

The Amazing Son In Law Chapter 4768 (The Charismatic Charlie Wade Chapter 4768)

Now, he can't wait for charlie to grab Mia and take a bite of the carrot. As long as he swallows the carrot, he will really have a backer in the future!

In fact, Lau Ka Fai is very rich on Hong Kong Island, but he is not a top performer.

Thinking of this, he couldn't help sighing in his heart: "In this place on Hong Kong Island, if you want to be at the top, you must not only have money, but also dignity!"

"If you only have money and don't have enough authority, you will often bring disaster."

"It's as if the Li family was the absolute richest man on Hong Kong Island back then, so powerful, but there are still people who dare to kidnap their eldest son!"

"It's the same with me!"

"Although I am about to become the richest man on Hong Kong Island now, I still have no absolute influence in the face of people like Zyaire."

"If Zyaire wants to fight with me, I'll still be frightened, and I can only find someone to make peace with, or spend money to settle things."

"Just like when I first came here today, I could only grit my teeth and promise to give Zyaire five million dollars to take my daughter away..."

"But... it was his grandson who provoked my daughter, but I had to pay him five million dollars in compensation. This is the biggest drawback of only having money but no majesty!"

"If I could have a backer like charlie, it would be completely different!"

"What kind of existence is this charlie? He is the real owner of the entire Wanlong Palace! If you have a relationship with him, it is best to make him Mia's boyfriend, then am I walking sideways on Hong Kong Island?!"

"I'm afraid it's not just Hong Kong Island... I can walk sideways all over the world!"

Thinking of this, Liu Jiahui couldn't be more excited.

Outside the door of Inspur CB, in addition to Mia's Tesla, there are several Rolls Royces, two of which are the cars of Liu Jiahui and his entourage.

His entourage was still waiting by the side of the car at this time.

Seeing him come out, he immediately said respectfully, "Master, Miss!"

"Ba*tard!" Liu Jiahui suddenly turned his face and scolded several people: "Why don't you say hello to Mr. Wade?!"

Several people were startled, and quickly said to charlie respectfully, "Hello, Mr. Wade..."

charlie thought it was funny, but he nodded politely as a response.

At this time, Liu Jiahui said to charlie with a flattering face: "Mr. Wade, since you want to take Mia's car, then I will not follow you to cause trouble."

Seeing her father's flattering appearance, Mia had opinions in her heart, but it was not easy to express them.

So, she handed the car key to charlie and said, "Mr. Wade, come and drive, I'm a little tired and may not be able to drive the car."

Mia didn't put on airs deliberately, but what happened just now was too nervous for her. Her heart rate was still very fast, and her whole body was a little weak, so she didn't dare to drive.

charlie also understood her situation very well, and took the car keys.

Unexpectedly, Liu Jiahui said with a reproachful face: "Mia! How can you yell at Mr. Wade! Don't forget that Mr. Wade is a distinguished guest of our family!"

charlie immediately said, "Mr. Liu, don't put this trivial matter on the line."

Seeing that charlie seemed to be defending Mia, Liu Jiahui immediately filled with smiles and said happily, "Yes, yes, yes! Mr. Wade, what you criticized is right, it's my fault, and it's my fault."

After he finished speaking, he hurriedly said to his daughter, "Mia, it was your father who was wrong just now. You must not be as knowledgeable as father. If you are tired, take a good rest in the co-pilot, and Mr. Wade will definitely take good care of you. "

Mia didn't like his father's face very much, so he walked to the car without looking back, opened the car door and got into the co-pilot.

charlie looked at Liu Jiahui and said, "Mr. Liu, let's go first."

"Okay!" Liu Jiahui said with a smile, "Mr. Wade, please go first!"

charlie sat in the Tesla's cab, and as soon as he started the car, Mia looked at him and asked seriously, "charlie, who are you?"

"I?"

charlie smiled slightly, and said indifferently while driving: "I said, my name is charlie, twenty-eight years old, from the mainland."

Mia asked, "Aren't you an assistant of Yisu Shipping? If you are just an assistant of Yisu Shipping, why is the entire Wanlong Palace yours?"

charlie looked ahead, turned the car to the left, and said casually: "Wanlong Palace was not created by me, nor was I bought it with money, but I was kind to Abbas, the master of Wanlong Palace, so he volunteered Make the entire Wanlong Palace allegiance to me."

After speaking, charlie paused and said again: "As for the assistant of Yisu Shipping, I'm just making a cameo as a friendly guest. Your family also works in shipping. You should have heard from your father that Yisu Shipping is in the aspect of armed escort. , with the close cooperation of Wanlong Palace, so shipping safety is the first in the world, and this is what I match."

Mia asked inexplicably: "Abbas is the head of the Wanlong Palace. If you want people and money, how can he owe you a favor?"

charlie smiled and said, "It may be inconvenient to elaborate on this matter, but this is indeed the case."

Mia asked again: "Then what are you going to do on Hong Kong Island? I don't believe that you have such a big background that you will come to Hong Kong Island in person to discuss cooperation with my father."

charlie smiled and said, "Didn't I tell you? I'm here to preside over a justice."

