

The Amazing Son In Law Chapter 4781 (The Charismatic Charlie Wade Chapter 4781)

At this moment, charlie saw a relief like relief on Liu Jiahui's face.

However, he just smiled slightly, and then asked Liu Jiahui: "Mr. Liu looks very happy, is there anything special today?"

Liu Jiahui waved his hand and said with a smile, "Haha, except for the cooperation with Mr. Wade, everything else is trivial and trivial! It's nothing to worry about!"

charlie didn't break it either. Looking at the scenery outside the window, he said indifferently, "It rained heavily last night, and the sun is shining brightly today. It seems that something good is going to happen."

"Yes, yes." Liu Jiahui said with a smile: "I specially asked Master Jack from Xuanjitang to do a calculation for me this morning. He said that my hexagram today has signs of purple energy coming from the east, and he said it was a good thing. to happen."

"Master Yu Xuanjitang?" charlie asked in surprise: "I don't know who this master is named? What does it have to do with the previous Jack Yaleman?"

Liu Jiahui asked in surprise: "Mr. Wade has also heard of the prestige of Master Yaleman?"

charlie smiled awkwardly and thought to himself, "I didn't know that I heard too much Yaleman, and even split him into ashes with a thunderclap."

However, it was impossible for charlie to say such a thing, so he said with a smile: "I once heard that Jack Yaleman is a very famous master of metaphysics on Hong Kong Island, but I have never met."

Liu Jiahui nodded and said seriously: "Master Jack was the most famous master of metaphysics on Hong Kong Island before. Almost all the rich and famous stars on Hong Kong Island are regulars in his family. My personal relationship with him is also very good."

charlie asked him curiously, "Then where is the master now?"

Liu Jiahui said: "Master Jack has been looking for treasures from heaven and earth all year round since last year. Some time ago, Xuanji Hall announced that Master Jack found a fairyland cave in the mainland and began to retreat and practice."

charlie laughed and said, "Xianyuandongfu, is it possible to cultivate immortals?"

Liu Jiahui said earnestly: "Mr. Wade, Xuanjitang cultivates feng shui metaphysics, and is best at using the treasures of heaven and earth to cloth feng shui. It is said that when they reach a certain age, they have to retreat and practice, and Master Jack is no exception."

charlie smiled and nodded.

It seems that this Xuanji Hall does not know whether Jack Yalaman is dead or alive. In order to avoid affecting his reputation, he simply arranged a saying that Jack Yalaman was practicing in retreat.

So he asked Liu Jiahui: "Mr. Liu hasn't said yet, what does Mr. Jack, who fortune-telling for you, have anything to do with Jack Yalaman ."

Liu Jiahui said, "The one who sits in Xuanjitang is Jack Yalaman's son, Jack Yalaman 2nd."

charlie nodded and didn't ask any more questions.

Soon, Lau Ka Fai's car drove to Central, the most prosperous financial center on Hong Kong Island.

The Amazing Son In Law Chapter 4782 (The Charismatic Charlie Wade Chapter 4782)

Lau Ka Fai has two office buildings in Central, the total value of which has now exceeded 20 billion Hong Kong dollars, which can be regarded as the largest component of all Lau Ka Fai's assets.

However, Lau Ka Fai is not yet considered a big boss in Central. The real boss in Central is actually the Li family who has faded out of Hong Kong Island. The total price of a Central Centre in the Li family is approaching 40 billion Hong Kong dollars.

After the team entered Central, Liu Jiahui also introduced to Charlie proudly: "Mr. Wade is here in Central, the financial center of Hong Kong Island. You haven't been to Hong Kong Island for a long time, and you may not know much about Hong Kong Island. Land price is the real gold in every inch of land."

He said with a smile: "Mr. Wade, the rent of Grade-A office buildings here is almost the highest in the world, and it is 60% more expensive than the famous Manhattan, New York. Those who can put their companies here are without exception. Fortune 500 companies."

