

The Amazing Son In Law Chapter 4713 (The Charismatic Charlie Wade Chapter 4713)

The moment charlie mentioned roasting goose, the expressions of Liu Jiahui and Fang Jiaxin changed suddenly.

As an authentic Hong Kong Islander, Lau Ka Fai used to love roast goose.

But ever since he learned that Arman, a talented businessman, had been selling roast goose for 20 years in Chinatown in the United States, he hated roast goose to the core.

Because as long as he thinks of roast goose, he will think of Arman.

As long as he thinks of Arman, he will think of Fang Jiaxin's elopement with him, which made everyone on Hong Kong Island know.

Moreover, what made him even more depressed was that a woman like Fang Jiaxin, who did not touch the sun with her fingers, willingly followed Arman and sold roast goose for several years in Chinatown, which made his heart feel even more painful.

But for those who have been injured, no matter how strong they appear on the surface, they must be vulnerable in their hearts, or vulnerable in a particular aspect.

Although Lau Ka Fai is powerful and detached on Hong Kong Island, the more because of this, the more he cares about the green hat he wore back then.

Fang Jiaxin's face was embarrassed because of this.

She has been very favored by Liu Jiahui for so many years, and after giving birth to a son to Liu Jiahui, she was held in the palm of his hand by Liu Jiahui.

However, only that incident at that time had always made her very uneasy.

Because she knew that it had always been Liu Jiahui's minefield, and the fundamental reason why Liu Jiahui isolated himself from his assets was also because of the existence of this minefield.

If it weren't for this incident, she would have already become Liu Jiahui's most important and most trusted person, and Liu Jiahui's assets would naturally have half of her own.

This is one step wrong, one step wrong.

Seeing the subtle expressions of the two of them, Charlie laughed in his heart, but asked curiously, "What's wrong with the two of you? Is there something wrong with the roast goose?"

Liu Jiahui said embarrassedly: "No, no, it's mainly because the family didn't prepare roast goose today. If Mr. Wade likes it, I'll have someone prepare it at night!"

"Okay!" Charlie nodded and sighed: "I like the crispy and greasy taste of roast goose the most, paired with sweet osmanthus juice, it's called an authentic..."

Liu Jiahui's expression was even more depressed. He even thought that Charlie was deliberately raising roast goose to stimulate himself.

However, on second thought, there should be few people who know about Arman selling roast goose in the United States.

After all, the news that Arman was about to be deported was only released recently by himself. When he was released, he did not reveal what exactly Arman was doing in the United States.

So, thinking of this, he was a little relieved, thinking that Charlie might just mention roast goose by chance.

Afterwards, he bit the bullet and said with a smile: "It seems that Mr. Wade has a lot of research on Cantonese cuisine. If that's the case, then I'll ask someone to prepare more brine, roast goose and roast pigeon tonight!"

Charlie smiled with satisfaction, gave a thumbs-up and said, "Mr. Liu is really particular about his work! To tell you the truth, I used to come to Hong Kong Island with my father when I was young. It's still fresh in my memory!"

Liu Jiahui asked curiously, "Oh? I don't know if Mr. Wade still remembers which roast goose he ate when he was a child? If he is still driving, I will ask the servant to buy it for you!"

charlie nodded, thought back for a moment, and said with a serious face: "If I remember correctly, the roast goose shop should be called Arman Roast Goose. I really can't remember the exact location, but I don't know the taste. The memory is still fresh, after all, the taste is absolutely amazing, and I still have an unforgettable aftertaste!"

Arman Roast Goose is the roast goose shop opened by Arman's old father on Hong Kong Island.

The old man has worked hard for decades to make Arman Roast Goose the most famous roast goose brand on Hong Kong Island. It has even been listed on the list of affordable Michelin restaurants on Hong Kong Island for many years. It is very famous on Hong Kong Island.

When Liu Jiahui heard charlie's words, he wanted to slap his two big mouths on the spot, and couldn't help scolding himself in his heart: "Wow! I'm such a cheap talker! I can't help but ask him what the name of the store is... "

Fang Jiabin's expression was even more embarrassing, with a bit of panic.

charlie just mentioned the roast goose, but he also mentioned Arman's roast goose, doesn't this mean that the big mouth directly slaps himself and Liu Jiahui in the face?

Seeing that the expressions of the two of them froze, Liu Manqiong, who was sitting opposite charlie with a cold face, suddenly couldn't hold back and laughed out loud.

Liu Jiahui immediately turned to stare at Liu Manqiong, and asked angrily, "What's so funny?!"