Mia asked: "What kind of justice is it, you need to come over and preside over it in person?"

charlie thought about it and said, "The other party was a friend of my father's during his lifetime. He encountered some unfair things, so I came to Hong Kong Island to help him preside over this justice."

After speaking, charlie didn't wait for Mia to speak, and continued: "If you want to ask me what kind of justice I preside, then I may not be able to tell you for the time being. What I can tell you is that this justice will come soon. When this matter is over, I will leave Hong Kong Island, and it should not have much impact on your life."

When charlie said these words, he had already made a plan in his heart.

Although Lau Ka Fai is indeed not a good person and has broken his promise to his father, he does have a good daughter.

Therefore, looking at Mia's face, he did not intend to punish Liu Jiahui too severely.

However, all of this must be based on the successful resolution of all Uncle Arman's crises.

Let Uncle Arman live on Hong Kong Island with integrity, let Uncle Arman and his family not be threatened by anyone, and let all the so-called bosses on Hong Kong Island, including Lau Ka Fai, respect Uncle Arman.

To achieve this, and then give Liu Jiahui appropriate punishment, in Charlie's view, it is a satisfactory solution.

In fact, after shocking Zyaire and Huzaifa just now, Charlie wanted to turn around and ask Liu Jiahui if he still remembered the promise he made to Bruce back then.

But when the words came to his lips, Charlie held back.

And the reason why he didn't disclose his identity directly to Liu Jiahui today is because he didn't want Mia to know that he came this time to teach her father a lesson.

Even if Liu Jiahui is a bastard, he is still Mia's father, and although Mia has always been grumpy with Liu Jiahui on the surface, Charlie can see that she still has a deep father-daughter relationship with Liu Jiahui in her heart.

Liu Jiahui can buy an entire street for her and lose money to let Mia, who lost her mother, restore her childhood memories, and dare to go to a nightclub for her to negotiate with Zyaire, which shows that he attaches great importance to this daughter.

Therefore, Charlie's view of Liu Jiahui has changed somewhat, and he also intends to avoid Mia as much as possible when dealing with Liu Jiahui.

At this time, Mia looked at Charlie and asked, "Why do you want to contact my father when you come to preside over justice? Your so-called cooperation should be false, right?"

charlie shrugged his shoulders: "It's not necessarily fake to talk about cooperation. The rapid expansion of Yisu Shipping's strength does have a great demand for increasing its capacity. Although the shipping company under your father has a certain capacity, it cannot convert 100% of the capacity into revenue, so the cooperation between the two parties on this basis can be regarded as complementary advantages, but it is actually a win-win situation."

Mia hesitated for a moment, and asked charlie, "Then the justice you presided over has something to do with my dad?"

charlie didn't want to deceive Mia, so he simply shook his head: "This, I have no comment for the time being."

Mia seemed to have noticed something, she looked at charlie and pleaded: "charlie, you and I have just met, I must be soft-spoken in front of you, but I still want to ask you, if this justice is related to my dad, relationship, please try not to embarrass him too much..."

charlie looked at Mia's pleading eyes, and felt distressed for no reason.

So, he smiled slightly and asked, "Actually, your relationship with him is quite deep, isn't it?"

"Yes..." Mia nodded and said seriously: "Although he did something sorry for his mother, he has always been very dedicated to me and my sister. He is...just too good-face...in front of his daughter, I don't want to admit that I have done something wrong, so I will only try my best to make up for it with actions or materials, which I have seen since I was a child..."

Speaking, Mia murmured with reddish eyes: "It's just that my character is somewhat similar to him, and I don't want to admit in front of him that I have forgiven him, so I still won't give him any good looks..."

When charlie heard this, he nodded slightly and said seriously, "Don't worry, I promise you."

"Thank you, charlie..." Mia breathed a sigh of relief.

Her subconscious has already realized that the justice that charlie is going to preside is 80% related to her father.

And the strength that charlie showed in the nightclub just now was too amazing, so she knew very well that if charlie couldn't get through with her father, then her father would have no chance of resisting.

Therefore, she can only ask charlie to promise herself first, not to embarrass him too much, as long as charlie gave this promise, this matter is really related to her father, then I believe that charlie will also hold a high hand for her father.

At this time, Mia recalled what Charlie had just said, and suddenly felt a little disappointed. She asked charlie, "Are you going to leave Hong Kong Island after you finish what you are going to do?"

"Yes." charlie nodded and said, "I'll leave after I've dealt with this matter."

Mia hurriedly asked, "How long will it take?"

"Soon." charlie said casually, "One or two days if it's fast, or two or three days if it's slow."

"So fast....."

The loss in Mia's heart was instantly magnified infinitely.

She didn't know why, but she only saw charlie for the first time today, and when she heard that he was leaving soon, she felt a strong reluctance in her heart.

However, she also knew that she and charlie had only just met, and even if she was really reluctant to part, she shouldn't show this reluctance, so she pretended to be relaxed and said with a smile: "The time is so rushed. , just tell me where you want to go, and I'll help you arrange the itinerary."

charlie smiled and said, "I'm not here to travel either, so I don't have anything I want to go to."

Speaking of this, charlie suddenly remembered something and said, "Oh, by the way, Miss Mia, before I leave, please invite me to your snack street for a meal!"
