

The Amazing Son In Law Chapter 4837 (The Charismatic Charlie Wade Chapter 4837)

Mia didn't know why, the moment he saw charlie, all the complaints and blame in his heart disappeared in an instant.

And when charlie apologized to her, she even felt a little ashamed.

I am ashamed because charlie came so far to save Arman, but his father wanted Arman's life because of his own face.

Here, what is right and what is wrong is clear at a glance.

charlie saw that he never liked to owe anyone, but now that he saw that each other had spoken out, he felt a lot relieved, so he said to Mia: "Miss Mia, since this matter has passed, let's start from now on, Just turn the page."

"Okay." Mia nodded lightly, remembering what charlie told his father about the snack street in the afternoon, and asked curiously, "Mr. Wade, why did you suddenly tell me this afternoon? Dad mentioned about the snack street? Could it be that he has other plans?"

"Yes." charlie said, "Mr. Liu wants to redevelop this place and make it a commercial center."

Mia asked in surprise, "What did he tell you? "

Yes." charlie nodded and said: "He was very excited when he described this part. I think he has made up his mind in eight or nine times, so I took this opportunity to let him directly take this snack street." It's up to you, whether you go or stay in the future, it's up to you."

Mia looked at charlie's eyes as warm as water, and asked softly, "Why do you do this?"

charlie casually said, "This snack is on the right side of the street. For you, the meaning is extraordinary, and it should be preserved in terms of emotion and reason, and your father is not short of money at all, in fact, even if the land here has grown a lot, he has absolutely no need to tear it down and develop it again."

Speaking of this , charlie sighed: "But you should know the thinking of the rich. When they look at money, they are never enough, but addicted to making money, so if I don't ask him, I'm afraid he will really demolish this place. If you want to get back the memory here, I'm afraid it will never be possible again."

Mia was grateful, looked at charlie, and said in a soft voice, "Thank you..."

charlie smiled slightly: "You're welcome, I can empathize with your feelings. After my parents passed away, I would often go there too. Take a look near the old house we used to live in, sometimes far away on the construction site

Moving bricks, I have to ride a bicycle to take a look after work. If it is demolished, I will have a hard time accepting it. "

Mia asked in surprise:" Mr. Wade still moved bricks at the construction site? ! charlie nodded and said, "

After graduating from high school at the age of 18, I started working in various construction sites, working on civil engineering sites and decoration sites for six years. "

Mia was extremely shocked, and at the same time asked very puzzled: "But your family background is so prominent, why do you want to go to a construction site?" No matter your grandfather or your grandfather, they are all super rich, especially your grandfather, according to my dad, can be ranked in the top three in the world, why do you go to the construction site to move bricks after graduation from high school? "

charlie said lightly: "Their money is theirs. I told you before that since my parents died when I was eight, I have been living in a welfare home, from the age of eight until I graduated from high school at the age of eighteen. When he came out of the orphanage at the age of 20, he began to work at the construction site to make money. When

Mia heard this, she nodded lightly and whispered: "When I was angry with you, I thought you were lying to me about everything, but looking back now, it seems that you were telling the truth to me." , even if it is inconvenient to say it directly, you only selectively said part of it, and did not deceive me. "

Speaking, Mia asked charlie again, "By the way, how long have you been at the construction site? "

"Four years. " charlie said: "I went from eighteen to twenty-two. Mia

was surprised. She knew that charlie was twenty-eight years old, so she couldn't help but asked with wide eyes, "You were still on the construction site six years ago? ! "

"Yes. charlie explained: "Six years ago, the engineering team I was working in took over a new construction site. I was on the construction site and was appreciated by the boss of Party A by chance. He insisted on arranging me to study in the university for more than a year." Then he wanted to marry his most beloved granddaughter to me..."

Mia looked at charlie dumbfounded, and blurted out, "Aren't you kidding me? Why did that boss treat you so well and marry his granddaughter to you? "

charlie smiled lightly and said, "It's a coincidence, his ancestors have always been servants of the Wade family, so he recognized my identity. Although I had nothing at the time, he still wanted to give me a real meaning. home."

