Pankaj was frightened by charlie for a while and did not dare to speak.

He knew that once the Zhong family and Hongmen couldn't hold back charlie, he wouldn't have any trump cards to use.

Therefore, at this time, he would never dare to touch charlie's bad head again. However, how could charlie let him go so easily, he raised

his hand and slapped him again, and asked, "Speak, you are dumb?"

Endured the severe pain and sobbed: "I... I was wrong... please let me go..."

charlie slapped me again, and said coldly, "I asked the one just now to do this. , Is it you who did that? Say one more nonsense, and I will tear your mouth to pieces!"

Pankaj cried and said, "It's me...it's me..."

charlie nodded and slapped again Throwing it over, he said coldly: "Do this, do that, you have a lot of firepower!"

Pankaj cried with blood seeping from the corners of his mouth. charlie slapped another slap and asked with a smile, "Didn't you say before that I would kneel down to kowtow

to you and slap me a hundred times?"

I was all... all farts just now, you... you will spare me... this time, I will... never... never dare..."

charlie sneered and slapped again: "Now There 's no chance for me to beg for mercy!"

Pankaj was about to pass out by charlie, Mia couldn't bear it, stepped forward and said, "charlie, don't fight anymore, it will cause an accident!"

charlie looked at She asked curiously, "What happened?"

Mia blurted out, "It will kill you if you keep fighting like this!"

charlie smiled and said, "I'm measured, the pain is really painful, but he definitely won't die. If you don't believe me, look."

charlie said, raised his arm and slapped him again.

Pankaj subconsciously covered his face and cried, "Big brother, I was so wrong, big brother... Don't hit big brother..."

charlie smiled slightly, and said coldly, "What about your energy just now? You are not trying to kill me. Why? Why did you start begging for mercy again?"

Pankaj blurted out: "I was blind and I accidentally offended you, please don't...don't have the same knowledge as me..."

charlie sneered, "I think of begging for mercy at this time? It's too late! "

After that, another slap in the face was slapped.

Afterwards, he looked at Mia and said with a smile, "Look, I just said he couldn't die, right?"

Just after he finished speaking, Pankaj had already been beaten in a bad way. He slapped him in the face, and he felt black in front of him. The whole person fainted.

Mia blurted out, "He... he rolled his eyes... Couldn't he be dead?"

charlie waved his hand: "Don't worry, he can't die, it's just a coma."

Mia hurriedly said, "Then hurry up and call the ambulance . Take it to the hospital..."

charlie shook his head and said, "I already said that he can't die, so why don't I make an emergency call? I don't need to waste medical resources for this kind of person. Besides, it's still useful for me to keep him later.

" When it exploded, he said earnestly and earnestly: "charlie... I beg you to listen to me, you beat him so badly, his family will not let it go, how will you end it?! My dad can't even save it. You..."

"Your dad?" charlie smiled: "It's amazing that he can protect himself."

After speaking, charlie's topic did not stop on Liu Jiahui, and said to Mia: "What's more, Now it's not a question of whether this kid's family will give up, but whether I will give up. He can't bear these hundred slaps now, so he has to be replaced by his father and his grandfather. He suffered, who made one of their godsons helpless and the other to abuse them?"

Mia was speechless by charlie, and after a while, he couldn't help but ask: "charlie... Are you always so arrogant?"

charlie Looking at Mia, he smiled and said, "I'm not arrogant at ordinary times, and my consistent aim is that people don't offend me, I don't offend others, and I will never bully others for no reason by relying on my strength and background. Bullying the weak."

With that, charlie pointed at Pankaj, and said coldly, “But if someone commits a crime against me, I will commit the crime! And I will commit it ten times, a hundred times, a thousand times! I will never be soft-hearted!”

Mia blurted out: “This is Hong Kong Island, not your territory! Don’t you understand the reason why strong dragons don’t overwhelm local snakes?”

charlie smiled contemptuously, and said seriously, “Miss Mia, to tell you the truth, I have no taboos here! “

For charlie, he really has no taboos when he comes to Hong Kong Island this time.

He came to Hong Kong Island alone, without family or friends, only abbas and the other Wanlong Palaces would be here, and they would not be a burden to charlie.

So, of course he didn’t

Anything to scruples.

What’s more, if someone wants Uncle Arman’s life, then he will naturally come to see who has such courage.

