

The Amazing Son In Law Chapter 4845 (The Charismatic Charlie Wade Chapter 4845)

Mia did not expect that the birthday present that Charlie casually gave himself would be so expensive.

It was so expensive that even the old man of the Fei family only got half of it from Charlie!

Thinking of this, she suddenly had mixed feelings in her heart.

At this moment, there was a girl-like joy in her heart, and there was also the fear of being rewarded without merit.

However, she did not expect that Fei Kexin's next sentence would make her speechless.

I saw Fei Kexin struggled for a long time, looked at Mia, and asked very seriously: "Miss Mia, do you plan to sell this blood-scattering pill? If you plan to sell it, I am willing to pay 10 billion US dollars!

" Few people know the actual value of Huichun Dan and Sanxue Jiuxin Dan better than Fei Kexin.

Needless to say, Huichundan is a magical medicine that can sell for 300 billion US dollars. Even the blood-relieving pill is a superb product that can cure hundreds of diseases and thousands of injuries. Even a dying person can live for three to five years. .

For a desperate person, he is even willing to exchange five years of life for 50,000 yuan, just like those young people who sold a kidney just to buy an iPhone, for 20,000 to 30,000 yuan, or even Reduce life expectancy by more than ten years.

However, for the people at the top of the pyramid who have mastered the world's top wealth, they will even be willing to spend 1 billion or even billions of dollars to prolong their lives for even just one year.

Fei Kexin hoped that he could buy this pill for free from studying. If something goes wrong with his grandfather's body in the future, with this pill, he can ensure that he can get through the difficulties safely.

Therefore, even 10 billion US dollars is nothing to Fei Kexin, and in her eyes, if she can buy a Sanxuexin Pill at this price, it can be considered a very good deal.

Mia's scalp went numb.

She couldn't believe that it was just a birthday gift that charlie gave her, and in Fei Kexin's eyes, it was worth 10 billion US dollars...

Dad worked hard all his life to create a fortune of almost 10 billion US dollars, and now, a pill that charlie gave him can easily be worth his life's efforts.

This shocked Mia not knowing what to say.

After hesitating again and again, Mia said apologetically, "I'm sorry, Miss Fei, this elixir is a birthday present from charlie. I...I want to keep it well...I hope you can understand.

" Suddenly, he reacted quickly, smiled slightly, nodded and said, "It's alright, it doesn't matter, this is a gift from him, it must be of great significance to you..."

Fei Kexin suddenly felt a little wronged as she spoke. .

She knew that in charlie's mind, she could not be more important than Stefanie sun and Nanako Ito.

But she didn't understand why she was not even as important as Mia in charlie's mind.

She asked herself in her heart, "Why... charlie and Mia have only known each other for a few days, why is charlie so good to her..."

Thinking of this, she looked up at Mia again.

I have to admit that Mia is indeed very beautiful. This girl, who is usually a little cold and very beautiful, looks even more pitiful after crying with pear blossoms.

But Fei Kexin felt that she was no worse than Mia.

Mia saw Fei Kexin looking at her lost, and couldn't help asking: "Miss Fei...you won't be mad at me, will you?"

The Amazing Son In Law Chapter 4846 (The Charismatic Charlie Wade Chapter 4846)

Fei Kexin quickly shook her head: "No...of course not... ""

As she spoke, she pointed to the small wooden box in Mia's hand, and instructed, "Miss Mia should keep this medicine pill, it's priceless, try not to let others know about it."

"Okay..." Mia He nodded, put the small wooden box close to him, remembered something, and asked Fei Kexin: "By the way, Miss Fei, how do you know Charlie's so many things ah? It feels like you know him very well. Fei Kexin smiled self-deprecatingly and said, "

When I was in Aurous Hill before, I quietly investigated his situation, plus some of my own reasoning, many things were sorted out.

Mia couldn't help admiring: "Miss Fei is really smart... If it was me, I would never have thought of this..." "

Smart..." Fei Kexin smiled and shook her head: "It's useless to be smart. "

Speaking, her expression suddenly froze, as if she wanted to understand something.

In fact, Fei Kexin knew that charlie always seemed to have a sense of distance from herself.

She had never understood why before, she thought it was. She used the pseudonym Zhan Feier to deceive charlie and made charlie feel dissatisfied with her.

However, at this moment, she suddenly understood.