Mia looked at charlie and knew

Smiling, feeling her heartbeat speed up suddenly, she asked Charlie a little nervously: "You...you shouldn't agree, right?"

"Yes, I agreed. " charlie said lightly: "At that time, I had nothing, and I had lived a life of displacement, and I longed to have a home."

At this moment, Mia only felt that five thunders hit the top!

She resisted the pain in her heart and asked Charlie: "So you're already married, right?"

"Yes." Charlie said naturally, "He arranged for me to study at university, but it was actually Accompany my wife to graduate from university, and after my wife graduates, we will have the wedding."

Mia only felt a sudden heat in his eyes, and his vision suddenly became blurred.

She never thought that charlie was already married.

And she didn't expect that her heart would hurt so much when she heard the news.

She originally thought that she was just curious about charlie, and at most had a few good impressions, but the heartache at this moment made her realize that she had been trapped in it in just two or three days and could not extricate herself.

At this moment, she felt that her tears were about to burst out of her eyes.

In order not to let charlie find out, she deliberately dropped her phone with her arm, and immediately bent down to pick it up after the phone fell.

Relying on the cover and cover of the table, tears welled up from her eyes.

Mia didn't dare to let charlie find out that she was different, so he deliberately spent a few more seconds under the table, and after holding back his tears temporarily, he picked up his mobile phone.

As soon as the phone was picked up, it was discovered that the back cover of the glass had been broken because it hit a small hard gravel on the ground.

At this time, she couldn't care about the damage of the mobile phone at all, and the grievance and loss in her heart made the tears that she had endured very hard and could hardly bear rolled down again.

charlie didn't expect Mia to bow his head to pick up the phone and start to cry, and quickly asked her, "Miss Mia, why are you crying? What happened?"

Mia looked at him with blurry eyes, unable to control her tears. All of a sudden, I burst into tears and choked: "...my phone broke..."

The Amazing Son In Law Chapter 4839 (The Charismatic Charlie Wade Chapter 4839)

charlie is not a smart person emotionally.

Regardless, he has been married to Claire for four years, but he has never been in a relationship in the true sense.

He never had any conflicts with Claire, nor did he get angry or quarreled, and his relationship has always been flat and slowly rising.

Without the ups and downs of emotional experience, naturally there will be no vigorous love experience.

However, which of the masters in love is not the result of countless storms? For those experienced sea kings, just one look can tell whether the other party has fallen, but for charlie, who has no experience For Xiaobai, even if the other party cried out in front of him, he couldn't get the key.

So, when he saw Mia's crying pear blossom with rain, he quickly said, "Oh, isn't it because the phone is broken? It doesn't matter, I'll just give you another one, why cry..."

Mia's mood collapsed and she cried . Said: "But... but if you give me another one, it's not this one anymore, I like this one!"

charlie hurriedly said, "I know you are nostalgic... But you don't have to worry, the phone is broken. It can also be repaired, just change the back cover."

After saying that, charlie looked at the time and said, "Oh, it may be a little late now, or else, take it to the store for repairs early tomorrow morning, If they have accessories, they can be repaired in one morning, if they don't have accessories, it doesn't matter, I will buy another one and disassemble it as an accessory for you, is this the head office?"

Mia couldn't control his sadness. But I didn't dare to say what I was thinking, so I could only cry aggrieved: "What I want is this mobile phone... This mobile phone is exactly as it is... If the back cover is changed, it will not be this one. It 's over..."

charlie was helpless and could only persuade: "Otherwise, I'll buy you a mobile phone case, and you can wrap the back cover of the mobile phone. Anyway, your glass back cover is broken, and the mobile phone is not broken. A mobile phone case can avoid broken glass cuts without delaying continued use."

Mia cried even more and said, "I don't want a phone case... What's the point of a phone case other than self-deception!"

charlie was stunned.

He couldn't understand why Mia, a talented student who had always been very intellectual and rational, suddenly got into this kind of bullshit that only three-year-olds can drill.

In his opinion, it's just a mobile phone. The best solution is to replace it with a new one. If it doesn't work, just fix it. If there is no solution, then this matter is basically unsolved.

