

The Amazing Son In Law Chapter 4761 (The Charismatic Charlie Wade Chapter 4761)

Zyaire was frightened by charlie's words, and almost suffered a heart attack on the spot.

If he followed the cruel words he just released, then charlie would use his own way to treat others, and he would definitely have to tear his mouth apart and then rip his tongue off.

Let's not say whether my body can stand it or not, even if I can, after experiencing this, I am afraid that I will lose half of my life.

Thinking of this, he was extremely terrified, clutching his chest, enduring the severe pain in his heart, and crying to charlie, "Mr. Wade, I'm getting old and can't stand the toss..."

charlie smiled and said casually. : "Oh, it's alright, if you can't stand the toss, just die here. Anyway, I don't care if you live or die."

Zyaire's eyes were swollen from crying, he knelt on the ground and kept kowtow to charlie, crying in his mouth Said: "Mr. Wade, I really know I'm wrong... I beg you to raise your hand..."

charlie couldn't help frowning, and said coldly, "There's no end to the car."

After speaking, he looked at the man kneeling on the ground. Coach Lin said indifferently: you were once a member of Wanlong Hall, I can let you keep your cultivation, but how you should behave is up to you." When

Coach Lin heard this, the whole The man was stunned for a moment, and then he looked at Zyaire subconsciously, and shouted angrily: "Zyaire, you old dog has mistaken me!"

After that, he immediately rushed up and clamped Zyaire's head with his arms, his hands slammed violently. As soon as it was torn, the corners of Zyaire's mouth were torn open two large mouths.

Zyaire screamed in pain, but Coach Lin didn't intend to let him go, but reached out and pulled his tongue off.

mia's face was pale in fright, and she blurted out to charlie, "charlie... this will kill people..."

charlie took a deep breath and said to Teacher Lin, "Forget it, keep his tongue, wait. Let him kneel on the ground and learn how to bark."

"Yes!" Teacher Lin respectfully stepped aside, and then knelt on the ground again.

At this time, Zyaire, how could he still have the arrogance and determination to die.

He knelt on the ground, blood dripping from the corners of his mouth like a clown, and the whole person kept crying uncontrollably.

This kind of cruelty, he has done to many people, but this is the first time it has been reported to himself.

Although Mia had countless questions to ask charlie, at this moment, she couldn't help but scold: "Charlie, don't you think this is too much for an old man?"

charlie turned around and looked at She said seriously: "Miss Mia, don't forget, this is what he was going to do to me just now, and he wants my life, if I, charlie, can't cover this scene today, then I am now like It may be me who is kneeling in front of you like that. Maybe I will die in front of you. Now I just give him a little color, which is a big discount for him, so I don't think I am too much. On the contrary, he has to thank me for being merciful."

Zyaire also said hurriedly and vaguely: "Miss Mia... wade... Mr. Wade is right... It was Mr. Wade who showed mercy and left me a dog's life. ..."

At this moment, Zyaire's psychological defense line has completely collapsed, and now he only has one thought, that is, no matter how much he pays and how much dignity he pays, he must strive to survive.

Mia was a little stunned all of a sudden.

She understood the underlying logic in charlie's words.

And deep in her heart, she knew very well that there was nothing wrong with charlie's words. If Zyaire was in power at the moment, then charlie would definitely not be able to survive.

In contrast, charlie was indeed very humane.

At this time, charlie looked at Zyaire and said lightly: "There are many people who want to kill me charlie, although some people are dead, but some people are still alive, I, charlie, will never be like you just now. If you want to kill others, I usually leave a way for others to live, but now if you want to survive, I can also give you a chance, it depends on whether you can grasp it yourself."

Zyaire was very excited in his heart. He couldn't care less about the pain, so he nodded and said, "Don't worry, I will take good care of it!"

charlie said lightly, "First of all, I want you to dissipate all your family wealth and donate all your assets to Charity, you can't keep a penny."

Although Zyaire felt distressed, he knew that if money was gone, he could make more money, but if his life was gone, he would have nothing, so he immediately nodded and said, "No problem... I accept... ..."

charlie said again: "Secondly, today, all of your subordinates know my identity. I am a relatively low-key person, and I don't like to have my identity leaked out, so it stands to reason that these people will all be silenced."

As soon as charlie said this, all the younger brothers at the scene were frightened, and many people wanted to run, but at this time a figure at the door threw back all those who wanted to run out.

Standing at the door was a five-star general from Wanlong Hall. Abbas asked him to guard the door just to make sure that no one was let go.

With him alone, these little gangsters had no chance of escaping at all. Many people were severely injured by punches as soon as they ran to the door.

At this time, charlie said coldly: "Everyone who intends to escape, kill them!"

As soon as these words came out, no one at the scene dared to act rashly.

More than a hundred members of Hongmen knelt on the ground crying and begging for mercy.

charlie looked around for a week and said loudly: "I said it just now! I can give Zyaire a chance to live, and I can also give you a chance to live, but if you don't cherish it, don't blame me, charlie, for being rude. It's over!"

