"Misunderstanding?"

charlie sneered, and said, "Everyone in Hong Kong knows about this, even Zyaire and that coach Lin are thinking about this. 30 million US dollars spent in secret, you are telling me now that it is a misunderstanding, do you think I will believe you?"

Liu Jiahui was extremely nervous at this moment, and he only had one thought in his heart, that is, he could not admit that he wanted to buy Arman's life.

He has seen charlie's methods, and when he becomes ruthless, he will never show mercy.

Therefore, he could only grit his teeth and say, "Mr. Wade, you are really wronged! This matter is all rumors, many people only know how to spread it indiscriminately, and are not responsible at all..."

charlie looked at him, nodded slightly, and said, "Since you don't admit it, then I'll find someone to confront you on the spot. What do you think of Zyaire? Do you want me to call him over?"

" Looking for Zyaire is even more frightening.

He couldn't be more clear about what kind of way Zyaire was! Not to mention anything else, he saw clearly the process of Zyaire beating Mike this morning.

He knew that Zyaire had now regarded charlie as the king of heaven, and he only wanted to make charlie satisfied with everything he did. If he really called him over, he would definitely bite himself without hesitation. Hard-mouthed, I'm afraid he will attack himself on the spot.

Thinking of this, Liu Jiahui said quickly: "Mr. Wade...this...this may be a miscommunication...I did tell the people around me before that I have some feelings for Arman. Dissatisfied, I wish I could kill him, but I never thought I would really kill him..."

Seeing that he refused to admit it, Charlie said coldly: "Liu Jiahui, do you think I flew here from the United States to have a debate with you? I already know the truth of the matter, even if you don't admit it. So what? And don't forget, you promised my father back then that you would not care about Uncle Arman and Ms. Fang, but what did you do later? Why did Uncle Sun fly to Gangda to find you again? Isn't it because you immediately turned your face and broke your original promise after my father died?!"

Speaking of which, Charlie raised his voice a bit and scolded: "You clearly promised my father, but in After my father died, he immediately went back on his word. Do you think I would forgive you for this kind of thing? Do you think that no one will ask you to

settle the account after more than 20 years?" Brokenhearted, he knew that even if he could argue for Arman's matter, he couldn't give a reasonable explanation for violating the agreement with Bruce Wade.

He was the one who went back on his word at the beginning, and Orrin Sun came to help Arman to ask for love again. This causal relationship was done 20 years ago, and he could not refute it if he wanted to.

Frightened, Liu Jiahui's legs softened, he threw himself on his knees on the ground, and choked out: "Mr. Wade, what happened back then was really back to back... I was also fascinated by ghosts back then, please take a look For the sake of what happened to me back then, spare me this time..."

After speaking, he looked at Arman again and blurted out, "Arman, please say something nice to Mr. Wade, from now on, the two of us have released our previous suspicions, you will be my brother Liu Jiahui in the future, if I Liu Jiahui has any more thoughts of killing you, you will let Mr. Wade smash my body into ten thousand pieces!" Fang Jiabin on

the side also panicked at this time, and hurriedly begged Said: "Arman... Ka Fai and I have been married for more than ten years, and we have a son. I beg you, for the sake of your relationship for so many years, please help him to plead with Mr. Wade.. ...."

Saying that, Fang Jiabin's eyes turned red, and pea-sized tears rolled down her cheeks.

Arman was also a little unbearable at this time, so he looked at Charlie and pleaded, "Master Wade...the things that happened back then...I was also at fault...so... .."

Charlie raised a hand to interrupt him and said earnestly: "Uncle Arman, I am now asking for an explanation for my father, I think that any honest person, I will abide by the promises I made with others, even if the other party has passed away!"

Speaking of which, Charlie looked at Liu Jiahui and said coldly, "Although my father is no longer here, as his son, he owes others, if he wants to pay it back, what others owe him, I will also pay for him!" When

Liu Jiahui heard this, he was so panicked that he couldn't stop shaking violently.

The reason why he didn't take the agreement he reached with Bruce Wade at the time was mainly because he felt that Bruce Wade and his wife Lydia (Ava) (Charlie's mom) had been abandoned by the Wade family and the An family, otherwise the two families would not be able to sit back and watch. Both of them were killed.

It is precisely because of this that he did not take that promise into his heart at all.

A lot of people seem to promise a lot of money, but in fact, they are just a dish. They promise a lot of money in front of those who can't afford to offend them, and they look like rogues in front of those who think they don't matter.

Liu Jiahui is such a person in his bones.

He has a very classic motto: never make useless friends.

Once this person is useless to him, even if he grew up together, he is not worth mentioning in his eyes.

But once this person is useful to him, even if he kills his father's enemy, he will find a way to have a relationship with him.

It is precisely because of this mercenary character that he immediately retracted his original promise after Bruce Wade's death.

For a long time, Liu Jiahui was proud of his principles of life, and felt that he was truly awake in the world, but he never dreamed that he would fall into trouble today.

So, he begged with extreme fear: "Mr. Wade, I was really obsessed and didn't fulfill the agreement with your father. I really knew I was wrong. Please give me a chance to change my mind!"

Charlie looked at him, he asked lightly, "How do you plan to change it?"

Liu Jiahui blurted out without hesitation, "I promised your father back then that I would no longer pursue what Arman did back then. I will correct it now that I know my mistakes, and continue to promise you, Never embarrass Arman because of this matter..."

Charlie sneered: "Mr. Liu, I came to Hong Kong Island to discuss three things. The first thing, you have more than 20 years of experience. I promised my father before, and now that I found you, you told me that you will correct your mistakes, how can you give my father an explanation for the mistakes of the past 20 years?"

