

The Amazing Son In Law Chapter 4765 (The Charismatic Charlie Wade Chapter 4765)

Ten billion dollars in ten years, for Huzaifa, basically means that all the family business has been wiped out.

However, fortunately, charlie gave him a full 10 years to pay the payment in installments.

This also means that as long as he works hard and does his best to improve the profitability of his business, he might be able to keep half of his family property ten years later.

Therefore, he was forced to accept this reality in his heart. In addition to admitting that he was unlucky, his greatest wish was to pull his comatose son over and beat him.

At this time, charlie opened his mouth and said to Huzaifa, "After you leave here, if you dare to tell anyone what happened today, including your son, I will ask Wanlong Palace to send someone to arrest your whole family in Syria. do you understand?"

Huzaifa was so frightened that he shuddered, nodded hastily and said, "Mr. Wade, don't worry, even if you give me 10,000 courage, I won't dare to tell anyone what happened today."

"Okay." charlie nodded, then turned to Zyaire and said, "Remember, you are the same."

Zyaire said respectfully: "Don't worry, Mr. Wade, you will be tight-lipped next time."

charlie glanced at him and said lightly: "You have such a big mouth, I really don't know how you keep your mouth shut, but I don't want to say anything extra, if you leak out today's affairs, then your fate will be different. Huzaifa is the same."

Knowing that, Zyaire said in a panic: "Mr. Wade, even if I die, I won't reveal what happened today."

charlie nodded slightly with satisfaction, and said, "After I leave, find a trustworthy hospital and sew the corner of your mouth, and everyone else will be sent to Syria, so no one knows what happened to you here today. , but from now on, your own face should be well groomed, I suggest you get a mask and wear it in the future, or show your mouth, you will still be the sect master of Hongmen."

"Yes yes yes ... Thank you, Mr. Wade, for your generosity!"

Zyaire finally let out a sigh of relief while kowtowing to thank him.

What he is most afraid of is that after today's incident spreads, he, the master of the grand sect, will completely lose his majesty.

In fact, few of the people who came out were very loyal, but they were all very snobbish.

You are in power today, and they are all like dogs, wagging their tails and circling around you diligently;

But once you lose power one day, not only will they immediately draw a clear line with you, some people will even turn around and bite you with their teeth.

If everyone on the Hong Kong Island Road tomorrow knew that Zyaire was torn to pieces today, then 99% of the thousands of younger brothers under his Hongmen command would be able to escape overnight.

But as long as he can keep this secret, he will still be the master of Hongmen tomorrow.

The only difference is that there are more than 100 younger brothers present today, and they will disappear completely.

However, it was nothing to him at all.

Don't look at him as just a gang boss, but he is very clear in his heart that one will succeed, and the loss of hundreds of younger brothers is nothing to him at all.

charlie looked at Zyaire and said lightly: "Your personal assets are to be donated before tomorrow night. You are not allowed to keep any house, car, or even a penny. Do you understand?"

Zyaire said with a sad face: "Sir, you can leave a house for the next one, you can't let the next 60 years old live in no fixed place..."

charlie said coldly: "As far as I know, there are not only nightclubs, but also hotels under your famous name. I just asked you to donate the assets under your personal name, and I didn't tell you to give away all the assets of Hongmen. Donate it all, how can you live without a fixed place?"

Zyaire was helpless and could only say honestly: "I understand, I will do it in time!"

charlie said again: "Also, your first billion dollars must be paid within three days. If Wanlong Palace does not receive the money within three days, then I will ask for you. have you understood?"

Zyaire nodded his head like garlic and said, "Don't worry, Mr. Wade, I've heard it now, the money must be paid to the account of Wanlong Palace within three days, if there is any delay in the money, I will kill my relatives righteously. , cut down my godson with my own hands."

Huzaifa's face turned green, and he said with a sad face, "Don't worry, godfather, I will call you the money within two days!"

charlie smiled slightly, and said to Abbas: "Abbas, pay attention to checking the funds at this time of year in the future. If the funds do not arrive over time, be sure to send someone to find the responsible person for accountability as soon as possible."

Abbas, a master who has just entered the dark realm, is reasonably strong in his heart and spirit, but he is still stunned by charlie's show, and he has not recovered for a long time.

It took charlie less than a meal to solve the ten billion dollar funding for Wanlong Palace for ten years. With this efficiency, this technique, and this micro-manipulation, even Abbas himself was stunned.

This also made him admire charlie even more in his heart.

Completely different from the way he kept smiling all day long, charlie could always give his opponent a fatal blow while smiling. This state was completely beyond his reach.

So, he said respectfully: "Mr. Wade, please rest assured, your subordinates will definitely recover this fund on time!"

charlie nodded and said casually: "I suggest you think about other channels. From the billion dollars every year, give 100 million dollars to hunter (Hamid) secretly. To maintain the absolute interests of Wanlong Temple in the local area, you must It is necessary to ensure that hunter (Hamid)'s strength increases steadily, not to mention that this brother is also an old acquaintance of mine, and it is reasonable to pull him."

Abbas cupped his hands without hesitation and said, "Please rest assured, Mr. Wade, that your subordinates will hand over the money to hunter (Hamid) through the safest channel as soon as possible."