Everyone was so frightened that they didn't dare to speak.

At this time, charlie said: "I will arrange for you to board the ship tonight, and everyone will go to Syria to work for the Wanlong Palace. If you behave well, I will let you back in ten years, but if anyone intends to escape, it is also a matter of killing!" When

everyone heard this, they burst into tears.

Go to Syria as a coolie for ten years? !

How can these gangsters who bully the market on weekdays bear that kind of crime.

Moreover, once they leave Hong Kong Island, they are not even a fart, not to mention that under the command of Wanlong Palace, there are tens of thousands of people in Wanlong Palace, and it is not something they can afford.

At that time, they will be slaves to be oppressed.

Seeing that there was no response from everyone, charlie said to Abbas: "abbas, since they were given a way to live, but they don't accept it, then kill them all and leave none!"

Abbas nodded without hesitation and said, "subordinates. Obey!"

This time, the gangsters were frightened, and they started to kowtow one by one, and they kept crying for me to accept it.

charlie saw that they had served, so he asked abbas: "How many people came to Wanlong Palace this time?"

Abbas hurriedly said, "Mr. Wade, a total of 180 people came to Wanlong Palace. Most of them have been lurking near the homes of the core members of the major gangs on Hong Kong Island."

Zyaire was even more frightened when he heard this: "It turns out that the Wanlong Palace has already set up an ambush, and all the core members of the major gangs on Hong Kong Island have been set up. Including, this charlie... what is he going to do?! He is already the master of the Wanlong Palace, does he still covet this acre of land in the hands of the Hong Kong Island gang?!"

At this time, charlie looked at Zyaire and said, "Zyaire, you are old, I will be more humane. I will not let you go to Syria. I will keep you on Hong Kong Island and continue to be the master of Hongmen."

Zyaire was pleasantly surprised when he heard this. Incomparably kowtowed: "Thank you Mr. Wade for raising your hand! Thank you Mr. Wade for raising your hand!!"

charlie sneered: "Don't worry, I will leave you in Hongmen, and I have a task for you."

Zyaire hurriedly said: " Mr. Wade, please say it!"

charlie said: "I want you to raise ten billion US dollars for Wanlong Palace in the next ten years!"

"Ten billion?!" Zyaire felt the thunderous thunder, and cried: "Mr. Wade, all the assets under the subordinate add up to a maximum of 100 million US dollars, and you asked the subordinate to donate it all, how did you raise it in ten years? Ten billion dollars..."

charlie pointed to Huzaiifa beside him, and said lightly, "Don't you still have a filial godson?"

At this time, Huzaifa, although his legs were weak in fright, he still had a fluke idea in his heart, that is, charlie will kill Zyaire today, or get Zyaire too. Syria, in that case, I can completely get rid of the time bomb of Zyaire.

God knows how much hair Huzaifa has lost in order to get rid of Zyaire over the years.

Although he also has a net worth of tens of billions of Hong Kong dollars, there is nothing he can do with Zyaire's dog-skin plaster.

In such a small place on Hong Kong Island, there are thousands of members of Hongmen. If he really wants to tear his face with Huzaifa, Huzaifa can't be prevented.

What's more, he still has a lot of black history in the hands of Zyaire.

If Zyaire is cold, he is actually the biggest winner.

As for the beating that my son suffered today, it is almost negligible.

However, he never dreamed that charlie didn't plan to let him go at all.

Ten billion dollars in ten years, which not only drained all of his current assets, but also his future profits in advance.

He said in a panic, "Mr. Wade... I'm here... I didn't offend you..."

charlie asked him back, "No offense? Your son is going to kill me first today, and you asked Zyaire to kill me later. Your father and son both want my life, you told me that you didn't offend me?"

"I...I..." Huzaifa was speechless for a while, he hesitated for a long time, and said in a panic, "Mr. I really offended you, but you can't open your mouth. It costs 10 billion US dollars in ten years, right?! This is nearly 80 billion Hong Kong dollars..."

charlie said coldly, "Have I spoken to you?"

" This..." Huzaifa was speechless for a while.

With a sad face, he said, "What's the difference between you and Zyaire and me?"

charlie looked at Zyaire and said with a smile: "Did you hear, your godson didn't even bother to cry when he saw you lost power, don't forget, the reason why you fell into my hands today is entirely because Him."

Zyaire also hated Huzaifa in his heart, if he hadn't asked him for help, how could he have offended charlie, the real master of Wanlong Palace?

Now that he has fallen into this bird-like appearance, it is all thanks to him, but he actually wants to leave it behind!

Thinking of this, Zyaire gritted his teeth and shouted in a cold voice: "Huzaifa, you ungrateful bastard! Today I am fortunate to have Mr. Wade spare me a dog's life, you wait, as long as I Zyaire still breathe, I will never make you feel better. !"