Liu Manqiong shrugged: "It wasn't funny at first, but the reaction of the two of you was so funny. They just wanted to eat some roast goose. Why did you all react so strongly?"

Liu Jiahui said angrily, "Mr. Wade doesn't know the reason, can you still not know?"

"I don't know." Liu Manqiong said indifferently: "I just come back every night to sleep, and I don't have much contact with you. How can I know what the relationship between you and Roast Goose is."

Liu Jiahui was instantly speechless.

He knew that his daughter was pretending to be confused, but he couldn't speak too clearly, so he turned to Charlie and said, "By the way, Mr. Wade, I don't know if other meals suit your taste?"

"Very good." charlie nodded, put down his chopsticks, smacked his lips, and said solemnly and with a little regret, "It would be perfect if there were roast goose."

When Liu Manqiong heard this, she couldn't hold back any longer and laughed.

Her cold and beautiful face, when she smiled, unexpectedly gave birth to two shallow pear vortices for no reason. Matching her classical beauty, it really could be called a sinking fish and a geese, and a country and a city.

Liu Jiahui was almost ashamed, glared at Liu Manqiong, and scolded: "Stop laughing!"

"Okay, okay." Liu Manqiong put away his smile, but still looked at charlie with a smile, and asked him, "Mr. Wade, didn't you really mention the stalk of roast goose on purpose?"

charlie pretended to be blank and shook his head, and said seriously, "Miss Liu, I didn't understand what you meant."

Liu Manqiong narrowed her beautiful eyes slightly, stared at charlie for a moment, and said seriously, "Why do I think you are lying to me?"

"Do I have it?" charlie asked solemnly.

Liu Manqiong nodded and said, "You have."

charlie smiled and said, "No, I didn't."

Liu Manqiong said aggressively: "You obviously have it!"

Speaking, Liu Manqiong asked him again, "Are you trying to hold back your smile?"

"No." charlie said firmly, and said seriously, "Why should I hold back my laughter?"

Liu Manqiong looked at charlie and said meaningfully: "Because you clearly know what roast goose is, and you have always been the one to mention it, so you must be holding back badly in your heart. As the initiator, how could you not want to laugh??"

charlie smiled and said, "Miss Liu, to tell you the truth, I have received professional training, and I don't normally laugh."

Having said that, charlie couldn't help laughing: "Normally, I won't laugh, unless I can't help it! Hahahaha!"

The Amazing Son In Law Chapter 4715 (The Charismatic Charlie Wade Chapter 4715)

charlie suddenly laughed, causing Liu Jiahui and Fang Jiaxin to be shocked and angry at the same time.

Only then did they understand that the reason why charlie kept mentioning the stalk of roast goose was not because he missed the taste as he said, but because he had been deliberately teasing them all the time!

However, Liu Manqiong was not surprised at all, but was amused by charlie's sudden sharp turn, and the two facing each other tacitly laughed together.

Liu Jiahui's face also became more and more ugly with the laughter of the two.

After a while, he slammed on the table, looked at charlie and shouted angrily: "Mr. Wade, from the moment we met, I treated you with courtesy and treated you as a guest, but why did you do this? Deliberately humiliating me?!"

charlie was not nervous at all, and smiled lightly: "Shame on you? Mr. Liu, what do you mean? Although this is your home, you can't even make me laugh, right?"

Liu Jiahui said with a red face: "I invited you to come home to discuss cooperation with you, not to let you take the opportunity to make fun of me! This is too rude!"

charlie said innocently: "Mr. Liu, what do you mean by that? The reason I laughed just now was because Miss Liu kept making me laugh, we are both young people, and I wanted to follow her when she smiled. Lol, what's wrong with that?"

Liu Jiahui said angrily: "But you clearly know what roast goose means! Isn't what you said just now an admission that you did it on purpose?"

charlie's face was full of blank words: "Roast goose is roast goose, besides being edible, what else can it mean? The reason I said this just now was because I thought Miss Liu was deliberately teasing me, I wanted to see if I could hold back my laughter, so I had the intention to play a small game with her, which was considered to enhance mutual understanding."

After speaking, charlie looked at Liu Manqiong very seriously, and said, "It's my honor to be able to make a beautiful girl like Miss Liu smile. If you say something over your own strength, the ancients don't always say, a fair lady, The gentleman is so arrogant, when I see Miss Liu, I naturally want to show it a little bit, is this wrong?"

As soon as charlie said these words, Liu Manqiong's expression instantly became a little unnatural.