The reason why charlie kept a certain distance from herself may be because she thought she was too smart.

Yes For a person with multiple identities like charlie, he definitely doesn't want others to know too much about him, and because he is too smart and can piece together and deduce hidden secrets from various clues, he will definitely bring some benefits to charlie. A sense of crisis.

Therefore, it is natural for charlie to keep a certain distance from himself. When

he wanted to understand this, Fei Kexin suddenly felt a little annoyed.

People often say that being smart is mistaken for being smart, and he is probably another way of interpreting this sentence. At

this moment, Fei Kexin saw charlie walking across the road.

So she hurriedly whispered to Mia: "Miss Mia, Mr. wade is back, what we just talked about, don't let him know. "

Mia nodded quickly: "Miss Fei, don't worry, I understand..."

Soon, charlie walked back with a newly bought phone case.

He didn't bother to sit down, so he put the phone case in front of Mia and said, "Miss Mia, try this phone case, I bought an opaque one so that you can't see the back of the phone. The rift is gone."

After Mia's lectures by Fei Kexin and the value of the scattered blood and heart-saving pill, the previous grievances have been swept away, replaced by a kind of heartfelt moving, seeing charlie specializing in Going to buy a phone case for myself, I felt a little ashamed, so I nodded quickly and said, "Thank you, Mr. wade..."

charlie felt relieved when she saw that her mood had calmed down a lot, smiled slightly, and warned Said: "If you don't want to get a new phone, then it's best to always wear the phone case, otherwise it will be scratched."

"I know Mr. wade..." Mia nodded again and again, and hurriedly took off the phone case. Covered my broken cell phone.

The phone case fits snugly and is very handy, and there is even a cartoon pattern on the back, which is a very cute cartoon puppy.

Mia seemed to like this phone case very much. He couldn't help playing it repeatedly in his hand, and his mood instantly improved a lot.

Fei Kexin, who was on the side, saw Mia's smile like a child, and she couldn't help but feel a sense of envy in her heart.

However, when she thought that she was not such a soft character at all, she couldn't help thinking in her heart: "I may not be able to be like Mia in my life, so that charlie can't help but want to take care of her, if that's the case, then it's better Make yourself stronger and accompany him in another way..."

The Amazing Son In Law Chapter 4847 (The Charismatic Charlie Wade Chapter 4847)

charlie bought back the mobile phone case, the episode of the mobile phone was turned over, but charlie didn't understand from beginning to end, Mia burst into tears with pear blossoms and rain. for what.

At this time, the vendors in the snack street showed their extremely hospitable qualities, filling the table of three people with all kinds of delicious snacks.

So, the three of them tacitly put the incident behind them, and chatted while eating.

Halfway through eating, Mia looked up at charlie and asked him, "Mr. Wade, when are you going to go back?" charlie said

casually, "Tomorrow night, I wonder if your dad has solved the problem of the villa next door, if so, I can go back tomorrow after Uncle Arman's family moves in."

Mia felt a little disappointed, and couldn't help asking him, "Mr. Wade doesn't plan to spend a few more days on Hong Kong Island?"

"No." Charlie smiled slightly, said: "My wife is still waiting for me in the United States, so I can't delay for too long here."

Since he had accepted the fact that Charlie had a wife, Mia's expression did not change much.

She just nodded lightly and asked Charlie: "Mr. Wade came from the United States, I thought you came from the mainland."

Charlie smiled and said, "I have been in the mainland before, but my wife went to the United States some time ago. She participated in a training, so I went with her, and when the training is over, I will go back to the mainland."

Mia nodded, seeming to think for a while, and then asked Fei Kexin, "Miss Fei and Mr. Wade can go back too. "

Yes." Fei Kexin nodded and said, "I will take a plane back with Mr. Wade, and we can chat on the way."

Mia nodded slightly, the question that she was thinking about has been decided at this moment, so she smiled slightly and said softly: "Then I wish you a safe journey in advance. If you have time to come to Hong Kong Island in the future, you must contact me as soon as possible."

Charlie and Fei Kexin naturally agreed, but Charlie knew in his heart that if he had nothing to do in the future, he should not come to Hong Kong Island again.

For Mia, a girl whose life experience resonated with him somewhat, Charlie actually had a good impression in his heart.