Huzaifa was so frightened that he waved his hand and said, "Godfather, calm down, godfather! I don't mean any disrespect to you! And you can't blame me for today's events..."

Zyaire said coldly: "I don't want to talk nonsense with you! Mr. Wade has already said that if I want to spend 10 billion US dollars in 10 years, I will find you the money! 1 billion US dollars a year, I want you to lose a penny. my life!"

Huzaifa almost collapsed, crying and said, "Godfather, you are killing my life! One billion dollars a year, you might as well kill me now!"

Zyaire looked at charlie and cupped his hands. : "Mr. Wade, you just need to give the next sentence, and immediately kill this ungrateful bastard!"

charlie smiled and said, "You have so many younger brothers here, on the other hand, he is just him and his son. Do you think Kill, kill, what does it have to do with me?"

Zyaire suddenly realized, and immediately said to all the younger brothers present: "Brothers! Everyone suffered this disaster today, all thanks to this surname Zhong! Now he is still playing a rogue, Let's get rid of the relationship, let's kill him together to relieve the hatred in our hearts!"

"Okay!" Everyone was full of grievances and had nowhere to vent when they thought that they would be sent to Syria soon.

When they heard Zyaire's words, everyone seemed to be instantly activated zombies, and they rushed towards Huzaifa, wanting to tear him apart.

Huzaifa was frightened, and blurted out, "Mr. Wade, forgive me, I promise what you said! I promise everything!"

charlie frowned and asked him, "What does it have to do with me if you agree or not? He didn't say that the money must be paid by you, it was your godfather who gave you this task, and if you agreed, you would also agree to your godfather."

Huzaifa was completely convinced, he knew that charlie was directly taking his own The godfather Zyaire was regarded as a black glove.

The dirty work of looking for money from himself will definitely be done by his godfather Zyaire in the future, and it has nothing to do with him charlie in name.

Thinking of this, he collapsed in his heart and denounced charlie as a devil who eats people and doesn't spit out bones.

Ten billion dollars in ten years, this is directly draining yourself!

Thinking of this, he grimaced and begged charlie: "Mr. Wade, please lower the amount appropriately, ten billion dollars in ten years is indeed too much, I can't bear it at all, five billion dollars in ten years, I definitely don't have any Question!"

charlie said, "Huzaifa, I have already investigated your situation before I came here. The assets under your name now add up to at least 60 to 70 billion Hong Kong dollars, and your business is doing very well now. There are also billions of Hong Kong dollars in profits, so giving \$1 billion to your godfather every year is not a big problem for you at all, even if you take out this money, you can still live very well."

Said Here, charlie paused for a moment and said coldly, "So I advise you not to be a miser. Money is a good thing, but in front of fate, it's just an extraneous thing!"

Huzaifa knew when he heard this. , charlie couldn't easily make himself feel better.

Ten billion in ten years, it seems that there is no escape.

Otherwise, Zyaire, who was full of anger, could kill himself a hundred times without charlie's action.

At this time, charlie said to Zyaire again: "Zyaire, from now on, you are the fundraising manager of Wanlong Palace, and shoulder the task of raising funds for Wanlong Palace, but your fundraising channel, I suggest you only put it on As long as you do nothing to your son, if subordinates don't obey your command, or if someone wants to kill you, I, charlie, will never stand by!"

Zyaire knew that charlie was this To support yourself.

Otherwise, once he loses control of Hongmen, or is hired by Huzaifa to fight back, he might not be able to resist.

With charlie's words, at least the members of Hongmen didn't dare to do anything to themselves, and Huzaifa didn't dare to do anything to themselves.

Of course, charlie also said that this is on the premise that he did not make a mistake.

This also means that he must not rely on Wanlong Hall to bully others.

However, that was enough for him.

With today's profound lesson, even if he makes a high profile in the future, he will not dare to make a high profile again.

Huzaifa was also in despair at this time. He knew that in this case, it would be impossible for him to tear his face off with Zyaire.

If I put it before, I would have to spend a lot of money, hire someone to fight with Zyaire, and leave Hong Kong Island to develop in other places, and I can still keep most of my assets.

But now, Zyaire wants to raise funds for Wanlong Palace, and Wanlong Palace is backing it. If he fights with him, I am afraid that Wanlong Palace will never stand by.

To put it bluntly, charlie has now set up a chain set, which is linked to each other, and has completely determined himself.

So, he could only reluctantly agree and said, "Don't worry, Mr. Wade... I will do my best to raise funds next time..."

charlie said coldly: "What are you telling me about this? You told me Are you there? Did I ask you for money?"

"Yes yes yes..." Huzaifa slapped himself, and quickly repented: "I said something wrong, please forgive Mr. Wade..."

After speaking, he looked at Zyaire and said respectfully: " Godfather... please rest assured... I will do my best to raise funds... I will never let you embarrass..."