Charlie asked curiously, "Mr. Liu should have an industry here, right?"

"Of course." Lau Ka Fai said with a smile: "To tell you the truth, Mr. Wade, the housing prices on Hong Kong Island are already ridiculously expensive. In Central, the price of a top office building is about HK\$20,000 to 30,000 per square foot, while the price of 11 square feet is almost a square meter is converted into one square meter in the mainland, that is to say, the price of a single square meter of office buildings here is more than 300,000 Hong Kong dollars."

Speaking, Liu Jiahui pointed to a building on the side of the road, and said with a smile: "This building sold a unit of 260 square meters at the beginning of the year, and it sold for 120 million Hong Kong dollars."

Charlie said with a smile: "Two hundred and sixty square meters can sell for so much money, so Mr. Liu's industry here must have exceeded 10 billion Hong Kong dollars long ago, right?"

Lau Ka Fai said with a smile: "The two office buildings I have in hand add up to about 24 billion Hong Kong dollars."

charlie asked again: "By the way, at what price did Mr. Liu buy the snack street for Miss Mia?"

Liu Jiahui laughed and said, "Mr. Wade, when you mention that snack street, it's really an excellent investment. More than ten years ago, I spent 158 million Hong Kong dollars to buy the whole street. For development, the land alone is worth at least 3 billion!"

Speaking, Liu Jiahui said to charlie in a low voice: "The boss of Yateng Assets has taken a fancy to that street and wants to demolish it and build a commercial center. If I cooperate with them, they will invest 15 billion Hong Kong dollars to build it. I used the land to buy shares and gave me 30% of the shares. What I am talking to them now is that I will use the land for 5 billion shares, and then subscribe to invest 2.6 billion. I will take 51% of the shares, and I will be the major shareholder."

Having said that, Liu Jiahui looked at charlie and said very seriously: "If Mr. Wade is interested in this project, I can give you a portion of the shares at a low price, and everyone can make a fortune together."

charlie asked, "Except for the shops on both sides, there is a road in the middle, right? How to build a commercial center?"

Liu Jiahui smiled and said: "In fact, everything is working, the road is very narrow, almost all the stalls are occupied at night, and the function of the municipal road has almost lost, so I communicated with the planning department. , you only need to commit to invest one billion yuan to demolish and rebuild a municipal road on the south side of the snack street area, and then when the commercial center is built, leave an underground pedestrian passage on the ground floor, and then add escalators at both ends. This project get approval."

After speaking, Liu Jiahui said again: "I will invest in a municipal road, and then build a pedestrian passage. At that time, if I spend a little more money, I will be able to lead an underground passage from the basement level of the commercial center to the nearby subway station. By that time, This is a commercial center with very convenient transportation, and the future is limitless!"

charlie frowned slightly and said, "This street seems to be very important to Miss Mia. If it is redeveloped, it must be difficult for her to accept it."

Liu Jiahui was slightly startled, and then smiled: "I have dealt with women a lot, and I know more about women than ordinary men. Girls, most of them are too emotional. This is also the natural weakness of women's character, so you see, why are most of the richest people in this world men? To put it bluntly, it is because men are always rational and can be truly mercenary and reckless. to make a lot of money!"

charlie felt a little more disgust for Liu Jiahui in his heart, and said lightly: "For Miss Mia, there is her spiritual sustenance. It seems inappropriate to dismantle it to make money?"

Hearing charlie's question, Liu Jiahui said with a smile: "Mr. Wade, Mia, the biggest problem is that she has never been in love."

charlie frowned Said: "You want to open the snack street, what does it have to do with Miss Mia?"

Liu Jiahui hurriedly said: "Look, don't think that this child is twenty-four years old this year, the age of marriage, but she is Because she has never been in a relationship and has been in a blank state in terms of relationship, she has always been very nostalgic. She is in her twenties, and she still goes to the snack street to eat every day and hangs with those vendors and walkers just like when she was a child, which proves that she is emotionally. The vacancy of her mother has always been filled by missing her mother."

