cooperate with some countries and warlords of these countries. The reason why Ys Shipping was able to take the Wanlong Palace this time is also because the Su family has some origins with the Wanlong Palace! With

that said, he said with a smug look: "I have already investigated Yisu Shipping. The father of Abbas, the master of the Wanlong Palace, was the younger brother of Zayne of the banks family in Eastcliff, and he was Zayne. Pulling it up with one hand means that the banks family is kind to the abbas family, so Abbas will only cooperate with the banks family after the Eastcliff wade family is settled.

(The Charismatic Charlie Wade
Chapter 4706)

Otherwise, even if the banks family is rich, they may not be able to use Wanpo. military! Speaking of which, seeing Fang Jiaxin's confusion, Liu Jiahui hurriedly urged: "

Okay, first go and order the servant to clean up the guest room, and then order the housekeeper to prepare the banquet, and then take the time to change into clothes and go to the airport with me." Pick up! By the way, call Manqiong back and say that I have something important to do with her! Fang Jiaxin said with an ugly expression: "

Calling Manqiong back at this time, aren't you uncomfortable?" If Manqiong gets angry with you again and neglects the distinguished guests, won't he miss your important event then? "

Liu Jiahui laughed and said:" It is because of Manqiong's character that I want Manqiong to come back to accompany me! She is beautiful, and when a man sees her, he loses at least half of his seven souls and six souls. With her here, maybe that kid surnamed wade will turn around to please me! And she usually has eyes above the top, has a perverse personality, and is unruly. She doesn't care about any man, so naturally she can't suffer a loss. She is the carrot hanging in front of the donkey, so the donkey can see and eat it. Come on, run even harder! So, as long as she is there, even if she throws a stinky face, it can protect me from getting twice the result with half the effort! "

Fang Jiaxin muttered: "Your daughter doesn't even listen to you, how can she listen to stepmother? If you want to call her, you'd better call yourself..."

Liu Jiahui's attitude towards Fang Jiaxin was a little unhappy, but after hesitating for a moment, it was still He waved his hand and said helplessly: "Forget it, I'll tell her later on the way! Go and arrange other things!"

"Okay!"

Fang Jiaxin didn't dare to refuse, and nodded quickly.

At the same time, charlie received a call from Ziva Hank and learned that Liu Jiahui wanted to invite him to live at his house.

In addition to being surprised, he couldn't help but have a joke in his heart, so he called Abbas. After the call, charlie asked him: "Abbas, where are you now?"

Advertisement

Abbas respectfully said: " Mr. Wade, my subordinates are going to pick you up at the airport."

charlie told him, "Abbas, you don't have to go to the airport to meet me today, I plan to stay at Liu Jiahui's house for a few days."

Abbas asked in surprise. Said: "Mr. Wade, do you want to live directly at Liu Jiahui's house?!"

"Yes." charlie said indifferently: "Since he wants to lead the wolf into the house, then I will borrow the donkey and go to his house to have a good chat with him."

Abbas couldn't help laughing and said, "Maybe this will be the most regretful decision Liu Jiahui has ever made in his life."

charlie smiled slightly and asked him, "How have you been feeling on Hong Kong Island these two days?"

Abbas hurriedly said: "My subordinate is about to report this matter to you, I have sorted out all the information of Liu Jiahui, and the situation of several major forces on Hong Kong Island. These major forces are all gearing up to attack Arman, so as to win the 30 million US dollars of Liu Jiahui's secret flower, but the Hong Kong Island Police also received the news, they have been waiting with the customs for the past two days, and they must ensure that Arman arrives in Hong Kong, After handing over to them, nothing can happen, so these killers who want to take the secret flower want to wait for Arman to be released as soon as possible."

charlie asked curiously: "What is the process after Uncle Arman is sent back? Do you understand clearly?"

"I understand clearly." Abbas said: "Because the process he went through when he left the country was reasonable and legal, but he stayed in the United States illegally because his visa expired and violated the laws of the United States, so he would not be convicted after returning. The police and customs in Bian will give him a normal entry process. In addition, he has been away from Hong Kong Island for too long. They may apply for a new document for him, and then they will notify his family to meet and take him home. It is estimated that the whole process will not take more than 48 hours."

Advertisement

"Okay." charlie said lightly: "In this case, the time is not urgent, you can play slowly with the surnamed Liu."

Abbas said: "Okay. Mr. Wade, the subordinates will be on standby at any time, waiting for your dispatch."