"Okay." charlie smiled and said, "Inform your subordinates, first dispatch a group of people to send these Hongmen's friends on board. The construction of Syria is in full swing, and it is necessary for them to pass the prime of life. Do their part."

"Okay!" Abbas immediately instructed Chen: "Chen, let me know and prepare immediately."

Chen nodded immediately: "Subordinates obey!"

The scene immediately filled with sobbing.

These gangsters who are not afraid of the sky and the earth on weekdays, with tattoos of dragons and phoenixes on their bodies, and who can hold machetes, cut all the way from

Causeway Bay to the New Territories, when they think that they are about to embark on a long ten-year journey to Syria, they cry one by one. looks like a three-year-old girl.

charlie was really upset by the cries of their girls, so he said to Abbas, "Abbas, remember who is crying here now, and give each of them an additional two years!"

As soon as the words fell, everyone stopped crying immediately, and some of them could not control their faces and forcibly covered their faces or bit their arms.

In their eyes, charlie has become the devil among the devils, and they would rather die than dare to provoke charlie again.

charlie sighed at this time, shook his head and said, "I thought that the famous young and dangerous boy on Hong Kong Island was strong, but I didn't expect to be able to survive even one round. I was really disappointed. It's boring, I'll withdraw first."

After that, he looked at Liu Jiahui, who was still full of astonishment, and said with a smile, "Mr. Liu, according to our previous plan, I will stay at your house at night, is it convenient?"

charlie's words brought Liu Jiahui back to his senses instantly.

He was overjoyed, so excited that his body trembled slightly, and he blurted out excitedly: "Mr. Wade, look at what you said, you lived in my house, wasn't it agreed long ago? If you want, it's not worth living forever. questionable!"

charlie smiled slightly: "Mr. Liu is really too polite."

After he finished speaking, he turned around, looked at Mia who was shocked and stunned, and said, "Miss Mia, I'll still go with your car, okay?"

Mia couldn't digest what happened just now, so she seemed a little sluggish.

Seeing that Mia didn't speak, Liu Jiahui quickly said, "Mia! Mr. Wade is talking to you, why don't you answer?"

Mia came back to his senses, and in a bit of a panic, he stroked the hair between his temples, and said to charlie, "Yes..."

charlie nodded, then turned to Abbas and said, "Abbas, I'll go first, I'll leave it to you here."

Abbas cupped his hands and said, "Okay, Mr. Wade, your subordinates will do a good job in the aftermath."

charlie turned to look at Zyaire again, and said lightly, "Sect Master Zyaire, I'm leaving, do you want to make a statement?"

Zyaire, who was kneeling on the ground, hurriedly leaned down and respectfully said without raising his head, "Send off Mr. Wade!"

charlie waved his hand: "What you're doing is wrong, I told you just now what to do."

Zyaire's body trembled, and he quickly barked a few times: "Ok.....Ok.....Ok..."

charlie nodded: "MR. Zyaire really knows the current affairs. It seems that it's no coincidence that you can get into today's position."

Seeing that charlie was about to leave, Lin, who had been kneeling on the ground, summoned up his courage and blurted out, "Mr. Wade... I dare to ask you for permission to return to the Wanlong Palace... I must be loyal to the Wanlong Palace! I will never offend you again. Any regulations of Wanlong Palace!"

charlie glanced at him and said lightly: "You are willing to fall and help him to abuse, I see that I didn't teach you a lesson in Wanlong Palace's face, and it is already a favor to you outside the law, how can I allow you to return to Wanlong Palace? Woolen cloth?"

Teacher Lin lowered his head in shame, not knowing what to say for a while.

charlie remembered something, and said, "Well, it just so happens that you and this group of Hongmen children are going to Syria to provide assistance and construction, and you are their coach, this time you will continue to be their discipline, and this group will let me take good care of you, if you perform well enough, you can consider letting you return to the Wanlong Palace sequence."

Instructor Lin said gratefully, "Thank you, Mr. Wade! Thank you, Mr. Wade!"

charlie didn't look at him again, but remembered something, and instructed Abbas, "Abbas, call Miss Fei and tell her that she can let him go."

Abbas immediately nodded and said respectfully, "Don't worry, Mr. Wade, I will inform Miss Fei now."

Abbas knew what charlie meant. What he meant was that he informed Fei Kexin that Arman could be sent back from the United States.

Before, the matter of Arman's repatriation had been under pressure and did not enter the process, and Fei Kexin was behind.

Moreover, at the level that Liu Jiahui could touch, he did not realize that there was still the control of the newly-promoted Fei family head behind this matter.

If the United States sends Arman back to Hong Kong Island tonight, he will be there almost tomorrow afternoon.

As for charlie's words to Abbas, neither Liu Jiahui nor Mia could hear the metaphor.

After instructing Abbas, charlie said to Mia, "Miss Mia, please."

Mia nodded nervously, and then followed charlie out.

Liu Jiahui followed behind the two, his face was full of excited smiles.

Although he still doesn't know what charlie's identity is, he is already happy when he sees charlie and his daughter walking so close.

Before that, he just wanted his daughter to be the carrot that attracts the donkey.

But now, in his eyes, charlie is no longer a donkey, but a super boss who is like a god descended from the earth, and his body is full of the breath of a strong man.