Speaking of which, Liu Jiahui looked at charlie and said meaningfully: "Actually, the best way now is to let her mature quickly and let her really She is really about to fall in love. Once she begins to fall in love, her emotional vacancy will be filled by the boy she loves. At that time, this snack street will be nothing to her. It's so important."

charlie hummed and said, "Mr. Liu, I heard from Miss Mia that you bought the snack street and gave it to her. Strictly speaking, this is her property. Do you want to tear it down and rebuild it? Development, you should seek her opinion."

Liu Jiahui heard that charlie was somewhat defending Mia, and instead of being angry, he was extremely happy.

So, he looked at charlie and promised very seriously: "Mr. Wade, don't worry, I will definitely seek Mia's approval on this matter, and I didn't want to tear it down and rebuild it right away, it's better to wait for Mia. After Joan has found her wishful husband and started her own life, she will seek her advice."

Then, he deliberately said very seriously: "In addition, I have already made plans, and I will be here when the time comes. All the shares in the center are used as Mia's future dowry, whoever marries her will be the boss here!"

charlie smiled and said nothing.

He felt that Liu Jiahui's remarks should only be said to himself. He has probably already made a plan. Even if Mia does not agree, he will go his own way in the redevelopment.

But charlie didn't say more, because Liu Jiahui is in high spirits now, but in the afternoon, he will teach him how to be a man.

At that time, I will definitely make a contract with him for three chapters, and this will make him make a promise that he must not go against Mia's opinion in the handling of the snack street.

Afterwards, the convoy drove into an office building owned by Liu Jiahui.

Liu Jiahui warmly invited charlie to walk into his special elevator, and said to charlie, "Mr. Wade, the largest entertainment company on Hong Kong Island, works in my building. Their boss, Mike, has a very good relationship with me. If you are interested in getting to know him, I can let him come up in a while, and let's have tea together and get to know him."

After speaking, Liu Jiahui said to charlie with an expression that you understand, "At least half of Hong Kong Island is the female stars above the same person are all signed to Mike's company. If you are interested, I can also let them introduce you to each other. "

For Liu Jiahui, he is a master of indulging flowers, so even though he really wants charlie to be his future son-in-law, he still feels that a real man should be as dashing and free as himself. It's an elegant affair, it's not a big deal.

However, charlie has no interest in Hong Kong Island female stars, he waved his hand with a cold expression, and said, "No need, Mr. Liu, I have heard about the troubles in your circle. charlie didn't dare to say that the mud was not stained, at least he wouldn't take the initiative to jump into the cesspool. When

Liu Jiahui heard this, he was stunned for a moment, knowing that charlie must not look down on the chaotic female stars in the entertainment industry. He was flattering and accidentally slapped the horse's leg, so he said embarrassingly, "Mr. Wade misunderstood. Well, in fact, I don't mix in their circle. Like Mr. Wade, I am also relatively clean! "

"All right." "charlie said perfunctorily, and couldn't help shaking his head and smiled, making Liu Jiahui a little ashamed.

At this time, the elevator indicated that he had reached the top floor, and then the elevator door opened, and Liu Jiahui said attentively, "Come here, Mr. Wade, please come here first. Sit down in the office below. charlie nodded ,

followed Liu Jiahui out of the elevator, and saw two beautiful young, tall and short-skirted beauties at the elevator entrance bowing respectfully and saying, "Hello, Chairman! "

The Amazing Son In Law Chapter 4784 (The Charismatic Charlie Wade Chapter 4784)

Liu Jiahui hurriedly pointed at charlie and said to the two: "This is my distinguished guest, Mr. Wade, quickly say hello to Mr. Wade!" "The

two girls hurriedly said in unison: "Hello, Mr. Wade!" charlie indicated with

a smile, and then followed Liu Jiahui all the way to his office.

