Seeing Mia's desolate expression, Charlie suddenly sympathized with the eldest lady of the top wealthy family on Hong Kong Island.

Although Liu Jiahui is rich, Mia still failed to have a complete childhood.

Her father's betrayal and her mother's early death completely destroyed her childhood.

In this regard, the experiences of Charlie and Mia are somewhat similar.

Although his parents had a good relationship, after passing away, Charlie's childhood completely fell apart.

After that, Charlie lived in the orphanage for ten years. Although Mrs. Lewis took care of him, it was still a painful ten years for Charlie.

Because in those ten years, he had to re-accept the reality of his parents' death every day for the first five years, and every day for the next five years, he fought against the sadness of missing his parents.

And what really healed Charlie for the next 20 years and kept him calm and never went astray was the sincere teaching and good memories that his parents gave him before he was eight years old.

Come to think of it, Mia's fond memories should be from when she was a child, her mother brought her here every day, and tried every means to coax her to eat. Later, the person who loved her the most was gone, so she could only come here to find her shadow.

At this time, a street vendor wearing an apron on the side of the road was frying Niuhe. When he saw Mia approaching, he quickly greeted with a smile: "Miss Mia, you are here!"

Mia came back to his senses, and quickly smiled and said, "Uncle , why didn't I see you open the file two days ago?"

The street vendor was so happy that he said, "My daughter-in-law was born the day before yesterday. She's a fat boy, and she weighs seven pounds and eight taels!"

"Wow!" Mia said in surprise: "It's really good! Next time you come, I will definitely pack a big red envelope for the little guy!"

The vendor hurriedly said: "No need for Miss Mia, we receive your favor every year, how can we make you spend more money."

Mia smiled and said, "Uncle , why don't you do this? I'll tell Manager Wan that you'll be exempted from the rent for the second half of the year, so it's just a red envelope for the little guy."

The vendor said with sincerity: "How can this be done, Miss Mia, you have not raised the rent for ten years, and you have taken good care of us. If it weren't for you, how could we support our family here..."

Mia laughed and said, "Uncle , don't be polite to me. I'll tell Manager Wan later."

After that, she pointed to charlie and said to the street vendor, "Uncle , I'll take my friends to eat inside, so don't disturb me for now."

The vendor nodded gratefully, then looked at charlie and asked with a smile, "Miss Mia, are you finally dating?"

"No..." Mia quickly shook his head: "Ordinary friend."

The vendor looked at charlie with a deep expression on his face, and said seriously, "I have been here for more than 20 years, and you are the first boy that Miss Mia brought over."

Mia said in a panic: "Uncle , he is really an ordinary friend of mine, so don't put smoke bombs here."

After speaking, he quickly greeted charlie: "Mr. wade, let's go."

charlie nodded with the vendor, and then walked to the depths of the snack street with Mia.

After getting away from Uncle booth, charlie asked her curiously: "Miss Mia, I heard what Uncle said just now, you seem to be the landlord here?"

Mia blinked, her slender hand gestured along the head and tail of the snack street, and said with a smug smile, "This whole street is mine!"

"Huh!" charlie couldn't help but admire: "The boss is so generous!"

Mia smiled and said, "If you want to keep some people and things, you always have to pay some price."

Just after finishing speaking, several street vendors on the side of the road saw Mia and said respectfully, "Miss Mia!"

Mia greeted them one by one, and could even call out everyone's name.

After the entertainment, she said to charlie: "Hong Kong Island's economy has been growing rapidly in the past few years, and this kind of place has long been bought and is ready to be redeveloped. At that time, the owner of the street wanted to drive away these vendors. After their lease expired, the rent increased several times overnight. Many vendors couldn't pay the rent, so they started to withdraw, so I went to my dad and asked him to buy this place and give it to me no matter what. , as long as he is willing to buy this place and give it to me, I will allow him to marry that woman."

Speaking, Mia spread his hands and smiled: "So I got my wish and became the boss of this street. All the stalls on this street, as well as the shops on both sides, are mine! How is it, is it amazing?"

"Amazing." charlie asked with a smile, "So after you bought this street, you brought these vendors back, didn't you?"

"Yes." Mia nodded and said, "I invited each of them here and promised them that as long as they are willing to open a stall here, I will never increase the rent. Not only that, but they operate here, all utilities, cleaning and I also pay for the maintenance costs. Prices have risen sharply in recent years, and the rent they pay every year is actually not enough for the maintenance costs here, and my dad's company has to subsidize a part of it every year."

charlie smiled and said, "It seems that your dad is still good to you."

Mia nodded: "he is very kind to me, because he has always wanted to exchange my forgiveness for so many years."

Speaking, Mia's expression gradually became cold, and she said seriously: "But my mother was really in pain when she left. I still remember every scene from her illness to her death, so I will never forgive him in my life. "

Seeing that Mia's eyes were red, it seemed to bring back some painful memories, so charlie asked: "By the way, Miss Mia, Uncle said that you have never brought boys here, why are you number one in your house today? The next time we meet, are you going to take me here for dinner?"

Mia pouted: "Don't be sentimental, I didn't want to bring you here!"

charlie hurriedly said: "Didn't you say that at the dinner table, you want to take me to eat some snacks from Hong Kong Island in the evening."

Mia blurted out: "I said so, but I didn't want to bring you here. The reason why I say this is to make you retreat in spite of the difficulties. I didn't expect you to have the cheek to agree."

After speaking, Mia said again: "Besides, there are too many snack streets on Hong Kong Island. Since you agreed, then I can find any one and I can get rid of you."

charlie asked inexplicably, "Then why are we here now?"

Mia was speechless for a while, and her fair face turned ruddy because she was nervous or ashamed.

So, she quickly said stubbornly: "The reason why I brought you here is because I was worried that the Zhong family would come and seek revenge on you. If they do come here, with so many acquaintances I have here, I can cover you a little bit."

charlie pouted: "I don't believe it, do you think I still need a mask?"

Mia rolled his eyes at him angrily and said, you are the best! Aren't you going to Lan Kwai Fong tonight? I'll wait to see you k\*ll the Quartet in Lan Kwai Fong!"

charlie asked with a smile, "Do you really want to see it?"

Mia said angrily: "Yes! I really want to see it! I'm afraid you can't cover it, and I have to find a way to ask someone to save you!"

charlie snapped his fingers, raised his eyebrows and said, "Since you want to see it, then I must do what you want!"