Not only that, he also wants to let these people know that Uncle Arman’s life is not what they want!

Moreover, even if they are not so powerful, they have to pay for this idea!

So, as charlie told Mia before, he is here to preside over justice.

Since it is upholding justice, there should be no taboos. Gods block and kill gods, and Buddhas block and kill Buddhas!

Mia was so angry that she was speechless by charlie's arrogant attitude.

Although she can also see that charlie's personal strength is outrageous, she also knows that Hongmen is by no means vegetarian on Hong Kong Island. They have thousands of disciples, and they spread all over Hong Kong Island. Deep-rooted, no matter how strong charlie is, he can't be against them.

Therefore, from her point of view, charlie did things recklessly, and didn't even think about how to deal with it next.

At this time, charlie didn't care about the consequences at all. He looked at Brother Aaron, who was abolished by him first, and said coldly, "You! Come here!"

Brother Aaron covered his shattered arm with a terrified expression on his face. Looking at charlie, he hesitantly asked: "You... what are your orders..."

charlie said coldly, "Go and take out everyone's mobile phones, anyone who dares to hide them, I'll break his third leg!"

"Follow...follow the orders..." Brother Aaron didn't dare to make trouble, and immediately used his intact left arm to pull out the cell phones of his younger brothers.

charlie took a bunch of mobile phones and threw them out diagonally upward in the direction of the valley. A dozen mobile phones instantly threw a huge parabola and were thrown directly into the valley.

Afterwards, Charlie said to Brother Aaron, "You and your little brothers are the ones with the least injuries. Isn't it a bit unreasonable?"

Brother Aaron was so frightened that he blurted out, "Brother... I've been seriously injured... My right hand is basically useless..."

Charlie pointed to the other people lying on the ground, and said earnestly: "Look at them, which one doesn't have more broken bones than you? You, the big brother, bring your younger brother out to mess around. What you pay attention to is a righteous character! If your younger brother is injured more than you, how will you be in the Dao in the future? Others will be there. You pointed behind your back and poked your spine!"

After speaking, Charlie touched his chin and said seriously, "I see, it's only appropriate for you to have to break another leg."

Charlie's words made Brother Aaron's mood collapse instantly.

As soon as his legs softened, he knelt on the ground with a thud, crying and begging: "Big brother... I'm just a little brother who lives in Hongmen, please show mercy for the sake of my lost arm. , let me go..."

Charlie frowned and said, "I really don't understand you gang members, you are the most ruthless in normal times, and you are the most cowardly in trouble, can't you be tougher?"

Brother Aaron cried and said, "Brother... If you break my leg again, I won't be able to continue messing around in the future..."

Charlie asked him, "Are you still thinking of taking care of your injuries and continuing to be your double-flowered red stick?"

Brother Aaron hurriedly shook his head: "No... I didn't mean that..."

charlie sneered: "There is one arm and one leg left, if you honestly find a living, it is enough, otherwise if you come out again, you will have to move your head sooner or later."

After all, charlie didn't wait for him to react, and kicked his right knee.

With the sound of cracking, Brother Aaron rolled on the ground in pain.

charlie had no sympathy for him, and said coldly: "I hope you can change your mind and become a new person, otherwise, next time I will let you taste the taste of high-ranking paraplegia."

Brother Aaron could only endure the severe pain and blurt out: "Brother, don't worry... I will definitely change my mind... I must be a new person..."

charlie nodded and said coldly: "Just stay here and be honest. At night, it is estimated that the Zhong family will come to you. If they ask you about Pankaj's whereabouts, you can tell him that Pankaj was I took it away."

Brother Aaron said without hesitation: "Okay brother... I know..."

Mia asked charlie with a look of astonishment, "Where are you taking Pankaj?"

"Go to a nightclub." charlie said casually: "We agreed, you forgot? Finish your meal first, then go to Lan Kwai Fong to visit a nightclub."

Mia blurted out, "What about Pankaj? Put him in the car?"

"Yes." charlie said: "Your trunk is empty, just stuff him in."

"Ah?!" Mia said stunned: "You...what are you doing here..."

charlie grabbed Pankaj's collar, pulled him up, and said, "What I'm going to do, you'll know at night."

After that, charlie asked, "Are you going?"

Mia was extremely helpless, so she could only bite the bullet and follow.

Returning to the road from the mountain forest, there is still no one around.

charlie directly opened the Tesla trunk and stuffed the unconscious Pankaj inside.