Interestingly, along the way, he met at least seven or eight female employees with the same dress and temperament. Other than that, this layer was almost invisible. There were some male employees.

So, charlie asked with great interest, "Why are there all female employees here, Mr. Liu?"

"It's eye-catching!" Liu Jiahui said with a smile: "My employees are basically from flight attendants and Hong Kong sisters. They are all over 1.75 meters tall and under the age of 28. I pay them double wages. But they don't need to hold any important positions, it's enough to dress up like this to say hello to me every day, and to serve me well at the same time."

Then, for fear of charlie's misunderstanding, he quickly explained: "Mr. Wade, The kind of service I'm talking about doesn't mean anything else, it's a simple, normal, and healthy daily service."

charlie said lightly, "I had a little understanding of Mr. Liu's behavior before I came here, so this kind of thing Liu You don't have to explain it deliberately, sir."

Liu Jiahui smiled awkwardly, scratched his head and said, "Oh, for a long time, people outside have always misunderstood me. If Mr. Wade heard something outrageous, he would don't Seriously. "

"Good. charlie sat down on the sofa in his office, and said casually, "Mr. Liu, let's talk about business, how do you want to cooperate with Yisu Shipping?" Liu Jiahui didn't expect charlie to get straight to the

point so quickly, and hurriedly said, "That's right, Mr. Wade, there is also a shipping company in Xiangshou, but the operation is not very good, and a lot of transportation capacity is wasted, so I hope to be able to In-depth cooperation with Yisu Shipping, from the hands of Yisu Shipping, to undertake some indigestible orders.

charlie said indifferently: "There is no problem with this kind of cooperation, but the key is how much profit are you willing to pay to Yisu Shipping? " "

Liu Jiahui thought about it and said tentatively: "How about 30%?" Yisu Shipping does not have to bear anything, just give me the waybill that cannot be digested, and I will give 30% of the freight to Yisu Shipping. "

"Thirty percent?" charlie said with a smile: "If Mr. Liu had only such a little sincerity, then I guess it would be impossible to talk about this matter." Liu Jiahui was stunned for a moment, and quickly said: "

Oh, Mr. Wade, these are easy to say. It really doesn't matter to me how much I divide. I just want to make you friend. If you don't think it's suitable, it's okay to split between five and five!" charlie said with a smile: "

Well, I'll give you some time to think about it, and then give me a price after you think about it. Liu Jiahui couldn't figure out charlie 's

psychological expectations, so he could only nod his head and said, "It's easy to talk, we can discuss this matter in the long run. "

Just after finishing speaking, a beautiful woman knocked on the door and came in and said respectfully: "Chairman, Mr. Mike is here, and he has brought two very young newcomers. He said he wanted to introduce you to him. I told him that you are here." Receiving guests, he asked me to ask about your inconvenience. When

Liu Jiahui heard this, his expression was extremely ugly, and he quickly waved his hand and said, "See you, see, tell him that I have a distinguished guest, it is inconvenient!" let him go!

After speaking, he deliberately glanced at charlie and muttered, "I lost, this bastard surnamed Mike, he always runs to me when he has nothing to do, as if everyone knows him well . "

Charlie laughed and said, "Mr. Liu, you are often in the entertainment industry, and your acting skills are so poor." Sir, I'm really unfamiliar with the entertainment industry..."

charlie waved his hand: "Forget it, since he's your good friend, there's no reason to rush out, you might as well introduce me to know you."

Liu Jiahui looked at charlie, Slightly startled, he thought to himself, "I think this surnamed wade is really a good man with a clean body. I didn't expect that he is also a fellow man full of benevolence, righteousness and morality, full of male thieves and female prostitutes. He must have heard that Mike brought two young men with him. The newcomer came over, so I moved my mind..."

Thinking of this, he immediately changed his face and said to the secretary with a smile:
"Quick, please invite mr. Mike and the others to come in!"
