"Go to the Mainland?"

charlie looked at Mia in surprise and asked, "Aren't you reluctant to leave Hong Kong Island?"

Mia said a little unnaturally: "That was before... before Because I'm still in school, I don't want to leave Hong Kong Island, but if I consider employment, there will be more room for development if I leave Hong Kong Island."

charlie nodded lightly, and said seriously, "If Miss Mia is really interested in the mainland If you are interested, you can wait until after graduation to take a look in the Mainland, walk around first, then choose a city you like and try to develop it. After all, you have a high degree of education and such a good family condition, no matter where you choose, you should be very happy. It 's easy."

Mia hummed and wanted to ask which city charlie was in, but he couldn't get out of his mouth.

At this time, the rain on Hong Kong Island was even tighter.

Mia's phone rang suddenly and received a push.

She looked down at her phone and murmured, "The meteorological department said that there will be a heavy rain tonight."

"Heavy rain..." charlie smiled slightly: "It seems that the more than 100 children of Hongmen are going to brave the rain tonight. The boat is up."

At the same time, the tide club.

More than a hundred disciples of Hongmen, escorted by the soldiers of Wanlong Palace, left the bar one after another and went to the port.

The construction of the new base of Wanlong Palace requires a large number of low-level labor, so the young and dangerous young people who have been prosperous these years have become the best choice for now.

Moreover, for Wanlong Palace, three hundred and five hundred such laborers are not enough to plug their teeth, so the more the better.

Zyaire saw that his subordinates were all escorted out, and the whole person did not feel much sadness, but a strong sense of happiness flooded.

He sighed in his heart: "I never dreamed that the surname Wade had such a big background... Fortunately, I survived, not only did I not have to go to Syria to work as a coolie, but I could continue to stay in Hongmen as the boss... I must do it in the future. Low-key, low-key, low-key, don't make similar mistakes, let alone let that surnamed Wade have an opinion on me..."

Thinking of this, he immediately looked at Huzaifa and said coldly: "I will limit you to tomorrow. Put one billion dollars on my account before it gets hacked, otherwise, I will never forgive you!"

Huzaifa said with a sad face: "Godfather... Are you still worried about me? Since I promised, I will definitely honor it. "..."

Zyaire said coldly, "I don't dare to be your godfather, Huzaifa! From now on, the godfather between you and me will end here, don't mention it again!"

Huzaifa hurriedly said, "Godfather, I didn't offend you, godfather, I don't want it to be like this, please don't be mad at me, after all

I am the worst one. "

Zyaire said with a dark face: "Damn, I'm afraid you will beat me!" After that, Zyaire added: "

From tomorrow onwards, you and I should not have any contact other than raising funds for the Wanlong Palace, and I will not ask you for an extra penny. Now I want to understand, what is money or not, it is most important not to live well, so you better not let me see you again in the future. "

Huzaifa hurriedly said: "Godfather, you and I share weal and woe today, why do you turn your back on me..."

Zyaire blurted out: "I'm not the same as you! Lao Tzu is now the fundraising manager of Wanlong Temple! As long as I don't cause trouble, Mr. Wade and Wanlong Palace will cover me! You are a f*cking broom star, the farther away you are from me, the better!

Huzaifa was stunned and wanted to say something, but he swallowed it again.

Before, he treated Zyaire like a scumbag who would kick her away after playing with her.

But

, He has never found a reason or excuse to break up peacefully, and has even been deliberately trying to get the woman to speak first.

But he did not expect that when the woman really opened her mouth to say goodbye, he would feel so unhappy in his heart.

If he did not have Zyaire This kind of relationship, in the future on Hong Kong Island, means that there is no backer, and the two can be regarded as sharing weal and woe. The loss of ten billion US dollars in ten years has already swallowed Huzaifa's stomach, so looking at Zyaire now, instead He didn't feel that his previous behavior of asking for money from himself was excessive, but he felt that the little money he asked for, compared with Charlie, could be regarded as a cosmos-level benevolent person.

Therefore, he actually hoped to suffer in this trouble . He was warming up with Zyaire's newspaper group when he was there.

Unexpectedly, Zyaire could not avoid him.

Huzaifa was helpless and could only sigh deeply, feeling extremely sad in his heart.

At this time, Zyaire, who was beside him, seemed to be very disgusted with him, and blurted out, "You have nothing to do here, why don't you get out? Do you have to stand here with me?"

Huzaifa sighed and looked at Salmaan. , asked respectfully: "Excuse me, can I go..."