She didn't expect that charlie suddenly brought the topic to herself, and in addition to being ridiculed, she seemed to be a little serious.

Liu Jiahui was also a little confused at this time.

He really couldn't figure out whether charlie was trying to make fun of himself, or whether he was really trying to please his daughter.

If it is the former, then it must be unbearable with his own temper, and he must settle accounts with charlie, otherwise how can he be worthy of his current status? What's more, his wife is sitting opposite him. If he is ridiculed in front of her, where should he put his old face?

But if it's the latter, then the whole thing goes exactly as he expected.

Because, my original idea was to pull out Gao Leng's daughter, let her take away charlie's soul, and then strike while the iron is hot and finalize the cooperation with charlie.

After the cooperation is settled, with her daughter's character, she will never give charlie any chance to take advantage.

In this way, he is the winner who has the last laugh.

Others will say that this kind of trick is called an empty-glove white wolf.

But in Liu Jiahui's view, this is clearly a lure master fishing with simulated lures.

Ordinary people in Taiwan fishing, in addition to fishing gear, also need to prepare all kinds of bait and nest material, and try every means to make the fish in the water open.

But Lure masters are different. Lure masters only use anti-real bait. The fish eats the artificial bait and is caught. The bait can be used continuously after it is removed. As long as the technology is good, it can be reused indefinitely without additional payment. any cost.

Therefore, at this time, he did not dare to continue arguing with charlie on this issue.

After all, he also planned to catch the big fish of Yisu Shipping, so he tried his best not to turn against charlie. As long as charlie didn't make it clear that he was laughing at himself, the green-haired turtle, then he had to pretend that he didn't know about this. matter to be treated.

So, he quickly changed his expression and said with a smile: "So that's the case, Mr. Wade, it seems that I misunderstood you, and I will punish myself for a cup!"

After speaking, he immediately picked up the wine glass and drank all the liquor in the glass.

charlie nodded with a smile, and said, "I really didn't expect that the mere roast goose would make Mr. Liu so unhappy. If that's the case, then don't eat roast goose at night."

Liu Jiahui didn't expect that charlie couldn't live without the word "roasted goose", so he could only bite the bullet and said with a smile: "Okay, I'll let someone prepare western food at home that night!"

charlie waved his hand, looked at Liu Manqiong and said with a smile: "Isn't Miss Liu going to take me around Hong Kong Island this afternoon? If it's convenient, how about we have something to eat outside together at night?"

Liu Manqiong was suddenly overwhelmed by charlie.

She firmly believed that charlie knew the allusions behind the roast goose, so he deliberately led him to admit it, but he did not expect that after playing tricks on his father, he actually rounded up the matter.

It was also at this moment that Liu Manqiong felt that the young man surnamed wade in front of him was definitely not easy.

Even, she has begun to doubt charlie's purpose in coming to Hong Kong Island.

If he really came to talk about cooperation, why should he seize the handle of his father and stab him repeatedly? This man seems to have a purpose to make his father uncomfortable.

Thinking of this, she also wanted to explore charlie's real purpose, so she said very cheerfully, "Since Mr. Wade wants to eat out at night, then I'll take you to try the authentic Hong Kong-style snacks."

"Okay!" charlie said with a smile, "A word is settled!"

Liu Jiahui finally breathed a sigh of relief when he saw charlie's smiling expression at this moment.

In fact, he is not sure whether charlie is deliberately mocking himself, but he is reluctant to get to the bottom of it right now. According to his plan, let charlie and Liu Manqiong get to know each other today, and then give them some alone time. Take charlie to the company and start chatting with him about cooperation.

He thought to himself: "As long as the cooperation can be negotiated, it doesn't matter whether this surnamed Ye is mocking me or not;"

"But if the cooperation cannot be negotiated, then I will definitely not suffer from this dumb loss. Since he has arrived on Hong Kong Island, if he wants to leave here, he must pay a price!"

Thinking of this, he immediately smiled and said, "You two young people can eat out alone that night. We are getting older and we are not used to eating outside, so we won't be with you."

As he said that, he looked at Liu Manqiong and said, "Manqiong, let Amin bring the motorcade with you in the afternoon. If there is anything, just tell him directly."

"No need." Liu Manqiong shook his head and said, "I'll drive with Mr. Wade, don't let Amin follow us, too many people are uncomfortable."

After that, she looked up at Charlie and asked, "Mr. Wade, what do you think?"

Charlie knew that Liu Manqiong wanted to find an opportunity to find out about his bottom in private, so he also followed the flow and said, "Of course I firmly support all of Miss Liu's decisions."
