

The Amazing Son In Law Chapter 4717 (The Charismatic Charlie Wade Chapter 4717)

Liu Jiahui was finally relieved when he saw that charlie seemed to have a crush on his daughter.

The fish has already spoken, and the rest depends on when he bites the hook.

When he was full, Liu Jiahui said, "Mr. Wade, I have something to do with the group in the afternoon, so I won't accompany you. Let Manqiong accompany you to have a good time on Hong Kong Island."

charlie nodded and said casually, "Mr. Liu is busy with something, just have Miss Manqiong accompany me."

Liu Jiahui nodded with satisfaction and instructed his daughter, "Manqiong, please help me entertain Mr. Wade."

Liu Manqiong was also unambiguous, and asked directly, "When will you arrange the 50 million donation you promised me?"

Liu Jiahui said casually: "As long as you are obedient, within three days, I will ask the finance department to transfer the money to your foundation's account."

Liu Manqiong nodded: "Mr. Wade is here to witness, you must speak your mind."

"That's natural!" Liu Jiahui said with a serious face: "You old bean, I have been so many years, when have you never believed your word?"

When charlie heard this, he suddenly felt a little disgusted in his heart.

charlie didn't know how many times Liu Jiahui broke his word in his life, but he knew that after his father died, Liu Jiahui broke his promise to his father.

It's just that Liu Manqiong didn't know this. When she heard Liu Jiahui say this, she felt relieved and said, "That's good!"

charlie looked at Liu Jiahui and wanted to ask him if he still remembered bruce and the agreement between him and bruce.

But thinking about it carefully, if you ask this question now, Lau Ka Fai must have guessed that he came to Hong Kong Island this time for Arman, not to discuss cooperation with him.

Even, it is very likely that he thought of his father because of this, combined with his surname wade, combined with his resemblance to his father, and deduced his identity.

Thinking of this, charlie temporarily suppressed this urge.

He flew more than 10,000 kilometers to Hong Kong Island, and he couldn't reveal his identity so easily, it would be no fun.

So, he looked at Liu Manqiong and said with a smile, "Miss Liu, since we have finished eating, why don't we go first?"

Liu Manqiong nodded and said, "Okay, let's go then."

charlie stood up and said to Liu Jiahui and Fang Jiaxin, "Mr. Liu and Mrs. Liu, thank you for your hospitality, and Miss Liu and I will go out for a walk."

Liu Jiahui said with a smile: "Okay, then Mr. Wade will have a good time with Man Qiong first, and we will talk about business tomorrow."

...

charlie and Liu Manqiong came out of the restaurant side by side, and Liu Manqiong said to charlie, "Mr. Wade, please wait a moment, I'll go upstairs to get something."

charlie asked her, "Miss Manqiong, do you need my help?"

"No need." Liu Manqiong said casually, "It's just some personal belongings. Please wait for me here for a while, Mr. Wade, and I'll come down immediately."

charlie nodded: "Okay."

Liu Manqiong took the elevator upstairs, and after a while, walked out of the elevator holding a cardboard box.

charlie took the initiative to step forward and said, "Miss Manqiong, let me get it for you."

Liu Manqiong nodded slightly: "Thank you, Mr. Wade."

charlie took the box casually, hugged it, and left the villa with Liu Manqiong.

In the yard, Liu Manqiong walked straight towards a normal version of Tesla Model 3.

Tesla's cheapest entry-level sedan looks out of place in a yard full of Rolls-Royces and Maybachs.

charlie didn't expect that Liu Manqiong could drive such an electric car of more than 200,000 yuan, and he couldn't help being a little surprised.

Liu Manqiong also saw the surprise in charlie's eyes, and said, "Mr. Wade, my car is a little rough, please don't mind."

"No." charlie waved his hand and said with a smile: "I'm not particular about cars, let alone four-wheeled electric cars, even two-wheeled electric cars, I'm fine."

Liu Manqiong nodded and said a little coldly: "That's good, please help me put things in the trunk, Mr. Wade."

"Okay." charlie readily agreed, and after putting things in the trunk, he opened the co-pilot's door and sat in.

Liu Manqiong was already waiting in the driver's seat at this time. After charlie got in the car, he drove the Tesla directly out of the villa.

As she drove down the mountain along Shixun Road, she asked charlie, "I wonder where Mr. Wade would like to go shopping in the afternoon?"

"I can do it." charlie smiled and said, "The guest is whatever the host can do. Just ask Miss Manqiong to arrange it at will."

Liu Manqiong nodded, glanced at charlie, and asked, "By the way, Mr. Wade, I have always wanted to ask you a question. I don't know if it is convenient?"

charlie asked with a smile, "Does Miss Manqiong want to ask me if I'm single now?"

"No." Liu Manqiong frowned slightly and said, "I just want to ask Mr. Wade if you know the meaning behind the repeated mention of roast goose at the dinner table?"

charlie felt that Liu Manqiong seemed to be aware of it, so he shook his head: "I just said it casually, I don't know what is the meaning behind it, and I wonder if Miss Manqiong can make it more popular?"

Liu Manqiong said lightly: "My father used to have a subordinate named Arman. Later, this Arman took my current stepmother to elope to the United States and opened a roast goose shop in Chinatown in the United States. The two of them eloped, and my father eloped. He has always been very sensitive, so roasting goose is also a taboo for him."

charlie said lightly: "Miss Manqiong, with all due respect, your stepmother doesn't look like someone who can endure hardship."

"Indeed." Liu Manqiong said: "She usually doesn't even bother to wash her own underwear, and has several servants around her every day."

Speaking, Liu Manqiong couldn't help but sigh: "However, with this kind of pampered personality, I can still follow Arman to open a roast goose shop for a few years in the United States. This is really something I didn't expect."

charlie said casually, "Then it seems that she and that Arman are the true love."

Liu Manqiong shook his head and said, "I don't know that."

As she said that, she glanced at charlie again and asked, "Mr. Wade, do you really not know these things?"

charlie shrugged and said, "I know Mrs. Liu has eloped with someone before, and the whole of Hong Kong Island should have heard about it. Many big entrepreneurs will talk about it as gossip after dinner, but what did she do abroad after eloping with someone? I haven't heard of it."

charlie saw that Liu Manqiong was not an ordinary woman, so he didn't want Liu Manqiong to realize his true motives.

After all, even Lau Ka Fai has only recently learned about Arman's opening of a roast goose shop in the United States, and this incident has not been reported back to Hong Kong Island. If an outsider admits to knowing, it means admitting that he and Arman There are relationships.

Liu Manqiong was a little skeptical. She always felt that charlie's mention of roast goose at the dinner table seemed to be intentional, but when charlie said this, she also felt that there was no loophole in logic.

After all, charlie's identity is a high-level assistant of Yisu Shipping, and he came from the mainland, so it is unlikely that he knows about Chinatown in the United States.

So, she put the matter behind her and said to charlie, "Mr. Wade, if you don't have a designated place to go, then we'll go to Tsim Sha Tsui first, where my classmates and I organized a meeting. A charity bazaar, and I gave them the things in the car."

charlie nodded and said, "No problem."