However, Charlie's own subconscious is also very clear that he now owes more than one peach blossom debt. Stefanie Sun, Jasmine Moore, Ito Nanako, these girls have all expressed their feelings to him very clearly, so he

When facing other girls, she will involuntarily keep a little distance from each other.

Take Fei Kexin as an example, if she didn't need her help, she wouldn't take the initiative to contact her.

As for Mia, Charlie just hoped in his heart that she could live a good life in the future, help her keep this snack street that is of great significance to her, and leave her with a blood-saving pill that can save her life at a critical moment. The intersection of the two That's it.

After eating, seeing that it was already nine o'clock in the evening, Charlie said to Mia, "It's getting late, we'll be here today, and Miss Mia should go back to rest early."

Mia nodded and asked him and Fei Kexin: "How do Mr. Wade and Miss Fei get back to the hotel? Do you want me to drive you?"

Fei Kexin smiled and said, "I'll drive, I'll take Mr. Wade back."

Mia nodded lightly, a little uneasy. She said to Charlie, "Mr. Wade, I will rest at home tomorrow. If you go to the housewarming ceremony of Uncle Arman's new house, you can find me at that time."

"Okay." Charlie agreed and said, "Then contact me tomorrow. ."

Then, the three left the snack street and came to the parking lot.

Charlie sat in the Rolls-Royce driven by Fei Kexin, while Mia sat in her Tesla.

After saying goodbye, Fei Kexin drove the car out of the parking lot, but Mia did not leave in a hurry, but turned on his mobile phone and entered a line of words in the search engine: "There are several universities in Aurous Hill."

The Amazing Son In Law Chapter 4848 (The Charismatic Charlie Wade Chapter 4848)

Soon, the search engine will A list of all universities in Aurous Hill is presented.

Mia took a look at it. Among them, the school with the best strength and reputation is Aurous Hill University.

So, she opened the official website of Aurous Hill University and found the recruitment page of Aurous Hill University on the official website.

She carefully read the second-level page word for word, and finally found a recruitment category that was particularly suitable for her.

This category is called the high-level talent introduction plan.

Among them, there are two kinds of talent introduction schemes. The first is to introduce well-known scholars who enjoy a certain reputation around the world. Among them, the requirements are very high, and Mia, who has not yet graduated with a Ph.D., does not meet the rules.

However, the second type of excellent young talent introduction plan immediately surprised Mia.

In this introduction plan for outstanding young talents,

The core requirement is that you must have a doctorate degree from a well-known university at home and abroad, and you must also obtain certain academic achievements in your professional field.

Mia is about to enter the graduation season. In half a month at most, he will be able to complete the final defense and successfully obtain a doctorate degree.

Although Mia is studying Chinese, there is not much scientific research, but Chinese also has a lot of academics in the field of humanities, and she also happened to have obtained several authoritative academic achievements.

Therefore, with her conditions, the requirements of the excellent young talent introduction plan have been fully met.

So, Mia wrote down the application email address of the introduction plan without hesitation. When he was ready to go home, he immediately filled in the application materials to see if he could win a place.

If possible, after graduating with a doctorate, you can go directly to Aurous Hill University to work.

And she had already learned from the conversation with Fei Kexin just now that the city where charlie lived in the mainland was Aurous Hill.

So, in this way, I can live in the same city as charlie in the future!

Thinking of this, her whole person's mentality suddenly brightened up in an instant, and her mood also improved a lot!

She planned not to tell anyone about this decision for the time being, especially not to let charlie know.

Try to get the acceptance notice from Aurous Hill University smoothly, and then fly to Aurous Hill without hesitation to surprise charlie.

Although she already knew that charlie was married, but now she just wants to have more opportunities to meet charlie, and the best solution right now is to work in Aurous Hill.

After making up his mind, Mia drove home with an excited heart.

At the same time, Fei Kexin said to Charlie while driving the car: "Mr. Wade, is there anything you have not solved when you come to Hong Kong Island this time?"

Charlie shook his head and said, "No, as long as Uncle Arman's family moved smoothly, and I'm done."

Fei Kexin asked him, "Aren't you going to communicate with Mr. Arman about the next thing? You've worked so hard to help him, you must hope he can be used by you in the future, right?"

Charlie smiled lightly: "I did this before. I think, but now I have changed my mind. Uncle Arman has been away from home for so many years, and he has so many regrets in his life. After finally coming back, he should be reunited with his family. As for the future, just let it take its course!"