Pankaj is currently in a deep coma, and it is estimated that he will not be able to wake up tomorrow without external interference.

After closing the trunk door, charlie said to Mia, "You can drive, I'm not familiar with it."

Mia asked him, "When you came, did you say you were going to drive because you expected them to follow us?"

"Yes." charlie nodded slightly.

Mia asked: "So you deliberately led them here to deal with them?"

"That's right." charlie said lightly: "You don't need to look at the owner to beat the dog, but you have to choose a suitable place. You can't make a move, and these dogs will hug each other, and you can't make them bark in the downtown area. "

Seeing charlie's understatement, Mia couldn't help but say, "You are a devil!"

“Devil?” charlie frowned and said, “I, the devil, never thought to invade you, but the guy in the trunk not only wanted to invade you himself, but also wanted those strong men to invade you together, so who do you think is right? Who is at fault?”

Mia’s face turned red and then white, and after a long while, he said angrily, “Then you can’t use violence to control violence!”

charlie smiled and said, “I’m done with violence, so what do you say? Let me apologize to them?”

Mia saw the banter on charlie’s face, and knew that he couldn’t speak to him, so he simply ignored him and got into the car directly.

charlie also sat in at this time, fastened his seat belt, and said, “Miss Mia, what are you going to bring me to eat tonight?”

Mia said angrily: “If you don’t eat, you will be full of anger!”

After speaking, she couldn’t help but give charlie a blank look, and she had already made concessions in her heart, but she said in a dissatisfied tone: “I’ll take you to eat the most famous wonton noodles on Hong Kong Island! There is a money belly next to it. With the curry fish balls, you can buy more snacks to eat together, and if you are not full, you can also eat some spicy crab from the typhoon shelter.”

charlie raised his eyebrows and smiled: “It sounds delicious, then Miss Mia has worked hard to entertain! YOU be a guest in Aurous Hill another day, and I’ll treat you to duck blood vermicelli and saltwater duck!”

Mia glanced at him and couldn’t help sighing, “There’s nothing to do with you!”

After finishing speaking, drive the car to leave Honghualing and return to the urban area of Hong Kong Island.

On the return journey, the two stopped and went because of the peak period, and it took more than an hour to arrive at the urban area of Hong Kong Island.

Mia drove the car to a crowded and lively snack street. After parking the car, he asked charlie nervously, "What about Pankaj? He won't wake up, will he?"

charlie smiled and said, "Don't worry, he can't wake up."

"That's good." Mia breathed a sigh of relief and said, "Let's get off the bus and go to the place to eat."

charlie nodded, pushed the door and got out of the car.

Mia carefully pressed the lock button several times, and after confirming that the car was locked, she took charlie to the snack street.

charlie looked at this lively snack street and asked curiously, "Miss Mia, do you often come to eat at this kind of place?"

"Yes." Mia nodded and said, "I used to come here to eat often when I was young, and it's the same to this day. It's not far from my school. I usually go here for dinner before going home."

charlie asked inexplicably: "Your family is so rich, so you don't worry about safety when you come to eat here?"

Mia said: "It's not Zhang Ziqiang's era anymore. The law and order of Hong Kong Island is much better. Besides, this is a downtown area. I know most of the street vendors. Who would kidnap me in such a place."

charlie nodded: "It makes sense."

With that said, Charlie asked her curiously, "You, a daughter of gold, often come to eat here. Is there anything special to you here?"

"Yes." Mia said with a look of nostalgia: "When I was a child, my mother often brought me here to eat. She said that I was a picky eater when I was a child, and I was picky eater for no reason and irregularity. I don't like to eat delicious food, I just like to eat wonton noodles and brine snacks sold by street vendors. Even if the servant at home makes the exact same thing at home, I still don't like to eat it, so she always promises me, As long as I eat breakfast and lunch obediently, bring me here to eat delicious food in the evening..."

After speaking, Mia sighed softly and muttered with a melancholy expression: "Since my mother left, I have come to eat here almost every day, starting from elementary school, until I graduated from a girls' high school and went to college, my father At that time, I wanted me to study in a better university in the United States, but I chose to stay on Hong Kong Island because I couldn't bear to be here. You may not believe it. When I grew up, I left Hong Kong Island with my mother when I was a child. After she left, I almost never left here again..."