Therefore, at this time, he has no idea how to persuade Mia.

At this time, Fei Kexin, who had been pacing back and forth with her mobile phone pretending to be not far away, suddenly saw Mia sitting there crying non-stop. : "What's wrong with Miss mia? Why did you suddenly cry after eating well?"

Mia was already crying and could not speak, charlie sighed and said, "Hey, Miss Mia dropped the phone, After I finished crying, I couldn't even persuade him."

Fei Kexin looked at charlie and asked in disbelief, "Because dropped the phone? Are you sure, Mr. Wade... Did you say something wrong to confuse Liu? Did Miss make you angry?"

charlie said firmly: "I'm sure! It's because dropped the phone."

The Amazing Son In Law Chapter 4840 (The Charismatic Charlie Wade Chapter 4840)

After speaking, charlie hurriedly said: "Miss Mia's phone fell on the ground just now, and the back cover broke, I It means to buy a new one, but she said she only wanted this, I said to change the back cover, she said she wanted the original one, I said to buy a phone case to cover it, she still doesn't want it, I don't know How should I persuade her..."

Fei Kexin instantly understood that Mia didn't cry because the phone fell.

So, she said to charlie: "Oh, Mr. Wade, you still don't know our girls, our girls are not as strong as boys, so you can't just come up with solutions, you have to help solve them directly, I see the way There is someone setting up a stall at the entrance of the shopping mall opposite to sell some mobile phone accessories, so hurry up and buy a mobile phone case according to the style of Miss Mia's mobile phone." When

charlie heard this, he said without hesitation: "Okay, you will accompany you. With Miss Mia, I'll go buy it."

After that, he got up and ran out.

When charlie was far away, Fei Kexin took Mia's hand and asked her with a smile, "Did you know about Mr. Wade's marriage? It's okay, I already knew."

Mia trembled, Looking up at Fei Kexin, she nodded slightly, and said aggrievedly: "He never told me before..."

Fei Kexin

asked: "What if he told you? If he told you, wouldn't you fall in love with him?"

Although Mia's voice was choked, he said firmly: "If he had earlier Tell me, I will keep a distance from him from the very beginning, what I hate most in my life is the third party, even if I really fall in love with him, I will never approach him..."

Fei Kexin said with a smile : "You, think too much! You are so innocent and cute, how can you be a third party?"

Mia asked inexplicably: "He is already married, if I am still very close to him, then it is not a third party. Is it? What does this have to do with Qing... being pure and cute..."

Fei Kexin looked at her and asked with a smile, "You just met him, so you are a third party? Then where did you put me?"

"Ah?" Mia was a little dumbfounded, and asked her, "Miss Fei...you...what do you mean by that?"

Fei Kexin smiled and said, "Look, even if it's on a first-come-first-served basis, then I should be in the queue. In front of you, if I am the third person, then you are the fourth person."

After speaking, Fei Kexin laughed at himself, and added, "It's a pity that even I can't be ranked third, I may be at best. That is the seventh, eighth, or tenth, eleventh, two, three, four, five, six, seven..."

Mia asked dumbfounded, "Miss Fei...you...you like Mr. Wade too?!"

Fei Ke Xin pouted and said seriously: "It's more than just like it, I love him very much, okay?"

After speaking, Fei Kexin added: "If I don't love him, why would I fly all the way from America to here ? Are you here?"

"I just took over the Fei family, and I have to get acquainted with many things. Every day I have to see different business leaders, read the financial statements of different companies, and sort out the development plans of different companies. With him, why would I put down so many important things and come to Hong Kong Island to accompany him to eat roadside stalls? Isn't it because I want to see him?"

"Ah?!" Mia couldn't be dealt with by Fei Kexin. She had never seen such an honest girl, let alone such an open-minded girl.

She couldn't help asking: "But didn't you already know that he was married..."

Fei Kexin heard this and said very seriously: "It's his business whether he gets married or not, I love him or not. It's my business, besides, if true love really comes, can it stop it if you get married or not?"