Salmaan threw Pankaj carrying Pankaj on his shoulders in front of him, and said coldly, "Take your son away."

Huzaifa gave Pankaj a disgusted look, The whole body was out of breath.

This prodigal lost his 10 billion dollar fortune in one afternoon, and he did not kill him on the spot.

Huzaifa had the heart to cut off the father-son relationship with this kid immediately, Just like Zyaire doesn't want to see himself, he doesn't want to see this prodigal son again.

So, he said angrily: "I don't want this kid, just throw him to the side of the road to fend for itself!" Salmaan

asked back, "Are you telling me to do something?"

Huzaifa waved his hand hurriedly: "I dare not Dare... I don't dare..."

Salmaan said coldly: "If you want this kid, you can take it away. If you don't want me, I will send him to Syria directly. I will give you three seconds to think about it, one, two, three!"

Before Huzaifa could react, Salmaan said, "Since you don't want him, then our Wanlong Palace will make it difficult. I'll accept it."

Huzaifa was frightened and hurriedly knelt down and pleaded, "I want it! Besides, he's my son, so I'll take him away!" Salmaan scolded: "If you

want to take it away, take it quickly. Go! If he doesn't roll within a minute, I'll send him aboard!"

"Let's go, I'll go..." Huzaifa almost burst into tears, and hurriedly carried Pankaj on his shoulders. Stumbled out of the tide club.

At this time, it was pouring rain at the entrance of the Wave Club.

And because Huzaifa followed Zyaire's car directly from Zyaire's home, he did not let the driver and entourage follow him.

Originally, what he thought was that Zyaire, who always liked to get money from him, would definitely help him find his son, and he would definitely arrange other things properly at that time.

I didn't expect it to end like this in the end.

The helpless Huzaifa could only stand on the side of the road and stopped a taxi, and took Pankaj, who was unconscious, to the hospital in embarrassment.

When he arrived at the hospital, after the emergency doctor's diagnosis and treatment, it was confirmed that Pankaj was not life-threatening.

This made Huzaifa slightly relieved.

At this time, the doctor told him, "Mr. Huzaifa, Young Master Pankaj is awake."

Huzaifa hurriedly entered the ward, only to see Pankaj, who was lying on the bed with a bruised nose and a bruised face, and cried and shouted, "Dad... Come on, Dad...you must ask my godfather to help me breathe out, Dad!" The doctor hurriedly said: "Master pankaj, you have just

woken up now, you must not be so excited!"

A dark shadow flashed.

Immediately afterwards, Huzaifa jumped onto the bed like crazy, kicked Pankaj with his feet, and scolded hysterically, "You bastard, you have hurt Lao Tzu, and you have the guts to let Lao Tzu give you out. Sigh! Look, I will kill you today!"

Pankaj just woke up, full of pain and grievances. He saw his father was about to be released, but he never dreamed that his own father would treat himself as an enemy, so he rushed over and confronted him. Kick it!

He was in pain himself, and was kicked several times by Huzaifa, and the kick was even more so, crying and shouting, "Dad, are you crazy... What are you beating me for..."

"What am I beating you for?" ?" Huzaifa scolded out of breath, "I hit you because you bastard hurt me!"

After that, Huzaifa rode on Pankaj, grabbed the collar with one hand, and slapped him in the face with the other. , scolded: "You bastard, you know that you will cause trouble for me from day to day! I will be mad at you sooner or later!"

Pankaj cried and shouted: "Dad...what did I do wrong...I was beaten. In this way, it's fine if you don't avenge me, you even beat me..."

Huzaifa was about to explode, but he didn't dare to tell the real reason.

He knows himself very well as a prodigal son. He likes to cause trouble for one thing, and he has no ability to be a city man. .

Therefore, he could only stare at Pankaj and said viciously: "Listen to me! From now on, don't mention your beatings, let alone try to get revenge on the other party, otherwise, I will

kill you with both legs. Interrupt, keep you at home like a dog, and never let you go out! Do you understand?!"

Pankaj was frightened by his father's fierce look.

He had never seen his father look so vicious in his life. Although he didn't know why his father became like this, he also faintly realized that he might have caused a big disaster today, so he could only endure the grievance. , crying and nodded and said, "I understand Dad..."

Huzaifa still couldn't understand his resentment, and slapped him in the face again, and then said to the doctor: "From now on, don't let him leave this place for the next two weeks. a ward!"

The doctor nodded hastily.

Huzaifa looked at Pankaj again, gritted his teeth and said, "Without my permission, if you dare to walk out of this ward for half a step, I won't have son. Go as far as you can!"