Charlie said again. "Second thing, Uncle Arman was also one of the top talents in the financial field back then. Because you, Liu Jiahui, did not believe what he said, he could only go to the United States and sold roast goose in Chinatown for 20 years. Years of youth and 20 years of life, how can you give him an explanation?"

Immediately, Charlie continued: "There is a third thing! In the past 20 years, Uncle Arman has not been able to return to Hong Kong Island to reunite with his family, nor can he stay in Hong Kong Island to reunite with his family. My parents are filial to their side, but my father died and I couldn't come back for the funeral. In the past 20 years, the family has been destroyed and separated from each other, how can you give them an explanation?!"

Liu Jiahui was so frightened by Charlie's words that he almost fainted.

He secretly pondered in fear: "Huzaifa's prodigal son provoked charlie, and charlie extorted 10 billion dollars for ten years. I offended charlie's father twenty years ago, and he went back on his word. Looking at it this way, my sin... is more than that of Huzaifa..."

Thinking of this, his voice was almost crying, and he kept begging: "Mr. Wade, it's all my fault, Liu Jiahui, for being unbelievable and going back on his word. I really know I'm wrong. I'm willing to fly to the grave of your father, Mr. Bruce wade, and kowtow overnight. As long as you can forgive me this time, from now on, I will never embarrass Arman. In the future, Arman will be my brother of the opposite s\*x of Lau Ka Fai. If you need me, Lau Ka Fai, just one sentence If so, I, Liu Jiahui, will do my best!"

charlie sneered: "Mr. Liu, you and I have known each other for some time. Do you think I, charlie, are such a good talker?"

Liu Jiahui choked and said, "Mr. Wade, please forgive me this time for the sake of my age..."

charlie asked him again: "Then do you think that I, charlie, are such a kind person? You are old, isn't Huzaifa not old? Is his age younger than yours? ?"

"This...this..." Seeing charlie's aggressiveness, Liu Jiahui didn't seem to be willing to accommodate himself at all, so he could only say: "Mr. Wade, please look at Mia's face and give me a chance to reform. !"

"Mia?" charlie smiled and said seriously: "Miss Mia is indeed a good girl, and she is fundamentally different from you. You are a villain who can't keep her word, but she can always Keep your promises!"

After a pause, charlie said again: "She promised the vendors at the snack street stalls more than ten years ago that they would never increase the rent, and she did it, how about you? What have you done for more than ten years in a row? Keep your promises?"

Liu Jiahui didn't know how to answer for a while.

charlie continued: "Liu Jiahui, if you can say one, two or three things about your commitment to keeping your promise, I can also consider giving you a light sentence, but if you can't say it, don't take Miss Mia. Come out as a shield, after all, you are also a fifty-year-

old man this year, and you even use your daughter as a shield in case of trouble, aren't you afraid of being laughed at when it spreads out?"

Liu Jiahui's expression was as ugly as a bitter gourd.

He racked his brains and couldn't think of anything that he could really do to keep his promises.

After thinking about it, he didn't know how to deal with it, so he could only look at charlie, and said pitifully, "Mr. Wade... The three things you said are all my fault, and I don't dare to argue, I just ask you Let me know how to make up for it..."

charlie said indifferently: "How to make up for it is up to you. Let me see how sincere you have repented."

"I..." Liu Jiahui was at a loss for words, and he really let him say that he didn't have the courage.

If there is less sincerity, charlie will definitely not agree, and may even be angry because of it;

If he had been more sincere, charlie might have agreed, but he would be extremely painful.

After thinking about it, he hesitantly said: "Mr. Wade... I am willing to spend 100 million US dollars every year in the next 20 years to make up for the mistakes made in the past 20 years. What do you think..."

After all, he looked at charlie nervously, for fear that charlie would suddenly go wild.

A total of 20 years and 2 billion US dollars is a huge sum in the eyes of most people, but Liu Jiahui knew in his heart that to charlie, this was nothing at all.

You know, in exchange for charlie's forgiveness, Huzaiifa agreed to a request of 10 billion for ten years.

2 billion in 20 years, and 10 billion in 10 years, the difference here is not just five times the relationship between 10 billion and 2 billion. If you consider the interest rate with an extra ten-year cycle, and multiple factors of ten-year inflation, His two billion is actually one-eighth, or even one-tenth of Huzaifa's.

Therefore, when he took the initiative to say this price, his heart was extremely uneasy, for fear that charlie would turn his face immediately if he was dissatisfied.

charlie looked at Liu Jiahui blankly at this time, and he had already seen through this guy's nature in his heart.

Don't look at him laughing with everyone all day, in fact, this old guy is a standard miser.

With Huzaifa's lessons learned, he can still offer a price of 2 billion in 20 years, which shows that he wants money or not his life.

However, charlie didn't really want his money.

For him, he only has two demands now, one is to make Liu Jiahui pay for the breach of his promise to his father, and the other is to make him pay for Uncle Arman.

The second thing can be solved with money, but the first thing is never a question of money.

He, charlie, would not use his father's name to go to Liu Jiahui to make money wantonly.

In charlie's view, the first thing is to make Liu Jiahui pay a price other than money, including but not limited to personality, dignity and physical punishment.

It's just that he didn't want to let Liu Jiahui breathe a sigh of relief so soon. In this matter, he had to give Liu Jiahui enough pressure first, scare him half to death, and finally give him a chance to breathe.

So, charlie looked at him and said coldly, "Liu Jiahui, who do you think is more guilty than Huzaifa?"

charlie's words made Liu Jiahui frightened, and even his lips were pale, like a living dead who had just finished painting a dead man's makeup.

What he was most afraid of was that charlie asked such a thing.