Pankaj shivered in fright and quickly Said: "Dad, I want to see my mother... can you let my mother come over?"

Huzaifa scolded: "Let her be a fart! You immediately send a text message to your mother, saying that you are going to play abroad with your friends for a few days, when the injury is healed, and then meet your mother! "

At the same time.

When charlie and Mia arrived at the Liu family's mansion in Shi Xundao, Liu Jiahui, who had been following behind, also arrived at almost the same time.

Just when charlie stopped the car and was about to unbuckle his seat belt and prepare to get off, Liu Jiahui had already got out of the car quickly, ran to Tesla, and opened the door for charlie diligently.

charlie never expected that this old man could sprint so fast with such a fat body.

This is, Liu Jiahui is already standing at the door Outside, he smiled respectfully: "Mr. Wade, please. "

Charlie smiled slightly: "Mr. Liu is too polite. "

Liu Jiahui said busy and attentive: "It should be, it should be. With

that said, he hurriedly asked Charlie again, "How did Mr. Wade eat at night? If you're not full, would you like to use a late-night snack? I just asked the housekeeper to buy roast goose for you. Do you want to eat some when you buy it? We can have two more drinks by the way. "

Charlie smiled and said, "I thought Mr. Liu didn't like roast goose. "

Liu Jiahui blurted out: "I like it, I like it very much!" Charlie nodded and said, "

Mr. Liu doesn't have to worry so much. Miss Mia took me to eat very well at night, and I can't have supper anymore. Besides, it's not early today. What are we going to do? Come to your company tomorrow to chat slowly. Liu Jiahui waved his hand and said, "

It's all right, you can talk anytime you want to cooperate. I'll let Mia show you around tomorrow. You young people must have more common topics together." After that, he hurriedly asked Mia: "

Mia, you should be fine tomorrow, right?" If it's all right, continue to accompany Mr. Wade. "

Mia was overjoyed and was about to agree at the time, but before she could speak, Charlie said directly, "Miss Mia will have a charity sale in Tsim Sha Tsui tomorrow, so I won't waste her time..."

Mia felt in her heart Suddenly a little lost.

In fact, she really wanted to say that about the charity sale, she could say hello to her classmates without having to go.

However, Charlie said so, and he couldn't refute it cheekily, so he could only nod his head and say, "Dad, I will tomorrow

There is something going on in Tsim Sha Tsui. After the end, I will take Mr. Wade to dinner. You can discuss cooperation during the day. Seeing

this, Liu Jiahui could only nod his head and say, "Okay, then I'll take Mr. Wade to the company tomorrow. You can come to the company to find us after you're done." "

"Good." Mia nodded lightly.

After the three returned to the villa, Liu Jiahui said to Charlie, "Mr. Wade, it's getting late today. Let Mia take you to the guest room to rest. I have already had the guest room tidied up." , just across from Manjoon's room. "

Mia was surprised to hear that, the guest room at home was not on the same floor as her own, and the room opposite her room was specially prepared for good girlfriends to stay at home for the night, and she also specifically explained that it must not be used to entertain other guests.

Unexpectedly, my father arranged this room for Charlie. It

is estimated that this was on the way here, and my father specially arranged for a servant to prepare it urgently.

However, Mia was not angry at all, but an inexplicable kind of inexplicable surged in his heart. She was shy

, so she said to Liu Jiahui: "I know Dad, you can go back to rest, I will take Mr. Wade to the guest room. "

"Good!" Liu Jiahui laughed and said, "You guys go, I'm going back to my room too."

Watching charlie and Mia enter the elevator, Liu Jiahui was very happy. I

never dreamed that charlie had such strength. If he can really be captured by his daughter, then he will really take off again! He is so

excited at his new center At the time, assistant Amin quickly stepped forward and whispered in his ear: "Chairman, I just received news from the United States that Arman has already boarded the plane. "

"So soon?" "Liu Jiahui asked in surprise: "Isn't it that the process may have to wait for another two days? "

Amin explained: "I heard that there was a backlog of illegal immigrants there, so I expedited it. "

Lau Ka Fai hurriedly asked, "When will the plane arrive on Hong Kong Island?"

Amin said, "Tomorrow at around two o'clock in the afternoon.

" After he arrives at two o'clock tomorrow afternoon, he will definitely be handed over to the customs for processing, and he will be released after the customs processing is completed, and it is estimated that it will not take too long. Once that person should leave the airport, his life will enter the final countdown! "
